Don't Write It—Say It!

The conservation of paper ceases to be a joke. We must conserve it in every way possible to allow our country to use it where it may best be of aid in winning the war. We do not say this to unload ourselves of school and home burdens. We do so in hopes that its practice will be continued at Dartmouth College in Hanover, and Alice Van Gaasbeek, Doris Wogatski, and Bill-Burgess. But only the Student Council is trying to journey down to the Girls' Academy, for the Milne exhibition of skill; a biowout was held at the Circle next year without Don and his piano, as does dancing and music. Of course she's going with whom to the prom last night, as the Women's Academy, for the two girls had a playday with St. Agnes and the Girls' Academy. Now that all our delegates are back from New York, and looking kind of baggy at that, we hear that blond hair and we knew it was Dutch Ball, the tradition. OOH. . . . what a night . . . A group of the writers, and do not necessarily reflect the views of the Staff Librarian, and other correspondence to the Staff Editor.

I think if I were to sit down and list all the jobs Al has held down or how many committees he has held, they would be kept very busy for quite a length of time. The truth is, most of us thought it was impossible for anyone to accomplish so much in one day, and have so many things on his mind, and still not go crazy, until we saw Al work last May when he became president of the school or perhaps a fairy god-mother told him, but no matter how he learned, the important thing is that he did.

An ordinary day for Al usually begins around eight, with either a meeting or a committee meeting. Al is keen on the outlook of everything looks in general, or presiding at a Student Council meeting. The first class ushers in, of which Al is a member, and also the well known Milne quizzes into oral tests. We do not say this to unload ourselves of school and home burdens. Traffic Jam

Everyone realizes that the 'lunch period is crowded. But only the Student Council is trying to do something about it. State College and Milne are always bumping into each other on the stairs to the Annex and Cafeteria. This condition is especially noticeable on Fridays, when State has their assembly.

Why does the traffic squad leave only one person, a junior on duty during this crowded period? Sometimes the door, John Jansing, is also there. But what this problem needs is to have more of the squad on duty. Most of them only get to the Annex curly and eat their lunch. Let's keep up the good work you're doing in the Milne hall, squad, by doing a little more work on the Annex Stairway.---

Mimi

Riding, an ever-popular sport among Milnites, will be resumed right after our Easter vacation. In order to put on our annual May Horse Show, we must have at least sixteen regular riders.

Any girl who is interested in becoming a life saver should start going to that class at four thirty, every Thursday, and I trust there will be a large class of Milne lifesavers.

Saturday the girls of the senior school went to the Girls Academy to play basketball with the girls of the Academy and St. Agnes. They played mixed teams in the morning, and in the afternoon, four girls from each school were picked to play in a championship game. Those picked from Milne to play were June Brookman, Lillian Simmons, Pat Peterson, and Ruth Keiter. The other girls who attended were Marilyn Potter, Sally Hunt, Priscilla Smith, Lois Anderson, Micky Baldwin and Miriam Boice, seniors; Midge Wright, Harriet Hochstrasser, Mimi Stelnhardt, Doris Spector, Ruth Taylor, juniors; and Dorothy Chauncey, Jean Friedman, Betty Basquin, Jean Pigarsky, sophomores.

Last Wednesday, Pat Peterson took charge, and refereed the game between the State College sophomores and freshmen. While Miriam Steinhardt tried her hand at umpiring. "Pete" was high scorer for Theta Nu with 13 also.

The game was played before an overflow crowd of at least 500 people.

The Delmar team grabbed an early lead, and continued to score freely over the Milne team throughout the first half. Delmar had a lead of 13 points over the Red Raiders and held this advantage through most of the game, but was foiled in his attempt to shoot a field goal, and he was forced to two foul shots, with the clock showing very little time left. He missed the first shot and made the second one, to provide the winning margin for Milne.

"Peacher"

The Junior Varsity record is being 10 wins and 6 losses.

Clarke's astounding long shots and free throws in the first half kept the Red Raiders in the game. Bethlem Central won the three game match, winning by 270 pins. C. Heidenrich was high single and triple with 172 and 416. Theta Nu won the match last year.

Big Crowd Views

Girls Gym Night

The annual Girls' Gym Night was held Tuesday evening, March 24th, in Page Hall gymnasium. All proceeds are going for a new piano for girls' classes.

The seventh grades did some fancy forming and the eighth grades presented a new dance technique to the waltz of "The Nut Cracker". The freshmen did their version of a square dance with a modern finish — namely the lindy and the conga.

The Milne team did not seem too much on the ball and Bethlehem Central with 13 points.

Clarke and Poole Star

However, the Red Raiders uncorked a spectacular second half offensive. Led by Bob Clarke and John Poole Star, they tied up the score at 24 all with but a minute left to play. From this point on it was anybody's ball game, and both teams played beautiful basketball. Captain Al Wilson of Milne, playing his last game was fouled trying to shoot a field goal, and he attempted two foul shots, with the clock showing very little time left. He missed the first shot and made the second one, to provide the winning margin for Milne.
