Several Milnites Injured in Auto Accident

On the way home to Loudenville from the Bethlehem Central-Milne game, the Norton car carrying seven Milnites rammed into a stalled car on the West Albany Viaduct. The cause of this collision was blamed on the smoke from a locomotive warming up under the bridge.

The latest reports on the casualties are as follows: Up to Wednesday, 
48, was reported to have been released from the hospital. "Marille's" mother's case is reported to be that of severe shock. "Margie's" mother's case is also reported to be that of severe shock. "Margie's" father's case is reported to be that of shock.

Out of the hospital on Sunday, January 21.

Robert Parker, '50, has severe lacerations of the face which required fifty stitches under her chin. She is in sixth grade at the Loudenville school, escaped unharmed, as did Jane Mary Fiske, '48, who was in school at the time. "Margie" was released from the hospital on Sunday, January 21.

Natalie Fiske, '50, has a concussion. "Marille" was released from the hospital on Sunday, January 21.

Alumni and Faculty Write Alma Mater

Out of Dr. Frederick's mail bag for this week we found quite a lot that should be of interest to Milnites.

Several former faculty members have remembered us all and send Christmas cards from a great variety of places. Pvt. Jim Cochran traveled the farthest, coming from Belgium. Another card came also from his wife. Mr. Paul Bulger also sends his regards from sunny California. Roy York, former music instructor, writes that he was transferred to Camp Butner and is now assistant to the Chaplain. His work consists mainly of organ playing and jeep driving. We also received a Christmas program from him, with Mr. York listed as organist. Former Coach John C. Tanno sends good wishes, and asks to be remembered to the boys and girls here. "I will always cherish my experience there," he writes.

Skiing! and How! By "Moe"

One cold windy day during Christmas vacation we hit the long road to the Municipal golf course not knowing what was in store for us.

The trip out was a rough one. We heard so much about it that we thought we'd go out and see what was so bad about it. Well we didn't find out because Peg broke her harness and it was a good excuse for all of us to go back in the clubhouse.

Why Hip Boots?

The next day Sergei Siniapkins was seen on the slopes, and the bib hip boots were put on. Why hip boots?

Last week when we were so kindly given a day off because of the glorious snow storm things really popped at the Municipal. We saw Ann Graham, Bob Gibbons, Sago Schaff, Ann Robinson, Shirley Champlin, Lapper, Al Saunders, Ed Rickles and Janet Paxton, clumping into the clubhouse covered with snow from head to toe. The tobagganing was rough that day.

Jackie Pfeiffer, Rosada Marston, Caryl Ferber, and Betty Pfeiffer lounged at the links all afternoon, while others put in a hard afternoon skiing.

BASKETBALL!

Tomorrow night Milne will meet Cathedral on our Page Hall court. Let's see everyone there to cheer the team onto victory number two.
Lady "BAD" Luck finally gave up giving off the Red Raiders around, and they came through with a victory to cheer on the team at the Rensselaer game last Friday. Just the first of our series of wins (we hope!).

A few of the Red Raiders were made aware of the winter weather to cheer on the team at the Rensselaer game. The cheerleaders disappeared for awhile in search of weather. They were not only got ad rink, but orange cake too. Not bad huh!

Janice Hauf was the new addition to the cheering squad doing individual ones for D'Kelly. (Those ski boots kind of bothered, didn't they Janice?)

Saturday night, Senior High students had a "party" in the lounge. Couples danced in semi-darkness to records played by Dick Turner. And, they don't know that this was the image of Igel Game!!!

There is a co-operative feud going on between two senior girls. We never heard of a co-operative one before. It turned different to say the least.

Let's see the whole school turn out en masse to see the Red Raiders beat Cathedral Academy tomorrow!

Milinites, Wake Up!

Here's our record. How do you like it? Maybe I'm not the one to lecture on a subject like this, but the fact still remains that Milne as a school and Milinites as individuals have not been exerting themselves to help make Milne an outstanding school in all respects.

The Albany Student War Council set a quota of 50,000 dollars in September to be reached jointly by all the high schools in the city. This quota was reached, but through no fault of Milne. Out of $17,500, the total that was finally reached, Milne contributed the measly amount of $2,906.10. Boys' Academy, which is finally reached, Milne contributed the measly amount of $2,306.10. RUTHANNE WELSH

“Five foot two, eyes of blue,” “Come on Milne, it's up to you,” either one describes our dancer, Ruthanne. I could tell you how she has been a cheerleader for five years, and was our captain in her freshman year, as well as this year, but you already know what a loyal backer of the team she is. Or I could tell you of her other activities around Milne, as being a member of Sigma and that she was their secretary last year, and is now their treasurer. Cheer- is another activity which I couldn’t leave out, since she serves as the vice-president, and is also doing a splendid job on “The Waltz.” I don’t have to tell you that she likes dramatics, for you all remember how she “lived” the role of Jean last Spring. But I bet you didn’t know that when she was three years old she climbed up a fireplace chimney in climb- ing, and she won the prize for the best Santa Claus come down.—Did you find out Ruthanne?

On her list of likes I can’t imagine what she is interested in. Maybe it’s because she is planning to make her career by going to New York after graduating to continue her study of dancing and attend Columbia University. This, too, might explain the reason for her winning a three-year scholarship with Ted Shaw, which she finished last summer. Also included in this girl’s likes is a little dog with a big name—“Andre Guber,” commonly known as "Andre Guber" to many Milne students. She enjoys driving a tractor and walking in the rain. Likes Ipana tooth paste, (plug, plug), white wool, artistic temperament, Connie Baswell singing "Stormy Weather." She likes all foods, especially Chop Suey, and is quite partial to the Air Corps.

Her dislikes are few, but emphatic. She hates to be in one place, to get hiccoughs, to work with a hammer, people who tell you “who did it?” when reading a mystery story, and she can’t stand the picture in the Senior Room!

Aronowitz Sinks 22 Points for Top

For a change every one on the home team was never threatened. After losing their first six games the Delmar boys as complete as possible. As the final whistle blew, our minds about the outcome. At the end of the first quarter, Milne held a one-point margin by a score of 10-9. After that, both teams were held pretty much in check (see the score at the half was a 17-17 tie.

Aronowitz, Muehleck Held Down

Lee Aronowitz and Ed Muehleck were held to five points each due to very close guarding on the opposition. After the first half the game continued in much the same manner. The lead changed hands many times until the last quarter when Academy pulled ahead by two points.

Chick Cleveland, Albany Academy forward, was high for the winners with 13 points. Bill Bull, Milne junior, was on the Varsity for the first time that those girls have seen the floor with Milne leading 26-13.

Academy Defeats Milne by 2 Points

The Milne School’s boosters are getting pretty bored watching the Red Raiders play and they always lose. Well, kids, don’t forget, just put yourself in place of the fellows on the team. The Red Raiders swamped an over-performance that has been witnessed.

The following are excerpts from a letter received from Bob Kane, former C. and W. editor:

Dear Dr. Frederick:

As you see, I'm overseas, and spending Christmas in Hawaii. Previously I went to Pugit Sound Navy Yards in Bremerton, and made some wonderful liberties in Seattle. Later we went to Ensenada, on the mainland, where I spent very interesting week-ends in Los Angeles and Hollywood seeing several radio announcers and several movie stars at the Hollywood Canteen. After a week there we moved to San Francisco, where I got to see almost everything of interest.

I'm having a lot of fun, but I've missed the Christmas spirit in everyone.

I'll be sending you a letter from the States pretty soon.

Sincerely yours,
Robert S. Kane

It's really beautiful here in Hawaii. I've never seen such green, fertile country with so many lovely flowers, trees, and plants. I miss the winter weather there in the States. But it seems to me that the Christmas spirit is not there.

I'll be sending you a letter from the States pretty soon.

Sincerely yours,

Down Beat by Marcia

Down Beat by Marcia

The hit parade certainly sprouted something new last week. We're going to miss Frankie, but he can now have Tuesdays and Wednesday nights instead of Saturday.

Decca has the newest release. Bing Crosby and the Andrew sisters, Frank and Bob Eberly, sing "Get Happy," and "Coco Cola." This is a novelty number with the South American touch. Andy Kirk and his boys have a little sister number soon to be released is Johnny Mercer's "Accentuate the Positive." This ought to be a very good one this quarter. They're started off with a bang.

Viktor has another new release by Tommy Dorsey. "I Dream of You" is done to perfection by the sentimentals. Dorsey's trombone solo is in keeping with his style. Andy Kirk and his boys have an oldie on here. "You're Drinvin' Me Crazy." This song by the sentimentals also is good and should be a chart topper.

Most of you will remember "Tangerine." Well it has been re­
corded by the Stylistes. "I Can't Help Myself." The Stylistes' song has always been pretty and McIntyre keeps it that way.

Complicated, Yes?

Radio City has a new release entitled "I Didn't Know You Care, Don't You Care to Know." Duke Ellington does this one as well as anyone and also has a good one on his new album. "Blackbird" has a new songbird. Her name is Martha Stewart and she's done a very pretty job. Martha has done a recording of "My Heart Sings" and it's done the best we've heard so far.

"Rum and Coca Cola" has been added. Its title is "Everytime We Say Goodbye." Perry Como is scheduled to record it. It should be good; anything by Como is.

"The Talk of the Town" has been a song by Sammy Kaye. This song isn't very successful, but it should be. Sammy's recording ought to bring it the popularity it deserves.

That singer of the blues, Lena Horne, has a new Victor recording out. "One for My Baby," is in her last picture, "One for My Baby," is sung by Miss Horne as only she could sing it. This is the first recording we've heard of this song.

Guy Lombardo has put his orchestra on a platter that will never grow old. "Always," is played the newest we've heard it in a long time.

New Albums

Bloomer Girl, the latest Broadway hit, has been recorded by Decca. For the people who've seen it on stage, this would be a nice one to get.

For people who've gotten the Square Dance Bug, there is quite a bit of dancing music. There are several albums with or without calls.

Off the Record

Viktor's recording is rumored going back on the air for Chesterfield.

Good, we've missed him!

r. Good, we've missed him!
