B & I Contracts Yearbook Prints; Pictures Needed

For the past week both Joan Pirnie, editor-in-chief, and Jay Packard editor, have been figuratively tearing out their hair while trying to get the bricks and Ivy pictures taken.

This year instead of Dr. Herrickson taking the pictures, the B & I have a contract with the Vogue Studio to take all the pictures. This contract is a special one springing from the contract with the senior class for the senior pictures. The contract with the seniors allows fourteen pictures too. The rest of the pictures are included in a separate contract.

Due to illness, Dr. Herrickson is unable to take the pictures which he has taken every other year. The pictures that have already been taken are: Home Economics, Commerce, Milnlettes, Male Ensemble, Choir, Backgrounds for Departments, Seniors, Who's Who, Sophomore Class, Dividers, Art Department, Math Department and the Jayvee and Freshman teams.

Honesty and the Lost and Found

That George Washington man was quite a guy! The old story goes that he never told a lie. The truth was the thing for him and honesty was the best policy as far as he was concerned. If honesty was the best policy for George Washington, then it certainly should be the right thing for Milne students.

Certainly Milne students are honest, you say, but there's a story that you remember the pen you found down in the locker rooms and didn't get up enough energy to turn it in at the main office. Remember the automatic pencil you found in English class and didn't try to find the owner for? Remember the eyeglass case you saw lying in the hall and didn't pick it up because it would be too much trouble to look for the owner or turn it in? Remember when you found Mary's book hidden among other books in the social studies room but you left it there for someone else to find because you didn't want to bother? All of these things you didn't do were not honest, but it can all be remedied.

Many valuable articles are missing around the Milne halls mostly because of carelessness. Many a happy home has become unhappy because Junior or Sis went home and reported the missing items. For a straying article is found, it is requested, by the faculty and by the loser, that it be immediately turned in to Miss Clancy at the main office. For a straying article is found, it is requested, by the faculty and by the loser, that it be immediately turned in to Miss Clancy at the main office. It doesn't take too much additional energy to make an extra trip to the office to deliver the goods and the returner will feel better about it afterward. The return of lost articles by you is being honest to yourself. The saying of "Finders keepers, losers weepers" is not true, for Honesty IS the best policy.
Milne Wallops Kevney Academy, 74-23

In This Season’s Most Amusing Game

Christie High Scorer; ‘Demon’, McDonough

Score for First Time

The Milne basketball team rolled in high gear Friday, the seventeenth when they trounced Kevney Academy of Cohoes to a tune of 74 to 23. The game was truly one-sided with everyone, including the manager, Bill McDonough, playing for a time. Everyone in the game scored at least two points. Don Christie, however, starred the night, featuring with thirteen points.

At the beginning of the first quarter, Milne grabbed a lead of 12 points. In the second quarter, the boys moved the ball around without trying for baskets. Each team scored only six points. At the end of the second quarter, the score was 20-10. In the third quarter, they had 57 points, and the fourth ended with the grand total of 74. In the meantime, they held Kevney to a low 13 point score and then won the game, 74-23.

The game had many sidelights and was won with probably one of the largest scores ever made by Milne. A total of fifty-one is a margin that any school has trouble putting up is lanky Clayton Besch with 45 points. The Crimson and White squad now holds the record for the biggest margin that any school has trouble putting up this season. Larry Kenworthy, who has never before even been on the bench in uniform, had five points. Bill Bull, Dick French had five. Bill McDonough, who had never before even been on the bench in uniform, scored four points for the evening. The Milne team had considerable height and weight over their foes. Even the second and third string had men of their own against the Academy.

On Saturday, the twenty-third, the Milne squad faced the Jayvee on the Hackett court. The Crimson and White squad now holds a good reputation in Albany sports and is one of the greatest in the country. Their next game should prove to be an excellent one with a good turnout.

Johnny Knox, ’36, a Milne forward, attempts a basket in the Kevney—Milne game on the Page Hall Court last Friday night. Knox made seven points during the evening. Horton, No. 9, is the nearest Kevney player, but he is much too far away to give any opposition to Milne.

Milne’s Hard Working Jayvee Wins Three Games, Loses Three

Milne’s hardworking, but practically unnoticed Jayvee team has been doing a considerable amount of scoring on their own and although not winning all the games, producing at least some high talliers for the 1945-1946 college season.

The Junior Varsity has participated in twelve contests so far this year, winning three and losing nine. Kevney Academy of Cohoes fell victim twice at the hands of our Jayvee, losing both court engagements. Scores were 26-22 and 39-17. Only other triumph netted by the Jayvee went to the Van Rensselaer Jayvee, surprising them 28-18 on their home court. On the return tilt, however, lady luck was apparently around the corner, for Milne was nipped 29-28.

Now for those few who netted the most for the Alma Mater. The freshman take top honors with Bob Leslie leading all others, sinking 70 points worth, an average of about six points per game. Runner-up is lanky Clayton Besch with 45 tallies in the books. Sliding into third spot is Bill Farnan, boasting 43 to his credit, thus taking care of the upper scoring brackets.

Hear Lincoln Records

Milne students listened to a recording of "Train," a special assembly program in honor of Abraham Lincoln's birthday. The story was narrated by Earl Robinson with Raymond Edward Johnson portraying Lincoln. The story of the records told of the death of Abraham, his last train ride. It told of the people who lined the route, of the sorrow and most of the nation and of his effect on the destiny of the United States.

All through the records was music that was typical of the lives and emotions of the people of that time.

Lyn Murray's orchestra harmonized with the record of "Abraham's Birthday," one that his death brought to a close.

The faculty of Milne and State College entertained Miss Evelyn Wells and Miss Marion Clancy at a tea on Valentine's Day. It was given in honor of their approaching marriages with the theme appropriately hearts and flowers.

Victor Features Hits

Victor holds the spotlight with a trio of Paramount hits in their hands. Notably is Sammy Kaye, And Co. in a swing and swa arangement of ‘I Didn’t Mean a Word I Said’ and a catchy new thing with a lot of pep surprising for something, too. Mr. Kaye, Among The Shoeshiners is a song sung by Dottie Lamour in the Crosby, Hope and Lamour picture ‘Road To Utopia’, ‘Personality’. On the reverse is a little ditty of some, but not too much promise, ‘Welcome To My Dream’. Rounding out the Victor holiday we mention a few other members well worth the listening time. ‘Vaudin Mornin’, You May Not Love Me,’ and ‘Just My Luck’, and Erskine Hawkins doing ‘I’ll Get You Out Of Here Without You’ and ‘Holiday For Swing’.

Symphony No. 2 by Dr. Hanson

Symphony No. 2 (Romantic) by Howard Hanson of Rochester Symphony Orchestra, Howard Hanson, conductor—Victor DM-648, $1.00.

Dr. Hanson, our leading American composer and director of the Eastman School of Music, has said that there are only two types of music, warm and cold. His ‘Romantic Symphony in C Major’ is of the extremely warm variety. Its three movements are bound together by one haunting theme of great beauty and warmth. The work is modern, but not obtrusively so. I regard my recording of this work very highly and place it high on the list of twentieth century compositions.
