John Thompson
Elected President
Of Senior Class

The senior class had its first meeting of the year on Wednesday, September 25, in the auditorium at which time John Thompson was elected President. Since time was short, the election of remaining officers, Vice-President, Secretary, and Treasurer, was left until the next meeting. At a second meeting on Friday nominations were: Vice-President: Allie McKeil, Mabel Martin and Grant Talbot; Secretary, Mabel Martin, Joan Whitcraft, Barbara Leslie and Joan Traver; Treasurer, Jack Gade, Barbara Leslie, Grant Talbot, Tris Coffin, Beitzeme, June Fishman. Allie McKeil was elected Vice-President; Joan Whitcraft, Secretary, and Barbara Leslie, Treasurer.

Dr. Fisk met with President John Thompson on Thursday, September 23, to consider plans for senior class activities for the coming year. It was decided that the senior room should open on Monday morning under the direction of a senior room committee. The committee will consist of Mabel Martin, Margie Bookstein, Jess Barnei, John Taylor and Allie McKeil.

Senior home rooms met to elect officers. They agreed to elect one officer—a chairman who will act as home room president and will also see that all students in the home room have equal opportunity to use the senior room during home room periods. The chairman of the home rooms are as follows: 233, Margie Bookstein; 128, Joan Whitcraft; 227, Ann Silverman.

Senior School Admits
Five New Students

Three new senior high students have entered Milne School. Each class has received a new member besides two returned veterans.

The twelfth grade has added Nadine "Dean" Kenngott. "Dean" Nadine is definitely an outdoor girl. She likes fishing, dislikes drinking. When asked if she was sorry to be leaving Milne, Dr. Snader replied that she might open on Monday morning under the direction of a senior room committee. The committee will consist of Mabel Martin, Margie Bookstein, Jess Barnei, John Taylor and Allie McKeil.

They agreed to elect one officer—a chairman who will act as home room president and will also see that all students in the home room have equal opportunity to use the senior room during home room periods. The chairman of the home rooms are as follows: 233, Margie Bookstein; 128, Joan Whitcraft; 227, Ann Silverman.

Snader Leaves
For Illinois U.

After the eight years during which he has been head of Milne's mathematics department, Dr. Daniel W. Snader is leaving to become assistant head of mathematics at the University of Illinois. While he has been here, Dr. Snader has written the three text books, including an augmentation for the intermediate algebra classes. His appointment was made under the auspices of Dr. George P. Stoddard, former State Education Commissioner, who is also present of St. John's University and father of ex-Milnites Phil, Art, and Eleanor Stoddard.

When asked if he was sorry to be leaving Milne, Dr. Snader replied that it is one of the hardest tasks he has ever undertaken. All his friends (and they include everyone from seventh to twelfth graders) say, "Goodbye, Dr. Snader. We're sorry to see you go."

Prescott Launches
Yearbook for '47

Plans for Milne's 1947 yearbook are moving along. For "Bricks and Ivy" editor, Lois Prescott, '47, has started her staff working. Senior class write-ups have already been assigned, such as the Class Will, Prophecy, and Class History.

The staff has presented a smart new idea for Milne. They propose to keep a class diary with running record of the classes from year to year. Present seventh graders, who will appreciate this and benefit most, for by the time they are seniors, no one will dread being assigned to the Class History.

This year's editorial staff includes: Derwent Angier, '47, executive editor; Janet Rahineu. '45, associate editor; Ellen Fletcher, '47, art editor; Ann Silverman, '47, literary editor; David Bates, '50, junior high editor; Jack Henkes, '40, associate art editor; Leis Cohen, '50, junior high art editor; and Barbara Dewey, '39, junior high literary editor.

Miss Grace Martin will act as faculty adviser again this year with Dr. Floyd Hendrickson helping with the French classes. His appointment was made under the auspices of Dr. George P. Stoddard, former State Education Commissioner, who is also present of St. John's University and father of ex-Milnites Phil, Art, and Eleanor Stoddard.

The laughter eminating from the French and Spanish classes is due to many more too, anxious to make the music department and especially the Spring Concert a memorable event.

Dr. Robert C. Fisk
Replaces Dr. Frederick

Milne students returned this fall to find that a new principal and ten new supervisors had been added to the staff.

New Milne Principal
Dr. Robert C. Fisk, who has taken Dr. Frederick's position as principal has this message to present to the students at Milne. He has borne out the predictions made to me last spring in regard to the inactivity and has come to the Milne students and faculty. I have enjoyed these first few days and meeting my new students. I am looking forward to improving you better as a result of working with you through the years.

Miss Florence Potter
Our new music supervisor, Miss Florence Potter, is a sports enthusiast and was a member of the G.A.A. at Swarthmore College. She though she is from New England, surprisingly enough she doesn't like fish or lobster.

Miss Catherine Moore
The unfamiliar face which greets us smilingly from behind the library desk belongs to Miss Catherine Moore. A graduate of State College, she formerly taught social studies at St. Ann's School in Albany, N.Y. Miss Moore is one of the friendliest schools she has ever seen.

Mr. Roy York
Our new math supervisor has been away from Milne for three years. He has returned to find all his old pupils and many more too, anxious to make the music department and especially the Spring Concert a memorable event.

Miss Ruth Wasley
The laughter emanating from the French and Spanish classes is due to the irresistible humor of Miss Ruth Wasley, foreign language supervisor. A resident of Shenandoah, Pa., she was head of foreign language studies at St. Ann's School in Albany, N.Y. Miss Wasley is a former supervisor of the friendliest schools she has ever seen.

Miss Lydia Murray
The laughing that is blowing the whistle in the gym and describing the checks on "our new gym floor" is Miss Lydia Murray, girls' gym instructor. During the war she worked diligently for the Red Cross and last year took her M.S. Degree at Columbia. She thinks this year's Intramural Night will be run according to the established plan.

(Continued In Next Issue)
Hi kids, new and old! Here we are, sunburned, reset, and back again for another round of gab. It seems that almost everyone profited in some way or another by his summer experiences—"Rumors are flying!" Loon Lake, a little spot up north, was the sight of some three hard-working girls, Deanie, Ozhar, and Nancy.

Speaking of being different, did you hear that Frannie Dalldorf spent the summer with the Indians out West? The story was that she was in for a big surprise at her camp on Peepee Lake when Bill Paine, Joe Sabot, Marge Norton, and Joyce Russo dropped in for a four-day visit! "Curly" Gall, the senior dreamboy has become quite the man-about-town. Or didn't you know he won the Daily Double at Saratoga? What is your secret, Zekes?

A number of eighth and ninth graders are reported to have enjoyed themselves at various camps. Found enjoying the sun and ocean life at Martha's Vineyard were: Joan Clark, Lois Prescott, Anne Silverman, Pony Rich, Sally Grace, Nancy McAllister, Timpy Robinson, Judy Horton, Marcia Armstrong, and Lilyhers.

**Welcome, Welcome to Everyone!**

There certainly are more people to welcome this year—more than any of the staff of the Crimson and White can remember. Many of the Milne faculty have deserted us and those that have taken their places have not only baffled all who are trying to learn their names, but have already begun to contribute fresh ideas to their classes. French, Latin, science, business, guidance, history and mathematics all have their new supervisor to boast of.

For all these new teachers as well as the seventh grade, Milne is a new adventure. We, who have been here longer, have learned that Milne is a friendly and cooperative school. We hope that you will enjoy your stay here just as very strongly throughout your sojourn with us.

The older students know of the fine reputation that Milne holds for civic activities, cooperation with other schools, school spirit, and hard work. All these things are attributed to Milne because the student body is active and industrious. The new students will soon adopt these characteristics so typical of Milne.

The Crimson and White has many new ideas for its publications this year. Some of these ideas will be easy to carry out—others difficult, requiring the assistance of all. The editors and staff of the paper will do their best throughout the year to put out the kind of paper the students want. The wish was for us to meet this is for the students to tell us what they want and to tell us their complaints. There will be a suggestion box in the Crimson and White room for this purpose.

Before closing, we want to say a special hello to our new principal, Dr. Robert C. Fisk. Few of us knew him very well before he came to Milne, but his warm personality makes us want to meet Dr. Fisk personally as yet. Before the end of the year, however, all of us will have come to know him. Milne is certainly lucky to have obtained such a true educator and a grand person to guide them.

---

**Alumnus News**

**by Pat and B.J.**

Hello Again!!!

Well, lots has happened to our Josie and Jess Alumnae . . . Mrs. Martin A. Edmonds, '41, is the former Laurel C. Ulrich, '45. The couple were married at the Westminster Presbyterian Church on September 14. The Edmonds family certainly had big times these past few months . . . another marriage . . . Marie Edmonds, '43, became the bride of Robert K. Fox, of Detroit, Michigan. Peter C. Sullivan entertained recently with a luncheon for her daughter, Peggy, '46, who left for St. Elizabeth's College at Convent, New Jersey, September 1. Nancy M. Allister, Tinny Robinson, Lois Prescott, Jean and Judy Horton, Marcia Armstrong, and Nancy DeWitt served three meals a day for the basketball team at Saranac Lake, the scene of fun and frolic was celebrated by Sally Gaus, the "kool" spot up the road a piece, Lake George, that "kool" spot up the road a piece, Saranac Lake, the scene of fun and frolic was celebrated by Sally Gaus, the "kool" spot up the road a piece, Lake George, that "kool" spot up the road a piece, Lake George, that "kool" spot up the road a piece, Lake George, that "kool" spot up the road a piece, Lake George, that "kool" spot up the road a piece, Lake George, that "kool" spot up the road a piece, Lake George, that "kool" spot up the road a piece, Lake George, that "kool" spot up the road a piece, Lake George, that "kool" spot up the road a piece, Lake George, that "kool" spot up the road a piece, Lake George, that "kool" spot up the road a piece.

---

**Kenneth Seifert**

Mr. and Mrs. William Seifert were, on the humaid night of July 13, 1946, the proud recipients of a bundle of joy, Kenneth Seifert. Kenny grew up rather fast in the invigorating atmosphere of Milne. His years preliminary to entering Milne were spent in what Kenny deems the West Albany "prison" or his Bob N. B's. He's a Big Boy Now!

The great day arrived for Mr. Seifert of September. That's right, you Seifert in 1941 in the latter part of the '46's.

The couple were married September 14, and the couple were married September 14, and the couple were married September 14, and the couple were married September 14, and the couple were married September 14.

Mr. and Mrs. Jack D. Meckler are ties. Ken's ambition is to be an automotive manufacturer and sell his products to the Milne girls, and with this goal, he should make a fortune.
Year's "New Crop"
Keeps Tradition;
Still Bewildered

He who laughs last—is usually slow on catching the joke.
Big noses usually run in some families.

Chace and Sanborn are a couple of wolves! They date every bag.
Description of dinner in an insane asylum: Serving soup to nuts.

Go out and see what a chicken is that you can eat him either before he is born or after he is dead.

One of our local restaurants advertises: "Gravy to match every vest!"

Then there was the poor guy who swallowed five cents. The doctor made him cough up five dollars.

Jack: You said you paid $100 for that suit. How come such a ridiculous figure?
Mick: I eat too much.

Six '46 Milnites
Win Scholarships

The scholarships presented to the graduating classes of 1946 were awarded to six Milne students. William Bull and Mary Mapes won scholarships to Cornell. There are three of these given in Albany County each year. This provides a $200 a year value to tuition.

The State Scholarships, of which there are fifteen given in this district, were won by Mary Mapes, William Bull, David Voller, and Carol Jacobs. The students receiving these will be given $300 a year to use at any college in New York State.

The $700 a year Yale University scholarship was awarded to last year's senior Student Council President, William Bull, making his third scholarship award of the year.

Two other scholarships went to Richard Chase and Sanborn. These were awarded to students in the junior class of 1946. One of these was for $450 per year given by Bowdoin College and the other from the University of Syracuse for $200 per annum. The other Syracuse scholarship was given to Marilyn Miller who will receive $160 each year.

Music Group to Plan Year Under Roy York

The Music Program is again under way under the direction of the newly-retired director, Mr. Roy York. According to Mr. York, five music groups will be active this year, including the swing band, the famous Minnettes, the senior choir, and the junior choir.

A recent survey has revealed that many, if not all, pupil's experiences are participating in the activities of the senior choir. Those in the lower grades are eligible only for the junior choir, while the Minnettes are accommodating the junior high homeroom period.

This study in music under Mr. York’s guidance supervises a wide variety of special interests to the individual Milne student. All those interested in any musical activities may contact Mr. York, Monday, between 8:30 A.M. and 9:15 A.M.

Are You An Early Bird Too?

Student Tax returns show that Senior Student Council President Ken Seifert holds ticket number one, being the early bird of the Milne student body. As yet, no other students are not held by any students, but are being withheld for special reasons.

This student holding lucky number thirteen is another senior, Joan Traver.

Marilyn Miller, fifty five, is assigned to a member of the tenth grade, Hans Krahmer, while seventh-grader John Sutherland holds number one hundred.

Accident Insurance Offered to Students

This year the Milne School is resuming its offer of Accident Insurance to its students through the Employer's Liability Corporation of Medical Reimbursement plans. This means simply that the expense for any accident that a Milne student may have during the entire school year is shared with thousands of other students throughout the country.

The idea, which is rapidly spreading through colleges and high schools in the United States, is particularly beneficial to those students involved in athletics and for this certain group the policy is most strongly advocated. Also, a student many new books, most of which have not been put out into circulation as yet. However, there are some which are now ready for use, the junior-senior girl there is "Image of Josephine" by Booth Tarkington, and "Mystery in Blue" by E. R. Montgomery.

For the upper class boys there is Guy Gilpatric's "Flying Stories" or "Portraits" by D. R. Harris.

For either the sports-minded girl or boy there is: 'Sportman's Anecdote' by R. F. Kelly, "How To Make The Varisty" by S. Pasko, and "Skiing For Millions" by F. Harper.

The underclassmen have access to such books as: "Skippy's Family" by S. W. Meader and "Rocky Mountain Ranger" by W. A. Bercot.

One of the present scholarship awards is "I've heard in a long while. It's a really done it this time. His "Ole Buttermilk Sky" is one of his best recordings in a long time. Even if you usually don't like Kyser's music, you're bound to go for this new song with a bit of a western rhythm. The turnover is a very clever one with a catchy melody. Its "On The Wrong Side of You."

Mills Band Working

Glenn Miller and his orchestra always were pretty good at both swing and slow numbers, and this orchestra, now under Tex Beneke's direction, is still keeping up its reputation. They have recorded a nice slow, nice number called "Passe", and on the back have livened up the day with "The Wishing Well."

Not so good is Dinah Shore's newest: "Who'll Buy My Violets." She improves on it by "How to Win Him," with: "I May Be Wrong, But I Think You're Wonderful."

Well, that about rings the bell for this issue!

Forever, —Ambler.

Assembly Program Opens Milne School

At nine o'clock Monday morning, September 23 a joint assembly started the new year at Milne. The first thing on the program was the singing of the Alma Mater. Ken Seifert and Dave Bates, presidents of the senior and junior high student councils, each gave a few words of greeting to everyone.

Then there was to all you record collectors who haven't heard Frankie's latest; if you have your way through the halls, someone happily singing, "They've Got An Awful Lot of Coffee in Brazil," don't think he is referring to a real coffee lady.

He has probably just heard Frank Sinatra's brand new recording, "The Coffee Song." The reverse of this record is "The Things We Did Last Summer," one of the prettiest songs I've heard in a long while. It's a four-star record for Frankie.

James At Best

Harry James, Columbus, has recorded one of the top tunes from the picture "Three Little Girls in Blue," namely, "This Is Always," Buddy di Vito sings the vocal for the song, which is becoming very popular.

You get a double treat with this record; on the back another, namely, "I've Never Forgotten," very capably sung by Ginny Powell.

Kay "Let's Dance" Kyser, has really done it this time. His "Ole Buttermilk Sky" is one of his best recordings in a long time. Even if you usually don't like Kyser's music, you're bound to go for this new song with a bit of a western rhythm. The turnover is a very clever one with a catchy melody. Its "On The Wrong Side of You."

M.B.A.A. Organizes New Athletic System

Managerial Staff Reflects Changes

The Milne Boys' Athletic Association is once again under the leadership of Coach Harry Grogan, who has returned to his former position after two years in the Navy.

The first meeting of the year for the Association was held in Coach Grogan's office on Tuesday morning at 8:00 A.M.

Head Manager Elected

The most important development of this meeting was the change in the managerial system. This year a manager was elected for each sport with one head manager who will be in charge of all sports. Jess B. Barnett, who has been elected to this position under the title of Student President of Varsity Athletics, was unanimously chosen as secretary of the Milne Boys' Athletic Association and will take charge of any purchases and correspondence. Other officers who were elected at the Tuesday meeting included: President, Bill O'Brien, '47; Vice-President, Dan Westbrooks, '49; and Treasurer, A1 Meskil, '47.

Awards Discussed

Under the direction of Coach Grogan, discussions were held on the present status of the letter and sweater awards, the sale of basketball season tickets, a revision of the Milne Boys' Athletic Association's Constitution, and the distribution of the season's activities. The Association may decide to award gold letters for the most outstanding player in each sport.

Last week during gym classes, boys were nominated and voted upon for membership in the Milne Boys' Athletic Association. Two boys were chosen from each class, and for the first time in Milne history, seventh and eighth graders will get representation. The members of their respective grades are William Hayes, junior; Fred Corwin, seventh; Ernest Christie and John Kinum, eighth; Ted McNeil and Johnny Walker, ninth; Dan Westbrooks and Art Walker, tenth; Bill Farnan and Ben Mendel, seniors; and Al Meskil and Bill O'Brien, seniors.

Commenting on the start of the new year, Mr. Grogan said, "We hope this new managerial system will prove to be an asset to everyone's advantage, and that the Milne Boys' Athletic Association will have the most successful year in its history.'
