Senior Class
Will Enact
"Torchbearers"

Seniors are now rehearsing for the play, "The Torchbearers," to be presented November 18 in Page Hall auditorium.

"The Torchbearers" by George Kelly is a satirical comedy in three acts with the setting in the early nineteenth century. Amusing situations develop when the understudy of the lead of an amateur play is called upon to replace the star. The opening night has the usual backstage confusion. In this comedy, a play within a play makes humorous incidents occur. As the play progresses, major difficulties are overcome, and it comes to a successful ending.

Silberg Gets Lead

Betty Lou Silberg portrays the main character, Mrs. Ritter. Playing opposite her is Harold Vine who takes the part of Mr. Ritter. Judy Dietrich is cast as the director of the group's play. Other members of the cast include Barbara Stewman, Rosalind Pink, Lois Tewell, Edith Cross, Bert Lockman, Herbert Gramm, George Pitman, Robert Tewell, and Robert McClure.

Form Committees

Committees are working on the other details of the play's production. Chairman of these committees is Bob Mull, in charge of publicity; Doris Mehan, Judy Ostrander, costumes; Stuart Tewell, and Robert McClure.

Yearbook Gains

Columbia Rating

Columbia Scholastic Press Association awarded the 1950 edition of the Bricks and Ivy, Milne's yearbook, a first rating. B. & I. was entered in the competition for high schools with enrollments between 300 and 600 students.

Harry Stevens and Stuart Crawshaw attended the conference on the weekend of October 13. They participated in classes pertaining to the planning and editing of a yearbook.

The B. & I. is preparing for the 1951 yearbook. In order to attack the problems in the different departments, various committees were formed. Heads of the literary groups are Terry Stokes and Rosalind Pink. Judy Dietrich is chairman of the art committee. Sue Laven and Stuart Crawshaw are in charge of advertising.

Gustave Lory was chosen to do the photography for B. & I. this year. The Orange Press will do the printing.

Harry Stevens, editor said, "I and my staff intend to put out an even better yearbook than those of previous years.

Library Additions

Include "Sellers"

Three hundred new books are additions to the Milne library.

One of these books is on the best-seller list. It is "Jubilee Trail" by Gwen Briton. She is the author of "Deep Summer," "Tomorrow Is Forever" and others. This is a romantic novel concerning the history of California in 1844.

Many of the books obtained are of interest to the junior high students. "South Pole Hunkey" by Charles S. Siwy, and "Cowardly Kate" by Enid Johnson are two in this category.

"Leave It to Beany" by Lorne M. Weber and "Going Steady" by Ann Emery are expected to be popular with the ninth and tenth grade students.

Two of the books especially for boys are "The Voyage of Luriaz" by David Craigie and "Mr. Midshipman Hornblower" by C. S. Forester. Along the career line for those intending to go to college are "Nancy Goes To College" by Helen M. Pool and "Take Care of My Little Girl" by Peggy Goodin.

"Phantom Fortress" by Bruce Lancaster and "From Claudia To David" by Rose Franken will interest the older students.

Hi-Y Prepares Bills

Jack Magrew, president of Hi-Y, is directing his efforts to two bills which will be sent to the Hi-Y convention in Schenectady. The bills, compulsory car inspection every six months (initial parts) and lowering of senior drivers' licenses to the age of 17, are being presented by Dick Taylor and Bob McClure.

Pictures were taken of the officers for a pamphlet about youth to be published by the national Y.M.C.A.

Student Council

Plans Auction

Articles in the "lost and found" will be on sale at an auction sponsored by the student council during a homeroom period in the near future.

The event will be staged Chinese fashion. This is done in the following manner: when one person bids 10 cents, he pays the 10 cents although he does not receive the article. The next person pays the difference between his own bid and that of the person before him. There is a time limit so that the person who makes the final bid before the bell buys the item.

The proceeds of the auction will be contributed to the "Father Parents' Plan for War Children," a plan which aims to establish friendship between war children and the people of America. The funds collected by the plan are used to provide food, shelter, clothing, medical care, homeland, and an understanding of friendship to make peace a reality in the lives of war children.

Fraternity Announces

Sponsorship of Dance

The Epsilon Chi is planning to sponsor its first dance to be held in the Page Hall gym on Saturday, November 4.

"Hi-Y" prepares two bills, one which will be sent to the Hi-Y convention in Schenectady. The bills, compulsory car inspection every six months (initial parts) and lowering of senior drivers' licenses to the age of 17, are being presented by Dick Taylor and Bob McClure.

Society rushes are once more presenting the lives of the Milne girls in the senior high grades.

Yesterday Quintillian Literary Society staged its rush in the State college lounge.

"Prison" Scenes As Theme

Quin's theme was a mock prison. The invitations consisted of a paper black ball and chain, made by Beverly Hall and her committee. Members of the society wore shirts and jeans with big, bold numbers on their backs, red prisoner caps. Elaine Stein, mistress of ceremonies, was chairman of the entertainment committee, beds were played and there were slats to amuse the audience. Ice cream, cake, pop, peanuts, cookies, and eakes were served by Quin to refresh the sophomore "russhees."

Girls Portray Babies

Zeta Sigma Literary Society will present a rush November 9, entitled "Babyland." The Sigma girls will be dressed in appropriate costumes. A number of humorous events are being planned by Edith Cross, chairman of entertainment. Marion Cressel is head of the decorations; they will be pink and blue. Terry Hilleboe is refreshment chairman and Barbara Stewman is in charge of the invitations.

Join Societies

All girls in the sophomore class and the women faculty members are invited to attend both events. After the rushes are over the girls will be asked to state their preferential order of society. Anyone who has a sister in one of the organizations is automatically accepted in that society if she wishes to join it. No girl is compelled to join organizations if she does not wish to do so.

Fossieck Arranges

Parents' Program

Dr. Theodore F. Fossieck, principal, has arranged for parents' night to be held November 6 at 7:30.

When they arrive, the parents will receive their children's schedule cards. Dr. Fossieck will explain the evening's program to the parents in the auditorium.

The parents will then proceed to the first class that appears on their cards for a ten minute session. At this time parents and teachers will have an opportunity to discuss the objectives of each particular course.

Mr. J. Ralph Ticehurst, guidance counselor, will talk to the parents during the gym periods.
Food for Thought

A lady duck was floating down the river, looking for fish. She had been searching unsuccessfully all day long.

Night came and the duck saw the moon reflected in the water. Thinking it was a fish, she dived down to catch it.

The other ducks saw her mistake and began to make fun of the lady duck. She lost courage after this, and wouldn’t dive for fish anymore. Consequently, she died of starvation.

It seems to say, “If at first you don’t succeed, try, try again.”

We Milnites might take a few lessons from the story of the duck.

If the other ducks had not ridiculed her she would not have lost courage. Probably all of us have been tempted to laugh at a fellow who has been tricked. But is it really so funny? Just as the other ducks were responsible for the death of the lady duck, perhaps some of us can be blamed for the downfall of a friend because of our unfriendly acts.

It’s food for thought.

You jazz fans will appreciate Eddie Condon’s ten-inch Decca release of “Charleston”河“Black Bottom” done with great gusto, and also his “Alt Misbehavin’”. His occasional “Spooky” is neat, too.

Mr. Armstrong and the Doris Perlman have done a brand new Victor recording called “A Rainy Day Record” which is described as “cute and cozy.” If there is anyone who (we are non-committal), he or she doesn’t believe that hop is dead, will enjoy a new album which MGM recently issued. It’s done by George Shearing and his quintet, and has set out to prove that hop is still very much alive.

Number one on the best-seller list is “Kiss-Thru” by Thor Heyerdahl. It’s a book that will appeal to almost everyone, especially the boys, and “a must” if you haven’t already read it. This story of six men who braved the Pacific on a primitive raft contains more interest than a first-rate work of fiction.

French students will get quite a bang out of Fractured French by F. S. Pearson 2nd. Cartoon lovers will find much interest here. Adams, whose hilarious drawings are often seen in the New Yorker, has “framed” which is described as “cute and cozy.” If there is anyone who (we are non-committal) can’t laugh at a fellow, perhaps some of us can be blamed for the downfall of a friend because of our unfriendly acts.

Student Finds Typical Teen Isn't Typical

By EDITH CROSS

Did you know that typical teenagers drink on the average of one or seven glasses of liquor per day? Also, that they spend 45 minutes a day listening to jazz recordings?

Yip, I found out for the first time that it's not true when I was listening to a few "teenagers" a few weeks ago when I attended the E.S.S.P.A. Banquet. Sheila John Daly, noted teenage columnist for the Chicago Tribune, was the main speaker and she told about 800 of us that if we didn't drink one and seven-eights of a glass and didn't listen to jazz, we just weren't typical. She brought this fact in when she spoke about teenage columns.

Explains Origin

Miss Daly explained to the delegation that teenage columns brought comic strips to the minds of readers who found no enjoyment in reading war news, which was what most of the news was composed of in 1940. Groveland was a school community acquainted by absent parents who were war workers.
