Dr. Howes Opens Career Series

By JERRY BUNKE

Starting the New Year right, the student council began its Eighth Annual Career Series Program on Thursday, January 4, with a talk by Dr. Harold Howes. Dr. Howes’ talk served as an introduction to the series which will be presented.

He indicated what we might derive from these lectures and raised some very pertinent questions which he felt should be answered for the student body. With one eye fixed on the clock, Dr. Howes asked the audience the following series of questions: “What should we aim for?; What can we get out of a career?; What will be the career demand of us?” In choosing a potential career, what values mean the most to us? We must evaluate the position-security—prestige-income—pleasure or service to others.

“Stumbling Blocks”

We were warned about “stumbling blocks” by Dr. Howes, but Dr. Howes feels that the ability to adjust to 35 different subjects and ideas; we should not be afraid to challenge our minds. Since we are beginning (some-what) an independent life, we have gone through many changes, becoming a fireman, a cowboy or movie actor, but what we have learned from Milne and therefore will be exposed to new courses, subjects, and ideas should not be afraid to change our minds. Since we have been striving towards the day when we would be independent. We have gone through many changes, becoming a fireman, a cowboy or a movie actor, but what we have learned from Milne and therefore will be exposed to new courses, subjects, and ideas. We should not be afraid to change our minds.

New Club for Law

Brody Elected President

Early in December a group of students formed Milne’s newest organization, the Law Club. It is made up of, and is interested in having join, all who are interested in law, and possibly in law as a career. The present officers of the club were elected late in December. They are: President, Les Brody; Vice-President, Jane E. Larabee; Secretary, Elaine Teleconski, and Treasurer, J. J., Peck. After the club had formed, the present officers of the club were elected late in December. They are: President, Les Brody; Vice-President, Jane E. Larabee; Secretary, Elaine Teleconski, and Treasurer, J. J., Peck.

The Music Appreciation Club has presented at the annual school honors assembly held in June. This year a similar award will be given in more than 7,500 high schools over the country.

Music Club Plans Trip

The Music Appreciation Club has planned to go to the New York City
day symphonic concert and an opera. The tour will be Friday, March 23, and, as in the past, the club will attend both a symphonic concert and an opera.

Thirty-nine members of the club, accompanied by Dr. Roy Yerk and his wife, will leave Milne at 8:45 Friday to be in time for the afternoon concert at Carnegie Hall. They will hear Haydn’s Symphony No. 22, Strauss’ “Don Juan,” Hindemith’s “Mathis de Mahler,” and Malcolm Fraser playing Beethoven’s Second Piano Concerto. Later in the afternoon the group will visit the Museum of Modern Art, and, possibly, the Museum of History and Art. In the latter they hope to see the recently acquired $2,300,000 Rembrandt, “Aristotle Contemplating the Bust of Homer.”

After dinner together the club will attend the performance of Verdi’s “Rigoletto” at the Metropolitan Opera House.

LARABEE RECEIVES SCIENCE AWARD

Jane Larabee has been a student in the Milne school for the past two years, having previously attended the Windsor, Conn. High School. She is one of the honor students in the class of 1962 with an all “A” average for her junior year, and a Regents average of 92.

The Debate Club has been held on Tuesdays; the club plans to hold bi-weekly meetings after school. Programs for the latter will include possible trips to the Albany Law School, observation of mock trials, ambulance chasing, attendance at court sessions, and lectures by lawyers. Other possibilities, according to Les Brody, are the institution of a law library, and several debates on law.

Debate Club Organized

By JB

For the first time since 1957, Milne has once again organized a Debate Club. The group has been formed by the institution of a law library, and several debates on law.

**Foreign Student Program?**

Last year a movement was afoot to bring a foreign student to Milne. If we remember correctly the proceeds of the cord party that year, a reasonable sum, started the fund, which was appropriately named the Foreign Student Exchange Fund. The fund was then placed in the hands of the administration of the Senior Student Council.

Nothing has been heard since then on the progress of the Council towards this goal. It is a time for re-evaluation of this entire plan. First of all is the project still "live"? If so, precisely what is going on? If not, what has happened to the money? Second, is the whole idea feasible? Has it been pointed out that the cost of bringing a student here, and keeping him here, for a year, is close to one thousand dollars? At the rate of two hundred dollars a year, approximately FIVE years will be needed to reach this goal. If such money is being added as at present, i.e. zero dollars per year, it will take forever. In neither case can we wait that long.

It would be interesting to have a report from the Council on the present status of this fund and project. It also would be pertinent to have a discussion of the value of such a project. The money might be better spent on projects with goals that are easier to reach.

---

**Raiders Drop Two To Watervliet**

Well-rounded scoring and a 8 point third period by Milne figured decisively in a 57-50 win over Watervliet Friday night. Although never ahead in the game, the Raiders managed to stay close through the first half. But by the end of the second period Milne saw Vlieet's meager 3 point half-time lead grow into a ten-point margin. They shot better than Milne and kept the ball from the outside, keeping the Observer from the three-point area. Milne is a time for re-evaluation of this entire plan. If not, what is going on? If not, what has happened to the money? Second, is the whole idea feasible? Has it been pointed out that the cost of bringing a student here, and keeping him here, for a year, is close to one thousand dollars? At the rate of two hundred dollars a year, approximately FIVE years will be needed to reach this goal. If such money is being added as at present, i.e. zero dollars per year, it will take forever. In neither case can we wait that long.

It would be interesting to have a report from the Council on the present status of this fund and project. It also would be pertinent to have a discussion of the value of such a project. The money might be better spent on projects with goals that are easier to reach.

**Raiders Split Last 4 Games**

**Alternate Wins and Losses**

**BY JIM ROEMER**

The Christmas Tourney

Milne celebrated the Christmas season by playing in its first season tournament. The tournament took place over the last weekend, with five teams playing in the tournament included Milne, St. John's, St. Joseph's, and Guilderland Central.

In a game played on December 28, Milne was challenged by a scrappy St. Joseph's which went down to defeat by a 54-41 score. Because of a bad cold Milne's leading scorer was held to seven points and was held to a 7-7 quarter tie. Jon McClelland, Tom Bennett, and Mike Daggett, the main cogs in Milne's attack got hot simultaneously in the second quarter and carried the Raiders out of the third quarter, leading Milne by 26-11 half-time margin. During the first half Jon, Tom, and Mike combined for all of the Raider's points. The Raiders continued the run-away into the 3rd quarter and came up on the plus side of a 39-19 margin. St. Joseph's got hot in the 4th quarter and outscored Milne by 22-15. Despite their hot hand, they could not dent the Raider's margin as Milne came home riding the crest of a 54-41 score.

McClelland, Bennett, and Daggett ended up as our top three point scorers with 24, 18 and 15 points each respectively. Jon pulled down 14 rebounds while Tom hauled in 11 rebounds. The top men for St. Joseph's were Ricky Berlowski and Rick Underwood. Milne's starting five included: Milne, St. John's, Guilderland Central.
