MILNE RED RAIDERS
DEFEND "ROE-JAN"
IN FIRST GAME

Milne's "Red Raiders" traveled to Hillsdale last Friday night to defeat Roeliff Jansen in both the varsity and J.V. games. The score of the J.V. game was 22-14, and the varsity game ended 37-18.

The starting lineup for the J.V. was George Edick, liar old Game, Bob Eckel, Walter Griggs, and Albert Ely. Harold Gane was high scorer, making 8 points, and Robert Eckel followed closely with 7 points.

The starting lineup for the varsity was: Captain Charles Locke, Kirk Leaning, John Poole, John Jansing, and John I^er.

The following is a short summary of the game as recorded by our sports reporter, David Conlin:

1st Quarter—Roeliff Jansen jumped into a quick lead of 3-0 with a field goal and a free shot, Locke out feinted his man in front of the basket and popped it in to make the score 3-2. Then Poole tied the score with a foul shot, and Locke made a neat set shot from half-court to send Milne ahead 5-3. Dyer tapped one in from under the basket, and Milne led 7-3, but "Ro-Jan" came back with two nice long shots to tie it up 7-7 at the end of the first quarter.

By the end of the first half, Milne was leading 13-3. Milne and Roeliff Jansen both scored heavily in the last two quarters, and the game ended 37-18.

VARSITY TO MEET HEATLY TODAY

Milne will play Heatly High School this afternoon at 3:30 in the first home game of the season.

Last year Milne defeated Heatly in both the varsity and J.V. games on the Heatly court, and the Red Raiders are quite confident of their ability to repeat this feat and to continue in the triumphal course started last week at the Roeliff Jansen game.

However according to Roeliff Jansen's scoring, Milne won 38-18.

Locke was high scorer with 11 points, and the other players scored as follows:

Clark ......... 7
J. Leavens ....... 5
Leavens ....... 5
Poole ....... 5
Wilson ....... 2
Fees ....... 1

LETTERS TO THE EDITOR

Editor, Crimson and White:

Does Milne want uniforms or doesn't it? It seems that this was a main issue in the halls of school up until recently. Have the students in Milne become lax concerning the outcome of this issue or is it that they don't want girls in uniforms?

In my opinion, I don't think that uniforms are necessary for Milne girls. Milne is not a completely private school, so why should the girls differentiate themselves in such a manner? Most of the girls in Milne like to have originality in their dress, and some of them show it. I'm sure they like the freedom of wearing what they choose when they choose to do so. Of course, I see no harm in wearing uniforms if the majority should agree. It gives the school a neat appearance if the girls unify their dress. I think they would, too, if it was to please the uniforms. However, the majority should not be completely thrown out in order to satisfy all students. The problem of uniforms should be definitely taken upon.

"THAT'S-THE SPIRIT"—WHAT SPIRIT?

The Alma Mater of a school represents the spirit and respect of the institution's loyal students.

At a recent assembly of the student body, the shameful fact that the majority of Milnites do not know their Alma Mater, became strongly evident.

The words of a member of the faculty, "The Alma Mater needs more than an editorial to improve it!" present the condition openly and frankly.

We of the Crimson and White believe that if this editorial helps in even a small, it will not be in vain.

Won't you make every effort to learn the words of this song as soon as possible, if you do not already know it?

THE ALMA MATER

Emil Alma Mater true
Our thoughts reach out to you,
Pledges of love renew
Strength to love renew.

Knowledge of truth and light
Lead us in paths of right
We shall be joined in heart
Never be far apart,
Each to each endeared.

DON'T know MUSIC IN MILNE!

If one visited almost any high school in the city of Albany, with the exception of Milne, one would find a very complete department of music, with an instructor for band, orchestra, and vocal work.

In Milne we find a small orchestra, with an already busy member of the faculty giving up his time to instruct and direct it. We find a glee club which meets weekly, with the music professor of the college instructing.

But we find no band, no dance orchestra, and last, but not least, we find no instructor in music for Milne, and Milne alone.

Again, let it be said that Milne high school needs and should have an enlarged department of music!
Composition of a Girl

**Purpose:** To study different types of girls.

**Materials:** Several different types of girls.

**Diagram:**

<tr>
<th>Manipulations</th>
<th>Observations</th>

<tbody>
<tr>
<td>1. Test for density by questioning.</td>
<td>1. No results—found to be dense.</td>
</tr>
<tr>
<td>2. First abuse and insult, then add a few soothing words.</td>
<td>2. Freezes up easily, has high boiling point, but will melt under right technique.</td>
</tr>
<tr>
<td>3. Expose to man.</td>
<td>3. Has great magnetic power.</td>
</tr>
<tr>
<td>4. Expose to food.</td>
<td>4. Unusual absorption power.</td>
</tr>
<tr>
<td>5. Bring in contact with metals.</td>
<td>5. Reacts most favorably to gold silver.</td>
</tr>
<tr>
<td>6. Let stand in Herbert's for a few hours.</td>
<td>6. Found to be in a different condition than at other times.</td>
</tr>
</tbody>
</table>

**Conclusion:**

Certain isotopes found to be dense, depending on state of man. Has a high boiling point, and melts easily. Has great affinity for man, and rests highly magnetic when exposed to him. Great absorption power when it comes to food. Some allotropic forms, depending on size and weight, have good reducing properties.

**Suggestions, Boys!**

Mind you, these are only suggestions. If you think they're good, go ahead and be a social outcast!

How to get down to the point, the Theta Nu-Adelphi takes place tomorrow night, and you all want to be up on your etiquette.

Flowers are always the cause of a lot of trouble minds. Good Housekeeping tells us that roses, sweet peas and mixed posies are to be looked at, not worn. Figur lillies, camellias and gardenias can always be counted on to make social success. Notice, there is no mention of orchids...we didn't think anyone would send them, anyway. Of course, for the very best results, you could always ask the girl what kind she wants.

Don't whatever you do, keep her waiting. You never can tell...maybe she'll think you're not coming, and get ready for bed. Wouldn't that be a nice fix, you dressed to kill, and the girl-friend upstairs all ready for bed.

Consideration is the next important thing to remember. Be polite. Think how the girl must feel...how would you like to have a swinging door come back and hit you in the face? Well, neither does the girl.

And last, don't keep the girl out too late...she probably needs all the beauty sleep she can get.

**Shorts**

Some of the senior girls now think Siena is definitely...OK! After having spent a busy Tuesday night in Huntington, they just about fell asleep in class the next day.

The bus that took our loyal supporters of the basketball team on that 40 mile ride to Hillsdale had quite a selection of Milestones on it. All the old school-girls were on it, and one certain junior missed the bus, and has been getting kidded ever since. Right, Kirk?
