The Milne baseball nine, approaching the end of its season, was defeated by the boys from Columbia Central School in East Greenbush last Tuesday afternoon at Ridgefield by a 6-3 score.

Robert Austin did mound duty until relieved in the 6th inning by Chuck Lock. Milne's up and coming catcher, "Dutch" Bell, has been the only member of the team who has been hitting consistently. In the Schuyler game he had one hit for four trips to the plate, and Tuesday he had one for three. "Dutch" certainly deserves a lot of credit for his remarkably good work on the team. He is only a freshman.

Milne has only two more games left to play this season. Next Tuesday, the 27th of May, the squad will travel to Dino In Park where they will meet the Schuyler "Falcons" in a seven inning contest. In their final contest, the "Red Raiders" will play host to the Eastonville High nine at Ridgefield on Monday, June 3, at 4:00 p.m. Every loyal Milnite should turn out to see these last two games. If the team had had a little support earlier in the season, they might have won a few games. Let's go, baseball fans, and show the boys that we are really interested in having a winning team.

We, of the Crimson and White, take this opportunity to extend our congratulations to the four candidates running for the office of president of the Student Council.

A matter concerning the campaign has come to our attention, which we feel must be mentioned, although it is a matter rather unpleasant. Various candidates have posted campaign posters and other signs around the halls of Milne and members of the opposition have been showing an extreme lack of good taste and sportsmanship in tearing and defacing these posters.

We all have a right to vote for the candidate whom we feel best suited for the position, but why not give every candidate a fair chance for publicity?
THE SENIORS IN RHYM:HEM

At 8:00 most every morn,
The third floor landing they adorn.
Their theme song is "Our Love Affair", How can you guess this little pair?

"Faithful Forever" should be their theme,
He's a speaker, she's on the tennis team.
Of course, long ago, they exchanged pins, And the cup for endurance they should win.

Two seniors make up this pair, And both are rather fair.
She's a member of good old Quin And in his photo-blu pin.

They both are blondes and very fair, A brother and sisterly looking pair, He's just a cut-up in Chemistry. Three guesses now who they can be.

We both are Juniors really hop, By that we mean we really step,
To 2 best dancers we were voted, And for that I guess we're noted.

She's a junior, he's a senior, And he has a brushcut.
She's a little gal from Sigma And just look on his left 4th finger.

That's all there is, there is no more, And if there was it would be a bore.
Please don't strain or wrack your brain, But see if you can guess their names.

Marilyn is the lovely miss, who has the big brown eyes,
With eyes like her's everyone is "swoozing" Whenever she's around, you'll hear a lot of sighs.

She couldn't do much better at the bridge He loves to play— It's her favorite pastime—both night and day.

Eddie Lingwig is the boy, who has rhythm-plus,
Whenever he's at the drums, the people never muse.
He has the darkest very hair that you could ever see— Gene Knap's "Drummer Boy" is his specialty.
