HILME JUNIORS WIN VICTORY OVER SCHOOL 16 BY SCORE OF 32 - 26

Tear: Mack Chalke Up victories of 12-9 ove: Home Squad

Saturday night, January 16, witnessed a basketball game between public school 16 and the Milne Junior on Milne's court. School 16 was victorious.

The score at the half was 14 to 8 in Milne's favor. The game ended with the score at 32 to 26 in our favor.

The attendance was a little better this time, but the fact that a varsity game was to be played did much to partly account for that.

Saturday night, February 13, witnessed a Junior varsity game on the home court.

The opposing team was made up of some Milne boys from the other class and Junior classes.

It was rather enjoyable game to the spectators as the efforts of the opposition seemed to be limited to entertaining the audience.

Kuba was high scorer for our team, helping to roll up a score of 15 to the opposing score of 9.

The Junior varsity is playing another game of the home court Saturday, the twelfth. No other time is not known as yet. The game will be called at seven o'clock.

STUDENT COUNCIL FALL SOCIAL PARTY

The Student Council plans to give a party for Junior High students on Wednesday. It will be an informal affair and will be from eight to eleven. It is almost certain to be held in the lounge of Pleasant Hall.

The Student Council has a meeting every Monday at 8 o'clock in room 112. This is to take the place of the regular hall during the next week period on Friday.
Kilne High has many interesting and educational clubs which you should take advantage of. Study club is really just a study period. You don’t learn anything new, but just do homework in the same subjects as you have been having all day. In the other clubs you are doing something different and interesting. In Dramatics club you not only learn to act, but it helps you to be more at ease if you should have to speak in public. Science club is enjoyable because you are always discovering something new. In clubs such as Latin club they study the habits and customs of Roman people which makes you more interested in the subject of Latin. If you have any ability you can develop it by belonging to one of these clubs.

You learn to know and like more people in school when you belong to some club.

If you aren’t interested in any of these clubs you can make a petition and in that way organize some club in which you are interested.

Why not join a club and look forward to Thursday instead of dreading it, because you have to stay and just sit and study for an hour?

ASHEMID OF YOUR SCHOOL?

We are sure you would be if you put yourself in the place of a visitor. You would see spit balls and marks on the floor. There would be pencil marks on the floor and initials carved in the doors.

Don’t let these things continue! Your class will not be the only one to attend this school. Other children will come here and we are sure they will not like to see marks on the books and walls. Pick up the papers and cords and improve your school.

ENGLISH CLASSES START NOW!!!

At the beginning of this semester the ninth grade English classes started a unit of letter writing. This unit comprises business letters and informal notes.

The eighth grades are now studying drama writing. The whole class writes on a certain subject. It is, however, divided into groups which write compositions and then choose the best in each group. One class has for its subject "The Circus", another class has "Traveling", and the third has for its subject "Winter Sports".

The seventh grades are reading and studying poems.
HOME ROOM 320

Home room 320 has not yet elected new officers, although they are planning to very shortly. The new Student Council delegate is Dorothy Roobneek. They appointed a program committee which has been working since the beginning of the second semester. The chairman is Calvin Dutcher. They have a program every two weeks. Each member of the class has a graph upon which he posts the marks which appear on his report card.

HOME ROOM 224

The president for home room 224 is Roger Williams. The other officers are: vice-president, James Reed; secretary, Edith Tolman. The Student Council delegates are Mary York and Alvin Neeff.

On Monday the 224 people work on their newspaper. They have business on Tuesday, library work on Wednesday, program on Thursday, and study on Friday.

SOCIAL PROGRESS

(continuing from p. 1)

Shutes; Ken, John Chase; life, Gertrude Shoctor. The cast for "Breeches" is: grandfather, James Haskell; Washington, Bob Jones; Lafayette, Donald Davis; Oswasco, John Chilling.

The participants in the Prize Spelling contest, to be conducted at the next assembly, are: Thelma Sorrell, Betty Potter, Foster Steverley, Dorothy Hallebeck, Joan Grider, Virginia Randers, Carolyn Waller, Isabel Simpson, and Virginia Hall.

HOME ROOM 126

Room 126 has just elected new officers. They are: president, Helen Ellen; vice-president, Thomas Furrin; secretary, Lillian Walker; their sponsor is Miss Collins, a senior in state college.

In memory they have a program called "The Meaning of Life." They enjoyed this very much. Other days they have Student Council reports, meetings, and study periods.

REPORTER TELLS OF ACTIVITIES IN JUNIOR SOCIAL SCIENCE CLASSES

This is the social science hour.

The first on our program are the seventh grade social science classes. The teachers are: Miss Lolly, Miss Simmons, Miss Darfler, and Miss McDonald. In these classes the pupils are making notebooks, and class projects on the crusaders in the times of knights and ladies.

Now we are pleased to introduce the eighth grade social science classes. The teachers are: Miss Roycevix, Miss Cazley, and Miss Wianecoe. In these classes they are carrying on a project of colonial days. They are illustrating furniture, clothing, horses and other customs by pictures. In one of these classes they are having a constitutional convention. Just imagine Leo Minkin as Patrick Henry.

Last but not least come the ninth grade social science classes. Their teachers are: Miss Tyler, Miss Hocke, Miss Hughes, and Mr. Brumer. In these classes they are discussing crime and the disarmament conference. Mr. Brumer's class has recently visited the legislature.

A new bulletin board has been bought with the money of the Social Science classes. It has been placed in the social science room.

That's all, Folks!

Miss Keene announces new library to begin Monday

The new library system will begin Monday, Miss Betsey Keene High School librarian, announced today. This week students have been registering on slips so the librarians can tell just who is to be in the library in certain periods before the schedule cards come out.

Beginning next week, students will be assigned to regular seats as well as tables so that the librarians can tell just who is in the library in certain periods before the schedule cards come out.
