STUDENTS JOURNEY TO HUDSON

Saturday four of our staff represented the Junior High School Crimson and White newspaper at the Capital District Scholastic Press Conference. It was one enjoyable day starting with some speeches at the Playhouse. The entertainment was varied, with singing by the Capella choir and four pieces including a classic, two hymns and the Negro Spiritual, “Go Down Moses”. There was music by the High School band. Some of the delegates from Green Island lead the young journalists in songs and cheers.

At noon time everybody went to the Elks club where lunch was served. The afternoon session took place in the auditorium of the Hudson High School where the schools were introduced to each other. The delegates from Sharon Springs represented the most distant locality and received the cup which was awarded to Costleton last year.

The delegates voted to invite students from Buffalo and vicinity to attend the next convention at Green Island.

Here are the rules for the sailboat race next week:

1. The races will take place on Washington Park lake, west of the bridge on the day designated.

2. The winner of each of the six heats will race on the final heat.

3. The eighth heat will be run off by the last boats of each of the six heats.

4. A sailboat trophy (a foot in height) will be awarded the winner of the race of the six heat winners.

5. Medals will be awarded all the other winners.

6. Each eighth grade homeroom may elect one girl to act as one of the three judges for the race.

7. The decisions of the judges will be final.
I NOMINATE

BY THE OPTIONAL JOURNALIST

You probably read in last week's issue of my column. The first prospect for nomination that I think of is Norman Andrews. He is one boy in the 8th grade who could handle the job. Norman was on the student council during his seventh year and knows what is to be done in such a position of importance.

Norman is quite popular with the students of Milne and has a good reputation. He earns fairly good marks and is an ace in athletics.

Mr. Andrews is considered among many as a perfect student council president for his many admirable traits.

Until next week when you shall hear more about possible nominees, I thank you.

OLD SMILES

When the clock strikes 13, what time is it?

What is the difference between an old penny and a new dime?

What does a man plant first in his garden?

(Answers on next page)

TRY THESE:

A growing gleam glowing green.

Six thick thistle sticks.
This week's victim has light brown hair and blueish green eyes. He or she is in homeroom 150 and has a brother in the eighth grade. His or her favorite sport is tennis.

If you think you can guess who this is, put the name and your name on a slip of paper, and put it in the Crimson and White drawer in Miss Moore's office.

SEVENTH GRADE SPELLING CONTEST NEAR

On May 16 the girls' seventh grade Clinic English class will give a spelling contest. On May 20 the boys' seventh grade Clinic English class will give the same. From these contests there will be ten people picked from each of the four rooms. These forty people will be entered in a second contest on May 25. There will be medals awarded to the first, second and third best spellers in the seventh grade. There have been rumors that Barbara Russell, Kathryn Schuhl, and Elsa Butterton may be picked from the afternoon contest.

SIE AND HEAR

Screen:

Not much can be said about Lost Horizon which opened yesterday at the Harmonia, because in the lapse of time between its production and its arrival in Albany, much has been heard about it. It is a mammoth production from James Hilton's stirring novel and concerns the region about the Himalayas.

It stars Jane Wyatt and Ronald Colman and is directed by Frank Capra, which is a recommendation in itself.

Wake Up and Live also started its run yesterday at the Palace. It is another gay musical with the stars Ben Bernie and Walter Winchell, plus lovely, little Alice Faye.

The Soldier and the Lady cinema characterization of "Michael Strogoff" is appearing today and tomorrow at the Madison.

1. Time to have the clock repaired.
3. His foot.

CRIMSON AND WHITE TO EXCHANGES

It may be a little late but the Junior Crimson and White has decided to exchange newspapers with other Junior High Schools. Van Varner, of the staff, is in charge of the new department.

The idea is to find out what other schools are doing and to see what kind of newspapers the other schools put out. Mr. Varner may run a column as the Senior Exchange does. Due to his originality we are sure Mr. Varner will make it a success.
