DR. BRUBACHER SPEAKS TO MILNE STUDENTS ABOUT HIS RUSSIAN TRIP

Wednesday, May 11, Dr. A.R. Brubacher, president of St. John’s University, spoke to Milne students during assembly period on Russia. His speech was about the government in which he included the Russian customs and recreational activities.

We hope to have more speakers from the college in the near future.

EXPLANATION AND APOLOGY

The Junior CRIMSON and WHITE wishes to explain that the shortage of Junior High papers last week was caused by the fact that an insufficient number of these were printed. Some of the pupils were very incensed about the matter, and the Junior paper, accordingly, hopes that it will not happen again.

Any pupil who is keeping files and desires one, or those who want them for any purpose, at all, may apply to Miss Katherine Whittington, supervisor of English, for one. She will be glad to supply those with papers.

EXCURSION CLUB VISITS DURITE LAUNDRY THURSDAY MAY 6

The excursion club went to the Du Rite Laundry last Thursday, May 6. Members of the club saw how employees separated clothes, how they cleaned and rinsed them, and how many different waters the clothes go through. They then saw them ironing, some by hand and some by pressing machines. Next they saw them brushing blankets to get the roughness out of the wool. Then they saw them drying curtains, and cleaning rugs.

HOME ROOMS GIVE HONOR ROLL FOR ABSENCE AND TARDINESS

Two people in homeroom 320 have never been absent. They are Margaret Bersem and Alice Harris. Five people have been absent once. According to the alphabet, the first three are Christine Aces, Calvin Dutcher, and Will- iam Emery.

Six people have never been tardy. Four of them are Clar- ence Chesser, Bertha Cummings, Calvin Dutcher, Mildred Hanney, and Alice Harris. Alice Harris is the only person who has neither been absent nor tardy.

Willie Green, Frances Hoornbeek, and Lois Lantz are the people in homeroom 124 who have never been absent.

The first five people, arranged in alphabetical order, who have never been tardy are Evelyn Hanney, Robert Hidley, Frances Hoornbeek, and Lois Lantz.

Olive Yroman was the only person in homeroom 224 who was neither absent or tardy during the year.

ANNUAL PAGEANT TODAY

At 3:15 this afternoon Milne High School will present its annual pageant to the parents and teachers of the Milne students. The pageant will be presented on the college campus just outside of President Bru- bacher’s window. Chairs for the parents and adults will be provided. They will be placed on the walk. However, the student spectators, for the most part, will stand during the performance. Future plans may change this decision. The play will be adapted from a Sir Arthur story.
LET'S HAVE A JUNIOR HIGH PICNIC

Why not have a Junior High picnic? It would give us all a chance to get together when we are not in school. If we went to a nice place, wouldn't it be just as nice as having a party in school? Many places have been suggested. All of them are good. We have some money from the school budget which we may spend. If we spent it on the picnic, we would all get the benefit of it.

It's so nice out these days that we would enjoy it more if we were outside. We could play games and perhaps go swimming.

Come on, if everyone will cooperate we can have a Junior High picnic and make it a big success.

MORE ASSEMBLIES

We should have more assemblies. Perhaps we could have them once in a while in place of home room period. It would make a break in the school routine and would give more people a chance to show their dramatic ability if more plays were given. The plays given in assembly usually last only half an hour or less.

Of course, we would not want them too often as it would be hard to prepare them in that length of time, and soon we will be wanting to use the time in our home room period preparing for examinations.

RECREATION IN HOME ROOM PERIOD

Why not go for walks or short excursions during home room period? It would give us chance to observe nature and perhaps help us in the study of Biology and General Science.

Many of the students, especially girls, just walk over to lunch and back and do not really get any exercise. If we went for walks we would get exercise and also it would refresh us and we would feel more like settling down to work in our next class. Now we feel restless and noisy. We would be much better prepared to carry on the rest of the day's work if we went for a short walk.

A VOLUNTARY EDITORIAL

How long is this going to last, boys and girls? Last Tuesday, one of the Junior High home rooms was fined 45 points because nine boys thought they were having fun by throwing erasers. The other members of the home room were very indignant. Now, do you think it was fair of those boys to steal those points from the home room score? Could they not have amused themselves in some other way? Besides, this was the beginning of home room period. If they had no thought for others, they might at least have had some for themselves, because for several of those boys it was a second offense, and one more — well! Now let's see about getting rid of all this surplus energy before coming in, both for your sake, and for that of your classmates. Yes, you, for who knows, perhaps someday you won't be able to resist the chalk and erasers. If you can't, just remember that you are setting a bad example for the rest of the Junior High.

NOTICE

Dr. A.R. Brubacher, president of State College, recently announced that there can be no more games on the campus between Milne Hall and Richardson Hall.
QUESTION BOX

QUESTION: Should Milne High School have more assemblies?

WINTON TERRILL: "Yes, because it gives the boys and girls more interest in school dramatics."

SARA KESSLER: "No, I do not think we should. We enjoy our assemblies now because we do not have them often."

ADDISON KEIM: "No, because it would be like a regular class, and the students wouldn't enjoy it as much. It also gives more time to prepare programs."

GROVER FAYLES: "Yes, because it would give the students a little more interest in school."

RUTH NELSON: "Yes, because more of the boys and girls will have a chance to act and that gives them more interest in the school."

TOWNESEND TAGGART: "Yes, because it would give more of the people who want to a chance to put on programs."

FRED CARR: "Yes, if they had an even amount of Junior and Senior High plays so that people interested in assemblies could have a chance to act."

ANKLE SOCKS AND SANDALS ARE LATEST FADS OF MILNE JUNIORS

Ankle socks and sandals seem to be the latest fad in foot-wear among the Junior Milne High students. Sandals may be bought in certain "Red Gift Shops". Ankle socks may also be purchased in those same shops.

Light short-sleeved sweaters and skirts worn by the girls look very colorful and pretty on the campus. Even the boys are wearing sleeveless sweaters.

The styles this year are very sensible as well as pretty. They are very simple and it is easy to be a well dressed student even on a small allowance.

BOOK REPORT

The book, The Adventures of a Tramper Ltd is very good. It is written by John Lestern and is illustrated very nicely by Rowland Hilder. The book is full of illustrations all the way through, which makes it all the more real.

The book is about a boy, John Purdio. He is just fifteen years old when the adventures start. He is aboard an English vessel when it is captured by a pirate ship. The pirates killed everyone aboard but they saved John. The name of this ship was "Sans Souci". There were a lot of fights between the men on board. There were a lot of adventures that this boy had that were very narrow escapes, but they usually turned out all right for him.

John was put off the pirate ship on an island where he had many adventures with a negro he met. He finally is rescued by a boat.

The book is very interesting for both boys and girls. It is very good for those who enjoy and interesting and exciting story.

This book is in the Milne High School library. Why not go in and get it. You will enjoy reading it.

ANKLE SOCKS AND SANDALS ARE LATEST FADS OF MILNE JUNIORS

Who's president of the Milne High Juniors?
Who's prominent among the Milne High sponsors?
Who's always ready for lots of fun?
Who can it be but Richie Masterson?

Who are the twins, the inseparable pair?
When you see one the other is there.
Who are the twins wherever they go?
Who can they be? Chris and Vro?

Who is so bright and jolly and gay who keeps us laughing all the long day?
With pretty girls she's his de.
Sonny Blochsendge.
