JUNIOR NEWS

CLUBS WILL BEGIN NEXT THURSDAY FOR ALL MEMBERS

Clubs will start the twenty-fifth of October which is next Thursday. If anyone has not joined a club by that time, he will have a study period during the club periods.

The clubs that have already been started are: Beginner's Dancing Club; Eighth Grade Boys' Shop Club; Art Club; Lathe Club; Advanced Dancing Club; and two Dramatics Clubs.

The Bicycle Club, the Photoplay Club, the Science Club, the Game Club, and the Glee Club, have not yet been organized. More members are needed in the Art Club.

After the various club petitions have been accepted by the Student Council, the clubs will be assigned a sponsor and a room and the organization will begin.

If anyone has not been asked to join a club he may sign a petition on the Junior High School bulletin board or in Miss Halter's office.

Those students who are on the staff of the newspaper will not be allowed to join a club.

BOARD AND STAFF OF NEWSPAPER ARE ORGANIZED AND BEGIN WORK

The junior high school newspaper was organized last week at a meeting in room 121. The following board has been chosen:

Dorothy Hoornbeck, editor; Barbara Birchonough, associate editor; Leo Minkin, associate editor; William Lowenberg, sports editor; Carolyn Mattice, feature editor; Sara Kessler, Exchange editor; and Willis Green, circulation manager.

The other students who signed up for newspaper will work as reporters. If persons who are given assignments do not do them, they will be dropped from the staff. The amount of work that each member does will be counted and credited to that person. This tabulation will be used to help determine the positions for next year.

RICHARD MASTERON IS ELECTED STUDENT ASSOCIATION PRESIDENT AT ELECTIONS WEDNESDAY

Richard Masteron was elected president of the Junior High School as a result of the elections Wednesday. During the assembly program Wednesday morning campaign speeches for the candidates were presented and the platforms explained. The other candidates were Edwin Blockridge and Alvin Neef.

The campaign managers were Robert Kuhn, Harold Rosenstein, and Willis Green. Each spoke upon the qualifications of their candidates.

Richard is a member of home room 320. His platform was 1 - good sportsmanship and friendly feeling among all the students; 2 - committees which are picked for school events should be the ones best suited to make the entertainment a success; and 3 - the money of the Junior High School should be used for Junior High school parties and dances, if they want to have them.

BASKETBALL PRACTICE WILL START NEXT TUESDAY AT 3:15

Milne Junior High School sports are getting away to a good start this year. Some of the old veterans are on the basketball team. Practice will begin next Tuesday, October 27, at 3:15 o'clock.

There are some very good men on the team this year. Among them are: Robert Kuhn, Sonny Blockridge, Richard Masteron, Howard Rosenstein, and Robert Stutz.

The ninth grade home room 22 has a basketball team of its own. They challenge all other Junior High teams. As yet they have not played a game. Get up a team and see the manager for a game.

STUDENT TAKES PART IN CEREMONY

Leo Minkin, an associate editor of this paper, was the page to the campus queen, Florence Brown, at the annual State college ceremony last Saturday night.

IT does not seem necessary to have the same traffic regulations this year that we had last year. We think however that it would be advisable to make it clear to the new students just what is expected of them in the way of discipline. This might be announced in the assembly and by notice on the bulletin board. Those who are familiar with the regulations should rot an example for the new students.

If this method of discipline does not prove satisfactory within a reasonable length of time it might be adjusted by the Student Council.

THE PRESIDENTIAL ELECTION

This year the method of electing the president of the Minle Junior High school is entirely different from that of previous years.

Last year two delegates from each home room were chosen for Student Council. The members of the Council then met and elected someone for president of the Student Council. This person was also the president of the Junior High school.

This year the student is selected from each home room. These nine pupils go before the Student Council who elects three of this group for candidates. One of these three candidates is then elected for president by the vote of the students.

I think that this year's procedure is much better. It gives each student a voice in the selection of the president. It also gives the candidates a sense of responsibility and self confidence. It arouses interest and enthusiasm, thus creating better school spirit.

The noise in the cafeteria is getting worse. It is necessary that this noise be stopped, and the only way this can be done is by every student doing his share.

Running under the rail to get food makes our cafeteria very unruly. If everyone would stop running under the rail in the cafeteria and cooperate in this, our cafeteria would be a very nice place to eat.

Leaving papers is a bad habit. After we have finished our lunch the senior high school students eat there in the cafeteria. Think how you would feel when you want into the cafeteria to eat if some one had left in there before them thrown papers around and making the place very untidy!

THE QUESTION-BOX

QUESTION: What do you think of the new way of forming the club by petition?

OLIVE VROOMAN: "I think last year's idea was much better especially for the seventh grades, because they don't know just what kind of club to start, or what kind they wish to join."

NORMAN FRY: "I like this year's idea very much as you can choose the people you want in your club."

DORIS SHULTES: "I think petitions for clubs are good because many people get in the clubs that they like. Last year there were not as many who would join as there are now."

EMILIE BUCHWAL: "I do not think it is a good idea because it is hard for most people to decide to which club they want to belong. It is also hard to keep from signing more than one petition."

JOHN GRAHAM: "I think the new method of forming a club is good because if a group of people want a certain club, they have a better chance of getting it in this way."

ROBERT MAFES: "I think that petitions for clubs are good because it lets the people think up their own ideas instead of having a teacher think it up for them."

COUNCIL RECEIVES PETITIONS

Two petitions for dramatics clubs have been submitted to the student council. All petitions for clubs had to be in the hands of the council by yesterday, a member of the council said today.

It is necessary for the Student Council to pass upon the various club petitions and then grant them charters and find them a sponsor and a home-room before the club can be officially organized.

JOHN GRAHAM: "I think the new method of forming a club is good because if a group of people want a certain club, they have a better chance of getting it in this way."

ROBERT MAPES: "I think that petitions for clubs are good because it lets the people think up their own ideas instead of having a teacher think it up for them."

COUNCIL RECEIVES PETITIONS

Two petitions for dramatic clubs have been submitted to the student council. All petitions for clubs had to be in the hands of the council by yesterday, a member of the council said today.

It is necessary for the Student Council to pass upon the various club petitions and then grant them charters and find them a sponsor and a home-room before the club can be officially organized.
Home Room 121

Under the direction of Miss Helen Halter this home room has been practising line songs and cheers. Last week Miss Halter was in New York. In New York she bought a tapestry hanging of the city of Cairo in Egypt. Miss Halter also bought a painting showing the occupations of the Polish peasants. Both of these were bought at the International House. The boys of the home room have volunteered to make a picture frame for the painting of the occupations of the Polish peasants.

Home Room 135

Cornelius Duffy, one of the students in this room is sick in the hospital and the home room is going to get him a book. Miss Kelly is the sponsor in this room and Miss Dunkan is the practice teacher. The program for the week is: Monday, meeting; Tuesday, discussion; Wednesday, study; Thursday, study; Friday, entertainment. Last Friday Emil Buchenroeder read a story. Every week they appoint a committee for the entertainment.

Home Room 130

The sponsor of this room is Miss Louise Durkin. The program of the home room is: Tuesday, entertainment; Monday, Wednesday, Thursday and Friday, study. This room is kept in good order. They haven't been to decorate the room or hang pictures yet but they promise that the room will be decorated soon.

Home Room 127

The pupils of Home Room 127 are making their room more attractive by bringing pictures. On Monday and Wednesday they have a class meeting and on Friday a program. Last Friday's program was as follows: Tap dance by Janet Bencor; talk on airplane by Lowell Gypson; talk on World Series game by James Grover; Hunting and fishing, by James McClure; A monologue by Mary Ellen Miller; Madician tricks by Jack Jenkins and Edmund Haskins. The sponsor of this room is Mr. Raymond.

Home Room 123

The supervisor of this home room is Miss Grace Martin. The first meeting was held Monday. Other meetings have not been held because of girl's physical examinations being given by Miss Hitchcock.

Home Room 330

Home Room 330 has flowers in pretty vases. It has a motto made up by the class. It is in the Indian language. They are making progress in this home room.

This home room has two secretaries. This idea is quite different from other home rooms. One secretary is to call the roll. James Nelson has this position. The other position has taken a lot of minutes. They are planning to make their room a better one by hanging pictures and bringing flowers. They are planning to get room marks besides keeping the akan. The supervisor is Miss Smith.
