The Legitimate Theatre

Those theatre lovers who have lamented the fact that there was no permanent legitimate theatre in Albany will rejoice to hear that the Keio Theatre will be operated for the coming season of 1937-38. This new enterprise is sponsored by the prominent business men of Schenectady.

Regular weekly programs are promised for famous Broadway productions using casts of actors who are the familiar faces to the Broadway goers. Any plans to have Negroes on the stage will be received with hearty approval. Just as the stage doors will be opened to Negroes, so will the stage doors be opened to white people. There will be no compromise with the moral code.

Life in Early Historical Times

You might be standing right next to the most attractive person you ever met, but you don't know it until you are introduced... until you get acquainted. And you don't know how much pleasure a cigarette can give until somebody offers you a Chesterfield.

Certainly this is true: Chesterfields are refreshingly milder... they've got a taste that smokers like.
