Web Resources for Downloadable Image Files to Use and Modify

The following websites have openly licensed and public domain photos, clip art or vector drawings files. Files may be modified and available for use. Please read the copyright and fair use guidelines on each site. Licensing may restrict how works are shared and used. Not all files on each site are available for download. Most of these resources prohibit use if the images are distributed or sold. Remember to provide attribution [cite source] when posting. For information on citing and using online images click here. Most of these resources do not charge a fee to download files. This is not a comprehensive list.
