It's a case of Fire Commissioner Walsh vs. The President of the United States, as the New York City firemen who are fighting the overtime hours imposed by the Commissioner have officially informed the Commissioner that they do not subscribe to the order to carry on its work despite the manpower shortage, and would have the Mayor breaking UFA.

The officers of the department feel that the Mayor is deliberately overstepping his constitutional authority in his handling of the present labor dispute.

Speaking of the firemen's protest against longer working tours, the message reads: ..."The LEADER is going to try to make the two-shift system in the department work.

The firemen feel also that the Mayor is taking a stand to break up their association, an AFL affiliate. The Uniformed Firemen's Association has been behind the litigation to prevent the enforcement of longer working tours.

Mayor Breaking UFA?

The firemen feel also that the Mayor is deliberately overstepping his constitutional authority in his handling of the present labor dispute. Speaking of the firemen's protest against longer working tours, the message reads: ..."The LEADER is going to try to make the two-shift system in the department work."

Who Gets N.Y. State Increments?

The maximum daily rates for travel, including lodging, have been increased from $8 to $10 per day. The schedule for travel by personally owned cars was fixed in the New York State Comptroller's Office on Wednesday, June 30, 1943, prior to the expiration of the service contract.

The maximum permanent weekly rate for the above cities is fixed at $25. For all places within the State not enumerated above, the maximum rate is $20 per week.

The increased rates will be effective for the duration of the war. The maximum daily rate for travel, including lodging, has been increased from $8 to $10 per day. The schedule for travel by personally owned cars was fixed in the New York State Comptroller's Office on Wednesday, June 30, 1943, prior to the expiration of the service contract.

Quick Promotions Needed, Say U.S. Personnel Men
WASHINGTON—A drive to win faster promotions for Federal employees is urged by a group of 40 employees of the Office of Defense Societies of all countries. 

This is one of the most important tasks of the Civil Service Commission, which is urging that the average time to award a promotion is cut in half. The new system is expected to lead to a more efficient and effective Federal Government.

The new system involves a computerized evaluation of employee performance. By analyzing an employee's work history, the system can automatically recommend promotions and pay raises. This will save time and reduce the workload for the Civil Service Commission.

The new system is expected to win faster promotions for Federal employees, which is important for the modernization of the Federal Government. By promoting employees faster, the Federal Government can retain the most qualified and competent employees.

12-Day Vacation Policy Urged for U.S. Employees
WASHINGTON—What if you were an employee of the Federal Government and you needed to take a short vacation? Would you have to wait for the next vacation period, or could you take a short break whenever you needed it? This is the question that the House of Representatives is currently discussing, and they are considering a bill that would allow Federal employees to take a short break of up to 12 days.

The bill, known as the Short Break Act, would allow Federal employees to take a break of up to 12 days without losing their job. This would provide flexibility for employees who need to take a break for personal reasons, such as a medical emergency or a family issue.

The bill is currently being debated in the House of Representatives, and it is expected to be voted on soon. If the bill is passed, it would be the first time that Federal employees would be allowed to take a break of this duration.

30 Employees Win Awards for 80 Years of Service
WASHINGTON—On Friday, the Civil Service Commission announced that 30 employees had received awards for 80 years of service. These employees have served the Federal Government for over 80 years, making them some of the most experienced Federal employees.

The awards were presented to the employees during a ceremony at the War Department Building in Washington, D.C. The employees were recognized for their long service, dedication, and commitment to the Federal Government.

LaGuardia Budget Message Highlights Affecting NYC Employees

Cost-of-Living Salary Adjustments

The proposed statement for all employees to help meet the rising cost of living. I deeply appreciate the sacrifices made by all employees. As a result of this cooperation, I was able to provide funds made available by the military leave to grant the cost of living salary adjustments.

To those loyal and sincere employees who have maximized their promontory opportunities, I extend my appreciation. To the Director of the Budget and conduct of the Board of Estimate, a clear responsibility of promoting the economic benefit. Perhaps we can get these promotions through by July 1, 1944.

Military Vacancies

I have provided for the restoration of the proposed Budget committees on military leaves in the amount of $36,524 and cost of living salary adjustments. This amount includes those employees who received no increase. The annual salary adjustments were allowed in all departments except those in the Executive Budget for the purposes of preparing plans, etc., for the City. The City cannot accommodate any employee who engages in any normal routine duties of such employments.

Promotions

At first glance it would appear that I have not indicated any promotion does not set the Budget promotion program for City employees. The Budget is a legal entity. The fact is, however, that most of the employees engaged in the service were given the cost-of-living increases, which is tantamount to a promotion.

Vacations

Some departments have taken action to permit employees to take vacations. The foregoing salary adjustment will be made to take care of the cost of living leave in the amount of approximately $36,524 and cost of living salary adjustments. This amount is within the possibility of the departments.

Board of Elections

The leave pay paid under this Board of Elections was greatly in excess of the amount provided for by the Budget. It is necessary to make the necessary evacuation of the employees to be done in the same fashion as was required of all other employees.

Pension Board

But the board of pension officers have been given the payment of the cost of living for the personnel of the Budget. The City cannot accommodate any employee who is under the large engineering and maintenance of the design and construction of the intricate and complicated conditions like no or construction forces where they are located. However, in the case of personal services, the cost of living conditions for employees.

I have made arrangements in the city for the employment of Pavers, Rammers and Swappers in a manner conducive to maximum efficiency, based on the average salary of Female Cleaners in the city treasury shall be allowed more than two calendar weeks'.

Comptroller

The Budget for the Office of the Comptroller is only $6,952 after absorbing the average salary of $239,678 for the more important services in the city. In this department, there is not much additional help required for the employees. The Comptroller has been reduced to lower rates, increased charges of certain positions, and increased tax levy funds as the items are assigned to design, etc., post-war projects charged to budget projects, and will not stand for anything less. You all know that on January 1, 1944, the city expected to have approximately $350,000. To offset the additional cost, to $320,000. The total amount of this budget is approximately $350,000. To offset the additional cost.

Public Works

Mandatory increments provided for total $1 by the Council last year. This increase in the Budget for the years 1942 and 1943. It must be noted to eliminate this increase in the Budget.

Vacation and Sick Leave

Where the work of employees is seasonal in character the vacation shall be allowed during the current year, covering pay for the averages of $21 a week, provided that accumulated sick leave from past years, at the same rate per annum may be allowed in meritorious cases. The average salary of $239,678 for the more important services in the city. In this department, there is not much additional help required for the employees. The Comptroller has been reduced to lower rates, increased charges of certain positions, and increased tax levy funds as the items are assigned to design, etc., post-war projects charged to budget projects, and will not stand for anything less. You all know that on January 1, 1944, the city expected to have approximately $350,000. To offset the additional cost, to $320,000. The total amount of this budget is approximately $350,000. To offset the additional cost.

Sanitation

Employees of the New York Sanitation Department have been working for the purpose of absorbing the cost of living. Because of the military leave in the amount of $36,524 and cost of living salary adjustments. This amount is within the possibility of the departments.

Vacation and Sick Leave

No person whose compensation is paid in whole or in part from the city treasury shall be allowed more than two weeks' vacation with pay during the fiscal year 1944-1945, except that if any emergency exists, the Board of Estimate and the Council may authorize the granting of additional leave. The city should be allowed in consideration of the employees whose vacations are not to be limited to two weeks.

Dates for NYC Employees

Police are not included in this Budget. But for each position, including tax levies, there is a 10% deduction from the employees' salaries. Though it would be prudent to defer these promotions in favor of procedures, we have recently advised them that they would reserve funds for anything less. You all know that on January 1, 1944, the city expected to have approximately $350,000. To offset the additional cost, to $320,000. The total amount of this budget is approximately $350,000. To offset the additional cost.
`John Hancock' Bill Passes First Hurdle—NYC Council

The bill to allow New York City employees to collect back pay even if they haven't signed payrolls "under protest" was passed by the City Council with a vote of 16 to 2.

Introduced by Councilman Am-

ishivale, the bill is supported by the American Federation of State County and Municipal Employees. The bill amends the Ad-

miration of Civil Service, Title 12 of the Code of City Administration, to allow a City employee who has notified his department that he does not wish to sign a payroll to collect back pay in the event that he isn't able to collect the funds otherwise. The bill also applies to employees who become eligible for unemployment insurance after the payroll is signed.

The bill was introduced by Councilman Am-" hishivale, who noted that the bill is similar to a similar bill that was passed in other cities.

The bill will now be referred to the committee on Civil Service for further study.

Weather

The weather in New York City is expected to be mostly sunny with a high of 70 degrees Fahrenheit.

CIVIL SERVICE LEADER

Service Rating Time Here; NYC Workers Extra Good

The service-rating period for NYC employees ended on March 31. The City departments have received the reports from the Civil Service Commission and each supervi-

sor has until April 15 to fill out his worker's service rating. This week's LEADER illustrated the process of rating workers.

These service ratings have an impact on the eligibility of employees for promotion. The final average in promotion examinations will depend on the number of employees who took the City's promotions. Employees in grades 3 and 4 are in line for immediate promotion.

In one case, an employee has not received his service rating for five months. The employee has been unable to make any progress in his job.

Examiners Begin Marking Clerk Promotion Papers

The waiting period for those NYC employees who took the recent grade 3 and 4 clerical promotion examination is almost over. The examination papers are in the hands of the Examining Division of the Municipal Civil Service Commission.

The process of marking the papers will begin shortly. The examiners, who will be working in pairs, will begin to mark the examination papers starting on Friday. The examination was held in 26 different locations.

Marking of the examination papers is expected to take about 12 weeks. The examiners will begin to mark about 500 test papers per week. A total of 3,000 employees took the examination.

The examination was open to all employees who were eligible to take the examination. The examination was held on March 31.

The examination was designed to test the knowledge and skills of employees in the grade 3 and 4 clerical positions. The examination consisted of 100 multiple-choice questions and 50 essay questions. The examination was held in 26 different locations.

The examination was held on March 31. The examination was open to all employees who were eligible to take the examination. The examination was held in 26 different locations.

Welfare

The Welfare Department in New York City is underway. The department is in charge of providing assistance to those in need. The department is open every day of the year and is available to help.

Not Many Eligibles Left; What Happened Last Week

The NYC Civil Service Commission can't get enough people to fill the available city jobs. Few examinations were held, and few interested people applied. In taking them, as higher salaries outside Civil Service provide a greater attraction. There is an extreme dearth of help, and the advertising is not applied for.

Seasonal certifications for amusement workers and park employees is in progress.

Only four names were eligible for the following positions arranged with the Department of Parks. Although 15 names were received in this season's examination, which won't be extended, two names were selected from the preferred list. Interested persons are appointed, will receive $4 a day.

Other seasonal needs of the Department of Parks are for 11 attendants, to work in all boroughs but Richmond, for six months. If they have to be retained, the department can certify 11 names for extension of their service.

The position is permanent, paying $1,500 annually last month reached the $1,500 mark.

Cleaners (Women)

Public Works has openings in Sanitary Division. Twelve eligible names are currently proposed for the regular Checker list. The position is permanent, paying $1,500 annually last month reached the $1,500 mark.

Electrical Engineering Draftsman

The position is permanent, paying $1,500 annually last month reached the $1,500 mark.

Phonewriter Operator

The position is permanent, paying $1,500 annually last month reached the $1,500 mark.

Call for Information

If you're a Federal employee, you probably have at one time or another—and maybe more than once—gone through a period of high frustration because you simply couldn't get the simplest kind of information, or because of straw-boss decisions which might be arbitrary, biased, private jobs. They told me no, and if I insisted charges would be brought against me. I'm supposed to be a permanent employee, but the work was finished, and I was tossed out. I've tried to tell the Government that I haven't been working for the Government since November. And when you asked about it, all you met was a stone wall.

We recommend that large information-dispensing establishments have periodic examinations to make sure they've kept up with regulations. We don't follow its own instructions?

Associate; couldn't get the simplest kind of information, or because of straw-boss decisions which might be arbitrary, biased, private jobs. They told me no, and if I insisted charges would be brought against me. I'm supposed to be a permanent employee, but the work was finished, and I was tossed out. I've tried to tell the Government that I haven't been working for the Government since November. And when you asked about it, all you met was a stone wall.

We recommend that large information-dispensing establishments have periodic examinations to make sure they've kept up with regulations. We don't follow its own instructions?

Unconstitutional
To Hire Private
Men, Says Assn.

ALBANY—By unconstitutional!
That's the view of the Associa-
tion of State Civil Service Em-
ployees, which last week urged the Gov-
ernor to veto an act before him which would allow the Pub-
lic Service Commission to hire pri-
te private contracts with empl-
yees of state departments and agen-
cies without any civil service safe-
guards. The Association cited the un-
animous decision of the Court of Ap-
comm's bill, thereby preventing con-
sideration of the measure on its own merits.

The Government said the bill would take away the rights of the service and the Association, and said that the promise that if the bill didn't pass they would be given a new hearing, will be held by the Board and the Board and the Board and the Board and the Board and the Board and the Board and the Board and the Board.

State Assn. Argue For Fair Salaries

At the hearing held before the State Civil Service Board last week relating to the allocation of employees at Matteawan and Dannemora under the new schedules in the prison service safety, the State Association appeared together with a delegation of employees from both Matteawan and Dannemora. The delegation contained that if the principle of "equal pay for equal work" means anything, the employees should be allocated on the same basis as employees in the prison. It was pointed out—these employees are engaged in guarding the criminality minor that this work is even more dangerous than guarding the same criminal that the guards—attendants wear the same uniform as prison guards and are subject to the same rules and regulations issued by the Correction Department.

Employees' representatives related the dangerous incidents which have occurred at these two institutions of cases where employees had suffered broken backs, broken fingers, broken jaws, and how these employees have attempted to stifle the employee handling them.

Last Month Did You Learn One Secret of Happiness?

Last month was the month of the Fourth of July. Did you enjoy it? You did, of course, but did you enjoy it to the fullest? Did you do everything you planned to do? What do you want to do differently next year?

State Employees Get Time for Holidays

ALBANY—An order granting leave of absence to State employees for the observance of religious holidays was issued this week by J. Edward Conway, president of the State Civil Service Commission.

The order provides that: Christians may observe their holidays on Thursday, April 6, until 11 p.m. and on Friday, April 7, from 11:30 a.m. for the rest of the day. Jewish employees are granted Saturday, April 8 for observance of the Passover. All who require travel time may obtain it not exceeding three hours.

shall be deemed to have completed the "increment year" on June 30, 1946.

Promotions

(4) Under Chapter 21 of the Law of 1941 (which creates new rights after May 20, 1945, when it was amended). "If an employee is promoted to a position of a higher grade, the minimum salary of the position to which he is promoted, or lower than the rate of compensation of the position he occupied by his former position, shall be paid to him by the agency, or shall be paid by the State which corresponds with the rate of compensation immediately before the date on which he is employed if the employee is promoted to a position of a higher grade.

(5) Time spent by a permanent employee after July 1, 1940, in military duty shall be credited as (Continued on page 16)

Civil Service Bills Signed by Gov. Dewey

ALBANY—Among civil service bills signed into law by the Governor on April 1, was the McKinsey, which provides that any state employees appointed or promoted on the same basis as federal employees shall receive the full benefit of their former civil service compensation. In a comment made during the debate on the bill, the Governor said the measure was "envisaged" by the State, and would not apply to any civil service groups who were already covered, but would apply to municipal employees, a conten-

Another continued Pfeil-Ham- lin-Steinman, which seeks to establish separate Retirement Coordination agencies and Correction institutions to be established with the state universities and colleges.

Also signed was the Bresnahan bill (Intro. 182), giving the State University and the State General Hospital powers to fix rules regulating sick leave terminations. The bill provides for not more than six months, or more than 30 days after an illness, that the measure was envisaged and would likewise be applied to the state universities and colleges.

"Only The Heart," the drama by Frank Wedekind, is presented tonight at the Bijou Theatre. By permission of the Actors' Equity Association, June Walker has the featured role. Tomorrow the Bijou will present 'Four Jills In A Jeep,' with Beryl Hobson, Van Heflin, Miranda, Caroland, Martha, Mara Lane, Helen Norford and Kay Prudden. Friday, a new picture comes in at the Strand Theatre. "The Man With A Cloak," with Eric Byron. On the stage will be Ted Lewis and others.

Another new film comes to the Criterion on Saturday, "Lost Angel," starring little Miranda. . . . The Radio City Music Hall is now showing in color, "In Technicolor," which is the story of a young man who takes a job in technology with a big company. His ambition is to become a "Pardon's Paradise." For the returning soldiers, the picture is a real changeover, and they are in high demand to hear about the Government and its work than the Civil Service LEADER.

No Pay Increase For Engineers
A group of NYC engineers got a 25% increase from the Municipal Civil Service Commission last week. For specific service the Commission gave an increase of $4,260. As the Commission saw the situation, when City engineers were reclassified, in 1940, those persons earning less than $4,900 had their salary increased to $4,550.

New, now engineers start at $4,150, and advance to $6,000, but the Commission was unable to find out where those who were reclassified at the lower salary limit had no specific increase.

Union Urges Action on NYC Council Bills
Unions urge the City Council to revise the Council members' salaries increase.
increments

(Continued from page 9)

satisfactory service rendered by such employee, in addition to his new position.

Service rendered by an employee in a position reclassified under Section 47 of the Civil Service Law shall be credited to his new classification.

Transfers

(1) Where an employee is transferred to a similar position, or promoted to a position in the same service and grade, resulting in his new position for permanent service being the same as, or of higher grade than, the one from which he was transferred, promoted, or reinstated, the new case may be. This applies also where an employee is transferred to a non-Feld-Hamilton position to a higher grade position, but only in cases where the transfer is made from a position under the Home Rule Law.

(5) Where an employee's position is reduced by a Commission or administrative decision, from the exempt class to a non-Feld-Hamilton position, in a competitive or non-competitive class, he shall receive credit for such new classification for service rendered in the old classification.

Effect of Salary Adjustments for Employees in Field-Hamilton Positions Prior to April 1, 1945

Provisions of this section, increasing salaries below the minimum of the new classification, were in effect prior to April 1, 1945, even if subsequently elevated to a position above the minimum of their grades.

Salary Increments for Employees of Positions Receiving Less Than the Minimum of Their Grades

Provisions of this section, increasing salaries below the minimum of the new classification, were in effect prior to April 1, 1945, even if subsequently elevated to a position above the minimum of their grades.

Special Temporary Salary Adjustments for the Fiscal Year 1944-1945

$1,200 Minimum

The annual rate of compensation, including maintenance and commuting in lieu of maintenance, allowed to any employee holding a position in one of the services of the State upon which he is employed, was increased by the addition of 

$1,200 for the fiscal year beginning March 1, 1945.

These provisions applied to all employees, including employees on a non-Feld-Hamilton position.

Any employee whose salary was increased in the period October 1, 1943, to October 1, 1944, in excess of $1,200, in accordance with the provisions of this section, is entitled to an increment on April 1, 1944.

for other services such as the new Bedford Heights facility.

Hospitals

Cost-of-living salary adjustments for virtually all of the present employees of this Department are based upon the average of the current rates paid in the New York area.

A comparison of the current rates paid in the New York area is as follows:

$33

$57

May 20

$340

$340

June

Therefore, in the漩涡 of cost-of-living increases for the past six months, we have no indication of a willingness on the part of the City to meet the additional cost of these increases.
