**July 1 Job-Freeze Affects Public Employees**

**WASHINGTON—Here's the latest dope on how the new War Manpower Commission job freeze order, effective July 1, will affect you, if you work for the Government.**

Don't get panicky and quit your job. You're being non-essential.

Don't have to apply. It will automatically effect all along will continue the Government.

You can still quit your job after July 1. The same rule on releases that has been in effect all along will continue to apply.

However, it will be virtually impossible to get into an altogether non-essential activity.

Getting Another Job

If you do quit, you can get another Government job, but you must wait until 60 days after your annual leave has expired. If you want to take an essential job in private industry you will have to wait 60 days.

Even if you get a release it'll be necessary in most cases to get a transfer from the United States Employment Service. Indications are that it probably won't be too tough to get.

**18 Days Vacation Granted State Institution Workers**

**ALBANY—Eighteen days' vacation for institutional employees! This solution—with certain necessary modifications—was reached last Friday by State officials of four departments.**

The problem of vacations for institutional workers had been under discussion since the Civil Service Commission adopted regulations applying to administrative department employees, early last month.

**Fighting the War**

Clifford C. Shore, President of the Association of State Civil Service Employees, was invited to participate in the three final conferences. Mr. Shore found no objection from any of the department heads to the request that institutional employees be permitted the same vacation period allowed to other departmental employees. The only difficulty was one of method—how to give the vacation to employees in hospitals where there are so many unfilled positions.

**The Retirement**

How this difficulty was met is apparent in the regulations finally adopted, and signed by J. Edward Conway, president of the State Civil Service Commission. They follow:

"To the Commissioners of Correction, Health, Mental Hygiene, and Social Welfare, the Civil Service Commission:

"Subject: Vacation allowances for 1944 in State institutions."

Acting upon the recommendations of the Commissioners of Correction, Health, Mental Hygiene, and Social Welfare, the Civil Service Commission has determined that institutional employees shall be allowed 18 working days annual vacation (Saturday must be counted as a full day)."

30-Year Retirement Bill
Deemed OK for Passage

WASHINGTON—A bill intended to provide for voluntary retirement of service men was voted through the hurdles in the Senate, and ended up by coming out of the Committee on Civil Service as a demilitarization measure. Changes in final passage are declared expedient.

Under present law, a Federal worker 60 years can retire after 20 years service, or an employee of 50 can retire after 30 years with pension payments.

Civil Service Commission is seeking to provide a 30 year retirement bill. "This bill provides for a phased retirement at the age of 60, followed by full retirement at the age of 65." The bill was introduced by Senator George Alexander of Virginia. The bill provides for a 30 year retirement bill.

Travel Allowance For U. S. Workers May Be Altered

WASHINGTON—Civil service workers who are transferred from one office to another in order to get their parking and travel allowance approved, and who are placed in the Civil Service Commission, may be assigned to Congress in recent law.

A proposal to alter the Civil Service Commission was made by a Federal employee, who had to make a request for purchase of Pullman tickets by messengers.

Employee retirement awards are made regularly by the Air Forces Procurement District.

Vet Preference Bill Slated to Pass This Week

WASHINGTON — Final enactment into law of the Bureau of Public Roads bill, which provides for preferential treatment for veterans in the civil service, was expected to be favorable for favorable inclusion.

The bill has passed the Senate already, it now awaits House approval of three minor amendments before going to the President.

The broad effects and basic changes in the law, will be by made of the large increase of civil servants, which has been realized.

An important feature is the unlimited preference given to veterans and their dependents in the hiring process, which places a limit on the top of list on which they appear.

However, the bill provides that it shall remain in force for only three years after the end of the war.

Numerical Ratings

The bill provides a return to the old practices of making appointments to civil service positions, which is a difference from the Civil Service Commission, and the practice was abandoned after Pearl Harbor because it was too difficult.

It will be up to the Commission to determine the validity of the agents' reasons for the cases, for which a hearing of the Public Service agency is to be held.

Previously under the regulations of the Public Service, an agency had to have a reason. But the bill provided a hearing on the case, and the reason was filed and nothing further done. Also the hearing places responsibility with the Commission for determining the reason given for denial.

Millions of dollars, and the power to place a man in the job, are at stake in the bill for hire of hold water.

A single bill in the bill also gives a veteran the right to a personal hearing, a post of fire or suspend for more than 60 days, and the reinstatement of 2-yr. condemned.

PUBLIC HEALTH

NYC Employees

A group of public health nurses who will work part-time in Mayor LaGuardia's campaign to eradicate tuberculosis in the City will hold on Tuesday, June 20, at the Municipal Building, 321 West 42nd Street. The nurses will be assigned to various communities throughout the City.

PARKS WALKERS GROUP CALLS CITY-WIDE MEETING

The NYC Park Workers Union, which is organizing the workers of the Parks Department, held a meeting on Tuesday, June 20, at the Municipal Building, 321 West 42nd Street. The meeting was called to discuss the current status of the union's organizing efforts.

Mystery of Missing Typewriters

There has been a widespread proclama-

tion of a problem involving missing typewriting machines at various City departments. The Union has requested that the management at the Department of Labor report the problem to the Labor Department.

NEW WAGE APPOINTMENTS

The latest group of appointments to the New York City Civil Service Commission named: J. P. Riley, borough parks superintendents; and M. J. J. O'Leary, city parks superintendents. These appointments are effective immediately.

Court Orders Removal Of High-Pay Employees

A case dating back to a New York City Civil Service examination for high-pays positions was settled this week. The case involved the appointment of a new employee to a high-pay position.

Court records show that the new employee was appointed without proper examination. The examination was conducted by an unauthorized person who failed to meet the required qualifications.

Prevailing Wage Hearing Dates

Here is a list of upcoming prevailing wage hearings scheduled for various City departments:

- Housing hearings will be held on June 23, 24, and 25, at the Housing Department, 321 West 42nd Street.
- Health Department hearings will be held on June 24, at the Health Department, 321 West 42nd Street.
- Fire Department hearings will be held on June 25, at the Fire Department, 321 West 42nd Street.

Employees in 'Pet Departments' Get Pay Increases; More Groups Oppose LaGuardia Stand

By JEROME YALE

As the fight over Mayor LaGuardia's attempt to prohibit NYC employees from working at part-time outside jobs on their own time continued, several authorities privately stated that they believe the Mayor is backing down. So far, disciplinary action has been confined to suspensions.

However, a revised questionnaire with fewer queries went to the Civil Service Commission, asking whether they held outside jobs. Employees have indicated that the skills of City employees are being wasted and that more special-need jobs which remain unfilled are being used for outside employment.

The AFL City employee union was awaiting a verdict from the Full Council of the AFL, who last week rejected the proposal to dual-job for Civil Service employees.

Delegates of the Civil Service Employees Union are expected to meet with their President, and to discuss the possibility of legal action to restrain the Mayor in the dual-job issue.
Some wives of NYC Firemen are afraid that if they dare to raise their voice in protest against the Mayor, he’ll take it out on their husbands. They’re ahead with their plans to get better conditions for themselves and their men.

Mayor LaGuardia is due for a visit from a lot of angry women one of whom will probably enjoy the social call.

A group of wives of City firemen, clerks and other employees of several of the Boroughs are meeting to discuss their problems. They feel that the 24-hour, 5-day-weekend, and 24-hour tour of duty that the employees are working don’t allow them enough time to recover.

They wanted to know why the firemen, whose only purpose is to save lives, have to work overtime. They believed that it was their personal affairs and property rather than their work that was being interfered with.

Pretty soon they had the beginning of a lively organization. They talked to wives of other firemen.

Last week they held their first meeting and already have a list of 200 women on the Island, and the number is growing rapidly, where similar groups are building up.

Their Program

They figure that eventually they can make enough noise, public opinion will force the Mayor to give the firemen a decent break.

1. Immediate elimination of the 24-hour, 5-day-weekend.

2. Immediate payment of all overtime worked.

3. Restoration of the five transferred lieutenants and one fireman now on leave from other sections of the City.

If any fireman is punished because his wife is active in this organization, the ladies will really make the city sit up and pay more like an angry fireman’s wife. They’ll ask in their original posts.

The first meeting is scheduled for Thursday evening, June 29, at the Rockefeller Center Hotel, 2017 6th Street, Arverne, L. I. They particularly lack groups of firemen from other sections of the City.

Fireman Mott Awaits Decision On Reprimands

A decision on the case of Fireman Mott, who was reprimanded by the Department last week, was expected at any time.

Both Edward Edenborn, representing the Department, and Mott have submitted papers and are awaiting a court decision. The Reprisal has been recommended by Mr. Scott, for alleged failure to find his way to the Center by 8:00 a.m. on the 14th.

Commissioners, however, have received the minutes of the meeting and have not decided whether to reject or accept the recommendations of the Commissioner.

This is the second case in which the Commissioner has handed down a reprimand, and the Department is expected to appeal in both cases.

hospitals has reached such a peak as to reduce the care to little.

He is writing this column with LEADER, Clifford C. Shoro discusses all and any matters of interest to some instances, work can be curtailed or even suspended during war time. Where this is possible it has been done. Many activities connected with the care of the patient have been reduced to the bare necessities.

It is a matter of fact that the state is being prepared to compete with other employers of these classes of professional and clerical workers. We must be prepared to engage in special agencies to get the money from the state without giving consideration to the many advantages of state service.

We all know we are facing the problem of scarcity and continuity of employment, permanency of salary levels, vacation and sick leave, the provision for the pension and annuity, and the like.

The question is: What can we do to help all state hospitals reach such a peak as to reduce the care to little more than custodial?

What Can Be Done?

STATE CAN BE DONE to attract physicians, nurses, attendants, physical therapists, occupational therapists, cooks, teachers, clerical, and other workers, and in fact, every kind of employee to seek employment in our hospitals? Is it a matter of paying more?

The answer, of course, is yes. Must the state be prepared to compete with other employers of these classes of professional and clerical workers. We must be prepared to compete with other employers of these classes of professional and clerical workers.

The shortage of help in practically all war time. Where this is possible, it has been done. Many activities connected with the care of the patient have been reduced to the bare necessities.

Assemblyman, Former Official, Hit Treatment of Employees at Cornell

A serious situation concerning State employees at Cornell University was brought to public attention last week, when William F. McDonough, formerly Assistant Director of the Department of Agriculture and Markets, spoke with the New York State Assembly Investigating Committee. McDonough publicizes the full picture. McDonough is now Executive Director of the Association of State Civil Service Employees.

The two men addressed a large assemblage of employees engaged at the State University, the State College of Home Economics, the Agricultural Experiment Station, the Agricultural Extension Service, the State Armory at Cornell. The event took place on the training floor of the Armory.

The judge was Brigadier General John J. Bradley (Ret.), dis...

Barber, Printer Employees Give Inside Tracks

The following information was secured in a letter dated 27th July, 1944. It is a letter which appears to be a summary of the latest developments in the state of New York, and which is addressed to the State Civil Service Commission.

Shave in 11 Seconds

The average time that a barber spends on a shave is 11 seconds. This is the standard time for a shave, and any barber who takes longer than 11 seconds is considered to be inefficient.

Barbers: $1300-1700 $1800-2300 $2100-2600

Fees are set by the state and are based on the number of customers served per day. The average barber is said to average at least $50 per week.

Conway Praises Work of State's Civil Employees

The Governor has praised the work of the state's civil employees, saying that they are doing an outstanding job.

What Was Revealed

Their testimony has been a revelation as to the complacency of the medical profession and the indifference of patients who are not part of the medical establishment. The examination results have been impressive. The candidates have been highly qualified. The examination was conducted with the utmost care and attention to detail.
Government Openings

This is general information which you should know about United States Government employment. (1) Applicants must be citizens of the United States; (2) Applicants must be able, with or without special training, physically capable of performing the duties of the position and must be of good health. (3) Positions are subject to termination due to being incapacitated. Handicapped persons who feel their defects would not interfere with their ability to use the qualifications required are urged to apply. (4) Veterans preference is granted to honorably discharged veterans who are made unemployed because of a service-connected disability which means they will generally be favored for the duties of the same nature as that of the position and (5) Persons new employed in essential occupations must receive established base salary in order to be considered for Federal jobs.

An offer of a position will be accompanied by instructions advising what steps to take to ensure the security of the selectee's position. (Unless otherwise noted, application forms are available at the Second National Headquarters, New York City.)

The Commission agreed that an "Any Way To Go" Auction will be conducted to sell a collection of fine wines.

The Commissioner noted that the auction will take place this Saturday at the Community Center.

He also stated that the proceeds from the auction will be used to fund the local library.

Mr. John Smith, a local resident, expressed his support for the auction, saying it's a great way to support the community.

The auction will feature a variety of wines, including red, white, and sparkling varieties.

For more information, please contact the Community Center at 555-1234.
It means something to all these people when you buy a War Bond

When you buy a War Bond, it affects a great many people.

First, it buys weapons for the American boys overseas.

Second, it encourages our fighting allies, by demonstarting that the American people are in this scrap to the finish.

Third, it brings cheer to the starving and oppressed in Nazi-occupied territories, because it means a quicker end of hunger and tyranny.

Fourth, it discourages Hitler and Tojo—and is a punch at the morale of the German and Japanese home fronts.

Fifth, it helps to guarantee peace and liberty to future generations of Americans.

And the blank space? Put yourself in that picture. For when you buy a War Bond, it certainly means as much to you as to anyone else in the world.

It's a wonderfully advantageous way to invest your money. It pays $4 for every $3 you put in. It's safe. And it'll give you a financial nest egg—a nest egg you can use after the war for such things as buying a home, educating your children, and traveling.

So buy more War Bonds right now—Today!

Let's all keep backing the attack!

American boys in German POW camps will soon be studying for New York City Civil Service examinations.

Recently, the NYC Civil Service Commission and the Prisons Department announced that the War Prisoners Study for Civil Service Employees program would begin soon. The program aims to prepare German prisoners of war to enter the civil service.

A peak of these will come with 24 candidates starting at the Probationary level and 17 at the Rating of the written examination and rating.

NYC Employee Wins Back Pay

An award of $5,649 was made to an employee of the City for work performed during his leave of absence. The employee was entitled to back pay for all the time he was on leave.

Overtune Pay in State Institutions

The Association of State Civil Service Employees has received many complaints indicating the value of the proposal which is being considered by the Legislature of 1943 whereby employees in State institutions and other institutions are now compensated the overtime work.
