Higher Salaries
For Congressmen
Key to Higher Pay
For All Public Employees

The Civil Service LEADER favors higher salaries for members of the United States Congress. We know that Congressmen have been loath to request improved pay. However, their pay is now out of line with other salaried employees. It is more adequate in terms of the duties, the importance, and the dignity of Congressional positions. The LEADER would like to see widespread public support of this move.

The average man on the street was the man who earns more money—the chairman of the Senate Committee on Foreign Affairs or the Mayor of Fond du Lac, he would very likely answer: "The chairman of the Foreign Affairs Committee."

But he would be quite wrong. The salary of a member of Congress is $10,000 a year—whereas across upon scores of relatively obscure local and State officials earn $10, $20, and $30 thousand a year.

One of the most important steps in congressional reform is the lifting of congressional salaries to the level justified by the nature of the work performed. In the opinion of this newspaper, the men who represent the people of this country in Washington should receive $20,000 a year.

Employees Have a Stake
Public employees—Federal, State and municipal—have a direct stake in the lifting of congressional salaries.

Why? Because at the present moment the fact that members of Congress receive only $10,000 a year limits salaries for heads of Federal agencies and departments, who generally earn about the same pay. Department heads could not hope to obtain more than the chairman of the committee where they come to get appropriations.

In other words, if we are to have a sound and vigorous career service in the Federal government, we must raise the entire structure. The salaries of Federal employees must be increased to compensate for the lower-than-normal pay of the Congressmen.

And, naturally, the people all the way down the line cannot expect an increase in the general wage structure unless the higher brackets are lifted.

In other words, if we are to have a sound and vigorous career service in the Federal government, we must raise the entire structure. The salaries of Federal employees must be increased to compensate for the lower-than-normal pay of the Congressmen.

And, naturally, the people all the way down the line cannot expect an increase in the general wage structure unless the higher brackets are lifted.

And, naturally, the people all the way down the line cannot expect an increase in the general wage structure unless the higher brackets are lifted.
WASHINGTON — Federal Government has post-war plans that would keep every war service appointee permanently on the payroll.

Kept under wraps, pending an election for political reasons, they are now coming to light. Practically every personnel office, agency and department and several war agencies have been working on those plans for expansion after the war. They would absorb all U.S. workers on war job assignments plus making a place for returning veterans.

With Roosevelt and the Navy Yard, after 20 years in government service. They would absorb all U.S. Navy Yard Drillers Association, held at Livingston Ballroom in New York City. The result was the Federal service at Brooklyn Navy Yard. The event for political reasons, they are now coming to light. Practically every personnel office, agency and department and several war agencies have been working on those plans for expansion after the war. They would absorb all U.S. workers on war job assignments plus making a place for returning veterans.

Emil K. Ellis Denounces as 'Municipal Cheating' A Civil Service Plan to Fill Jobs Without Examination

Emil K. Ellis, attorney who conducted an investigation against Paul J. Kern in 1941, last week again assailed the New York Civil Service Commission. He charged that a Commission proposal to cover in 127 titles under war emergency rules without examination, was described by him as "a form of municipal cheating."

The proposal was made on behalf of the City to get the job of the 24th, under the direction of Mr. Ellis. He now repudiates the plan to the proper sources of employment, which private employers would not apply. It is a sharp practice that deserves public denunciation.

The Commission has made no exception on the matter at this time. However, the resolution to fill V-96 would find the approval in Municipal Law, according to the State Civil Service Commission.

"Allemtion to the APT employees, Bob. I suggest that if the Commission divides the resolution into two sections, to include two safeguards to protect the rights of workers."

The Commission explains the need for such hirings since the employment of part-time number of applicants for City positions is no worthwhile to go through with, the giving up of positions, accepting applications and examinations temporarily.

"Mr. Ellis' letter to the Commission is as follows: "On behalf of thirty-four Crane employees, I am writing to propound a question to the Commission in an effort of the proposal to discharge them for that purpose."

"The while proposal to waive examinations temporarily under Title 5-9-2C is on its face an indefensible method of avoiding the tests required by municipal civil service appointments."

One of the most vehement groups was a committee of engineers, which by the people as an attempt to deplore 400 being discharged, that the rules, from a chance at a job. The commission explained that the construction work fell off as a result of the war. Now, they charge, the Commission is engaging in a form of municipal cheating.

80 Old-Timers, Stay All Over 70

Eight Old-Timers, employees who had previously received extensions to 1945, stayed on to help meet the manpower shortage. Those beyond 70 were kept on to help meet the manpower shortage. Those beyond 70 were kept on to help meet the manpower shortage.

Three were given their first extension. Following are the objections which were kept on to help meet the manpower shortage. Those beyond 70 were kept on to help meet the manpower shortage.

"The NYC Civil Service Council resolution asking the Board of Estimate to grant a cost-of-living increase to Board of Education employees is the Estimate train a new man."

The NYC Civil Service resolution asking the Board of Estimate to grant a cost-of-living increase to Board of Education employees is the Estimate train a new man. It joined the Council resolution asking the Board of Estimate to grant a cost-of-living increase to Board of Education employees being the Estimate train a new man.

What the Board did was to make a statement about the whole of the proposition."

The Commission of the Whole works like this: The Board of Estimate, according to the Board of Estimate, is the consideration of matters requiring discussion. By the time the Board of Estimate, the Board of Estimate, arrives at any decision, it must be put into law. After the matter is voted on, it is the law of the land, the law of the land, and the Board of Estimate, is the law of the land.

The matters were also referred to the Director of the Budget. That gives the Board members a chance to make a decision on the proposition."

Last March, the Board of Estimate approved the proposal, which cannot take any active action, was used when any particularly hot matter came up.

However, the most recent Committee of the Whole meeting was held on the basis of his statement. When the Board referred the proposal to the Committee of the Whole, Mr. Ellis said: "That is all very well, but it just doesn't cut it. The Board isn't by any stretch of the imagination, in the Board.

Mr. Ellis, civil service attorney, who was instrumental in the removal of Paul J. Kern from the presidency of the NYC Civil Service Commission, is charged again. He doesn't like the proposal to fill more City jobs by temporary appointments.

Education Pay Raise In Estimate Branches

"Billboard Are the Week is the title of a short, short story approach. The mayor's pay raise is a little bit of a problem. The mayor's pay raise is a little bit of a problem.

"I'll call the Remember, working for the light of the future, his blessed transfiguration. Employee's lifetime there comes a time when he feels the rush of the future. His blessed transfiguration."

"That he had a job waiting for him after his discharge and could win a position as a newspaperman."

"Mr. Davis charges that the APL City employees had such a reputation for their 75 years service that the Board of Transportation, 71 Union Street, Brooklyn."
General Bradley’s Column
By Brigadier General John J. Bradley (Ret.)

Special Benefits for Vets

A variety of special benefits is available for veterans. In continuing my survey I am covering some of these. For another 25 years and more I will be providing upon request to the Veterans Administration copies of all work in the Veterans Administration which may also be given free transportation to those interested.

If you are not interested in this branch of reading, you may get hospitalization based on information in House Bill 567, which provides for 120 days of hospitalization at the nearest Veterans’ Administration hospital. It is called a ‘‘sick-at-home’’ provision.

In line of duty in the service, it is also possible to have your service-connected disabilities compensated for. This is called a ‘‘blind-folded’’ provision.

Legal Protection

In general, the Soldiers’ and Sailors’ Family Protection Act provides for compensation for service men and women up to six months after their discharge by making it possible for the courts to enjoin enforcement of any civil liabilities during that time, as well as

- Lawsuits for collection of debts.
- Repossession of property.
- Collection of certain taxes.
- Right of property for taxes.
- Withholding of wages for payment of rent.

In some cases, Federal and State laws differ as to the adjustment of tax payments by reason of the change or increase in Federal income tax and other State taxes.

Income Tax

For the first time in the history of the New York City Department, an outside organization will be called in to supervise the election of the Fire Officers’ Union, 11th Street Union Hall, this month. The newly organized Uniformed Fire Officers Association decided to hold a vote on the election of officers and the Fire Officers’ Union, 11th Street Union Hall, has been chosen. The date is January 16, 1945, and the deadline is January 16, 1945. A resolution will be the deadline for the nomination of officers.

Airline Flight Improve Pay

The Airline Pilots Association has announced that it will consider a proposal to improve the pay of airline pilots. The proposal is based on the idea that airline pilots should receive a higher pay scale than other workers in the same field. The Airline Pilots Association is a labor union representing airline pilots, and it is seeking to improve the working conditions and compensation of its members. The proposal includes an increase in the pay scale for airline pilots, as well as improved benefits and working conditions.

Margaret Kehl Wins Promotion

Miss Margaret Kehl, deputy director of the Municipal Library, has been named assistant librarian under Mr. John T. Young. Miss Kehl has been librarian at the Municipal Library for 17 years. She has been responsible for the administration of the library’s operations, including the selection of books and other materials. Her appointment to the assistant librarian position is a promotion. Miss Kehl is a graduate of the Brooklyn College and the School of Library Service. She has been with the Municipal Library for 17 years.

Lady Bowlers Wanted

More women bowlers are needed to replace the men who are entering the service. Women bowlers have been taking up the sport in large numbers. The Municipal Women’s Bowling League, which is sponsored by Mrs. Allen, secretary of the Municipal League, has been successful in attracting new members. The Municipal Women’s Bowling League is a local organization which was started to accommodate the needs of women bowlers in the city. The league is open to all women bowlers who belong to the Municipal Women’s Bowling League.

FRANK S. SHARP, Deputy Secretary of State.
The Biggest Thing You Can Do This Week

Walter E. Reuther

The biggest thing which you as a civil service employee can do this week is—

1. Worry about your salary, and how to improve it.

2. Take action. Do something about it.

All these things are very important, and shouldn’t be forgotten.

But the really biggest thing which you as an employee can do for the department is not to do anything.

BUY BONDS! All you can, and then some more.

[Memorandum to all public employees: Turn to page 1 for an important editorial.—Ed.]

POLICE CALLS

'Man on the Beat' Gives His Ideas

For Improvement of Police Association

Many members of the Police feel the same way about the organization that police officials do.

"...we have some constructive suggestions sent in by a young probationary patrolman..."

"I have been on the force for only a short time and have been impressed with much of the fine, old and wise men who have served in the department under conditions. The most productive and least productive officers are, of course, interested in doing the same things.

I'll try to improve my own ability to do my job and try to influence any of us can do to improve our department. It is our opinion that the fact that individuals can only accomplish anything through an effective representative organization. In our opinion, the Police Benevolent Association in its present form is not representative and because the Police Department has no full authority of the organization. In a discussion with fellow patrolmen, certain recommendations have been proposed. I am outlining them in this way that you will be able to print them in your excellent column.

Annual Delegation Election

1. Annual elections of officers and delegates by the men. The Patrolmen’s Benevolent Association is not a democracy. Delegates serve practically for their life and elections are practically useless to the men. The men would in a chance to change delegates who are not working in their interests.

2. The Police Association should report all news of interest and benefit to the employees. Information and well-informed membership can make a strong organization.

3. In my opinion all other police clubs are of little interest. You probably would be interested in the fact that the present club is interested in the reorganizing of the police department.

4. The Police Association should report all news of interest and benefit to the employees. Information and well-informed membership can make a strong organization.

5. From time to time, the LEAPBTC should recognize employees coming from the patrolmen concerning the structure of the Police Association. What do you think of the points made by the Patrolmen on the beat? We'd like to hear.

Jack Buckholts

IN THE New York City

Chief Clerk, Finance Department

In September, 1937, he was made Chief of the Finance Department, in charge of personnel.

The only interruption of his work came along, my job-experience, as a dismissed official, was quirked up from here on.

IN SUCH a case, Hogan must of necessity win the election. The Liberal candidate could only support a Tammany candidate of exceptionally high calibre because of Vito Marcantonio’s brotherly relations with the Mayor, in order to help the Boss. Tom Dewey.

The State Employee

By CLIFFORD C. SHORE
Publisher, The New York State Civil Service Employees

In writing "The State Employee" as a regular weekly feature of The Leader, Clifford C. Shore discusses all and any matters of interest to employees of the State of New York. He is writing in columns with complete liberty to express his own views.

The Truth About Attica

DURING his campaign for the appointment of State Civil Service Employees, held in Albany on October 17th, Lawrence B. Law, President of the Attica Prison Chapter, delivered a speech that had been in operation at this institution for many years in the case of part of the employees. The men who worked this 10-hour day off) 148 favored the 8-hour day and 82 favored the 10-hour day.

against it by the employees and consequently, that they felt the seeing to it that workers received the benefit of that law.

President of the Attica Prison Chapter, discussed with us the 10-hour abiding by the referendiun when he suggested it as a way to learn the wishes of the employees. That in the way our Association handles such employees provides us with a most fitting occasion to take the violation of the law to the courts. We did not "write to the Attorney General asking for an explanation" before bringing the suit. The usual tactics of groups whose only force is that of threats, and more than threats, but of actual violence, of such a refusal to work had been abjured at an early date. In fact, he had committed himself to abide by the law in his statement that workers had a way to learn the wishes of the employees.

Loading of Handling Problems

THAT IN THE WAY our Association handles such employees provides us with a most fitting occasion to take the violation of the law to the courts. We did not "write to the Attorney General asking for an explanation" before bringing the suit. The usual tactics of groups whose only force is that of threats, and more than threats, but of actual violence, of such a refusal to work had been abjured at an early date. In fact, he had committed himself to abide by the law in his statement that workers had a way to learn the wishes of the employees.

The decision was appealed, and the Petitioner's bill of exceptions and that the adverse public interest and Finance) in the Tax Department, offered its own counter-proposals.

The Cooperating organizations

The cooperating organizations were seventeen organizations last week combined in an attack upon the present veteran preferences and American Association of Social Workers, Public Education Association, American Federation of Labor, National Council of Social Service, New York City, etc., etc., offered its own counter-proposals.

An Examination of the Group Plan Of Accident and Sickness Insurance

C. A. CARLISLE, JR.
TER BUSH & POWELL, INC.
423 State Street, Schenectady, N. Y.

The following article concludes a series of four, whose purpose has been to study the Group Plan of Accident and Sickness Insurance, available to State employees who are members of the Association of State Civil Service Employees.

UNDERWRITING

When you are well and free from disease and injury, the time to purchase Accident and Sickness Insurance has arrived—Excuse the repetition! In this series of articles the Group Plan of the State Association, sponsored by The Association of State Civil Service Employees, has been the subject of study. After your policy has been in force for ten continuous months, that policy will be renewed for four weeks only, if you have not been free from accident or disease. This is done oftentimes by putting a rider on the policy which will make any further claim for that particular disability void. However, of course, does not apply to persons who are already insured. If you have ever had any serious disability and have not yet taken out the insurance, try and see if the Company will write it for you, by completing an application and answering each question honestly and truthfully and giving all possible facts.

The chances are that if you have ever had rheumatism of any degree, heart disease,STM or blood pressure, cancer or tumors of any kind, or diseases of the stomach, etc., diseases of the skin or diseases of the eye, the Company will not be able to cover you under its Group Plan. However, if you are under 50 years of age and have not had 50 years of age, the Company will consider you for its Group Plan. The only exceptions are when you are over 50 years of age, insurance for you will not be provided for, until you are 70 years of age. Remember, too, that any person who is on a permanent State pay or pension, the Company will make a return to its plan before you are 70 years of age. Reinstatement within 30 days from the date you return to State service.

This policy covers hospital and all disabilities caused by any mental disease, including hospital confinement. It does not exclude accidents occurring while intoxicated or under the influence of intoxicating liquor.

The Group Plan is a co-operative plan organized for the coming year to provide the best insurance for the group, and every attempt will be made to write this insurance for the group. It will be the easiest way to do so, even with a rider eliminating a chronic disability or loss of a member, etc.

The method of paying your premiums is simple. Each pay day a small premium will be deducted from your pay, and in no way will the insurance premium be applied to your pay as. Remember, too, that any person who is on a permanent State pay or pension, the Company will make a return to its plan before you are 70 years of age. Reinstatement within 30 days from the date you return to State service.

The policy covers hospital and all disabilities caused by any mental disease, including hospital confinement. It does not exclude accidents occurring while intoxicated or under the influence of intoxicating liquor.

**Occupational Hygiene Therapists Seek Improved Conditions**

Recommendations to improve standards and conditions of Occupational Hygiene Therapists have been presented to the State Civil Service Commission at Albany, N. Y., by a group of the profession. The Chairmen of the employees' group, which is comprised of the New York State Department of Mental Hygiene Occupational Therapists Organization, part of the Association of the Mental Hygiene Institutions, are:

1. Edward Conrad, president.
2. James L. O'Hara, vice-president.
4. Maurice J. Young, treasurer.

In his report to Judge Conway, the Chairman of the Board of Examiners, the following are the major points presented:

- The present salary structure of the Occupational Therapy Department is unacceptable.
- The Occupational Therapy Department has been reorganized, and the present salary structure of the new department is unacceptable.
- The Occupational Therapy Department is not reflected in the new department.
- The current salary structure of the Occupational Therapy Department is unacceptable.
- The current salary structure of the Occupational Therapy Department is unacceptable.

The requests have been included in the collective bargaining agreement with the State Civil Service Commission, at Albany, N. Y.

In the mental hygiene institutions, the Occupational Therapists have been greatly surprised recently to find that they were not included in the order of Budge Director John B. Dunlop directing that salary allocations of Mental Hygiene employees, which it was at first stated would be effective as of April 1, 1944, would be made effective as of April 1, 1944. Lautenheiser were given a salary increase of $1,500 to $5,000 under the ban on December 9, 1944, the increase to be effective April 1, 1944. Since this was a renewal of their status based upon a re-study of their work, and since in the case of attendants and other groups the revised pay scales were made retrospective to April 1, 1944, the laundry workers naturally felt that they would automatically receive the additional pay from April 1, 1944.

The Association of the Mental Hygiene Institutions has presented the matter to the Department of Mental Hygiene and expect that the situation will be remedied. Although the laundry workers were in the non-salaried group until recently, they would be able to profit by any decision of the Board of Examiners to recognize this difference in work performed.

**Government Invited to Syracuse Dinner-Dance**

SYRACUSE.—The Syracuse Chapter of the Association of Civil Service Employees held its Annual Dinner-Dance at the Municipal Stadium, N. Y. Monday, December 4th.

The following are the officers of the Syracuse Chapter of the A. C. S. E., respectively:

Chairman, Darius LeFever, Dept. of Labor, State of New York; Secretary, Morton Benson; Treasurer, R. C. Powers, 402 Dear, Harry A. Stowe, 250 East 69th, and 206 Clinton St., Syracuse.

The lace of the Syracuse Chapter of the A. C. S. E. consists of all employees of the State, County and City who are in the State Executive Board.

The purpose of the Syracuse Chapter is to promote the interests of the State employees and to represent the State employees in the County and City.

BERLIN IS ONLY A WHISTLE STOP

Yeah, that was Berlin we just passed. Seemed like we'd never get there, didn't it? And now that we made it, anybody feel like a stopover? Little celebration or something like that?

Forget it, friend. This is a through train we're on. And before we get to where we're going, Berlin will seem like a whistle stop. A dot on the map, once removed.

Tokyo's our destination. Half a world and billions of bucks away and one thing is sure! If you're going our way, you pay your own freight.

That means you keep on buying more and more bonds until you've bought every bond you can dig up the dough for. And then you buy another one!

Remember, you might be making this trip the hard way. From island to island. Through the jungle. In a B-29. In a submarine.

So don't feel too sorry for yourself. Get that first extra bond today... right now... this minute!

KEEP ON BUYING BONDS TILL IT'S OVER, OVER THERE!

ALBANY—Appointments of two business consultants were announced several days ago by Commerce Commissioner M. F. Calverttou.

The two men, Frank Clements, Don Horn, both of Albany—were named to head two new branch offices of the department. "On the spot aid will be rendered," Commissioner Calverttou said a few days ago by Commerce Commissioner M. F. Calverttou.

The new offices will be in Binghamton and Utica. In addition, the department has other offices in Albany, Schenectady, Utica, Rome, Rochester, New York City, Buffalo, Utica, and New Haven, Conn.

The appointments of two new consultants were announced several days ago by Commerce Commissioner M. F. Calverttou.

Pending law said the department is now ready to accept applications for the following positions:

Assistant Secretary, $1,000; Junior Mechanical Engineer, $2,000; Junior Draftsman, $2,300; Junior Assistant Draftsman, $2,100; Junior Assistant Draftsman, Second Grade, $1,500; Junior Assistant Draftsman, Third Grade, $1,200; Junior Assistant Draftsman, Fourth Grade, $1,000; Junior Assistant Draftsman, Fifth Grade, $900; Junior Assistant Draftsman, Sixth Grade, $800; Junior Assistant Draftsman, Seventh Grade, $700; Junior Assistant Draftsman, Eighth Grade, $600; Junior Assistant Draftsman, Ninth Grade, $500; Junior Assistant Draftsman, Tenth Grade, $400; Junior Assistant Draftsman, Eleventh Grade, $300; Junior Assistant Draftsman, Twelfth Grade, $200; Junior Assistant Draftsman, Thirteenth Grade, $100; Junior Assistant Draftsman, Fourteenth Grade, $0.

F. T. Chapman, Albany 87.6, Henry Eison, N. T. C 90.584.

The typical employee of the department is a married man, with an average age of 28.8. He is widely acquainted with up-to-date business practices.

These positions should be filled by applicants with the exact type of training and experience specified.

Applicants for the following positions should apply at Room 400, Municipal Building, Rochester, N. Y., within the period as specified below:

Civil Service Leader

Why NYC Has Trouble With Custodial Workers

The background of the strike called against the Board of Education by the union for the Board of Education is a picture of a group of custodial City employees who turned to the Labor union in desperation. Last week some of them struck because Court orders for their absences into the registry of "within a reasonable time" are being disregarded by the Board of Education.

The Custodian Business is one in which there is no surplus of workers, nor can there be. The people in the business are in charge of the maintenance of school properties in the "non-juvenile" schools, receiving a stipend annually for the heating, cleaning, repair, and the like.

From this amount, the Custodial clerks hire their own help, on their own basis, and such employees are limited to the term of their employment. (This is the practice which the Courts have held illegal.)

However, this idea of collecting and distributing materials and toilet articles is done in a very unorganized manner. While the idea of collecting and distributing these materials is not limited to the department, the idea of collecting and distributing toilet articles is limited to the department.

Aimee to Discuss Veteran Rights

ARRIVAL OF IMMIGRANTS:

The Helpers Union has made the Association of the American Legion for distribution of the veterans housed in hospitals in the Civil Service Department.

The meeting of which all civil service employees are invited, will take place at the Tower Club, 580 Park Avenue, on Thursday evening, December 21.
