Many New Yorkers who last year spent their vacations on upstate farms, helping to feed the State's valuable fruit and vegetable crops, are again registering for this vital and healthful work.

As much food as last year, and more, will be required by our armed forces to carry toward victory. Unless volunteers come forward to harvest crops, much of the growing food will be lost to our fighting men and our war workers.

The Washington Scene

A MOVE is being revived to equalize the pay of Federal Judges throughout the land. Presently, each Judge gets more than $20,000 annually, and many are paid less than State, city, and county judges. The proposal would affect 150 City and State Judges and pay $30,000.

EXCEPT sensational disclosure of income tax evasions in the NYC area with Internal Revenue agents being organized to press Secretary Morgenthau's drive against evaders, there were no miracles of the sort handling the tax fraud cases, Morgenthau's New York Field Office of the Penal Division of the Chief Counsel's office. A new division will be set up to check on tax evaders, headed by a district tax enforcement officer who will report directly to Commissioner Joseph Nunn. Eventually the division will have 600 investigators. It is now staffed with only 1,000. The hiring of 17,000 additional employees by the bureau is under way. NYC has 17,000 State and Federal offices to handle tax fraud. Lots of local sharecroppers are jittery.

Chairman Sheridan Downey of the Civil Service Commission has mentioned as a possible successor to Interim Secretary Harold L. Ickes, but doesn't want to be mentioned as a candidate until Governor O'Mahony of Wisconsin is considered.

Promotions At More Pay Due in NYC

While the general promotion policy of NYC is to restrict promotions to employes who are top of their grade, that is not a hard-and-fast rule, according to the Bureau of Civil Service.

Some promotions will be made in the July 1 group which will involve actual increases of $120 or more.

The factors considered by the board in passing on the promotion requests are these:

1. Situation of grade at time of promotion.
2. The actual dollar difference between the employee being considered for promotion and the highest employee in the same grade.
3. The number and extent of any vacancies in the higher grades.
4. The number of letters, "mostly anonymous," and "mostly temperate," to the board.

The working conditions are excellent, with air-conditioned premises, a cafeteria on the premises, and the work is for 6 days and a half hour more during the harvesting season.

Promotions at a $1.02 an hour, depending on the highest employee in the same grade, that is not a hard-and-fast rule, according to the Bureau of Civil Service.

44-Hour Week Order By Truman Due Soon

WASHINGTON, July 3—A Federal 44-hour week is expected to be ordered by President Truman this week.

Army and Navy Departments may be exceptions, but their opposition to the shorter work period is said to be weakening. To a growing list of backers of the 44-hour week for State employees, a number of the top employees of local, county, and city officials, the idea of an 8-hour day is considered a double whammy for employees who otherwise would not get an increase.

Senator Sherman Downey, chairman of the Civil Service Committee, and Representative Jackson (Dem., Wash.) will introduce the rider in their respective branches of the Congress. The board would be attached to the Second Deficiency Appropriation bill.

The proposal was the striking aftermath of the passage of the Downey-Jackson pay bill in both the Senate and the House, and is transmitted as a rider in the 1946 appropriation bill. Signature, it covers 1,500,000 employees. The President's commission will be headed by a director of law enforcement.

The various provisions of the Downey-Jackson bill, as approved by the U.S. Civil Service Commission, are presented by Arthur Fleming.

The increases consist of 15.9 per cent average above base pay and 8 per cent more for true time and a half overtime for work over 40 hours. Those who do not benefit by pay increase do not get job protection.

Pending as of last Sunday, the bill will become effective the first working day after the pay day of July.

An excellent feature of the bill is that it makes pay days come every two weeks instead of twice a month, which will relieve the heavy

"My first concern is to get more nurses," said Commissioner Bernecker, "and I am calling for all personnel of 18 and over to consider coming to the hospital system in this time of need.

We have openings for both practical and licensed nurses, for all jobs of permanency, said Commissioner Bernecker, and with the benefits of the job offer opportunities to those who have the qualifications and are available.

An Annual Leave for Per Diem State Workers

I It is not premature to suggest that per diem employees of the State's various agencies, to whom we have no reasonable objection, ought to be a part of an annual leave. As things now stand, there is in some departments per diem employees who have been on the job for ten and fifteen years, but who have yet to enjoy a period of leave without pay for taking it.

The past six months have already been made

The 1945 session of the Legislature passed, and the Governor signed, a measure permitting per diem employees to receive also a share of the annual leave set aside for permanent employees. Also, in one State department, Public Workers, the department head has worked out for the men who are on a day-to-day pay basis.

Such advances need to be extended. The beginning made by Public Workers should be emulated by other State agencies, which employ per diem workers. Surely the cost of annual leave for the group is sufficiently great to need develop around the suggestion. And the increase in the worker's feeling of security, his feeling that he and his colleagues as public employees, would more than compensate for the cost.

State Trip Reveals Employees Fine Work

BY CHARLES A. CARLISLE, JR.

(Nature is the leading magazine of State institutions made by Charles McPherson, executive assistant to the State Civil Service Employees. On this visit, the State Civil Service Employees had a first-hand look at state employees.)

We immediately proceeded over to Auburn Prison, which is just outside of New York City. Mr. Allen was very heartily welcomed by the inmates and the staff alike. As we got off the train, we were greeted by Mr. Pritchard, the warden, and Mr. Hardy, the assistant warden. They showed us around the prison and explained its various parts and functions. We had a chance to talk to some of the inmates and get their perspectives on life inside the prison.

Auburn Prison was established in 1814 and is one of the oldest state prisons in the United States. It is located on a 750-acre tract of land and is home to about 1,500 inmates. The prison is known for its humanistic approach to corrections and its focus on rehabilitation.

We walked through the prison's various buildings, including the administration building, the infirmary, and the training center. We also had a chance to see some of the inmates working on various projects, such as construction and woodworking.

After a brief tour, we sat down with Mr. Pritchard and Mr. Hardy for a discussion about the prison's operations and the challenges they face. We talked about the need for more resources and better training for staff members.

The visit ended with a round of applause and a thank you to the prisoners and staff for their time and hospitality.
