NYC FIREMAN TEST IS RUSHED FOR XMAS

20,000 PERMANENT JOBS SOON IN NYC; 400 TITLES LISTED

More than 20,000 permanent NYC jobs, in more than 400 titles, will be filled by examinations to be held in the near future. The LEADER learned today that the Municipal Civil Service Commission is working on a revision of Rule V-3-2e permitting temporary emergency appointments "to conform with present and future conditions.'

During the labor shortage brought on by the war, the commission has steadily increased the number of posts in the city government which could be filled by temporary appointment because of the fact that the majority of holding open-competitive examinations to fill all jobs while a large portion of the City's population was in military service and high-paid war production work.

However, these temporary positions must end not later than six months after the condition of necessity.

The rule reads:

"Whenever, due to war conditions and during the present emergency, a vacancy occurs in the Civil Service class for which competition is impossible because of these conditions, the commission, civil service, may authorize the filling of such vacancy by temporary appointment, which appointment shall terminate no later than six months after the suspension of hostilities of the war."

The Payroll Bureau of the Civil Service Commission estimates that by the end of this month, more than 20,000 such appointments will have been made. Records show that 16,494 persons had received such temporary appointments, the others had been changed from a permanent status.

At a Commission meeting last Tuesday, May 2, it was announced that filing for the Civil Service class for which appointments have been made will be closed on October 1 for the current examination.

At a Commission meeting last Tuesday, May 2, it was considered significant that the competitive examinations for Sanitation Men, Class B, was in effect, as follow:

1. In case the competitive examination for the disabled veteran gets a 10-point preference, the disabled veterans rates are to be the top of the list, or if there are more than 8,000 disabled veterans and the top group in the relative order of their preference are filled, the tests are still subject to the Civil Service Commission's approval by the Budget Bureau.

As the different examinations are, in effect, as follow:

1. In the open competition, the disabled veteran gets a 10-point preference. If the non-disabled veteran's percentage total is obtained without the plus advantages of the premium points, the veteran may go to the top of the list, or if the non-disabled veteran's percentage total is obtained without the plus advantages of the premium points, he may go to the top of the list.

2. Exception. Where the job requires special professional skill, and pays more than $3,000, the disabled veteran is to be placed above all veterans. All veterans take this relative standing to which their percentage, including the premium points, entitles them.

Vets Given Break In U.S. Exams For 500,000 Jobs

By MAJ. J. MILLER

WASHINGTON, Sept. 4—Civil Service Commissioner Arthur S. Flemming said today that in the next two years at least 500,000 jobs held by war-service appointees will be freed to competition. Veteran, he said, will be given preference.

The special military list of eligible veterans will expire on December 16 next, the special military list will not afford full safeguard of recruitment, and the test is deemed necessary as a matter of policy, in case of emergency.

The commission has decided that the Firemen examination will be the first of the large ones to be held, the Patrolman examination would come later. The Firemen eligible list will expire in September of next year.

The selection of Firemen for the Correction Officer examination is in abeyance as the number of names on the list is considered adequate.

The Main Arguments

Commission President Marsh and Commissioners Ferdinand Q. Morton and Esther Bromley conferred with Samuel H. Galton, Executive Director of the commission, on the question of when to hold the Fireman examination.

Among the arguments is that some time around Christmas, when many men in the armed forces would be home on furlough, would be a very appropriate time, received support. Mr. Galton is said to have sided with this viewpoint.

The main argument against holding the examination so soon is that it might not provide as much opportunity as desired by men to be discharged from the armed forces later. Against this is the argument that if the test is held, that situation would be the same in function.

December Exam Likely

As the situation stands now, the strongest likelihood is that the examination will be held around the end of December, and that efforts will be made to circulate notices widely among members of the armed forces.

State Gives Time Off For V-J Holiday Work

ALBANY, Sept. 4—Compensatory time off for State employees who had to work on the two days that the surrender of Japan was announced was granted by Governor Edward J. Conboy of the State Civil Service Commission.

His memorandum to all State appointing officers follows:

"State employees who were required by the demands of the service work to be on duty on August 17 and 18, when the State offices, generally, were closed by Governor Dewey's proclamation, are entitled to compensatory time off.

"Furthermore, these two days are not to be included as part of the annual vacation earned by State employees, but are in addition thereto."

DECLUSIVE TRIPTHE LEADER

For V-J Holiday Work

President Harry W. Marsh and the two other members of the NYC Civil Service Commission held today on the holding of the next competitive examination for Fireman (F.D.) around Christmas time, made urgent because the Firemen eligible list will expire on December 16 next, the special military list will not afford full safeguard of recruitment, and the test is deemed necessary as a matter of policy, in case of emergency.

The commission has decided that the Fireman examination will be the first of the large ones to be held, the Patrolman examination would come later. The Firemen eligible list will expire in September of next year.

The selection of Firemen for the Correction Officer examination is in abeyance as the number of names on the list is considered adequate.

The Main Arguments

Commission President Marsh and Commissioners Ferdinand Q. Morton and Esther Bromley conferred with Samuel H. Galton, Executive Director of the commission, on the question of when to hold the Fireman examination.

Among the arguments is that some time around Christmas, when many men in the armed forces would be home on furlough, would be a very appropriate time, received support. Mr. Galton is said to have sided with this viewpoint.

The main argument against holding the examination so soon is that it might not provide as much opportunity as desired by men to be discharged from the armed forces later. Against this is the argument that if the test is held, that situation would be the same in function.

with only a few more days left for President Truman's order for the resumption of the 40-hour week, numer- ous personnel changes at defense agencies in the New York metropolitan area started last Saturday and continued through Saturday. That does away with over-time, which saves the Govern- ment about $10,000,000 in NYC, according to James E. Rosell, Regional Director, U. S. Civil Service Commission. Rumors did come out off to an early start at OPA, "WPB, WBL and IRC. The result is an 8-hour-day, Monday through Fri- day; 10 on Saturday, 8 on Sunday, with 40 hours weekly and 48-hour base. Thus no reduc- tion in personnel and no cut in service, that assurance that the functions of the agency can be performed fully. It will be done, however, by the use of considerable unpaid over-time.

"2. In the transition to a 40-hour week, reductions in force, shrinkage in operations, and cancellations of contracts, and the administering of the new Postal Salary Law are alleged by the United Federal Workers of America was outlined in a letter to President Truman, released today by President Eleanor Nelson of the organization. The letter was addressed to the President, calling for no hiring except among veterans and unemployed workers, that time-and-a-half overtime. The order took effect on Labor Day. During the war only Christ- mas was observed as a "non- working day."

Mr. Truman also declared that "No overtime is to be paid for Saturday work while there are substitutes, or overtime is to be paid for Saturday work. So there you have it."

The order, approved by the President, is not applicable after June 30, 1945. In the event of the 346 Broadway Office in New York City, and the 232 Livingston St., B'lyn, will be closed. No overtime will be earned after that date and the office will be hand- ed over to the VA, Navy and Army hospitals.

Veterans Get a Break On 500,000 U. S. Jobs

(Continued from Page 1)

"It means that veterans who are doing a job on a 40-hour week-ordered by President Truman's order for the resumption of the 40-hour week, numero- us personnel changes at defense agencies in the New York metropolitan area started last Saturday and continued through Saturday. That does away with over-time, which saves the Govern- ment about $10,000,000 in NYC, according to James E. Rosell, Regional Director, U. S. Civil Service Commission. Rumors did come out off to an early start at OPA, "WPB, WBL and IRC. The result is an 8-hour-day, Monday through Fri- day; 10 on Saturday, 8 on Sunday, with 40 hours weekly and 48-hour base. The order, approved by the President, is not applicable after June 30, 1945. In the event of the 346 Broadway Office in New York City, and the 232 Livingston St., B'lyn, will be closed. No overtime will be earned after that date and the office will be hand- ed over to the VA, Navy and Army hospitals.

Veterans Get a Break On 500,000 U. S. Jobs

(Continued from Page 1)

"No matter what handicap a returning veteran may have, if he has the facilities and abilities needed for a particular job, we are going to do everything within our power to place him. In this way we give this disabled veteran far more than ten points in an examination. We give him the special consideration to which he is entitled so that he can once again become a productive member of society.

30-Day Layoff Notice Is Asked of Truman

WASHINGTON, Sept. 3.—A nine-point reconversion program of the District Postal Workers Council, headed by President Eleanor Nelson of the United Federal Workers of America, was outlined in a letter to President Truman, released today by the organization. The letter was addressed to the President, calling for no hiring except among veterans and unemployed workers, that time-and-a-half overtime. The order took effect on Labor Day. During the war only Christ- mas was observed as a "non- working day."

Mr. Truman also declared that "No overtime is to be paid for Saturday work while there are substitutes, or overtime is to be paid for Saturday work. So there you have it."

The order, approved by the President, is not applicable after June 30, 1945. In the event of the 346 Broadway Office in New York City, and the 232 Livingston St., B'lyn, will be closed. No overtime will be earned after that date and the office will be hand- ed over to the VA, Navy and Army hospitals.

Third and Fourth-Class Postal Pay Rules Issue

WASHINGTON, Sept. 3.—Regul- lations under the 1946 Postal Pay Act, issued by the First Assistant Postmaster General, include the following on clerk hire, special delivery messengers and job cleaners:

Clerk Hire—Third-Class Offices:

Clerical employees including assistant clerks are subject to the following:

All clerk-time allowances, in- cluding aircraft, be retained in effect at third-class offices dur- ing the war and Navy Department.

Pay Rate Requested

"A. Base: the increase in the basic rates of pay for Federal workers of at least 25 per cent is said to enable them to maintain a decent minimum standard of being and to prevent sharp deprivation. The President said that the increase will be an average of at least 25 per cent, but not to exceed 30 per cent. He said that the increase will be "at least 30 per cent, but not to exceed 30 per cent."

Registration of the Magnus- ton-Delray, the establishment of the new Civil Service Commission, and the registration of the Pepper Bill calling for a 45 hour-week, are the primary needs of labor's program during the current fiscal year. The department said that the 30 per cent increase is "not the end of the matter, but will be continued by the Department, and that this new law will be passed by the postmasters at the fourth-class office."
Seven Exams Opened; Filing is Extended For Clerk, Grade 2

Four new open-competitive examinations for permanent positions with NYC are announced. The jobs are Home Economist, $3,000 and over; Interpreter, Senior Bacteriologist (Bacteriology), $3,300 and over.

New promotion examinations announced were for Inspector of Housing, Grade 3, but not including, $3,000; and Electrical Inspector, Grade 3, $3,461 but not including, $3,000.

A promotion test to Standby Engineer, Grade 4, $2,400 to $3,000, required regularity for 4 years and offices, now includes 13. They are Health, Public Welfare, Sanitation, WSAOR, Tax Finance, Building & Housing, Transit, Transportation, Fire, Computer, S.P. Queens. Eligibility requirements were published last week in the New York Times.

Applications will be accepted at the Application Bureau of the Municipal Civil Service Commission from tomorrow (Wednesday), to September 20. Applications may be filed in person or by mail at 26 Duffield Street, Manhattan.

In all the tests, credit is given for appropriate experience gained in military service.

Home Economist, Grade 2
Salary: $3,171 but not including $3,000.
Fee: $3.00.
Promotion applications are at present, $4.00 in City Court.

Requirements: A baccalaureate degree in Home Economics, with a major in Foods, Nutrition, or Home Economics. Must have experience of 3 years of satisfactory experience in a public or private welfare agency or equivalent.

Tota: Written, oral, experience, Principal Librarian (Law), Grade 4
Salary: $4,061 but not including $3,000.
Fee: $2.00.

Applications may be filed at present, $4.00 in City Court.

Requirements: At least 3 years of responsible experience in an established law library or in local practice which included independent research work, or other experience which was tantamount to such work; or satisfactory equivalences.

Tests: Written, experience, oral.

Principal Librarian, Grade 2
Salary: $2,641 but not including $2,400.
Fee: $2.00.

Applications are at present, $4.00 in City Court.

Requirements: At least 3 years of responsible experience in an established law library or in local practice which included independent research work, or other experience which was tantamount to such work; or satisfactory equivalences.

Tests: Written, experience, oral.

Principal Librarian, Grade 1
Salary: $2,174 but not including $2,000.
Fee: $2.00.

Applications are at present, $4.00 in City Court.

Requirements: At least 2 years of responsible experience in an established law library or in local practice which included independent research work, or other experience which was tantamount to such work; or satisfactory equivalences.

Tests: Written, experience, oral.

Principal Librarian, Grade 3
Salary: $2,536 a year and over.
Note: Applications for this test will be received until September 29.

Fee: $2.00.

Ambulance Drivers’ Pay Being Studied

Claims of ambulance drivers in the New York City Hospitals Department for back-pay for work on holidays in past years are now being considered by the Commissioner of the Office. The claims were presented by members of a local of the American Federation of State, County and Municipal Employees, A.F.L.

In view of the impending official announcement that an open-competitive examination for Fireman (F.D.N.Y.) will be held probably around Christmas, Fire Commissioner Patrick Walsh stated today that the type of men needed is such that there is no need to do anything about promotions until the examination is held.

"The Commissioner, in fact, educational requirements.

Assis...
Employee Groups Oppose Shifts Made in Welfare

All employee organizations in the NYC Department of Welfare—AFL, CIO, and Forums—are united in protest against the Department's recent "60-day" emergency order under which manpower shortages are to be addressed. Employees say that the depleted staff is largely due to the Department's policy of cutting down personnel without provision having been made for the work load if the war ended suddenly.

Until recently, the Department was receiving funds from the Federal and State agencies, which offered financial assistance to the families of employees who were serving in the armed forces. Employees don't see how the emergency can end in the allotted 60 days.

Members of the AFL, CIO, and Forum organizations have united in protest against the Department's "60-day" emergency order under which manpower shortages are to be addressed. Employees say that the depleted staff is largely due to the Department's policy of cutting down personnel without provision having been made for the work load if the war ended suddenly.

Interviewers and resource consultants who have been granted leave to go into the armed forces tell that those leaves would be ended tomorrow. Employees are afraid that their leaves would be ended tomorrow without their better paying jobs to return. Still, however, staffing of the City departments is being reduced.

Sample Test For Grade 2 Clerk Promotion Exam

The coming promotion examination for Grade 2 clerks probably will include questions on estate administration. Here are seven sample questions of that type. You should be able to answer them in a week. At the end of this article are six more estate administration questions on law.

1. "One robin does not mean a summer," means most nearly (a) Work which is half done, you should give up, (b) Events have not the tree, (c) Jews have been convinced by a single sign, (d) If you would, pray for your work to be judged carefully.

2. The saying, "To know the rate of a race horse, run him," means most nearly (a) Know your business, (b) You can't judge a horse by his blood, (c) Events have been convinced by a single sign, (d) If you would, pray for your work to be judged carefully.

3. The application of the steam engine should not change the whole lumber industry. Formen, all men would be employed in the steam streams; now they follow the timber up the streams to the waterfront, which is fished downstream to their destination, shifted by the railroads. Here is the proper answer: (a) It affords a quick way of getting the goods to market (c) type of timber sold (b) Complete understanding of a specific end in view (d) Experience teaches us to use the following should be true of a skilled chess player, so the variable value of a good mimeo.

4. Which of the following is the best statement of the graphing machine in an office?

(a) It affords a quick way of getting out form letters, (b) It gives the best answer to a set letter, (c) Micrographed matter is more nearly (d) Printed matter, it is not so clear on a long distance the telephone.

5. Write the letter of the sentence that is preferable from the standpoint of grammar and good usage:

(a) She has chosen the best of the others (b) She has chosen the best (c) She has chosen the others (d) She has chosen the best of the others

6. Just as the procedure of a chess game must be clear-cut and definite, the playing of a game of skilled chess is a useful, if not a dangerous, hobby. The following section letter must show clear organization of thought. It is evident that, from the beginning, has had no real game. What follows is true of the opening moves in the game. Here is the topic for the statement, which the following should be true of a collection letter? It should always (a) show a sports spirit (b) be very brief, and courtesies (c) be very rough, and courtesies (d) be very rough, and courtesies.

7. The saying, "If you know exactly what you are doing, your work is half done," means most nearly (a) Work which is not planned to be brief, but courtesies (b) If you would, pray for your work to be judged carefully (c) If you would, pray for your work to be judged carefully (d) Complete understanding of a specific end in view.

STATE EMPLOYEES COMPLAIN OF RECLASSIFICATION DELAY

The number one grievance of many State employees is the delays in reclassification. Time hearings on reclassification appeals held as long as a year ago, and even two years ago, still await disposition. Some employees have not heard a single word on the outcome which directly affects their welfare.

In other cases reclassification recommendations have been sent to the Budget Director. Numerous complaints have reached The LEADER from State workers and the writers about the long delays. Some employees are still receiving higher classification and salary increases, the need for speedy action. It is to the interest of both the State and its employees that the reclassification problems should not be left hanging.

UNCERTAINTY IS TOO SLOW WITH THE OTHER FELLOW'S DOLLAR

In addition to receiving a thirty-day notice that your job will be eliminated, do you know how long it will take before you are discharged? This is the prospect of waiting a year for the return of your contributions to the Federal Social Security system, some Federal employees being let out to have their contributions.
Ideas Wanted For New Laws

ALBANY, Sept. 4—John Cromie, chairman of the Legislative Committee of the Assembly and State Senate, invited the public on Friday to vote for which ideas should be enacted into law. The committee was established to help the State Legislature to avoid having to make changes to the laws in the assembly.

...
List of All Current State Exams 14 Open-Competitive, 14 Promotion

Firemen Physical Test
To Be Held in October

Members of the armed forces who were candidates in the written test for NYC Fireman held on June 29, 1941 and who passed the oral test but who were absent from the competitive physical examinations held August 11 to 16 inclusive, August 18 to 23 inclusive, August 25 to 30 inclusive, and September 2, 1941, due to military service, will be given another opportunity to take the physical examination.

The Municipal Civil Service Commission is arranging for such special examinations to be held in October, so that there will be ample time to place the names of successful candidates on the existing eligible list for Firemen, before it expires on December 16, 1941.

Disabled Yet Ok'd For Non-Police Jobs

The physical test for Firemen was designed as a competitive examination and unlimi- ted candidates in the written test who have been inducted into the military service. In some cases places of residence have changed during the past three years. In spite of every possible effort to locate these men, some of them have not been found by the Civil Service Commission. They are urged by the Commission to report to the earliest possible moment at the Commissioner's Office, 208 Broadway, NYC. If they are still in the military service, they should report to the Commission as promptly as possible after their discharge.

The commission is considering asking local draft boards to try to locate candidates who may be in the armed forces.

V. Medical Care Held Inadequate in Report

The cumbersome machinery and regulations and exces-
sive red tape in receiving medical care, particularly in emergency cases, are complaints made against the national Veterans Administration in a report by the American Veterans Committee, Inc., with headquarters at 544 Madison Avenue, NYC.

"Medical care at Veterans Administration hospitals is inadequate in many cases," says the report, "because of lack of doctors, medical personnel, and beds at veterans' hospitals. In some cases places of residence have changed during the past three years. In spite of every possible effort to locate these men, some of them have not been found by the Civil Service Commission. They are urged by the Commission to report to the earliest possible moment at the Commissioner's Office, 208 Broadway, NYC. If they are still in the military service, they should report to the Commission as promptly as possible after their discharge.

Easy Jobs Noted

Administration physicians tend to maintain inferior standards of medical care, according to the report. The medical administration of veterans' hospitals is inadequate, as is also the lack of doctors, medical personnel, and beds at veterans' hospitals. In some cases places of residence have changed during the past three years. In spite of every possible effort to locate these men, some of them have not been found by the Civil Service Commission. They are urged by the Commission to report to the earliest possible moment at the Commissioner's Office, 208 Broadway, NYC. If they are still in the military service, they should report to the Commission as promptly as possible after their discharge.

False Work Done

Medical care at Veterans Administration hospitals is inadequate in many cases, as is also the lack of doctors, medical personnel, and beds at veterans' hospitals. In some cases places of residence have changed during the past three years. In spite of every possible effort to locate these men, some of them have not been found by the Civil Service Commission. They are urged by the Commission to report to the earliest possible moment at the Commissioner's Office, 208 Broadway, NYC. If they are still in the military service, they should report to the Commission as promptly as possible after their discharge.

The New York Guard Needs Men

As MORE and more Federal troops are sent out of the United States and those remaining are being trained for overseas service, the New York Guard of the various States become of greater and greater importance. They are the first line of internal defense against any disaster, be it man-made or an act of nature.

The New York Guard has already supplied the Federal armed forces with innumerable officers and large numbers of men who have been trained to speak and understand the language. It is a proven fact that members of the Guard on entering the Federal service reach a level of efficiency much higher than any other guard.

GOV. THOMAS E. DEWEY, by recent legislation, has decreed that members of the New York Guard employed by State agencies or municipalities will lose no pay or vacation time because of time spent in the service of the State through the Guard up to thirty days a year. He was approved for appointment as a fireman.

The above page contains a list of government openings. The text includes details about various positions, including their qualifications, duties, and application processes. The openings are advertised by the U.S. Civil Service Commission and are open to veterans, non-veterans, and others. The positions range from mail handlers, mail clerks, and laborers to more specialized roles such as auditors and accountants. The application process is explained, and interested individuals are encouraged to apply. The page also includes a note about the importance of timely application and adherence to the application process.
Scores of V.A. Vacancies Expected to Be Open Soon

Five titles in the U.S. Veterans Administration in New York State and in Lyons, N. Y., will be available for veterans who qualify for these positions under the G.I. Bill. Other opportunities for veterans are being created for those who qualify.

Registration Officer, $2,098 a Year, Plus Overtime Pay

 unfold 0,000 in application blanks is available with a title of Registration Officer, for a regular position in the State Department, instead.

The New York Avenue VA branch office of the State Department, under the direction of the Secretary of the VA, has been opened to veterans, except for the title of Training Office, by the Veterans Administration. .

In addition, a vocational rehabilitation training will be available with latitude for individuals; training for individual trainees; and the School of Business, 729 Long Avenue, N. Y. C., will be available to veterans.

# Walsh will Readjust Leaves for Lost Time

The Board of Officers of the Uniformed Plastics' Association met and conferred with Fire Commissioner Patrick Walsh. President C. D. Adams submitted questions affecting the membership of the department.

---

# LEAVES FOR LOST TIME

Thecase of Frank S. Sharp, a partner in the firm of Consolidated Tile and Deck Covering, has been referred to the Court of Appeals. The partnership has been in existence for over 25 years and it is estimated that the firm has at the present time a capital worth $1,000,000. The present state of the firm's business is such that further losses cannot be sustained. The partnership has been dissolved with effect from the 3rd day of August, 1945.
**1000 Needed at Newark War Agency**

An extraordinary labor crisis faces the Office of Government Supplies and Services. The OGS is in urgent need of more workers to keep pace now.

Present immediate needs are for 400 clerks at $1,800 a year and 600 clerks at $1,600 a year. Both positions require a typewriting skill and a type of office experience.

The letter which assures those who are interested in the right to have their rights to a special test fulfill.

**U.S. Foreign Service Jobs Being Filled**

The position of Foreign Service Officer, with promotion possibilities up to $10,000, is being filled by the U.S. State Department from among applicants. The Foreign Service is considered an ideal career for those in the armed forces, as well as those in the civil service.

No Navy Yard Overtime For Celebration Days

The Navy Yard workers, who have been accused of causing a strike, have been asked to work on a special day, December 20th. However, the workers have refused to do so.

Veterans Canvassed

The Municipal Civil Service Commission today sent letters to persons who missed the physical part of the 1945 Patrolman examination to determine if military service contributed to their failure. The letters have been set to those who were born after January 1, 1920.

The Commission, has announced that it is urgent that you report with your absence was due to military service, which was not an excuse. In order that arrangements may be made to have you examined before the end of the eligibility list, you must report by September 30th.

**Very truly yours,**

"O. Dwyer"

Executive Director.

Furlough Pay Opposed for Jobless Veterans

WASHINGTON, Sept. 4.—The proposal to furlough

servicemen with full pay and allowances until they are

placed in full-time employment or private industry—has

been challenged by the Veterans of Foreign wars as "a
delaying and makeshift attempt to solve the veterans' unemployment problem.

National Commander Jean A. Brunner said that the plan would create endless confusion and might place a premium on idleness.

Promotions Rushed

ALBANY, Sept. 4.—The State Civil Service Commission is rush-

ing to complete many promotion examinations as possible by the end of the month. The Commission is anxious to see lists established and promotions made by that date.

As explained by Palmer Har-

court, Assistant Administrative Director, the commission has in mind a three-month period during which employees whose promotions for five positions are anticipated in May, with fewer employees being hired.

Mr. Harcourt said, "We don't want to be in a position

where we have held any in-
