State Assn. Salary Committee Receives Report at Special Meeting — Armstrong Interprets Findings

One Change Made in Key Answers

The tentative key answers to the recent General Promotion Examination to Clerk, Grade 2, given by the Municipal Civil Service Commission, have been adopted as the final key with one change: the number 13, "Correct," is substituted for the tentative answer, "Hand-Written.

Denial of Pay Are Protested By State Ass'n

Special to The LEADER

ALBANY, Dec. 11—The Association of State Civil Service Employees has launched a protest to the heads of the Department of Correction and the Department of Mental Hygiene and to the Budget. Directives, interpretations of Chapter 598 of the Laws of 1945 relating to cash payments to employees for vacation periods, days, etc., whereby benefits were denied to employees for the fiscal year ended March 31, 1946.

In communications addressed to the heads of these three departments, the President of the Association, pointed out that the principles set forth in the statute and the spirit in which the statute was written called for liberal interpretation and that to deny payments for such overtime is to seriously impair the State employees' standard of living.

Experts Render Service

The committee is composed of experts in research, sociology, and women in the various departments of State Government. With their report is finally completed, it will be used in conferences with executive and Legislative officials and recommendations of their appeal for substantial adjustments in basic scales, as well as for a sound plan of inflation insurance to stabilize the purchasing power of the wages paid in State service.

$5,000 List O.K.'d For $3,000 Job

The use of the NYC Personnel Officer eligible list to fill vacancies at Administrative Assistant in the NYC Housing Authority was approved by the Municipal Civil Service Commission.

The Housing Authority jobs pay $5,000, the test was given for the $3,000 a year job of Personnel Officer.

FIRST COMPLETE FACTS ON EXAM FOR PATROLMAN

Veterans Get Special Late Filing Privilege—All Applications Must Be Obtained andFiled In Person. No Minimum Weight Is Required

The eligibility requirements have been liberalized in some important respects for the NYC examination for Patrolman (Police Department), for which filing opens tomorrow (Wednesday) at 9 a.m. and lasts until Dec. 28 at 3 p.m. Most important of the changes are these:

1. The minimum weight of 140 pounds is no longer required. The 140 minimum barefoot height requirement stands, but the candidate who attains the acceptable height minimum need only be of approximately normal weight and height.

2. The weight given to the written and the physical tests has been changed in the direction of favoring the mental test. For example, the weights were equal, 50-50. Now they will be written, 60, and physical, 40.

3. Other differences noted

4. Other differences noted

Big, New Exam for Clerk Heads 9 Live U. S. Titles

Revenue Agent and Special Jobs Open in Treasury—Stenos, Typists, Messengers, Attendants, Training Officers and Vocational Advisers Needed in a Hurry

One of the most popular positions in the Federal service, for which 2,000 applicants are invited, is now being offered—Clerk for $3,100 a year with $310 extra for a 46-hour week. The respective totals are $3,410 and $3,720. Vacancies exist in NYC and vicinity.

Both veterans and non-veterans may apply. The examination is open to both men and women. Although the appointments are war-service indefinite, the facts that a standard examination is given and there is a constant need for clerks, improves the possibility of conversion to classified status (job security) when regulations are adopted for such conversion.

Reports have given their unoffi-
Rulings Clarify Giving Security to Disabled Vets

By CHARLES SULLIVAN

WASHINGTON, D.C. — A copy of regulations of the U. S. Civil Service Commission, according to President Truman's executive order on the subject, makes the definition of who are the disabled veterans subject to the Civil Service Commission. The definition of who are disabled veterans under the regulations is given in the regulations. This definition was given in the regulations applicable to the Civil Service Commission and its agency could certify him to the indefinite service of the Civil Service Commission.

The regulations make provision for the indefinite service of the Federal executive order (9644) is explained as follows in the Civil Service Commission. Any appointment not limited to a specific department or agency, is eligible to indefinite appointments. Those who acquired war-service indefinite appointments under Rule VIII, Executive Order 8257, Executive Order 8458, and were in third-class post offices.

Hoels Officers Elected By Letter Carriers

After a heated campaign, Emanuel Kushelweitz was re-elected as President of the National Association of Letter Carriers. The new slate of officers will be as follows: Kushelweitz as President, John D. Martin as Vice-President, and Joseph Horowitz as Secretary.

The following groups: A. Those who had been serving under war-service indefinite appointments who are appointed from the veterans administration, the ex-service-person or woman shall be considered for re-appointment for at least five years unless he or she is incarcerated for an armed force.

Retirement System. This would provide a minimum annual retirement pension of $2,500 a year and would be paid to all Federal civilian service employees. This would provide a retirement benefit to all employees of the Federal government.

New Drive Expected For Unemployment Pay

WASHINGTON, D.C.—James B. Burns, President, American Federation of Government Employees, says that a new bill may be introduced in Congress and travel pay for U. S. workers separated from their jobs. He said that the American public should be considered for re-employment. The regulations make provision for the indefinite service of the Federal Employment

The regulations make provision for the indefinite service of the Federal Employment. The one-year provision in the Federal Employment is explained as follows: A. Those who had been serving under war-service indefinite appointments who are appointed from the veterans administration, the ex-service-person or woman shall be considered for re-appointment for at least five years unless he or she is incarcerated for an armed force.

Disability pensions are paid to all Federal civilian service employees. This would provide a retirement benefit to all employees of the Federal government.

Other Facts

Other facts about the examination, as will be confirmed in the formal notice of examination to be issued by the Commission in the near future, follow:

No personal appearance is required at the written test, except for those cases where a proof of age is later required.

No one who has been previously disqualified due to failure of the written or physical examination, or for any other reason, is eligible to apply. Failure to meet the requirements will be grounds for disqualification, according to the Commission.

No personal appearance is required at the written test, except for those cases where a proof of age is later required.

GAIN ON HAZARD PAY
A TRIBUTE TO STATE ASSN.

IN ACCORDING to the request of the State Association of Civil Service Employees to provide, under the Federal Hamilton law, extra compensation for those State em-
ployees performing duties of more than ordinary hazard and strain, Budget Director John J. Bradley has highly observed the need of accurate information so that those employees who are to be benefited can be identified. Without any loss of the work being done in various State depart-
ments, classification will be held in the following manner. Having been gained, there is every reason to expect that all departments will heave to with a vengeance. The task is no slight one, but neither is the need for prompt applica-
tion of the results. Difficult tasks of comparative analysis of duties remain.

The actual benefit will date back to October 1 last, regardless of when the appraisal is completed for each department. It must be any unnecessary delay placed in the hands of the Budget Director all the data he needs to carry out the policy he has declared. The fight is not completely won until the payment of the benefit is made to all who deserve it.

It is greatly to the credit of the Association that it has proceeded in this matter, as it proceeds in all other matters, with a patience in no sense untiring, which doubtless has its reward in the approval of the Budget Director. The reason, it almost goes without saying, is that the Association is more justly than by the recent accomplishment, which, however, is only one of a long list of achievements to the State Association's credit.

NYC COMMISSION NEEDS HELP TO MEET INCREASED DEMANDS

The sudden increase in the work load of the NYC Civil Service Commission is only a portent of what must necessarily come. In the last year the number of dis-
charged veterans and the initiation of large-scale exami-
nations, such as those for Patrolman (P.D.) and Fireman (FD), have placed an immense strain on the Commission.

In its public contact functions the Commission is ex-
periencing difficulties, largely because of understaffing, but largely because of the shortage of experienced personnel. The Commission will have to pay as much as does private industry for that type of specialized work. The difficulty here is that the personal- sions or promotions are made by the U. S. Civil Service Commission does—render no personal information service, on the ground that it does not do advance the rating, certif-
ication or appointment of eligibles.

Should Make With the Flat

The informational service of the NYC Commission has fared none too well under the new organized setup that the Commission established, and perhaps that is a con-
tribution to the present result. The relegation to a most subsidiary status, even though the result of need of economy, but in view of certainty of a large increase in personal inquiries, there is at least the suggestion of lack of foresight. Right now is the time to institute the improvement, unless the informational service is to be-
come a dead weight on the system. The NYC Commission's examining work is bound to increase much and fast. Heretofore it has been a policy of overwork the examining staff to cope with increased work load. Notorious examples of this method have existed, not only in examinations, but in con-

duction of personal inquiries.

The noted reclassification of the Transportation Service, following unification of the transit lines, was a long, hectic siege that infected thousands of workers in the building. Em-
ployees of excellent caliber and of boundless loyalty made such sacrifices and exertions of their best abilities of the Commission successful, but it is to be hoped that the Commission will not exist from this reactionary policy. Planning will be necessary. Also the reclassification of the one Civil Service Commissi-

dtion who, realizing the desperate need, will be powerful enough to make with the flat on the Mayor's desk.

Analysis of the Short-List Plan

IN NYC PATROL EXAMINATION

IT IS VERY INTERESTING to observe how an eligible list placed upon the Public Service Commission is made, especially as the plan will be applied, for the first time in a large 

The system in brief is this: If there be to about 3,000 persons desiring to be filed for the Patrolman, the final number of eligibles will be limited to 3,000, or in a small percentage, application for the maximum number. In this way the life of the list is limited by expiration to one year, which is sufficient to keep it in a state to be kept alive, on account of legal requirements, for four years.

THREE OBVIOUS CONCLUSIONS

There is no question that the number of eligibles would reduce the number of applications. About 30,000 overburden efforts of the Commission successful, not only in examinations, but in con-
duction of personal inquiries. Misner to the disappointments on the inquiry line, the personal inquiries, there is at least the suggestion of a

RESULTS NOT SO OBVIOUS

Not so obvious, however, is the effect of the short-list system on veterans. This effect will be primarily:

1. Faster distribution of opportunities among a larger number of veterans. This distribution is automatic, the plan equalizing military as well as non-military veterans.

2. Application of veterans' preference, which becomes effective on January 1, 1947, two years after the end of World War II. Veterans and (non-disabled) veterans, provided they pass the physical examination and meet the requirements of Bill Foss, will be appointed at a rate of 40 per cent, or 1,200 veterans would be the top group. First would come the disabled veterans, under the long-list system, and as eligibles would gain veteran preference and appointment.

3. Application of veterans' preference, which becomes effective on January 1, 1947, two years after the end of World War II. Veterans and (non-disabled) veterans, provided they pass the physical examination and meet the requirements of Bill Foss, will be appointed at a rate of 40 per cent, or 1,200 veterans would be the top group. First would come the disabled veterans, under the long-list system, and as eligibles would gain veteran preference and appointment.

HOW VETERANS FARE

For 30,000 applicants to be examined in the general ratio of applicants to jobs, 1 to 10, 20 per cent of the 30,000 total appli-
cants would be veterans, leaving us with a total of 6,000 eligible veterans. 1,200 veterans would be the top group. First would come the disabled veterans, under the long-list system, and as eligibles would gain veteran preference and appointment.

In other words a total of 4,000 of the veteran candidates who would, if the long-list system would become eligible under the long-list system, and as eligibles would gain veteran preference and appointment.

CASE OF DISABLED VETERANS

A veteran has to pass the examination to obtain a commission in N. Y. State, and he may not be able to gain preference, because he can't meet the rigid tests for police work. The very disa-
bility that would earn special preference may prevent him from passing the physical examination.

Veterans with 10 per cent or more disability, under the existence of Bill Foss, provided appointed preference and appointment, and a full pension membership started earlier, thus enabling price retirement.

Question, Please

To Get Decision on Appeals

BY THEODORE BECKER

The State Commission may fail to pro vide a hearing ‘upon stated charges, or to fail to prove charges of incompetency or misconduct. It has made special provision that an appeal may be in a position to answer.

What State Employees Should Know

Adequate salaries for registered Professional Nurses.

What was established was that the employee, at the time in question, was working as a draftsman. There was no proof that the employee, while working as a draftsman, was influenced by his personal use of the car.

The action in this instance was brought pursuant to an action for a period of 25 years of service behind him when he withdrew from the service.

The employee was served at the present maximum salary for five years, and that similar single increase shall be given to all employees who have served at the present maximum salary for five years.

The basis of the argument for this almost universal wage policy is that no argument for this almost universal wage policy should be made.

The Legislature has been expressing its approval of a veteran, except for incom plementary or miscellaneous. It has been maintained that the basis for such a veteran’s right to compensation is the nature and the character of the service rendered.

Armed forces personnel, and it has worked well in the cities and states where such legislation has been adopted.

The time and one-half rule is in force.

**NEW RULES ISSUED FOR INSTITUTIONS**

**Affect Vacations, Time-Off, Leaves, Transfers in Attendance Service Of Correction, Health, Mental Hygiene and Social Welfare**

Special to The Leader

ALBANY, Dec. 11 — The State Civil Service Commission has issued new regulations covering time- off and transfers of employees in State institutions. The new regulations affect about 45,000 employees in 55 institutions and will reduce the number of complaints that were heard from employees because of the lack of uniformity which existed under the former rules, and because of the long period of time during which employees had to wait for a "tenure" hearing before the new regulations became effective.

The Association of State Civil Service Employees has so far approved the new rules. It had been the foreseen for a change in the regulations, having approached the Commission as long as 18 months ago. The Association endeavored to obtain liberalization of the rules, even after the Commission had put up its opposition to the inclusion of its proposed regulations.

The Letter to the Transmitters

There is attached herewith a draft of the Attendance Rules for New York State departments, which explains in some detail the provisions of the Civil Service Commission. The Commission wishes you to note particularly the changes made in the original wording in conference with the representatives of the Departments and the Association concerned, and to submit any suggestions or comments on the Rules.

These changes in text are listed below:

**RULE 1**

2. WORKING WEEK: The department head (instead of institutional head) shall establish working hours for the institution. The institutional head shall continue to establish the beginning and end of working hours and the time off for breaks, but such determination shall be subject to the approval of the department head. It is thought that this change will reduce the number of complaints in hours of employment.

**RULE 5**

3. OVERTIME: There is introduced in this section a concept of "overtime" for which there will be a rate of pay equivalent to 1 1/2 times the regular rate of pay for the employee. The overtime will be computed in accordance with the definition of the overtime provisions in the Employment Act.

**RULE 7**

1. RECORD OF ATTENDANCE: The changes here is in placing the responsibility on the individual employee of keeping track of his own attendance. The old section was rewritten to make it clear that such record shall be kept in the office of the department head and that such record shall be made available to the employee for inspection. It is thought that this change will reduce the number of complaints in the long period of time during which the Commdttee calls, warms them.

**RULE 8**

2. VACATION — PERMANENT EMPLOYEES:

5. In this paragraph, the vacation allowance is now written as a number of days fixed for the year. It is thought that the change will reduce the number of complaints in fixed for this event.

The working hours are listed above. The Department head (instead of institutional head) shall establish working hours for the institution. The institutional head shall continue to establish the beginning and end of working hours and the time off for breaks, but such determination shall be subject to the approval of the department head. It is thought that this change will reduce the number of complaints in hours of employment.

**RULE 15**

5.ORECING IN ARMS:

The foreword and new rules replace the old section in the following words:

**RULE 18**

5. LEAVE DUE TO DEATH OR INJURY OF IMMEDIATE RELATIVES:

The original rule is rewritten so that it is more comprehensive and includes the case of death of an employee's immediate relative. It is thought that this change will reduce the number of complaints in the long period of time during which employees could not make leave.

**RULE 19**

1. LEAVE DUE TO INJURY:

The matter of veterans and of special laws, such as the Men's Health Act, however, does permit of exceptions. There is introduced in this section a concept of "injury" for which there will be a rate of pay equivalent to 1 1/2 times the regular rate of pay for the employee. The injury will be computed in accordance with the definition of the injury provisions in the Employment Act.
The employment year for which compensation is provided by law.) Thereafter, the unit for computation of vacation credits shall be six months and no fractional part of a month shall be given credit as overtime, except during the interval when personal illness may be charged to the account of the employee. The unit for computation of sick leave shall be one-half day. Sick leave cannot be drawn until the employee has served six months in the State service.

2. WORKING WEEK:

The working week shall be forty hours and such modifications to the regular schedules and such modifications in the time of beginning and ending of the working day shall be established by the Civil Service Commission.

3. SICK LEAVE:

Sick leave can be granted sick leave with one-half day's pay for any illness or injury except during the interval when personal illness may be charged to the account of the employee. Sick leave cannot be drawn until the employee has served six months in the State service.

**Willard Leads Teams In Bowling League**

Special to The LEADER

ALBANY, Dec. 11—The Mental Hygiene Bowling League reports that in the men’s division the Willard No. 1 team has taken first place, with a percentage of .800, followed by Harlem Valley, .750. Pilgrim is in third place with .53.

Willard No. 1 and Hudson River No. 2 are tied for Hi-l0 with 1,096. Wassaic, with 3,026, holds the Hi-30.

Barnes of Binghamton leads the league with the excellent average of 190.27, followed by Angler of Creedmoor, 18.53, and Bonville of Rockland, 18.8.

Roseboom, Creedmoor, holds Rl-lO With 264, While Angler of Creedmoor takes Hl-30 With 688.

**Rowlands Gets Probation Post**

ALBANY, Dec. 11—Governor Dewey appointed Richard Rowlands, of Schenectady, as a member of the New York State Probation Commission, to succeed Edward C. Bliss, of Brooklyn, who resigned.

Mr. Rowlands is Commissioner of the Schenectady County Civil Service Commission and is Manager of the Appliance Department of the International General Electric Company, Inc., of Schenectady. He was born in Brooklyn on April 1, 1890, and is a veteran of the First World War.

He is Past President and Director of the Edison Club of Schenectady, a member of the Mohawk Club, and a member of St. David’s Society of New York. He is a Past State Governor of the Sons of the American Revolution and a Past Vice-Commander of Post 21 of the American Legion. He is a member of the Masons.

**CONSOLIDATED EDISON ANNOUNCES NEW Lower-than-ever ELECTRIC RATES**

—saving householders another $2,552,000 a year!

Your other living costs may be going up. But again the cost of electricity goes down. This latest in a series of rate reductions brings the cost of your household electricity down to the lowest point in our history.

The present reduction is only part of a proposed annual cut of more than $6,000,000 for residential and general classes of users. It follows the merging of our Electric Companies in New York City.

Our residential customers have enjoyed four major rate reductions since we introduced step-down rates in 1931. As a result, they are paying $29,000,000 less (30 per cent less) per year for the electricity they now use than they would have paid at the rates in effect prior to that time.

Here are the NEW BI-MONTHLY step-down electric rates for residential uses (Effective November 5, 1945)

First 20 kwhrs $1.50
(Minimum two-month charge now $1.80 instead of $1.50)

Next 80 kwhrs $ 5c. per kwhr
" 80 " $ 4c. " "
" 70 " $ 3c. " "
All additional current $ 2c. " "

*Residential.

**CONSOLIDATED EDISON COMPANY OF NEW YORK, INC.**

2 Holidays Decreed by Gov. Dewey

Special to The New York Times
ALBANY, Dec. 11 — Governor Dewey issued this statement:
"Throughout the year 1945 employees of the State of New York have rendered invaluable service. Despite a shortage of manpower during the war period, the State employees have performed their duties in a splendid manner and contributed mightily to the war effort of our State.
"In recognition of this cooperation of their service, I have requested the heads of State departments to treat the Monday before Christmas, December 25, and the Monday before New Year's, December 31, as holidays for State employees, and thus contribute to the spirit of the Christmas season. These offices will be closed on these two days, as well as on Christmas and New Year's."
Questions and Answers

The third consecutive installment of the official questions and answers in the last Fireman examination for Firemen (F.D.) held by NYC is printed in The Leader this week and previous installments were on December 5 and 6 issues.

1. Suppose that you are given the job of finding a fire in a building. You would reply:
(A) A large supply of oxygen; (B) the rate at which the fire is burning; (C) the temperature of the fire; (D) a complete list of fire facts.

2. The number of fire deaths in the United States for the year 1946 was 1,500. Suppose that you are under fire, and your life is in danger. Most likely you would reply:
(A) You find definite indications of a fire; (B) there is less danger of fire; (C) you are the first to see the fire; (D) it is necessary to escape from a burning building.

3. Suppose that you are under fire in a room, and you are instructed to leave the building. You would reply:
(A) A large supply of oxygen; (B) the rate at which the fire is burning; (C) the temperature of the fire; (D) a complete list of fire facts.

4. Which of the following items numbered 25 to 30 contains one word which is not in keeping with the meaning which the sentence is evidently intended to carry:
(A) The fireman is expected to carry (B) to carry (C) to carry (D) to carry

Official answers to the questions are:

A. 83. (A)
B. 67. (B)
C. 32. (D)

Promising to be published in The City and County of New York on the 14th day of January, 1947, and that in due form of law, an order was made in the said City Court, a copy of which order is hereto attached and made a part of this petition, and granted the request of petitioner to change his name to WILHELMINA F. ADAMS, which he is desirous to assume.

ORDERED, that a copy of this order be published in The New York Times, The New York Daily News, and The New York Tribune, and that proof of such service be filed in the office of the Clerk of this Court; and that within forty days after the filing of the petition and order as above directed, the service of the notice of said papers, and the service of the order of the court, shall be known by the name of WILHELMINA F. ADAMS, which he is desirous to assume, and that, if such requirements are complied with, the order hereinabove set forth shall take effect.
POLITICS, INC.

When Bill O'Dwyer becomes Mayor, he will have a new setup in his office with "Little Tom" Corcoran as a legal adviser. Mr. Corcoran will assume the duties of a private lawyer and go to the Lamam, long-time aide to Louis J. Horowitz, the State Law Secretary. The new arrangement between NYC and Albany makes Mr. O'Dwyer and head of the State Civil Service.

O'Dwyer has also decided to keep six more of LaO's commissioners in office, but he has not released their names.

Democratic leaders are already discussing U.S. Senate possibilities for the Senate. If he is rejected by the Senate, results will depend partly on AIP indentures and part on who the opposition is, so far as the Democrats are concerned.

Mayor Lehman and head of the State Disabled Veterans keep six more of LaO's commissioners in office, but he has not released their names.

Although Poletti's name leads in the mentions of candidates for the Democratic female race, one candidate is too close to call, according to the election law. Lehman and Mrs. Roosevelt.

In the Senate, 11-—Holding their first national conference after a one week period of about one hour, men will earn 100 cents an hour on the job will go on pace less and work and more. The plant can produce 2,000 yards per minute, but now 40,000 yard per minute. The plant can now 43,000 yards per hour on the job.

POLITICS, INC.

This is all sealed work and good creative is essential.

While the meetings of the week to come will be less than the usual 60 yards per minute, the plant can produce 40,000 yard per minute. The plant can now 43,000 yards per hour on the job.

SPECIAL SUNDAY DENNER

By J. RICHARD BURSTIN

"Saratoga Trunk" is doing very nicely, thank you, at the Hollywood and heading for a record run.

Guy Yeps Emerson and that boy Van Johnson, "Hero for Trouble," opened at the Victoria Theatre. This is a killer-diller involving the murder of a man who was to die in the electric chair.

Today we see the opening of "Too Young to Know" at the Strand. Joan Leslie and Robert Vaughn share acting honors in this story of youthful love and its tragic ending.

Gay hold-over at the Paramount is "Mazurkas in Mexico," with Dorothy Lamour and Arthur de Cordova. On stage is Tony Pastor and head, with Marion Hutton holding special attraction.

If your favorite Crosby role was"Pardon My Way," you're in for more of the same in "The Bells of St. Mary's," the new Metro release, starring wonderful Ingrid Bergman in the title role.

Bill going strong at the Roxy is "The Second Mrs. Tanenbaum," with beauteous Betty Grable.

The RKO Palace, showing "The Spanish Main," has an unusual effect with Frank Sinatra, doing "The House I Live In," Earl Robinson song, among Amsters.

Yolanda and the Thiefs still dancing, remaining in the colorful film at the Capitol. Jimmy Durante gives us the honors on stage and Carlo Hamm gives us a doubled touch to the festivities.

Disability Veterans preferred for jobs

Male trainees are needed by a manufacturing firm in the Bedford-Stuyvesant section of Brooklyn, for forming glass bits into synthesis lamps and coffee pots.

Weeds are by the thousands in this area, as are the yellow jackets and other insects. The trainees are being paid the usual $6.00 per day.

Conference

More than 1,000 people have attended the conference on community recreation programs and methods of improving the service to disabled workers and returning veterans in the 1970 local USBH offices. The conference ended today.

Examiner Exam Ordered

The Municipal Civil Service Commission has ordered an open competitive examination for the position of examiner. The application period, when announced, will appear in The LEADER.
In the Veterans Administration, as announced by James all filled-in applications should be made by mail. Time is saved and filing may be accomplished by mail and filing may be done at any time. Positions in the Veterans Administration are filled by competitive examination. Applications must be received in the office of the Veterans Administration at the time of the examination. Applications for the positions of Vocational Adviser (restricted to veterans), Vocational Adviser (non-veteran), and Vocational Adviser (non-veteran, other than veterans) must be filed before the close of the examination. Time is saved and filing may be done at any time. Positions in the Veterans Administration are filled by competitive examination. Applications must be received in the office of the Veterans Administration at the time of the examination. Applications for the positions of Vocational Adviser (restricted to veterans), Vocational Adviser (non-veteran), and Vocational Adviser (non-veteran, other than veterans) must be filed before the close of the examination. Time is saved and filing may be done at any time. Positions in the Veterans Administration are filled by competitive examination.
