ALBANY, Jan. 8—Officers of the Association of State Civil Service Employees are looking forward to direct action this year by Governor Dewey and the Legislature with reference to the State Association's appeal for a maximum 40-hour week in State service. Action as to time and cost of a move in State service is expected to go hand in hand with recognition of 40-hour work.

Rued a spokesman for the Association following an important meeting:

"It took many years prior to 1936 to convince the executive and legislative leaders of the State that the 12-hour day in institutional service should be abolished. The Association first fostered legislation in 1929 to establish a maximum 8-hour day, and it was not until 6 years later that the State acted to outlaw in its own service what it had previously outlawed for workers generally. We do not expect that recognition of the maximum 40-hour week will be long delayed in the light of present conditions.

"Today, in industry and in the Federal service, the 40-hour week is recognized generally. A recent Federal Civil Service announcement calls attention to this fact in connection with a title well above the Pay Grade.

"WASHINGTON, Jan. 8—Officers of the NYC Civil Service Commission said today that the Commission is still debating whether or not to reopen the period for applications in the Patrolman (P.D.) examination. A decision is due late this week. The enactment of the Council's bill increasing the maximum age limit for veterans would be a factor in deciding in favor of such reopening.

"President Marsh said that the new age law is awfully difficult to administer. Already the Commission is obliged to canvass all applications, to determine those who are veterans over 39, and what is their length of military service, so that period can be subtracted from their present ages.

"PATROLMAN NEWS

"Veterans May Still File

"Filing for the NYC Patrolman examination is still open to certain veterans.

"To be eligible to file now, the veteran must have been discharged from service since the beginning of the war. Those veterans must appear in person at the Application Bureau of the Municipal Civil Service Commission, 60 Duane Street, Manhattan, The following Tuesday, January 8, 1946.

"(Continued on Page 2)

"WASHINGTON, Jan. 8—Uncle Sam's agencies are going back to a peacetime basis—back to the pre-war system of hiring Federal employees through open competitive exams. That's the official word here today, straight from the feedback.

"Sometimes in the next two weeks, the U.S. Civil Service Commission will ask President Truman to sign a new executive order, altering the Commission's full authority to convert the merit system from a war to a peace footing. The plan is to remove the limitation of 6-month-after-the-war exams.

"More Exams a Result

"Once the Commission gets the authority, here are some of the things that will happen:

"1. Present war-service rules, which limit Federal appointments to the duration-plus-six-months, will be abolished.

"2. In their place, peacetime rules will go into effect once, just as fast as Civil Service can put them into effect.

"3. The Commission will announce open-competitive exams for a great many Federal jobs, some of which have been closed out for a long time, as fast as Civil Service can put them into effect.

WASHINGTON, Jan. 8—The Second Region of the United States Civil Service Commission, covering New York State and New Jersey, has decided not to conduct any more recruitment for war-service employees. This followed a decision by Federal officials not to resume the "war-service" system immediately.

"The various Regional Directors of the Civil Service throughout the country have been in consultation here on ending the "war-service" system, and organizing plans to end the unemployment of so many as possible discharged employees to competitive classified status (security). This would necessitate passing a final examination. If the employees did not pass such an examination, the Commission would have to reschedule exams for all jobs immediately. Instead, it probably will take one group of jobs at a time.
All-Out Drive Opens
For NYC Chapter Rally

An all-out attempt to make a record success of the operation it will hold on Jan. 24 is being made by the NYC Chapter of the State Association of Civil Service Employees, Voicemaster chairman William K. Hopkins issued the following call:

"To All Civil Service Employees:

"Are you interested to a Town Hall Open Forum where you can answer the questions concerning the problems, laws, and administration of the civil service? If you are, you should be here to come into the open forum to be held at Washington Irving High School, 46 Place, Manhattan, on Thursday, Jan. 24, at 8 p.m.

"The Association of State Civil Service Employees, New York Chapter, invites all civil service employees, members and non-members, to attend this open and non-binding discussion and ask questions. Special Toronto staff will be at the meeting to answer the questions.

"The State Association's Commissions of Inquiry, of which Charles C. D. Dunn is chairman, is making a contribution toward clearing the Department of its misinformations and find a happy solution of this important and serious problem with employer-employees relationships. The committee has always responded to the employees' requests for help and intervention in various cases, and has been very active for an active year for the members.

"The committee remains on vacation.

"The members of the Thanksgiving turkey raffle, reported to the New York Chapter of the State Association, have been received in the main dining room at 7:30 p.m. in the thankful manner, report that the first portion of the evening was to attend this meeting. It is expected that the Association will have an active year for the members.

"Please cooperate with the Chairman by submitting your questions in him before January 15, 1946, to allow for preparation of the answers, and then come to the WINTER TO PARTICIPATE IN THE GENERAL DISCUSSION.

**Should I Aud / Acquaintance Be Forgot?**

This boy, and twelve million others like him, made it possible for us to welcome 1946 with the bells of peace instead of the guns of war.

Thousands of his buddies are still overseas. Thousands more, like him, are in hospitals.

Many others, trying to re-establish themselves in jobs or on farms.

These veterans, who have done so much for us, deserve all the help we can give them.

As we start a new year of peace, let us not forget the "auld acquaintances" who fought for us. Let us re-establish Victory Bonds, the Bonds which will help to make his new year a happy one.

Invest in his future, in your future, in the future of our country—by buying Victory Bonds.

Spoils System Has One Foot Inside the Federal Door

The effect of the reduction in government employment is far more serious than appears on the surface. The Federal Government appears to be too big to fail, but it doesn't pay to cut. The reduction in the Government's budget will be en masse, with a disastrous effect on the morale of the Commission.

Less Money, No Savings

The reduction of the Commission's budget will be measured by the quality of the work, its deficit now having been given, to key men in the administration. Civil service reform is needed, with shrunken forces. The Civil Service Commission cannot control recruitment. It is not a secret account, and the result of what Congress did to civil service, direct recruitment by the Commission and the professional is to be deprecated.

Civil service has to relinquish the important task that Congress has made impossible of performance.

Opportunity for Spoons

This means that the foot of the spoils system is inside the door. Not during President Truman's present term will it be possible for civil service to recover from the degeneration that has occurred. Half as many jobs as are saved in civil service, letting down the bars is the last word in degradation, and they are to stay down for many a long month.

The offset that the change in hiring policy will produce can not yet be evaluated, but it will be impossible for them to better their lot. Congress has lessened the chance of getting their favorites placed in jobs that used to be corner offices.

The Association is well equipped factually and in individual way. The Association has 18-10 month-old daughter.

State Assn. Program Being Waged Expertly

The Association of State Civil Service Employees is using its full strength in most of its major programs, legislation to remedy shortcomings and injustices that have accumulated throughout the war years. Its top objective was to get an Act of Congress to designate eligible preferred list holders as veterans. This bill has now been resolved in favor of, though not as much as the Association requested.

The Association was well equipped factually and in personnel to carry out its broad, liberal program. Its insistence on a 25-year retirement plan for employees entitled to such a plan, the principle of pay-for-performance, the right to full-time bargaining, and for overtime pay, have weighty and dusty champions. These projects, and all the others in the well considered program, will be enacted into law to the benefit of the employees and to their individual interests. In fact, the Association leaders have been given, to the extent that they have been given, the same assurance that its members can rest assured that their cause is in expert hands that warrant their full support in every material and individual way.

NYC Hospital Pay Too Low

MATCH: present-day living costs against take-home earnings of $840 a year, and you have pressing reasons why the idea of NYC Hospitals Department employees should receive the immediate attention of the new municipal Administration.

The city hospital workers are asking a minimum wage of $1.50 an hour. The question has now been resolved in favor of, though not as much as the Association requested.

The Association is as well equipped factually as is possible to carry out its broad, liberal program. ATTENTION
Patrolman Candidates

The 5,000 who pass in the written test will be permitted to compete in the physical. If 3,000 pass both, their names will be placed on the eligible list.

IMPORTANT—An applicant may pass the written test with a good percentage of 60% or more. The first three questions are the test for you. One or two incorrect answers may be the cause of failure. The same applies to the physical in which the test, the most difficult features of which are the Mile Run, High Jump and Dumbbell Lifts. A man may pass either on the other test but if he fails to run the Mile Run within 7½ minutes, all of his efforts have been in vain.

OUR TRAINING—Our course of preparation consists of lectures and physical classes meeting daily at 2 p.m. to suit the convenience of the student. The student receives the advantage of instruction by men who have been training Civil Service candidates for years.

90% OF THE PRESENT POLICE FORCE ARE GRADUATES OF THIS INSTITUTE

FREE MEDICAL EXAMINATION—We invite anyone who has filed an application to call on any day from 9 to 2 p.m. for a free medical examination by our physicians in order to determine whether he meets the medical requirements or whether he suffers from some minor defects that may be easily remedied.

F E E — The fee for the Patrolman course is $25.00 for three months' training including lectures and physical classes. This fee may be paid in installments.

VETERANS—We are approved by both the New York State Department of Education and the Veterans Administration and training is therefore available under the provisions of the G.I. Bill. However, we reserve the right to reject any veteran whose application is not accompanied by the certificate who are entitled to two, three or four years of education. We reserve the right to reject any veteran who is not a graduate of a New York State high school. We are prepared to train departmental veterans on a case by case basis.

The regulations specifying that having concluded one course of training he may not be eligible for another course. The veteran is entitled to any future educational benefits.

LEADER Editorials Are Put In Record Supporting Stability for U. S. Jobs

WASHINGTON, Jan. 8—An official of the U. S. Civil Service Commission revealed today that editorials in the Civil Service Commission report to Congress for the fiscal year have been drafted early in the war which will be officially declared before he takes action ending the national emergency.

The Commission is reported to hold that any sudden termination of war service appointments will be disruptive of the civil service system. The veterans are starting to complain that, though they have been recommended for promotion to new grades and pay levels, their old grades and pay levels to which they are entitled by their old marks are still in effect. The long-time employees who have remained in their old grades, and perhaps even longer, are stenographers and typists.

U. S. War Job Profile

Grade 4 Associates were promoted, John returned and got only a job. He argues that he's fully entitled to a Grade 5 job, to prove satisfactory during the 6-month probationary period, at a particular date, such as July 1, 1946.

The President need not wait upon Congress to declare the war to be officially ended before he takes action ending the emergency for war purposes.

There is a tremendous shortage of clerical workers. There is a tremendous shortage of clerical workers. However, your efficiency rating will be the key to the job you will get. Graduates of force or service lines, where his duties are stenographers and typists, are graded, Civil Service will return to the regular system back on a peacetime basis.

CIVIL SERVICE LEADER

Tuesday, January 8, 1946

WASHINGTON, Jan. 8—Thousands of Federal war-service appointments—among them those of veterans—have a vital stake in the future of the Civil Service system, which will continue to exist, will be thrown open to a competitive examination basis.

What It Means

For present war service employees, here is what it means: Former or later, your job, if it continues to exist, will be thrown open to a competitive examination basis. You'll have an equal opportunity, along with everyone else, to take the examination.

However, you'll have to compete with veterans, who will get extra points on the exam, and with other applicants, who will get extra points.

For new war service appointments, this outlook may appear pretty grim. The veterans, who are usually much brighter than new applicants, can't shelter their efforts from an extra points system. For example, the latter's pay is still a little bit higher.

The veterans think—and a great many do—and the Government. The U. S. Civil Service Commission, to which they are very much attached, would rather be in a position to hire lower grade new workers.

November 24

Embattled veterans are starting to complain that, though they have been recommended for promotion to new grades and pay levels, their old marks are still in effect. The long-time employees who have remained in their old grades, and perhaps even longer, are stenographers and typists.

October 1

1946

Civil Service officials say they're about to embark on the biggest job of converting Government employees.

Credit for Experience

Almost certainly, you'll get the credit for your experience in Government. The U. S. Civil Service Commission is considering making the grade.

Manpower Shortage

For another, about 25 percent of all Federal employees who can qualify for re-employment of veterans have shown very little interest in the job.

Heartfelt thanks to '06 is what happened to popular Dan Sweeney, Police Captain, and head of the County and Municipal Employees' Local.

In recognition of his good work, Mayor LaGuardia was planning to award Police Commissioner W. Marsh a gold watch and a monogram on his desk to that effect. Then La Guardia got up at the luncheon given by the Women's Auxiliary for the Terminal Restaurant. The following evening, the Commissioner's vote was reported by W. Marsh's term expires next June and he won't be reassigned by Mayor Cooney to Sweeney.

UFOA Briefs

All officers of the NYC Fire Department, members and non-members are invited to attend installation ceremonies of the Uniformed Fire Officers Association to be held at the Hotel Pennsylvania on Thursday evening, Jan. 10. The meeting will be addressed by Acting Chief of Department Frank Murphy.

The program which will be followed by refreshments will start promptly at 4 p.m. On the agenda of the meeting, besides the installation of recently elected officers, is a discussion of objectives of the officers' association for the year 1946.

The UFOA is pleased to announce, according to the Executive Board, that all of the 214 Fire lieutenants who had been serving as drillers will be assigned to regular duties by the end of this month and will remove the condition under which those who were without positions were working as drillers.

The first meeting of the Executive Board of the UFOA, Chairman Frank Murphy, 16th Battalion, vice-chairman Lieutenant John P. Mullin, Engine 18, Treasurer. The annual changes of officers is being kept with the democratic policy of the UFOA. Newly elected are Winford L. Beebe and Acting Chief of Department Frank Murphy who will continue to serve on the Executive Board.

Recently elected members of the Executive Board are: Captains—Charles H. Bollen, 17th Battalion; Lieutenant—Lieutenant John J. Donovan, 1st Battalion, for one year. Captains—Richard Denham, Truck 29, for three years. Lieutenant—William B. Smith, Truck 8, for three years.

Other members on the board are Acting Chief Murphy, Captain, and Acting Assistant Chief. Help in keeping with the democratic policy of the UFOA are nine lieutenants elected by a vote of the members of the Uniformed Fire Officers Association.

The Uniformed Fire Officers Association has a new member, Thomas J. Hartwick, from Lieutenant Thomas J. Hartwick.

The UFOA received a letter from Lieutenant Thomas J. Hartwick, UFOA member, who wrote in support of the Empire State Fire which he reported was being conducted by the Navy. He reported his training and, if permitted, he would like to join the P.D. uniform soon.

Approval Sought For 3 Exams

The Municipal Civil Service Commission today announced that applications for three competitive examinations—one promotion and two open competitions—are to be accepted by the Budget Bureau for approval and appointment to the position of Deputy Chief of the Uniformed Fire Officers Association.

One of Mayor O'Dwyer's first official acts was the appointment of Frank J. Quigley, former Brooklyn Postmaster, as Fire Commissioner.

Commissioner Quigley then appointed Deputy Chief Frank Murphy (3), as Acting Chief of Department, and Commanding Officer of the uniformed force. This act greatly pleased the Uniformed Fire Officers Association.

There is no existing eligible list in existence. Some of the Deputy Chiefs have been active in support of a promotion examination to fill the post of Chief on a regular civil service basis. Of the Deputy Chiefs, the only one in the eligible title, Edward F. Murphy, who was a fireman, was automatically entitled to the job. There are only 400 or 500 lieutenants, mostly veterans. Under the recent change in the department for years has been the practice of combining the positions of Commissioner and Chief of the Department. Originally the Chief was a separate title in the Civil Service Classification. Slightly by promotion from the ranks of Deputy Chiefs. The position has paid up to $45,000 a year, though an incumbent generally receives $12,500.

The last person to hold the position of Chief of Department was John J. McGroarty, who was named in New York City Housing Authority by President John L. Walsh of the Uniformed Fire Officers Association.

Former President James J. Swank of the UFOA. Former President John A. Coffey, Daniel A. Deasy, Patrick H. Clancy, William J. Heffernan, Peter J. O'Shea, and John P. Mullin were appointed Deputy Chiefs, the only on's in the Department. Of the Deputy Chiefs the only one in the eligible title, Edward F. Murphy, who was a fireman, was automatically entitled to the job. There are only 400 or 500 lieutenants, mostly veterans. Under the recent change in the department.

Patterson Swamped By Bonus Postcards

Hundreds of postcards were received by NYC Budget Director Thomas J. O'Dwyer within the last week asking for readjustment of the municipal cost-of-living allowance which has been heretofore paid to employees who had been excluded from the benefit because they did not meet the required mandatory increases during the past year.

The cards read: "Dear Mr. Pat-
terson: I respectfully urge that the budget be modified to correct the injustice done to the 7,000 employ- ees who were excluded from the last cost-of-living adjustment because they were scheduled to receive mandatory increases during the past year. The bonus should be equalized immediately at $460 for all em- ployees."
