State Assn. Bills Put in To Broaden Pensions

By C. J. PENTON
Special to the LEADER
ALBANY, Feb. 5—Some of the most important bills provided by the State Association of Civil Service Employees has been introduced in the Legislature, including the minimum retirement allowance bill and for the vesting of retirement benefits.

Senator Seymour Halpern (R., Queens), introduced the minimum retirement allowance bill, while the vesting bill was a Wachtel-Knauth measure.

Other Bills Introduced
Other bills of the Association, which were introduced, were:
By Senator Frederic Bonteau (R., Poughkeepsie), measures to cover up the employees of Dunant and Maloney in the competitive class, and providing that they shall have the same pay as Prison Guards. All employees who have been working for at least one year will be covered in.

By Senator Biddle and Assemblyman Lawrence a bill to extend the Federal-Hamilton Law to Federal prisoners in the Conservation Department.

The Anderson-VanDuzer bill transferring nurses from the sub-professional to the professional category was approved.

15,000 A MONTH FIRED BY U. S.

WASHINGTON, Feb. 5—The Secretary of War announced today that Federal employees are almost everyone fired for cause. But take a look at the record:

According to the last report received from the War Department, 12,492,900 government employees were fired for cause from April 1 through November 30 of last year. That's an average of 15,000 per month. And these employees received disciplinary action and were not merely laid off.

Pay Raise 9.5 Million

Special to The LEADER
ALBANY, Feb. 5—A total of $300,000,000 is the cost of “emergency” salary adjustments in the public schools for the last few years, according to Governor Dewey’s budget message to the Legislature.

The Governor explained that the current “emergency” salary increases, which are estimated to cost $115 million, are proposed increases of 4.1 per cent for 1946-47, which would add another 80.3 million to the budget, but even so would leave about 2 million, bringing the actual increase to 2 million.

In his message, increases were asked for the State Civil Service Commission “to meet the heavy load of examinations which must be held in the coming year,” and for the Board of Education, which should be increased so that it can review the present basic salary scales for permanent changes.

Preference Still Halts Job-Filling

The first month of operation under the veteran preference amendment has caused woes to the State and NYC Civil Service Commissions.

During the first three weeks of January, appointments were practically at a standstill while the Commissions were reviewing their lists to meet the new non-disabled veterans preference. Since then, day-by-day changes in the lists have complicated and delayed certifications. For example, eight NYC Patrons were scheduled to be promoted to sergeant, but the promotions had been deferred at the last moment to unettle the veterans’ status on the eligible list.

The State has revised all its lists to carry out the veteran preference provisions, but daily changes must be made, and the board of certification of new claims. The NYC board has completed several lists and is making headway. Its task is larger.

MINIMUM PAY UP IN MORE JOBS

Special to The LEADER
ALBANY, Feb. 5—Announcement was made today by John M. Burner, Director of the Budget, that persons holding non-statutory jobs will receive a minimum of $1,200 as of April 1, 1946.

This means that the positions of Domestic, Dinner Room Attendant and Assistant Housekeeper have been raised to $1,200.

NYC to Hold 350 Exams

That the Municipal Civil Service Commission is planning to hold 350 examinations between July 1, 1946, and June 30, 1947, was revealed today by the President of the Commission, Harry W. March, who responded to a request for $260,000 to hire additional Commission employees.

In his request to the Budget Committee, March asked for an increase of $260,000 to hire additional Commission employees. This would bring the total number of employees to 200 and increase the number of examinations to 350.

Exam for Sanitation Man, NYC’s Biggest, Due Soon

An open-competitive examination for sanitation men is expected to be opened within the next few months. It is expected to hold 350 examinations between July 1, 1946, and June 30, 1947. This would be the largest examination in the history of the Civil Service Commission.

The examination will be held in the coming year, and for the Shachtman, which should be increased so that it can review the present basic salary scales for permanent changes.

Patrolman Test Still Open to Vets

With 23,514 applications on file for the Patrolman (P.D.) civil service examination, the NYC Civil Service Commission is still accepting applications from veterans who have been discharged or separated from military service since Jan. 16, 1946. These veterans should apply at the office of the Commission at 60 Chambers Street and Broadway.

Notice to Veterans. The Commission’s notice to veterans follows:

“Any person who has served in the military service during the regular military service, for a period of at least three years since the date of discharge. By now, the great many of the men on this list are out of service and about 800 appointments are expected within the next few months. This will about exhaust the military list, and make it necessary to start the examination in order to avoid overcrowding.

Security To Depend On Passing An Exam

By CHARLES SULLIVAN
Special to The LEADER
WASHINGTON, Feb. 5—The forthcoming executive order by President Truman, which will convert the civil service system back to a peace-time basis, will provide that every “war service indefinite” employee who wants to hold his U. S. job will be required, sooner or later, to pass a standard civil service examination, with a mark of at least 70. Otherwise he will be forced out of his job, to make way for someone who has passed.

Mental Hygiene Bowling League

ALBANY, Feb. 9 — The second half of the Mental Hygiene Bowling League is well under way, with the Willard No. 2 team, reps of the Binghamton men, at Binghamton. No. 1 defeated Willard No. 2, 95 to 93, in this match, played a prominent part in the enjoyment of all the bowlers. The two men's teams from this state's legislators are in a position to plan the next match, at the Binghamton boys, headed by Willard No. 3, who have been back up the river arriving at the Willard No. 4 team.

On Saturday the two Willard teams journeyed to Marcy to engage the Marcy pinsters. Arrangements to carry out the Willard's intention are in the hands of Carl B. R. The match is to play a return match at Harlem Valley on March 1.

While further down the Hudson, Harlem Valley has been on the road, winning its matches. Harlem Valley charted a six for 14

ARRANGEMENTS have been made for the introduction of a bill which extends the date within which employees on leave of absence for war work may make the necessary contributions. Some employees neglected to serve the notice that was required to be served within one year from the date the leave of absence was granted. The time within which to give the notice and to make the payments will be extended by this bill.

Chester W. Halpern also announced that the Senate has introduced a bill, S. 258, providing for a 25-year retirement for employees who have served in the military service.

Teeth for Equal Pay Law

It is quite another thing to enforce the law. To make enforcement equal for men was not specifically directed against abuses in the State Service. The reason probably was that such abuses had not been reported for equal work for equal pay.

However, abuses of the equal pay principle continued to exist. All that was required was to create special filters for women's jobs. The law was thus found to have created the Bargaining Unit for a fixed salary scale for three women's jobs lower than that paid to their male counterparts.

The Civil Service Commission of the State of New York probably would be willing to write lower specifications for women's work in the competitive class of the civil service with uncertain requirements as to training and experience.

ATTORNEY GENERAL'S OPINION

The condition of affairs requires immediate decision of the Attorney General to the Temporary Salary Standardization Board. This is in accordance with Section 7 of the Civil Service Law, as amended by Section 8 of the Labor Law, which provides that your Board shall follow "the principle of fair and equal pay for work of equal worth." That is, the principle of allowing salaries to be fixed.

This Board has the power to make allowances and other provisions, which are necessary to equalize the maximum $20,000 salaries to the non-competitive class.

The State of New York is the only State in the Union that has non-competitive class positions in the civil service of New York State, and the non-competitive class shall be eligible for membership.

The question of revision of the Constitution of the Association of State Civil Service Employees, to extend voting membership beyond the competitive and non-competitive classes of the civil service to all State employees, the State of New York, will be brought before the regular special meeting of the Association at Albany, Thursday, Dec. 13. It will be held by a vote of the members through the vote of the Board of Directors, organized civil workers in the civil service of the State to sign themselves with a union, for a union, for a union.

The question of revision of the Constitution to include all employees in the civil service of the State of New York, other than those in competitive civil divisions, including cities and villages.

Both of the above proposals have been already approved as one meeting of Association delegates, and, therefore, approved at the meeting on Dec. 28 will be for your Board to decide.

Penalties Must Be Provided

It is clear from the foregoing that Section 25 of the Labor Law has been violated in a number of instances. The penalties provided by Section 25 have been rather ineffective because of a lack of enforcement.

The Court of Appeals has pointed out that "the penalty for discrimination against women in State service is a dollar fine." The penalty for discrimination against women in the competitive class has been set at $100 for each violation.

The penalty provided by Section 25 of the Labor Law has been changed to read as follows:

"All employees in the civil service of the State of New York and its civil divisions including cities and villages shall be eligible for membership."

No Value to Exempt Employees

The problem now is plain. Teeth must be inserted into the law.

Penalties are provided under Section 25. If the fact is proved under Section 25, the penalty is a dollar fine.

Penalties must be provided for discrimination against women in State service. The question of further revision of the State Civil Service Law appears to cover all employees in the competitive class. Do the above-quoted provisions apply to the non-competitive class? If not, then they are in the exempt class. The exemption of the non-competitive class means that the same classes of employees shall be in the non-competitive class.

Promotion Exams Open to Veterans

Following is a continuation of the listing of State Civil Service Commission promotion examinations which have been given during the war. Veterans who would have been eligible for any of these tests if they had not been in service are entitled to a special military examination. They should apply to the Civil Service Commission within 60 days of their return to their job.

Goldstein's Opinion
On Vet Preference
Given In Summary

The opinion of Attorney-General Nathaniel L. Goldstein, rendered to the State Civil Service Commission, and covering state-wide amendments to the Civil Service Law and the State Civil Service Law, is entitled to "close informed attention", the opinion stated.

The amendments to the Constitution in 1918 and World War I and World War II are factors in the definition of the term "time of war" for purposes of determining the time of commencement of war service. The opinion of the Attorney-General is that the question has been left open by the courts.

The opinion also states that the law provides that any member of the armed forces who served in time of war shall be entitled to the preferential treatment provided by the law.

The opinion further states that the question of what constitutes "time of war" is not a question of law, but a question of fact, which must be determined by the courts.

The opinion concludes that the definition of "time of war" must be determined by the courts, and that the courts have the authority to make the definition.

The opinion is available for review by the public and is a valuable resource for anyone interested in the law of the State of New York.
All Government Levels Move To Regularize Civil Service

The broad aspects of both the decision of President Truman to order the Civil Service Commission to hold many examinations after executive order, is fraught with many complications that drive for holding the examinations. The President, however, has to deal with situations immediately affecting the livelihood of Federal employees and their families.

Difficult Federal Situation

The larger task therefore is one of trying to do justice to about a million Federal employees, past and present, who are in positions of a temporary or a fixed nature. Their jobs are called permanent in a strictly technical sense, only to distinguish them as temporary. They are not hiring for a fixed period. Actually, they are as insecure as the jobs of provisionals, who are those employees hired without examination. They are to be left with no benefit other than that of rating for jobs, and all bidders with at least an equitable claim.

The hiring of needed employees, what about the City of New York? It will be given the higher marks they will need, to exceed the other than in getting together a temporary basis; then May, '41, he was appointed Controller. From 1934 to 1937, he worked for the Committee on the Simplification of Procedures of the Mayor's Committee, less remote candidates may be led to expect answers to queries sent to Civil Service Commissions, less remote candidates. The degree of difference is increasing, what the city needs is something uniformity in their labor activities. The different groups of employees seem more concerned over their differences with one another than in getting together and working for changes which would be to their mutual advantage.

Cities State Association

He contracted that with the State Association of Civil Service Employees, in which he has been extremely active, having been a member of the legislative department of the Association. There, he was past President of the legislature which the employees of the State and of local governments are entitled to charges in writing to the Governor, if the employees are declared to have been discharged or to have resigned under heavy fire in World War I, twice in battle before you were even born. It is known that both Mr. O'Dwyer and Mr. LaGuardia have had to choose reluctantly between horses, such as that which therefore had to choose reluctantly with every phase of governmental work, and are granted a reasonable time for avoiding a just debt would be one of disappointment. The proposal for a clean slate, offered by the Association, as well as from the membership, and has been under Mr. LaGuardia, thought to be a no-win position now just completes the third of the Association. "There," he says that being in an exempt position to whom they might appeal, in a distant sense, Bob Moses, and also a few farmers from the vicinity of New York City. New U.S. Policy
Set for Filling
Permanent Jobs

(Continued from Page 1)

When it has placed all the per-
sonnel for which an examination has been held, the Commission will move down into the next 5-point block. And even-

tually, in that manner, will cover the list.

This plan, incidentally, will apply only to war service employ-
nees actually on the job. Those who have been laid off and those who have quit their positions, veterans and non-veterans, will be certified to Federal agencies for permanent employment on the basis of their prior employment experiences.

Because veterans get 5 or 10 per cent extra credit on the basis of their prior employment experiences, it is possible that veterans will fill 50 per cent of the positions in the 5-point block, it will be determined, and that 100 per cent of the positions will be filled by veterans.

Reopening of Exams

For most war service appointees, there will be no need to re-
open examinations for permanent employment. However, for those veterans who are not appointed to permanent employment under the War Service Indefinite list, examinations will be held to fill the positions that they temporarily held.

For raise but undecided on

Outside of this 5-point block, the Commission will roll off the group of candidates whose applications have been accepted. The proposal—outlined last week in the House COMMITTEE on ways and means—would create a temporary pension plan for veterans injured in the service and all persons who have been laid off in the last 10 years and who are now receiving Public Health Service pensions.

The proposal would provide for the sale of war bonds in N.Y.

The proposal would also provide for the sale of war bonds in N.Y. and would be used to finance the plan.

On the subject of unemploy-

Senator Sheridan F. Downey (D., N.J.) strongly urged that a formula be established whereby the employee pays one-half of the cost of the plan.

Mondell Institute announces the opening of a downtown Brooklyn branch at 129 Montague Street, Brooklyn 3, New York.

This 35-year-old institute specializes in Civil Service Counseling and all branches of Mathematics and Drafting. Courses for license exams are also offered. Veterans may enter their training at a reduced rate. The Manhattan Branch of Mondell Institute is located at 250 West 41st St., New York.

Employee for 22 Years Loses Suit to Hold Job

Because his position as Chief Auditor was eliminated as a result of economy, Phillip S. Kantor's appeal of his transfer to the NYC Tunnel Authority was denied by the Court of Claims.

Mr. Kantor will not appeal, but is seeking some reinstatement open to the city service. He is now on a preference list.

What made Mr. Kantor's case unusual is the fact that he had been a city employee continuously since 1922.

He asserted that he lost his position as a result of the transfer of the Tunnel Authority with the Triboro Bridge Authority, and that his position duties were taken over by an employee junior to him in point of service.

Court's Opinion

Justice Noll's opinion followed: "The recently appointed committees to fire and police and to city employees have been created to improve the efficiency of the city's civil service. The present measures are expected to be adopted and signed by Mayor O'Dwyer."

CLASSES IN PREPARATION FOR PATROLMAN and FIREMAN

- PATROLMAN—Applications closed Jan. 26. Written test reported early in March. Over 2000 applications. Those who did not meet the requirements will be notified. First training will begin in early 1947 or shortly thereafter
- FIREMAN—Examination ordered. Application due by March 1. Minimum height 5 feet 6 inches. About 2,000 jobs available.

OUR TRAINING—Our course of preparation consists of lectures, conferences, and practical classes meeting six days weekly at day and evening hours. The regulations specify that having concluded one course, the candidate is eligible to take the next one, which should be held early in 1947 or shortly thereafter.

Applications for the next course are being received. We invite anyone who has completed our course in the regulation or who is contemplating entering the Civil Service to apply.

F.E. fee—The fee for the Patrolman course is $25.00 for three months' training including lectures and physical classes. This fee may be paid in installments.

VETERANS—We are approved by the New York State Department of Education and the Veterans Administration and our courses are therefore available to veterans under the provisions of the GI Bill. However, we encourage all veterans, particularly those who are entitled to two, three, or four years of education, to use the funds received for educational purposes only.

What NYC Employees Should Know

Examination Waived for Certain Experts

Typically, civil service examinations are compulsory. However, in some cases, exemptions are allowed. The baseball player, the doctor, the police officer, the dentist, and the fireman are examples of people who are exempted. These individuals are regarded as "professionals" or "qualified" in their respective fields.

Termination Factor

The examination is waived for certain experts because the professional nature of their work is recognized. However, if the person is not a professional, they will be required to pass the examination.

Correction Officer Exam is Awaited

The examination for Correction Officers was awaited. It is the examination that is required for those who want to become correction officers. The examination will be held on Saturday, December 23rd, at 9:00 AM. The examination will be held at the State Civil Service Commission. The examination will consist of a written test and an oral interview. The written test will consist of 100 questions, and the oral interview will consist of a personal interview.
