Executives Tell Plan
For Greater State Assn.

By MAXWELL LEHMAN
Special to The LEADER

ALBANY, May 14—In one of the most momentous decisions in its history, the Executive Board of the Association of State Civil Service Employees decided to submit to the delegates of the organization a series of proposed constitutional amendments for enlarging the present limits of membership.

The proposals, which have been under consideration for a year, and have received detailed consideration from several Association committees, would:

1. Extend the membership of the Association to town and county employees.
2. Change the name of the organization to the Association of State Civil Servants.
3. Set up two divisions, one a (Continued on Page 2)

The State Employee

President, The Association of State Civil Service Employees

THE FIVE-DAY WEEK

EVERYONE during the war dreamed dreams and saw visions of a better world and a better U.S.A. and New York State, proposals for maximum efficiency in business and government and a great rush of everybody in the jobs they can best fill were parts of that vision. The five-day week was part of that dream and has been largely adopted by progressive industries and by governments as an essential step toward full employment, a rising and richer standard of life and of culture for all. The five-day week increases employment. It increases efficiency by reducing the fatigue factor. It allows for further education and training and increased participation in the common cultural life of the community and of the State.

THE MAKING OF A BETTER CITIZEN

The five-day week allows a person to become a little bigger than his present job and thus moves for added career opportunities and better administration. It allows a person to fulfill more adequately his duty to others, to accept social and community responsibilities and to function as a better citizen through increased knowledge and enforced personality. In the present world flood, it permits the worker to help feed himself and thus feed the world. It is, of course, not without its drawbacks. It is not for everyone. It may actually be detrimental to some. It is not a panacea. But its advantages are far outweighing its disadvantages.

President Conway said he heard that Mr. Harcourt would join the State Veterans staff but that he had no further information.

Harcourt in Politics

Edward J. Neary, State Com- missioner, N.Y. Civil Service, announced that Mr. Harcourt would join his staff within a week or two. He said that Mr. Harcourt's salary has not been decided on as yet, but that his duties would be to direct all civil service matters and personnel work for the Veterans Division in New York State. Mr. Harcourt was for years an important figure in Albany county political activity, and served a number of times a GOP candidate for office.

The INJUSTICE
Of Taxing Pensions

It includes Further Reduction of Standard of Living, Dimming of Job Prospects for Veterans, Violation of Principle of Pension Integrity, and Punishment of Minority.

By Ralph L. Van Name

Secretary, New York City Employees' Retirement System

The FEDERAL tax burden on retired public employees' pensions is so discriminatory that millions of dollars are being paid by a small percentage of the total payroll of many large corporations to a very small group of employees who are exempt from Federal income tax. The discrimination consists of using public employees' pensions, while full exemption of social security taxes is permitted to the very small percentage of employees who are exempt from Federal income tax.

There is a logical basis for the Federal Government's laws that exempt social security taxes from Federal income tax and the Federal Government's laws that exempt public employees' pensions from Federal income tax.

Reduced Standard of Living Second Time

Under a Treasury Department ruling, the total receipt of the pension is taxed as soon as an amount equal to the employee's own money has been added to the pension. The total receipt is normally scarcely half the average income on which public employees are paid, so that it is less than half of their average income and frequently on the third, fourth, or fifth part of their income, which is as much entitled to tax exemption as social security and railroad retirement payments. Since there is now no logical basis for the Federal Government's laws that exempt social security taxes from Federal income tax and the Federal Government's laws that exempt public employees' pensions from Federal income tax, there is no logical basis for the Federal Government's laws that exempt social security taxes from Federal income tax and the Federal Government's laws that exempt public employees' pensions from Federal income tax.

New Law Benefits Preferred Lists

Hundreds of former NYC em-
ployees who were laid off between
December 31, 1946, and May 31, 1947, because of the cessation of construction work, benefit by a law passed at the recent session of the Legislature and signed by Governor Dewey. Other sections of the bill are to be considered later this year.

Chapter 66 of the Laws of 1946 amends Section 31-c of the Civil Service Law by providing that any person whose employment is terminated on or after May 31, 1947, is entitled to the preferential list created by the law for Civil Service employees laid off between January 1, 1946, and May 31, 1947.

The NYC Patrolmen’s Benevo-
tant Association is a factor in the in-
ternal affairs of the Bureau of
Patrolmen, and virtually all veterans—who want to see the law applied to their situation—have written to the Bureau seeking an explanation. One of the proposals is to have the Board of Examiners make the policy of layoffs from outside the department, to be effective only during the fiscal year ending Dec. 31, 1946. This director would ad-
minister the state’s existing preferential list for veterans, and list as a substitute for it.

Health Plan To Open With 100,000
The Health Plan for Greater New York is preparing for an enrollment of 100,000 persons when it opens up in the fall. It will offer first-class medical care on a voluntary, prepaid basis for work-

employees and their families. Pre-
scription drugs are included. The

benefits are to be determined by

new York and New Jersey em-
ployers, including municipal em-
ployees. The monthly premium

fees will be borne jointly by em-
ployers and employees. The

Board of Estimate recently approved Mayor O’Dwyer’s re-

commendation of a $400,000 appro-

priation as the City’s share of the

cost.

Comprehensive medical care will be provided through groups of medical organizations working together in a network of these medical groups being organized throughout the city.

**V.A. Offers Vets $3,640 Law Jobs**

The Veterans Administration has announced that it is recruiting veteran lawyers to take on-the-job training as judges and other positions on the Board of Veterans Appeals.

This project will be members of the Bar and have had experience in handling cases before the Board of Veterans Appeals.

The veterans must have had two years' experience during World War II to be given preference because of their specialized knowledge and ability.

This small-scale job training program has become necessary because veteran lawyers are no longer available by the Innocent.

**Listed below are the War Department jobs available to veterans:**

- **PAYMENT:** $4,942 to $5,325.

**Veterans Administration Administration jobs:**

- **PAYMENT:** $1,440 a year to start.

Apply to the Civil Service Commission, 1937 F St., N.W., Washington 6, D.C.
