Fisher Memorial Award Goes to Mrs. McLaughlin

Principal of Central Islip Training School Notified She Will Get Cup Donated by The LEADER - Gold Medals of Merit Awarded to Five Men.

Mrs. Dorothy D. McLaughlin, Principal of the Nurses' Training School at Central Islip State Hospital, Central Islip, L. I., is the winner of the second annual Harold J. Fisher Memorial Award for outstanding achievement by an employee of New York State. She will receive a large cup donated by The Civil Service LEADER at ceremonies next month.

Mrs. McLaughlin was officially notified at the annual meeting of the Civil Service Reform Association, at the Down Town Association, 60 Pine Street, NYC. The committee of judges, chosen by the Association, consisted of Charles Burlingame, Howard C. Kelly and H. Eliot Kaplan.

Mr. Kelly read the citation for Mrs. McLaughlin's award, which was for developing a model educational and training program for nurses and nurse aides. Her plan had been hailed as one of the most progressive developed in the nursing field during the war.

Police Physical Exams Are Begun

Physical examinations for NYC Patrolman candidates are being held this week for the 4,500 men who have passed the written and the medical examinations. The physicals have been scheduled for May 28, 29 and 31, but are subject to postponement in case of inclement weather.

In the previous Patrolman physical, one of every three candidates failed. However, for this test the time limit on the mile run has been raised.

July 15 Checks To Include Raises

NYC employees will receive their increases and extended cost-of-living bonus grants on the July 15 payroll, according to plans of the Budget Bureau. However, in some cases, if it is mechanically impossible to meet the deadline, which Budget Director Thomas J. Patterson has set, supplementary checks will be issued in short order. Where the increases hit a grade maximum, the employee will be allowed to sign a waiver, thus eliminating a wait.

WHAT PART should the State Police and the Prison guards play in the new plan for dealing with delinquency? Some important observations were made on the subject by A. M. Morris, the New York State School of Social Work, by a distinguished group of psychologists and judges.

The report is based on the thinking of the forward-looking administrators in New York who have proposed a Youth Correction Program for the state to deal with delinquency in the community. The report means individual diagnosis and treatment for the first time, and for the first time, it is noted, a long-range program for the delinquent is in progress, he said, so that if there is no reasonable objection,

The Spruce budworm, the insect which has caused such tremendous damage in Canada, was found in Delaware last week, according to the Akron, Ohio, branch of the Spruce Budworm Control Association. A large number of these insects were found in a spruce tree in the vicinity of Delaware. This is the first time that the Spruce budworm has been found in Delaware.

The Akron, Ohio, branch of the Spruce Budworm Control Association has been active in the fight against the Spruce budworm in this area. They have been working closely with the State Department of Agriculture and the U. S. Forest Service to develop methods for controlling the insect.

The Spruce budworm is a small, brown caterpillar that feeds on the needles of spruce trees. It is a destructive pest that can cause extensive damage to forested areas. The larvae feed on the needles of spruce trees, weakening the tree and making it more susceptible to other pests and diseases.

The insect was first discovered in Canada in 1939. It has since spread to many parts of North America, including the northeastern United States. The Spruce budworm is a serious pest in the northeastern United States, where it can cause significant damage to forests.

The Akron branch of the Spruce Budworm Control Association is working closely with the local forestry department to develop strategies for controlling the insect. They are using a variety of methods, including chemical controls and biological controls, to fight against the Spruce budworm.

The Spruce budworm is a serious threat to the forest industry in the area. The Akron branch of the Spruce Budworm Control Association is working hard to control the insect and protect the forests in the area.

The Spruce budworm is a small creature, but it can cause large damage to the forest industry. The Akron branch of the Spruce Budworm Control Association is working hard to control the insect and protect the forests in the area.

THOUGHT FOR THE WEEK

No Favoritism Must Exist

In U.S. Reduction in Force

Departures from the careful intention of the U. S. Civil Service Commission are a mark of administration of reduction-in-force rules has caused considerable concern. Some Federal agencies are spinning the web too fine, and therefore refusal to enforce the rules with the spirit of the reduction-in-force regulations should be reported to the Regional Office of the Commission (for New York and New Jersey at 641 Washington Street, New York 14, N. Y.). The staff in the Second Region is overburdened with incumbent actions, and so as not to stop what it is doing, to squelch personal and political favoritism in civil service affairs.

How to Obtain Remedy

The Commission has the authority to compel righteous enforcement, although not the responsibility for discovering the offenses, for it is not equipped for such a large investigation. Therefore offenses against favoritism in civil service affairs is suspicious. Civil service without even suspicion 'Accountant group should be considered a unit, breaking it is a public necessity.

Truman Signs Pay Bill; Raises Begin July 1 Next

By CHARLES SULLIVAN
Special to The New York Times

WASHINGTON, June 28 (AP) - President Truman signed into law today the measure which authorizes the raising of $1,200,000,000 in revenue stamps and $400,000,000 in Federal securities for the July 1 pay raise, providing for an increase of 20 per cent in the pay of Government employees.

2. Employees earning less than $1,200 will receive increases ranging from 8 to 20 per cent.

3. Part-time workers and those on leave without pay will not receive raises.

4. The 10 per cent differential will be paid to all employees, regardless of pay grade.

5. The increase will be effective July 1, and will continue until the end of the fiscal year.

6. The increase will only apply to employees who are members of the US Civil Service system.

7. The increase will not apply to employees who are members of the Federal Employees Labour Relations Authority.

8. The increase will apply to employees who are members of the United States Postal Service.

9. Employees of Grades 9 and 10 of the Crafts, Protective and Executive Services will have a 20 per cent increase in pay.

FIRE OFFICERS 24-HOUR DAY RUSHED, MAY BEGIN JUNE 1

Although the New York Fire Department Officers are anxiously awaiting approval of a 48-hour week, due to the manpower shortage, and in a view-point of mutual benefit, Commissioner Quayle, Acting Superintendent Department Murray, and the Fire Officers through their union, the Uniformed Fire Officers Association, reached a tempor ary schedule of 24-hour work days. Under this system, until promotion tests can be held and vacancies filled, the Officers will work 24 hours followed by a 48-hour week, or an average of 56 hours per week.

Although it is a large order to get the new arrangement working, by June 1 the department is making every effort to attain success.

No examination for promotion has been held for six years, with the result that even the war initiated "Added Duty" system has been abandoned temporarily.

Temporary Makishift

Although acceptance of the 24-hour week is a step in the right direction and is a backward step, as a temporary measure, eliminate many problems for now.

For the first time in PBA history officers of that organization will be voted on by popular vote of the members when Patrolmen cast their votes between June 1 and 5. Instead of fewer than 300 delegates, about 16,000 Patrolmen are expected to participate in the election.

All Patrolmen who may on June 15 date work up through February 15, 1948, will be entitled to a ballot. Ballots, and self-addressed and stamped envelopes, will be distributed among members by their PBA districts. Ballots must be mailed in the envelopes provided, therefore, not later than June 5.

Each Patrolman will vote for two officers: President, Vice-President, Secretary-Treasurer, and twelve members of their respective Board of Directors. The new officers will be elected by popular vote of Patrolmen when the elections come to a close.

The examinations for Patrolmen will be held by the Civil Service Department on June 12-14. The new officers will take the exam and elect the new officers when the elections come to a close.

POLICE PHYSICALS BEGIN IN VAN CORTLANDT PARK

(Continued from Page 1)
run has been extended a half-
minute and this is no time limit
on the 5-foot fence scaling.

There is one bit of advice that
Paul M. Brennan, Director of the
Commission's Physical-Medical
Bureau, wishes to extend to those
who have been trying, basically re-
jected on the medical test, but
allowed to take the physical. If
they pass, their names will be
placed on the eligible list, but
they will not be certified for ap-
pointment until they personally
request the Commission to give
them their physical examination—after the eligible list has
been published—and show that
the condition which caused the
petition was harmless. The
initiative for this must come from
the man on the list, who must
apply for the re-examination,
or else he will not just re-
main on the list in an inactive
status.

On Mr. M. m.tells of an
optimum number of medicals just
manage to reach 5' 8" after much
stretching and straining, and had
not been rejected for insufficient height in the preliminary
measure as 5' 8".

Candidates who pass the previ-
ous portions of the test and also
the physiological, still may not make
the eligible list for appointment.

Each card is based on the per-
sonal performance of the
physical. This is the same card on
the written and the top
1,000 men a appear on the final
list of eligibles.

WHEN the plane piloted by
Robert B. Reivertsen, of
44th St. East of B’way,
behaved strangely just after takeoff from
Kingsford Field, the occupants of the plane,
three small boys, a girl, and the pilot,
were part of the fuselage landmarkers
after diligent search by all members of the
fire department and other rescue
units.

The most difficult task was locating
just where the plane hit and what
remnants of the plane were.

France's biggest feature film, "Hunchback of Notre Dame," will be in
the Vegetable Garden Theatre this week. The film is based on the
novel by Victor Hugo and the story is a classic. The film is
proclaimed as the most cinematic of the year and is
expected to be a box-office success.

The New York Times has reported that the film will
be released in the United States in late spring.

The cast includes: Charles Laughton as
Quasimodo, Maureen O'Hara as Esmeralda,
and John Agar as Phoebus.

The musical score is by Alfred Newman,
and the film is directed by Vincente
Minnelli.

Tickets are available at the box office,
and the film is scheduled to run for
three weeks.

Other notable films this week include:

- "A Stolen Life," starring Glenn Ford,
- "The Sea of Grass," starring Melvyn
Douglas and Janet Leigh,
- "The Postman Always Rings Twice,"
starring John Garfield and Lana
Turner.

The Theatre Guild has announced that
the Broadway revival of "South Pacific"
will begin its run on Monday, May 16.

The cast includes: Eddie Albert as
Baron de Koenig, Marjorie Lord as
Liat, and Margaret Whiting as Nellie
Forbush.

The production is directed by Jerome
Bernstein and choreographed by
McGee Maddox.
