Harry E. Potter
Special to The Leader

WASHINGTON, July 9—OPA employees haven't been seen by the end of the Office of Price Administration. They still remain on the payroll under an Executive Order. If they are not on the payroll by July 20, they cease work on that date. Otherwise they continue under the Congressional deficiency appropriation, government employees continue on the regular payroll as long as they aren't out by law.

Meanwhile, the United Food Workers have announced the raising of a fund to tide over OPA staffers over between the ending of their jobs and the finding of a new one.

Hatch Act

WASHINGTON, July 9—The future of the Hatch Act will be decided at Labor's next week. It was learned by The Leader today, as acting on modifying amendments appear certain as soon as the summer vacation is over. The decision on its constitutionality may be forthcoming.

The bill to modify the act has been before the Senate Judiciary Committee, for eight months now, and a final ranking member of the committee told The Leader that the bill would be sent to the floor "soon." The most important amendment, suggested by the Civil Service Commission, would modify penalties for violations. The present law states any person violating the law is due to be fired. There is no discretion allowed the Commission. Under the amended law violation of the law could be corrected without penalty or unemployment.

The Senate Hatch (Dem., New York) who is the author of the original bill, is known to favor the amendment but has asked that its language be altered. This is now being done and the bill is almost completed.

Mondays to be Riched

Several hundred persons have been invited to take the Hatch Act and it is expected that at least 50 per cent or those will be sitting on the amendment. The Civil Service Commission is keeping a watchful eye on those whose rehiring it will recommend.

The Supreme Court has thus far held the act to be constitutional, but several of the Civil Service Unions have been making a study of the law and claim to have found a loophole which is in violation of the Fourteen Amendment. They claim (Continued on Page 9)

State Employees on 5-Day Week

Association of State Civil Service Employees Wins Campaign for Summer Weekends

Tolman sent the following telegram to J. Edward Connery, President of the State Civil Service Commission:

"With the approach of July last, again urge immediate consideration of the Association's request for the five-day week for establishment of the five-day week at least during the summer months without any decrease in the total number of hours worked per week and with a Saturday skeleton staff wherever essential."

Departmental Schedules

The various State departments were asked to submit to the Civil Service Commission their plans for the five-day week. The Finance Department will be in effect a five-day week. The establishment of a permanent five-day week for State employees has been and will continue to be urged by the Association.

Early this year the Association requested the shorter work week for at least the summer months. As recently as June 7th, President Tolman stated that the five-day week was not practical. The results of the examinations conducted in Albany and other key cities of the State, will not be officially announced for several months. The decrease in the number of contestants this year was a surprise to State officials and various reasons were given, some officials believing that private industry offers higher salaries for the same positions, and others that the total working hours per week will not be reduced and that the work load of the State agencies will be currently maintained.

30,000 Compete

In State Tests;

Many Jobs Due

The DiFalco bills (26, 27, 28) in the NYC Council to replace the NYC Uniformed Fire Officers Association with new one was a surprise to State officials and several of the Civil Service Unions have been making a study of the law and claim to have found a loophole which is in violation of the Fourteen Amendment. They claim (Continued on Page 9)

PP. 2, 3, 4, 5, 6, 8, 16.
Pensioners Tell Why Income Should be Freed By Congress from Tax

In behalf of the retired Government employees, Federal, State, or local; and of the dependents of retired Government employees throughout the United States, the Retirees Protection Association, Inc., of 76 Pine Street, NYC, called to the attention of Congress the need to have retirement benefits—pensions—annuities exempt from taxation.

Retired Government employees suffer hardships because of high local taxation, the high cost of living, and the U. S. income tax on their pension benefits since 1942, said the Association.

"The vast majority of retired Government employees because of their advanced age in life, major and minor physical disabilities received in the performance of their duties or from natural causes, are unable to supplement their present time income by employment in other fields of endeavor. Besides their life expectancy is rather short," the Association continued. "Making this position even more serious is the fact that many retired Government employees will be called upon to contribute to their social security payments in the future.

Benefits in Old Age

The passage of this type of legislation would prevent the building up of our Social Security system and Congress will not be acting prudently to those millions of our citizens who in the past have paid into Social Security and becoming members to an extent of almost 100 percent.

The taxation of retired Government employees and pensioners in Old Age Insurance, Unemployment Insurance, Civil Service Retirees, Railroad Retirement Act, railroad workers and all future railroad workers will receive in their old age pensions exempt from income taxes, why shouldn't the 335,000 present pensioners receive the same treatment and be exempt and upwards of 680,000 retired Federal, State, or local employees exempt from taxation.

The passage of such legislation will do away with our tax structure a class that was never intended to have contributed to our taxes exempt.

The plea was signed by John P. O'Brien, Chairman; Abole G. Blumen, Secretary, and Albert J. Egan, Vice-President.

NEWS ABOUT STATE EMPLOYEES

Great Meadow Prison

At the regular meeting of the State Employes Protective Association at Tuesday evening, June 13, 1946, the following officers for the coming year were elected:

Harry W. Hyder, President; John Ludden, Secretary; Robert V. Bird, Treasurer; John T. Williams, Jr., Financial Secretary; Kenneth B. Bowden, Stew-at-Arms; John Hartgrian, Judge Advocate; George T. Campbell, Ist Dept.; Carl Typermasa, Insurance Dept.; John Ludden, Court of Claims; Harry Smith, Civil Service Dept.; Henry A. Cohen, Public Works; Helena Grimm, Standards and Testing; Charles Cutler, Civil Service X-ray Technicians; George T. Campbell, Civil Service; J. E. McLaughlin, Vice-President.

With very few exceptions the Association will be in session for the fourth term by unanimous vote.

Clinton Prison Chapter

Many other important facilities.

Clinton Prison Chapter officers elected for the year 1946-47 were: Frank W. Winter, President; Robert A. Hall, Vice-President; James McCartney, Secretary; John Williams, Treasurer; Albert E. Conklin, Assistant Secretary; Harry A. Whitaker, Assistant Treasurer.

At the regular meeting of the chapter in early June, President Winter stated the history of the chapter.

Winter said that the chapter is known all over the state of New York and one of the headquarters of the chapter is the Salvation Army.

The chapter has under its control at the present time over 250 members and the officers are working hard to increase the membership.

Chicago, Ill.

Vol. XXXVII, No. 16

瞢 1946

Monday, July 9, 1946

The full official text of the "Proposed Amendments to the Constitution" which was approved by the delegates and executive board members of the Association of State Civil Service Employees, is included in this issue. The first portion of the proposals was published on this page last Tuesday.

The passage in the organic by-laws of the Association, which admits local employees to membership, must be voted on again, probably at the annual meeting next October.

Section 1. Annual Meeting. The annual meeting of the Association shall be held on the first Tuesday in October in each year in the city of New York at a time and place to be designated by the President of the Association. Notice of the time and place of meeting shall be mailed to each member of the Association at least 30 days before the date of such meeting.

Section 2. Board of Directors. The members of the Board of Directors shall be three officers of the Association, one elected from each chapter of the Association, and the President of the Association, who shall be the ex-officio member of the Board. The Board of Directors shall be elected by a secret ballot cast at the annual meeting of the Association. No person shall be elected to serve on the Board of Directors who is not a member of the Association.

Section 3. Committees. The Board of Directors shall from time to time appoint various committees to transact business.

Section 4. State Executive Committee. The State Executive Committee shall be a board of five members, each elected by the members of the State executive committee shall be given an opportunity to express his views in writing by mail or in person, before the close of the business session of the annual meeting. The board of directors shall appoint a board of canvassers, of at least three members, to determine the validity of the ballots and to report the result of the election to the President and the secretary of the Association.

The members receiving the greatest number of votes for the office shall be declared elected. Any person who wishes to contest the validity of the ballots may contest the same in the court of the State where the election was held.

Section 5. County Executive Committee. The County Executive Committee shall be constituted of three members, each elected by the members of the State executive committee, one of the members of the State executive committee, and the Executive Secretary, who shall call a special meeting of the committee.

Section 6. Special Meetings. Special meetings of the Association shall be held upon call of the President of the Association.
State Salary Study

I HAVE READ carefully the statement attributed to Dr. Bigelow, an article in the New York Times of July 8, 1945, which sets forth a study which is to determine the future salaries of New York State Public Employees.

Dr. Bigelow makes a number of important points.

1. The salary structure is based on the principle that the salaries of public employees are equitably determined by their qualifications, duties, and responsibilities, and that the principle of cost of living must be considered.

2. The principle of remuneration in private industry and in the Civil Service of the various jurisdictions, State, County, and City, is not the same.

3. This data is used to correct the various inequities which have developed as a result of the War Emergency Bonus.

4. The necessity of the constant struggle for salary reallocation and new series will be examined to determine relationships and equities within the effort to determine whether the more difficult and complex two things: (1) that the War Emergency Bonus would be incorporated into the permanent salaries, (2) that a thorough general study of the salary scales. Dr. Bigelow is not on record in this matter.

5. The task of the salary board is made much more difficult by the need to consider the various inequities which have developed, and to provide a standard of uniformity and fairness.

6. The need to provide a standard of uniformity and fairness is the nub of the matter. Any amount of money salary fixed this way, without due consideration of the qualifications and duties of the position, would be unduly critical or suspicious at this time. It desires to help in the board and that all parties will have full opportunity to contribute for many years. It would like to know that all plays will be above and beyond the best salary plan possible. However, there seems to be a lack of full employment, housing, adequate public health, etc.

Health, security, adequate public health, etc.

Public Service Tomorrow

HENRY H. FIELDS—Elected permanently public expenditures at $35 billion dollars, of which $10 billion will be State government, $15 billion local governments, $10 billion Federal governments. Of the total $15 billion New York State, the 2 state and local government expenditures will approximate $35 billion as a greatly increased tempo. The State, County, and City, are the same.

The research work of the State is placed clearly in the Department of Commerce and Education. Neither of these departments is empowered or authorized to study the complex of government structures which exist in the community. An interdepartmental committee of the Department of Commerce and Education, which consists of the various departments, is empowered or authorized to study the complex of government structures which exist in the community. An interdepartmental committee of the Department of Commerce and Education, which consists of the various departments, is empowered or authorized to study the complex of government structures which exist in the community.

CONTINUOUS STUDY RECOMMENDED

There should be a continuous post-war adjustment and public administration. Such studies, plans, and forms are needed if Government is to meet its post-war problems and offer the people the best service.

If you need a Personal Loan...it's easy to borrow from the IRVING Your Job is Your Collateral

We will gladly lend you money for many purposes if you have a steady job. You can borrow as little as $60, as much as $3,500—and at low cost. You have from 12 to 24 months to repay—depending on the size and purpose of your loan. It is not necessary that you be an Irving depositor.

Your application will be handled by friendly, understanding people. Apply today at the nearest Irving office or simply mail in the time-saving coupon below.
Chapter Representative
Air Views on Association

By H. J. Bernard

A refreshing point of view on the activities of the Association of State Civil Service Employees, its leaders and members who are in the Association is expressed by harry J. Bernard, newly elected Chapter Representative.

An appeal to the sanities, integrity, social instincts and democratic convictions of the members was made by him to put an organization on a sound and lasting footing, and said: "The idea is to make the Association workable.

This is the opinion of Miss Mildred Kirk, newly-appointed Representative of the NYC Chapter of the Civil Service Employees. She pointed out to the State Association as a good example of how strength and endurance were successfully built up through these processes, and believes that with still greater application of the same principles that strength will reach limits heretofore beyond the dream of what it requires work.

Some who undertake delegate duties are under an obligation to run as much of their time in the undertaking." She observed. At this point, she prepared to do just that.

Personalities

A girl with a boundless personality, Miss Schloss often brings to the fore to the Association some of the activities of the Association, such as the NYC Chapter which is the best system.

She recalled the beneficial effect of cliques and social parties when, as a member of the New York Board, committee members and NPC who worked in Albany, she had the time of her life. The idea of people knowing one another better has drawn the size of the group for success of any organization. She said: "The on the account on the social certainly turns the trick, she believes.

Dues? They should be what to do with the members, in actual financial return. They should be subordinates of the social functions and activities. Attire all the members at the same time, if you get that." That's her view, she added: "Many a fine project, such as the NYC Chapter Institute, is the result of the members' success in the swim, Miss Schloss expects to be in the swim, she added.

WHAT EVERY STATE EMPLOYEE SHOULD KNOW

Quiz Covers Veterans Rights and Privileges

By Theodore Becker

CIVIL SERVICE employees, especially the prospective candidate who is expected to and should know about the special civil service rights and privileges that are due to war veterans under New York State law. Employees who are familiar with only a vague recollection of these rights may be surprised at the wealth of benefits that can be obtained under the laws.

Here are some of the questions that will be asked:

1. What is the maximum salary for a position in your field?
   - True
   - False

2. What is the maximum salary for a position in your field?
   - True
   - False

3. Veterans of World War I are entitled to preference in appointment over veterans of World War II.
   - True
   - False

4. It is a crime to refuse to provide deferred compensation for veterans.
   - True
   - False

5. Any veteran of World War I cannot be removed from an appointment without a valid cause.
   - True
   - False

6. Any veteran who is employed by the State Civil Service Commission is entitled to the benefit of any compensation.
   - True
   - False

7. Veterans of World War I who are separated from active service due to injury are entitled to a pension.
   - True
   - False

8. Veterans of World War I who did not serve in the active military forces are entitled to a pension.
   - True
   - False

9. A veteran with four years of service who is entitled to leave without pay for a period of not more than 30 days in any 5-year period.
   - True
   - False

10. Veterans who are entitled to the benefits of this section are entitled to the benefit of the provisions of this act.
    - True
    - False

11. Persons who served with the U.S. in the World War who served 90 days in the armed forces are entitled to the benefit of this section.
    - True
    - False

12. An eligible list containing the names of one veteran and another veteran who is appointed to the State Civil Service Commission.
    - True
    - False

If you left a civil service job to engage in military duty, your appointment is to be reinstated in the proper period of time. In the discretion of your appointing authority, and in the discretion of your department head, who in turn will forward same to the Personnel Office and the Department of Civil Service, you may be reinstated to your old position. If you are on terminal leave, your military leave of absence continues until you actually return to your job. If, however, you are on terminal leave, your military leave of absence must be extended for the period of time that your discharge is the date of your military duty. It should be noted that although military leave of absence continues until you actually return to your job, nevertheless the application for reappointment must be made within ninety days after your honorable discharge or while you are on terminal leave.

If you are on terminal leave, you must secure a certified or photographic copy of your order granting such leave and file same with your Personnel Office.

If you left a position in the service of the United States, you are entitled to a temporary disability allowance which arises out of and in the course of your military duty, but the date of the temporary disability which arose out of and in the course of your military duty is the date of your military duty.

State Should Help to Pay For Age 55 Retirement

One of the practical goals of State employees is an age 55 retirement plan with the State an equal contributor. Under the retirement law as it now stands full employee. In NYC the 55-year plan has long been in effect, with the city contributing half of the total cost. Former employees who aren't easily enough, or at a high enough income, to permit the greater retirement allowance, is a step in the right direction. It appears that the State should help to pay for the plan, to be borne entirely by the State. In NYC the 55-year plan has long been in effect, with the city contributing half of the total cost.

Time for Enactment

A bill to that effect should not pass the next session of the Council. The bill would change the retirement age from 62 to 55. The bill would increase the pension for employees who retire at 55. The bill would also increase the pension for employees who retire at 62. The bill is not expected to pass. The Council is expected to act on the bill in the next session of the Council. The Council is expected to act on the bill in the next session of the Council. The Council is expected to act on the bill in the next session of the Council.
The annual and sick leave regulations of the Federal Government streamline the process of crediting employees with their earned time off and provide safeguards for the probability of leave loss when dropped from the rolls in a "reduction-in-force." In explaining the five major revisions of the rules, the Civil Service Commission listed five important changes:

1. Permanent employees who are dropped from the rolls will be credited with 1 day per bi-weekly pay period; or the total credit for any calendar year may be given at the beginning of the calendar year in which it accrues. The minimum credit for sick leave shall be 1 hour, and additional credits shall be in multiples of 1 hour. Sick leave was credited at the beginning of the calendar month, or at the request of the employee, and when credited, it shall be in multiples thereof.

2. Temporary employees shall be credited in multiples of 1 day per bi-weekly pay period, or the total credit for any calendar year may be given at the beginning of the calendar year in which it accrues. The minimum credit for sick leave shall be 1 hour, and additional credits shall be in multiples thereof.

3. Sick leave may be credited at the end of the month in which it is earned. The minimum charge for sick leave shall be 1 hour, and additional charges shall be in multiples thereof.

The second, introduced by Civil Service employees, who were of 1 day per bi-weekly pay period, or the total credit for any calendar year may be given at the beginning of the calendar year in which it accrues. The minimum credit for sick leave shall be 1 hour, and additional credits shall be in multiples thereof.

4. Sick leave may be credited with sick leave at the rate of 1/144th of a month, or the total credit for any calendar year may be given at the beginning of the calendar month, or at the request of the employee, and when credited, it shall be in multiples thereof.

5. Sick leave may be credited at the end of the month in which it is earned. The minimum charge for sick leave shall be 1 hour, and additional charges shall be in multiples thereof.

Employees Benefit

By New Legislation

(Continued from Page 1)

that day, or the next calendar day if not so credited, that service shall be granted.

Sick Leave

Sick leave shall be granted to employees who are incapacitated for the performance of their duties by sickness, injury, or pregnancy and who are not entitled to sick leave by reason of completion of the service of the month, or who are eligible to be credited as a permanent employee.

Annual leave shall be credited to employees as follows:

(a) Permanent employees shall be credited with sick leave at the rate of 1/144th of a month, or the total credit for any calendar year may be given at the beginning of the calendar month, or at the request of the employee, and when credited, it shall be in multiples thereof.

(b) Temporary employees shall be credited with sick leave at the rate of 1/144th of a month, or the total credit for any calendar year may be given at the beginning of the calendar month, or at the request of the employee, and when credited, it shall be in multiples thereof.

(c) Sick leave may be credited at the end of the month in which it is earned. The minimum charge for sick leave shall be 1 hour, and additional charges shall be in multiples thereof.

(d) Sick leave may be credited with sick leave at the rate of 1/144th of a month, or the total credit for any calendar year may be given at the beginning of the calendar month, or at the request of the employee, and when credited, it shall be in multiples thereof.

(e) Sick leave may be credited at the end of the month in which it is earned. The minimum charge for sick leave shall be 1 hour, and additional charges shall be in multiples thereof.

(f) Sick leave may be credited with sick leave at the rate of 1/144th of a month, or the total credit for any calendar year may be given at the beginning of the calendar month, or at the request of the employee, and when credited, it shall be in multiples thereof.

(g) Sick leave may be credited at the end of the month in which it is earned. The minimum charge for sick leave shall be 1 hour, and additional charges shall be in multiples thereof.

(h) Sick leave may be credited with sick leave at the rate of 1/144th of a month, or the total credit for any calendar year may be given at the beginning of the calendar month, or at the request of the employee, and when credited, it shall be in multiples thereof.

(i) Sick leave may be credited at the end of the month in which it is earned. The minimum charge for sick leave shall be 1 hour, and additional charges shall be in multiples thereof.

(j) Sick leave may be credited with sick leave at the rate of 1/144th of a month, or the total credit for any calendar year may be given at the beginning of the calendar month, or at the request of the employee, and when credited, it shall be in multiples thereof.

(k) Sick leave may be credited at the end of the month in which it is earned. The minimum charge for sick leave shall be 1 hour, and additional charges shall be in multiples thereof.

LAST CHANCE TO FILE FOR SCIENTIFIC JOBS WITH U.S. AGENCIES

State Trooper Exam Open

Applications May Be Filed Until July 21 For State Trooper Jobs With Division of State Police. Age Limits 21 to 40.

Thousands of men who are looking forward to a career on the New York State Highway Police may have a chance to compete for an appointment to the force, with a new examination of applicants recently announced by the Department of Civil Service.

Applicants to the new exam will be appointed to positions in the State Police for which there are likely to be many vacancies. The exam is open to all New York residents who have attained the age of 21 and are not more than 40 years old.

Applicants must be willing to accept employment for a period of at least one year, and they must pass all requirements for appointment to the position of State Trooper.

The exam is designed to measure the general ability of applicants to perform the duties of a State Trooper, such as patrolling highways, enforcing traffic laws, and providing assistance to local law enforcement agencies.

The examination will consist of a written test, which will assess applicants' knowledge of New York State laws and regulations, as well as their ability to read and understand English.

Applicants must meet the following requirements to be eligible for appointment:

- Must be at least 21 years old and not more than 40 years old.
- Must be a citizen of the United States.
- Must have a high school diploma or its equivalent.
- Must be able to read and write English.
- Must be able to pass a physical examination.

Applications must be filed at the Office of the Commissioner of Civil Service, 54 Stanwix Street, Albany, N.Y., before July 21.

**Fire Lieut. Exam Questions To Aid 7,000 Candidates**

Following is the second installment of the previous series of Fire Lieut. exam questions, as reported by CIVIL SERVICE LEADER. The first part was published last week.

**Personnel Tests**

The following are further details of the examinations:

- The Fire Lieut. exam will be open to all New York residents who have attained the age of 21 and are not more than 40 years old.
- Applicants must pass a written test, which will assess their knowledge of New York fire codes and regulations, as well as their ability to read and understand English.
- Applicants must meet the following requirements to be eligible for appointment:
  - Must be at least 21 years old and not more than 40 years old.
  - Must be a citizen of the United States.
  - Must have a high school diploma or its equivalent.
  - Must be able to read and write English.
  - Must be able to pass a physical examination.

Applications must be filed at the Office of the Commissioner of Civil Service, 54 Stanwix Street, Albany, N.Y., before July 21.

CONFIDENCE IS AN IMPORTANT FACTOR IN SUCCESS
Examination "jitters" are a common cause of failure . . . but Delehanty graduates are seldom afflicted with them! They have CONFIDENCE in their ability and the Official Examination. This is not granted without a thorough knowledge of all examination subjects but also the poise and self-confidence to apply it intelligently. NO WONDER THEY SUCCEED!

NEW YORK CITY

PHYSICAL CLASSES FOR
FIREMAN
Remember that a poor mark in the rigid physical examination may mean complete failure! Enroll now and get as much well-directed physical preparation as possible. Only eight men out of nearly 4,000 competitors in the recent Police Physicals received 100% — SEVEN OF THOSE MEN WERE DELEHANTY TRAINED!

"Kill Promotion List," Plea of Dismissed Hospital Chauffeur

Supreme Court Justice Morris Riddle of the New York Court of the Supreme Court, last week re- served decision on the application of Joseph DeGenero, for an order reinstating him in his police position after his dismissal by the Department of Health as a result of a disciplinary hearing. The application was filed by Mr. DeGenero, representing DeGenero, in addition to seeking reinstatement, maintains that the determination of the Department's action was not justified by DeGenero's application, and contended that from participating in the examination, was arbitrary, ex- cessive, and discriminatory.

The application was supported by the statement of Joseph DeGenero, who claimed that he had given a promotional instead of an open-competitive examination, and that the application is expected within the next ten days.

V. A. EXPANSION MEANS MANY MORE JOBS

WASHINGTON, July 9—Thousands of nurses, doctors and technicians are needed, according to the recently announced intentions of the Veterans Administration. The program calls for 183 new, modern hospitals, and appropriations for veterans' hospitals are under construction. The Department also announced plans for 47 additional medical and surgical cases, two for tuberculosis care, and the remainder for other types of medical care.

These hospitals are to be established, all as early as possible, General Bradley said, that there are now 8,383 beds in existing veterans' hospitals, and General Bradley estimates that probably a total of 8,600 beds will be required for 1975. The cost of the present program will be $325,000,000.

The new hospitals are under construction. Funds are on hand for 47 more hospitals, and appropriations for 30 more are pending in Congress. The Department's present program of hospitalization for veterans at the present time is $5,104, or about 8,500 beds for veterans of World War II. The new hospitals will be of the same type and construction, wherever possible, General Bradley said, that will be built, wherever possible, in proximity to medical schools, where doctors and other professional people can be brought in part-time association with the Veterans Administration for training in the hospital service.

He also announced that the outstanding specialists have been appointed to a national advisory committee to help solve problems in their field.

If interested in a future job in Veterans Administration, write to Personnel Office, Veterans Administration, Washington 25, D.C. Veterans will receive the benefit in hiring.

Rights of Vets to Leave of Absence for Schooling Under G.I. Bill

A veteran to be entitled to education benefits under this Act must have served in the active military or naval service of the United States since December 31, 1946, and, prior to such service, must have been a member of the armed forces on active duty or released from active service by reason of death, disability, or honorable discharge or released as a result of a serious connecting injury or disability. His prior service must have been under conditions other than dishonorable. If his prior service has been under conditions other than dishonorable, some holders of blue discharge are eligible if they are approved for G.I. training.

Cases are decided individually on his length of service, requirements will be entitled to educational benefits under this Act. Such a person is not entitled to any additional training. Such cases, however, are the exception.

The veteran makes application for a leave of absence to carry out the requirements of the Act. If a person on such a leave of absence is unable to appear for the examination, the certificate will be amended. If a person on such a leave of absence is an eligible student, the examination is held.

The leave of absence granted will be in no case to exceed ninety days on or prior to the termination of the active military or naval service on or released from active service by reason of death, disability, or honorable discharge or released as a result of a serious connecting injury or disability.

Such cases are decided individually on his length of service, requirements will be entitled to educational benefits under this Act. Such a person is not entitled to any additional training. Such cases, however, are the exception.

The veteran makes application for a leave of absence to carry out the requirements of the Act. If a person on such a leave of absence is unable to appear for the examination, the certificate will be amended. If a person on such a leave of absence is an eligible student, the examination is held.

THE ALPINE

NYC's Invention Mat
Aids Employee Talent

New York's "city invention" make private fortunes, and the city obtains a valuable service, according to the New York Police Department.

By LEONARD ALLEN

The city creates a valuable service, makes private fortunes, and the city obtains a valuable service, according to the New York Police Department.

For example, another health-providing invention has reached a new high. Inflow has reached a new high. The garbage is loaded. The necessary half-hour, or if as added to 125 gallons of pasteurized water, the Schaar test detects it.

In addition, was awarded the degree of Bachelor of Science in 1945, was one of the student speakers at the 1945 graduation ceremonies.

Mr. Kurtz. "The garbage is loaded. Two city employees, L. G. Kurtz and the inventor, Mafia, turned to city hall to bring in a few suggestions on a storage space.

While on duty entered into an arrangement with the city in New York, under which he was to receive a similar fee for the first year, or if as added to 125 gallons of pasteurized water, the Schaar test detects it.

Mr. Kurtz, of 6169 77th Street, killed two detectives who attempted to remove it. Early in the war, a time bomb was put to its use; it killed two policemen put their heads to the public hazard, the mayor and the police commissioner.

Mr. Kurtz, of 6169 77th Street, killed two detectives who attempted to remove it. Early in the war, a time bomb was put to its use; it killed two policemen put their heads to the public hazard, the mayor and the police commissioner.

Prospects for the Future

Jewelry Workers

Field likely to be overcrowded in next few years, with return of veterans to industry, and retraining of many workers hired and trained during war. Steady jobs are to be had by men trained in jewelry and electronic equipment, but number of openings and opportunities will be much less than number of wartime workers looking for return to this field. Thus job competition will be keen, and needed will be extra chances for men with advanced training in F.M. and television.

Handicapped and Typhoopees

In next few years employment rise along with post-war level, so there will be many openings for all, especially experienced workers. Thereforc, a long range outlook is bright enough to justify investigation by handicapped and typhoopees.

Airplane Mechanics

About 50,000 new jobs expected to come through closure of service - trained mechanics and the dropping of 100,000 mechanics employed in aircraft factories during war will mean keen competition for jobs.

BOOKKEEPERS

Limited number of new openings in large numbers in field (over 700,000) and considerable turnover. Keen competition for jobs because of large number of trained workers and low training requirements for entrance into field. Trend toward greater use of office machines, thus reducing number of workers needed.

LINE TYPE OPERATORS

Jobs available for all journeymen and large number of apprentices and others. Conditions will be much less favorable for apprentices, though those in field will have good chance to hold on to jobs. Most jobs and keenest competition in large cities.

Machine Weiders

Good prospects next few years, but actual number of new jobs won't be greater because of moderate size of field (less than 25,000 today). Use of machine weiders likely to be increased, but trend toward rapid and automatic machines makes job competition likely to be severe in employment.

UNEVEN EXPECTATIONS

Increase expected in number of Diesel maintenance jobs, but new jobs will be filled mainly by mechanics experienced in repairing other types of machinery. Not many inexperienced men with technical school training will find it tough to land jobs.

BINDER WORKERS

Considerable rise in employment expected, but during next few years, due to slow removal of large numbers trained in service, and during war, many returning to former jobs. Employment will grow to prewar level, to about 400,000 by 1950.

Auto Mechanics

Outlook good for men with highest training in repair and non-skilled mechanics is likely to be very bright for men with long experience in the field, and a chance for the entry of new workers. There will be a need for many workers from service and war industries.

After Hours

Dupont's 5th Avenue Store, between 57th and 58th Sts., will call.

They may have value. Send 3c for "Stamp Record" at 9c per 33g. 305 Broadway.

"Under the Helmet"

During the months of July and August, 1946, the Office of Chief of Department was open from 8 A.M. to 6 P.M. and on Saturdays from 8 A.M. to 12 noon. Charles A. Wilson, former Junior Administrative Assistant, on his own initiative, instituted the plan as Fireman 1st Grade, failed to appear at the call of the fire alarm, and was dropped from the rolls of the Department on July 11, 1946. Why not equip the Fire Alarm Tunnel as a regular route for the Fire Alarm Telephone, as the Mayor did with the fire alarm system of the Borough of Manhattan, to Richmond, especially by giving the President of the Staten Island Firemen's Association to show them the Fire Alarm Telegraph, Borough Call, and the Corporation Counsel receiving the Pension Benefit. Now that the Mayor's Committee has recommended the establishment of the fire alarm system in the Borough, this reporter has never worked, this is a matter of concern. The final outcome is not known at present. Looks like this news item may be obtained from the Institute of Communications.

St. George Ferry Fire

One of the largest fires in the history of the P.D.N.Y. Department occurred on Staten Island, and the worst to occur on Staten Island happened on Thursday afternoon, June 28th, with five origins within one hour and a half in the Borough of Richmond. The fire, which was destined to command the attention of the fire alarm central office switchboard from 2:00 P.M. until 2:06 P.M., burned through the cable on the E. 152nd St. Ferry. The fire alarm central office switchboard went out, the fire having spread to the 5th alarm, and was dropped from the rolls. This reporter has never worked, but the Sage advice of Commissioner Quale was that the fire was completely under control by 2:00 A.M. July 1st, 1946. Why not make more use of the Holland Tunnel as a regular route for the fire alarm system in the Borough of Richmond, and was dropped from the rolls of the Department on June 27 at 1:18 P.M.
