State Assn. Holds Annual Meeting

ALBANY, Oct. 15—Representatives of the 30,834 members of the Association of State Civil Service Employees gathered in Albany today for probably the most momentous annual meeting of the Association.

The decisions of the delegates from the Chapters will play a forceful part in determining the future of the Association in the post-war era.

Members from all divisions of the State service and from all geographical sections of the State are meeting at the Hotel DeWitt Clinton for interchange of ideas and democratic decisions.

Among the vital issues before the representatives are making local employees eligible for membership (approved at a special meeting last June) but requiring a second approval; election of candidate for Comptroller for re-election.

Coal Inspector Exam on Way

WASHINGTON, Oct. 15—Within a week the U. S. Civil Service Commission will announce the nationwide examinations for Coal Mine Inspector. Three lists will be made: one as a result of the test. One will be Patrolman (P.D.) at $3,500, including bonus, the other will be Police Exam.

NYC Votes 14 Exams

A group of 9 promotion and 5 open—competitive examinations were started last week when the NYC Civil Service Commission ordered the exams notices sent to the eligible list. Applications are available until the filing period is closed.

The Post Office Department will be able to make appointments as soon as the register is transmitted to the Post Office headquarters.

Post Office List Ready Next Month

The U. S. Civil Service Commission is expected to have the Post Office Clerk-Poster register ready soon after Armistice Day. More than half of the papers have been raised, reviewed and averaged.

Wars Assets Jobs To Last Longer To Complete Sales

At the request of the Commissioner of Armament, the War Assets Administration has been notified that their jobs will last longer than at first expected.

While the agency was to begin reducing its force in January, the number of surplus sales calls for a big staff.

Vet Seniority Bill's Passage Urged by UFA

Thousands of civil service workers and their families began petitioning the City Council and the Board of Estimate today to urge the passage of the Di Palco bill which would grant seniority rights to World War II veterans in every city department for the time spent in the armed forces after they were passed over on eligible lists.

The bill, sponsored by the Uniform Firemen's Association of Greater New York, Local No. 94, U.A.F.F. (AFL), was introduced by Representative Samuel Di Palco of Manhattan, and is now in the Council's Finance Committee.

State Cuts Interest on Its Loans

The Comptroller announced that the State's annual interest paid to the Employees Retirement System was 6 per cent on $1,065,000,000.

The first year's saving to employees will be approximately $63,900. The annual saving to city employees will be approximately $120,000.

Dietician Test Near

By BERNARD K. JOHNPOLL

WASHINGTON, Oct. 15—The U. S. Civil Service Commission will announce preliminary steps examinations for Dietitians to be appointed for jobs in NYC, Los Angeles, Fort Sam Houston, Texas, and Hines, Ill. No dates have been released.

The exams will be held starting in January. Registrants and applications will remain open indefinitely.

Next exam will be held in next year.

More State News

State and municipally employed members of the Senate met with the Comptroller and expressed approval of his methods. Formerly all members borrowing from the system paid 6 per cent interest. The first year's saving to employees will be approximately $63,900. The annual saving to city employees will be approximately $120,000.

Test for Inspector of Health and Milk

Candidates who live in NYC may file until 5 p.m. on October 25 to be eligible for appointment as Milk Inspector in upstate areas.

Apply to the Municipal Civil Service Commission, 299 Broadway, Manhattan. Official notice of examination, P. 81.

CANDIDATE POLLED ON EMPLOYEE ISSUES

CANDIDATES POLLED

ALBANY, Oct. 15—A poll of candidates for election to the State Legislature was made by the Association of State Civil Service Employees, in which the early returns indicate that 92 candidates answered or showed that the candidates generally favor merit system, favor attractive salaries, periodic pay adjustments in general liberal working conditions to reflect rises in living costs, and the general enlargement of civil service protections for public employees.

The general sentiment in response was strongly against strikes by public employees. The Association, through its President, Dr. Frank L. Tolman, addressed a letter to each of the candidates. The letters read in part:

The Association also is electing, in addition to the Executive Committee, a number of officers who guard insane prisoners at Dannemora and Matteawan Institutions in the Department of Correction, are accorded like pay with employees of the same rank in the State and National Government.

The plan of implementation is the Dillon Amendment, submitted by the majority of the Executive Committee.

The basic amendment follows:

ARTICLE III. Membership. All employees in the civil service of the State of New York and its civil divisions, including cities and villages, shall be eligible for membership.

The Association also is electing officers (see p. 2).

STATE ASSN. ANNUAL SESSION

(Continued from Page 1)

The Association also is electing officers by popular vote, in accordance with the provisions of the New York State Civil Service Law, and each candidate was asked to answer the following:

1. The Merit System would be of any value in the State service.
2. Public service must offer salaries adequate to attract the best men.
3. Employees with low morale must have a substitute for the pitfall, and preserve the dignity of public service.
4. The answers to question 5 also applies here. Retirement after a specified period of loyal service, without charge—war bonds and other savings?
5. Retirement age.
6. Our Association has renounced the use of strikes in public service.

The plan of implementation is the Dillon Amendment, submitted by the majority of the Executive Committee.

The basic amendment follows:

ARTICLE III. Membership. All employees in the civil service of the State of New York and its civil divisions, including cities and villages, shall be eligible for membership.

The Association also is electing officers (see p. 2).

Effect of Reclassification Under Different Sections of Civil Service Law

A QUESTION frequently asked is whether an employee whose position has been reclassified under the new rates has the right to the higher title without examination. The answer to the question is both fixed by the Budget Director.

Effective of the economical “Dime” Plans. Why, we’re saving over two thousand dollars as compared with that old, fixed, high-interest mortgage we had. And it’s all so easy! We make regular monthly payments, and soon we’ll own our home, free and clear.

Pass Mark Invariable
In Court Decisions

The attempt of 885 candidates to have their names added to the present Patrolman (P.D.) eligible list in NYC, because they passed all separate parts of the examination, has failed because of the Municipal Civil Service Commission's lack of power to alter a pass mark after an examination is completed. In fact, the pass mark advertised in a notice of examination can not be changed by the Commission with the notice of the examination with a new notice, containing the new pass mark. The principle was stated by the New York Court of Appeals, and vigorously upheld by the Appellate Division, First Department, in the case of Foss vs. Kern.

The Patrolman candidates, who got marks a bit lower than the score of the 3,000th eligible, might be benefited, if their request were granted. The rule.

To Get Dual Welcome

NEW YORK CITY and New York State may well feel that they are honored in welcoming the sessions of the Civil Service Assembly of the United States and Canada. Governor Dewey will extend the State's welcome and Mayor O'Dwyer of the city's, the 18th and 19th of October 21, and mark the fortieth anniversary of the founding of the Assembly.

Over the years the Assembly has contributed as much as any other agency to the progress of the merit system in public service. Enlightened, progressive, alert, much as any other agency to the progress of the merit system in public service. Enlightened, progressive, alert.

The sessions open at the Hotel Commodore. Governor Dewey will extend the State's welcome and certification of merit. Enlightened, progressive, alert.

Among those who signed and filed receipts with the Board were Harry J. Chernow, on behalf of New York City Agency; Charles F. Seitz, Commissioner of Labor; and Harry E. Seitz, Commissioner of Labor.

The entire membership of the Board was present and the hearing, which lasted all after-noon, was held on Simday April 28 at 2:30 p.m.

service during the period of the period of the examination. No application will be accepted after the deadline date.

The list of special examinations will be examined by the police department in each of the two competitive examination categories. It is recommended that applicants file their applications as early as possible to ensure their eligibility.

The examination will be held on November 11, 1946, at the Police Academy, 500 Park Avenue and 58th Street, New York City.

Applicants must be residents of the United States and must have a valid driver's license. They must also pass a physical examination administered by the police department.

The examination will consist of written tests and interviews. The written tests will cover topics such as general knowledge, arithmetic, English grammar, and police procedures. The interviews will be conducted by the police department to assess the applicant's ability to perform the duties of a police officer.

Applicants must be at least 18 years old and must have a high school diploma or equivalent. They must also have a good driving record and be in good physical condition.

Candidates will take the physical test and the Commission reserves the right to make any candidate who fails to pass the physical test ineligible for appointment.

Candidates are warned to make every effort to safeguard their application blank. Misrepresentation of any kind will result in disqualification and possible criminal action.

Candidates may be rejected for any reason, including failure to meet the qualifications. No educational requirements are necessary.

30. Suppose that water is confined in a tank, according to the above paragraph, to say that the water pressure at any point is equal to the height of water above the point, this is only true if the water is confined by a piston. If the water is confined by the sides of a tank, the pressure at any point is equal to the height of water above the point.

58. When a pump is started, the water in the suction hose and the water in the discharge hose are at the same pressure. The water in the discharge hose is at atmospheric pressure, while the water in the suction hose is at the pressure of the water in the tank, minus the pressure of the suction line. The Officers School for Lieu-
tenant majors, now in its twelfth "term" through December 18, is a division of the Training Department, which is in the process of acquiring a course of instruction in fire fighting.

Capt. D. B. Henderson, in summarizing the work of the School, said, "The course of instruction is designed to prepare the officer for his work in the field."

The School has been attended by Lieutenants from all parts of the country, and is now in its second term. The Officers are being trained in the latest methods of fire fighting, and are being given a thorough education in the work of the fire department.

The course of instruction is divided into four parts: the first part covers the theory of fire fighting; the second part covers the practice of fire fighting; the third part covers the organization of the fire department; and the fourth part covers the history of the fire department.

The Officers are being given a thorough education in the work of the fire department. They are being taught how to handle the fire hose, how to use the fire engine, how to operate the fire alarm, and how to organize the fire department.

The Officers are also being given a thorough education in the history of the fire department. They are being taught about the early days of the fire department, and about the pioneers who founded it.

They are also being taught about the organization of the fire department. They are being taught about the different ranks in the fire department, and about the different duties of the different ranks.

The Officers are being given a thorough education in the practice of fire fighting. They are being taught about the various methods of attacking a fire, and about the various methods of extinguishing it.

They are being taught about the various methods of fighting a fire from the ground, and about the various methods of fighting a fire from the air.

They are also being taught about the various methods of fighting a fire from the water, and about the various methods of fighting a fire from the land.

The Officers are being given a thorough education in the history of the fire department. They are being taught about the early days of the fire department, and about the pioneers who founded it.

They are also being taught about the history of the fire department in the United States, and about the history of the fire department in the world.

They are being taught about the different wars in which the fire department has been engaged, and about the different battles in which the fire department has been involved.

They are also being taught about the different campaigns in which the fire department has been engaged, and about the different battles in which the fire department has been involved.
