City Bids Fire Candidates To Apply for Patrolman Jobs

Police Filing Period Will End on Monday

The number of candidates who have filed applications for the position of Patrolman (P.D.) passed 7,000 today. The response is in a par with that in the last previous Patrolman examination, also held this year, and which produced an eligible list which will be exhausted by January 1.

The O'Dwyer administration is making every effort to get a large number of applicants. In that connection, Civil Service Commissioner Joseph A. McNamara today advised those who are competing in jobs. The last date for receipt of Patrolman applications is next Monday at 4 p.m., December 2.

Vacation Credit Is Cut In Mental Hygiene Wards

STATE ASSOCIATION MAKES A VIGOROUS PROTEST

By F. X. CLANCY Special to THE LEADER

ALBANY, Nov. 28—A decision was handed down by the Department of Audit and Control that payment can not be made to employees of Mental Hygiene hospitals for the extra work of vacation, in the fiscal year April 1, 1945 to March 31, 1946. It was an interpretation of Governor Dewey's four-full-weeks-vacation order of last April and was con- curred in by the Law Department. The ruling was an absolute mis-interpretation of the instructions of the Governor.

Captains' Race Lively in UFOA Board Election

A lively contest has developed for the Captain's vacancy on the Executive Board of the Uniformed Fire Officers Association. The contenders are Captain Frederick J. Muesle and Charles V. Walsh. Statements on behalf of the respective candidates were issued by committees.

Vets Now Considered For U. S. Jobs Held by War-Service Employees

As a result of the right of re- opening examinations to veterans granted by the Veterans Act of 1944, opportunities are increased for qualified disabled veterans to receive permanent appointment in the Federal civil service.

In accordance with the act, disabled veterans, as well as widows of veterans and widows of veterans unable to work because of physical disability connected with service, may be examined at any time for any position to which a permanent appointment has been made within the preceding three years. Persons previously in openings examinations are not only considered for filling vacancies, but are also considered for re-placement of temporary and war service employees who do not hold permanent civil service status.

Estimate Board Sets Dec. 5 for Action on Veteran Seniority Bill

The Board of Estimate postponed action on the Di Falco bill until December 5.

The bill provides that any person appointed to a position in the competitive class from an eligi- ble list established under section 248 of the State military law, and who shall have served in the armed forces of the United States, shall be entitled to credit for that service.

If the Board passes the bill it will then go before the Mayor for final approval.

The bill is strongly backed by the Uniformed Firemen's Association, the Police Benevolent Association, the Catholic War Veterans and other organizations.

It would include World War I veterans in retroactive seniority benefits and apply all benefits of seniority for increments, but would not change present pension rules.

STATE IS AVERAGING 2,000 EXAMS A YEAR

SPECIAL TO THE LEADER
ALBANY, Nov. 26—During the fiscal year ending March 31, 1946, 895 examinations were held for the State service and for competitive examinations in governmental districts. During the first six months of the current fiscal year, ranging from September 1, 1945, to March 31, 1946, exactly 978 examinations were authorized. It appears from this figure that the work is actually doubled during the current year as compared with the previous year," said J. Edward Connolly, President of the Civil Service Commission.

The Certification Department reports that from April 1, 1946 to October 31, 1946, 15 new examinations were established and certified 71 new examination lists. The Commission has approved the first new examination list of State employees and an additional 71 will probably be certified in the near future. The order for State employees and college and university employees will sent 2,816 separate certificates of appointment on each examination list.

The expiration of the Examinations and Certification Divisions is reflected in other divisions.

REGENTS OPPOSE REPEAL OF LICENSES FOR PRACTICAL NURSES

SPECIAL TO THE LEADER
ALBANY, Nov. 26—Employees of the Board of Regents recommended repeal of the State law which allows practical nurses in this State. The Regents, in a resolution to the State Legislature that "the present law embodies the spirit and legislative intent of the Laws of 1938, amending the Education Law to provide for the licensing of practical nurses, as amended by the law of 1939, is a tax on the whole of our people which take effect in 1947, prohibit unlicensed persons from engaging in nursing."

The Regents stated that during the six years the law has been in effect only about 2,000 practical nurses have been licensed. The number, all told, about 2,000 were licensed by waiver of examination, they said. At present only 13 small schools are now in operation for training practical nurses and those schools furnish a small number of the graduates, the Board reported.

M. TOLMAN PRESENTS ALBANY'S TAX GROUP'S CHARTER

SPECIAL TO THE LEADER
ALBANY, Nov. 26—Dr. Frank L. Tolman, President of the Civil Service Employee Association, Inc., formally presented a charter to the Bureau of Taxation and Finance, Albany. Chapter. The impressive presentation was made by the Executive Secretary of the State Education Department, Mr. Tolman, President of the Civil Service Employee Association, Inc., formally presented a charter to the Bureau of Taxation and Finance, Albany. GETS INTO ACTION FAST

ALBANY, Nov. 26—A survey of current public school examinations to the Bureau of the Statistical Service shows a considerable increase in the number of examinations conducted during the previous year. The estimated enrollment of the State on December 1, the Bureau noted, has increased over the initial enrollment of 1945 by 55,000, a distribution of the type of schools of which public, free rural and common, basic, and pupils against the loss of 2,144 pupils, from which the new Chapter promises to continue as long as large number of employees continue to participate in the plan, and request all insured employees to bring his low-cost, broad-sweep plan to the attention of their friends.

Forums for the Association's group life insurance are paid by the participating employees in the plan. Since the start, the Association's group plans have been endorsed by employers, additional recognition by employers, additional recognition by employers, and the spread of the plan.

E. Dewey is honorary chairman. Mr. Lochner reports that large number of members are taking advantage of the opportunity to obtain life insurance without medical examination by applying for it during the months of November. The two exceptions to the offer are that applicants must be under age 50 and have not been previously rejected for insurance on the basis of other medical examination. The application for the insurance must be signed while the employee is actually at work.

The Association issues group life insurance to its members at the currently low rate of $1,200, per $1,000 of insurance for 20 years for 30 cents semi-monthly. The rates for older members are proportionately lower.

CIVIL SERVICE LEADER

SALARY BOARD HEARS PLEA ON TITLES IN DPUI

Special to the Leader

ALBANY, Nov. 26 — A strong plea was heard by the Salary Board for re- designation of salary grades in DPUI titles, before the Albany Standards Board. The full board was present also Philip W. Regan, chairman of the State Civil Service Commission. John Hulle-Holm, Assistant Director of the Civil Service Employees Association, presented the formal argument of the Association in favor of the employees' appeal.

The DPUI Committee of the Association had prepared an analysis of reasons, in the form of a brief. The committee consisted of Charles R. Clymer, President of the Buffalo Chapter of the State Association; Martin Martin, and Martin Martin. The latter was at stake as Associate Unemployment Insurance Claims Examiner, Unemployment Insurance Claims Examiner, Unemployment Insurance Claims Examiner, and Assistant Unemployment Insurance Claims Examiner.

A complete redescription of the earlier grades was made, which a violation of the Feild-Hamilton law would be considered. The new grades will be: 1st, 2nd, 3rd, 4th, 5th, 6th, and 7th. Mr. Hulse-Holm, Assistant Director of the Civil Service Employees Association, presented the brief and some form of favorable action is expected.

Four Typist Jobs

In NYC Health Dept.

BUFFALO, Nov. 26 — A conference of staff members in the Buffalo District, State Division of the State Retirement System Law, was held in the War Office. The Buffalo Chapter of the State Association is interested in the presentation of the employees' Association, attended the meeting.

Mr. Hulse-Holm addressed a group of staff members on the subject of strikes against Civil Service Employees. He discussed the importance of strikes and how they come about. The discussion centered around the question of strikes and the procedures that are necessary to prevent them.

Among the guests were Joseph O. Donald, former President of the Buffalo Chapter of the State Association, and Fred Allen, President of the Attica Chapter.

Four Typist jobs are made available in the NYC Health Department. The positions include two in the Finance Division, one in the Purchasing Division, and one in the Office of the Comptroller. The starting salary is $1,560, inclusive bonus. A minimum of two years' experience is required. The jobs are professional, but the experience helps one to pass a competitive examination from which appointments are made.

Among the guests were James W. Leach, Director of the Office of the Comptroller, and Fred Allen, President of the Attica Chapter.

Temporary Patrolmen Lose Fight for Jobs

The Temporary Patrolmen who were dropped soon after the end of the war, are making another attempt to obtain reinstatement.

The bill to accomplish the above was defeated on the floor of the Board of Estimate by a vote of five to three, but the temporary Patrolmen, according to Mr. Morgan, the President of the Board, will next time file another bill. While it is apparent that the other members of the Board are not in a liberal mood, it is obvious that the interests of the organization would be best served by a defeat of the bill and that the Patrolmen should adopt a policy of seeking the support of the people in the matter, and permit the democratic principle to win over the bitter political influence which has been used so successfully in the past to defeat this law.

The opposition of the Board of Estimate was stated by Mr. Morgan to be due to the fact that the bill is not a permanent measure, but is merely one of transitory use.

CAPTAINS' RACE LIVELY

While it is apparent that the other Board and remaining neutral officers of Engine Co. 219, is a candidate for the captaincy of that engine house and promotion to the position of captain of that house, it is also apparent that the other seven members of the Board of Estimate are candidates for this position.

The captaincy of Engine Co. 219 is one of the most coveted positions in the fire department and is considered to be the second most important position in the department after the position of chief engineer.

The captaincy of Engine Co. 219 was held by Captain Walsh, who is one of the most respected and experienced officers in the department. Captain Walsh was a long-time member of Engine Co. 219 and had served in various capacities, including as a lieutenant and captain.

The other candidates for the captaincy are various members of the Board of Estimate, including Captain Muesle and Captain Walsh. These officers are considered to be knowledgeable and experienced in the field of firefighting and are well respected by their colleagues and subordinates.

The battle for the captaincy is expected to be a heated one, with each candidate vying for the support of the members of the Board of Estimate and the public.

The captaincy of Engine Co. 219 is an important position, as it is responsible for the coordination and supervision of the activities of the engine house and its personnel. The captain is also responsible for the safety and well-being of the firefighters and the community.

The captaincy of Engine Co. 219 is a position that is highly coveted and is often seen as a stepping stone to higher positions in the department. It is a position that requires a high level of expertise and experience and is only awarded to the most qualified and experienced officers.

"Let the desire of our nation to retire with a pension equivalent to the minimum pensions of the group."

Moses Asks Raises Of Up to 18 Per Cent For Parks Employees

Commissioner Robert Moses of the Parks Department, recommended to Budget Director Thomas J. Ryan that the salaries of all Parks Department employees be raised by 18 per cent. In his recommendation, Moses said that the request that the cost-of-living bonus be made part of the basic permanent salary of the Parks employees.

The Commission's proposal provided for a salary increase up to $2,000 be increased by 18 per cent, the amount to be $2,800 per cent, $2,000 to $4,000, 12 per cent for those in the $4,000 to $6,000 group, and $6,000 to $8,000, 15 per cent for those in the $8,000 to $10,000 group.

The salary raise would provide the following benefits to the employees:

1. The New York City Parks Department will now pay $530 to $1,000 below their present salary and cost of living bonus.
2. The employees of the group have been offered a permanent retirement pension of not less than $2,000 per year.
3. The group will be entitled to receive a pension equivalent to the minimum pensions of the group.

The group endorsed the recommendation of the Brownstone Actuarial Fund.

PBA to Offer Bill To Have City Pay For NYC Employees After Jan. 1

The Patrolman's Benevolent Association, through its President, Raymond E. Brown, has recommended that Assemblyman Robert J. Smyth (D., Queens) sponsor a PBA-sponsored bill providing for a permanent pension contribution by the city of $2,000 per annum. The PBA and the Brownstone Actuarial Fund have on this matter, $350 to $400 above their present salary and cost of living bonus.

The group endorsed the recommendation of the Association of New York City Employees.

Key Answer Changed In Asst. Foreman Test

Question No. 68 in the written comprehensive test given Assistant Foremen of the Foremen Department of Sanitation, will be changed by the Municipal Civil Service Commission from "How much fuel and oil are to be measured," to "How much fuel and oil are to be measured in the engines of the material." The change of "How much fuel and oil are to be measured," to "How much fuel and oil are to be measured in the engines of the material," was made by the State Legislature in 1946.

New Group in Sanitation Headed by Herbert S. Bauch

At the first meeting of the newly organized branch of the Association of Sanitation Employees of the New York City Department of Sanitation Local, recently chartered by the Civil Service Commission. Herbert S. Bauch, President, Herbert B. Stein, Vice President, and John J. Young, Secretary, were unanimously elected by the 200 members of the branch.

The main issues discussed were the elimination of the material over the snow season, mirr. salary cuts, and the elimination of the standard for the snow of the group members. The meeting was adjourned to the first meeting of the department.

New Pension Plan

The new pension plan will be offered to all new employees of the Department of Sanitation, which includes five other PBA locals within the city.

A conference has been arranged between Mayor Duggan and Commissioner Brown on the matter of pension benefits for the group.

A THOUGHT FOR THE WEEK

WHILE we are being economical, we should not be blind to the fact that a wide difference exists between a 1946 world, a civilization which has not yet gone to be an American, and the ideals of the world today.—Harry B. Mitchell, President, U. S. Civil Service Commission.

COUNSEL FEES ARE NOT RECOVERABLE IN VETERAN PREference SUIt

By Theodore Becker

UNDER the provisions of 86b of the Civil Service Law, prescribing the manner in which veterans' preference in employment and promotion is to be effec-
tuated, a penalty is set for any refusal to accept an offer which
would otherwise be given to a veteran of the United States. This
penalty is set to be imposed in the event of a combination of civil and
criminal offenses. The penalty is ten times the amount of any such
refusal ($1) shall be deemed due by the person refusing such an offer
to any veteran or disabled veteran who is the beneficiary of the offer
for in any court of competent jurisdiction where the refusal is being
sued or defended.

ODB Employee

Survives After

Rare Operation

Last month Abraham Sherman, of

Wynnewood, N. J., faced death

that medical rarity—an adult "blue

baby." He is 24. Doctors agreed he was living

on borrowed time.

Today he faces life—the life of

a normal, healthy man. Thanks to the

advances in surgery, the generosity of fellow

employes, and his own heroic efforts,

he is the second of a dozen to survive a
devastating operation on the heart.

This difficult operation is risky and

increases the blood circulation to the lungs.

Born with the impairment, he
died a few days after his birth from

a living past infancy. Now he

returns to life, an equal footing

with his associates at the Office

of Comptroller General, Federal

Building, Washington, D.C.

Despite eminence surgical skill,

however, young Sherman could

not have survived without the

donations of blood, and the efforts

directed by his co-employes at the ODB.

RESOLUTIONS ADOPTED BY THE STATE ASSOCIATION

ALBANY, Nov. 28.—This list of resolutions adopted by the Association of State Civil Service Employees includes the following:

WHEREAS, That Armory Employment within the limits of the New York City Police System and the New York City Fire Department is being transferred by the City to the administration of the State of N. Y.; and that the Armory employees who are members of the Association of State Civil Service Employees in New York City, would like to study the "Organization and Management of Mutual Housing Cooperatives" (The U. S. Labor Bulletin Ro. 999, 1946, 60 pages, for pamphlet with directory. Also, officers to present to the State Commissioner of Labor this idea for a discussion group to be formed, with view of giving some of these employees the opportunity to serve their community in a new and useful way, if one or more of their members are interested in the project. Of course, there will be no obligation on the part of the State Veterans Administration to accept the terms of these employees at the time of their application. They must be members of the Association of State Civil Service Employees in New York City, who have served on active duty for at least five years, giving evidence of good character.

RESOLVED, That the Association recommends the amendment of the Internal Revenue Code of 1939, providing that such tax exemptions for personal property be distributed over a period of five years, as the Association feels that such a group of employees is a unique one and that in any case the government should act in a manner which places it on an equal footing with other groups who must pay for their own tax obligations.

WHEREAS, That the Association of State Civil Service Employees has been informed that the State of N. Y. is preparing to adopt a law which would provide for the establishment of a State Employment Service, to be known as the "New York State Employment Service," which would be charged with the responsibility of finding jobs for unemployed persons in the State. The Association feels that the State Employment Service should be established as a separate agency with a full-time, paid, and permanent staff, with the purpose of providing employment opportunities for all persons who are unemployed and in need of work. The Association feels that the State Employment Service should be funded by a tax on employers and that the funds should be used to pay the wages of the unemployed persons who are hired by the State Employment Service.

RULING ON STATE VACATIONS

(Continued from Page 1) 

of the Governor. This Association, plans to take any action that may be directed to the Governor. It wants to find out what other action can be taken to give the employees the benefits that they have earned and deserve. The Association does not agree with what some members have said, that the Governor must be made to take action after election, and only then, that a mediation interpretation has resulted in an inadequate to employees that must be corrected without delay.

The National Reformers have been the main issue. They wonder why the new ruling is as much as the old. The New York State Association has been the issue. They wonder why the new ruling has not been made public.
