State Workers Ask for More Pay

The employees over Governor Dewey's management was expressed by State employees' failure to recommend salary increases for them in his annual message to the Legislature. It had been expected that higher pay would surely be included in the recommendation that past experience was a compensation be made a part of basic pay, since the cost of living index has risen 20 points since April 1, last year, when the present rates went into effect. The index may even rise still more, before operations begin on April 1, 1947.

Progress Being Made

The employees themselves were extremely vocative about the matter. They discussed the situation in small groups, among them, before calling it to the attention of their employee organization, with a request that nothing be left undone to insure inclusion of this in the report will recommend. They meant that if there is not to be a general rate— and it is known...

On Topics Vital to State Workers

...our mental hospitals, tuition, able manpower and materials. This backlog is bringing us a greater backlog. The months since the war have been a period of great activity in our State's business. A whole new division of government has been created to administer veteran service for the war's duration. New agencies have been created to meet new situations. Mental hospitals have been modernized and simplified. In the field of education, the prevention of accidents in schools has been emphasized. The reorganization of the inspection service of the State Labor Department is asking legislation to improve the State's compensations for injuries and diseases.* The reorganization of the insurance companies has been studied carefully. Proposed changes have been made in the Retirement System for Employees who were absent on military service, and in the Retirement System for women employees may be properly paid in full in the armed forces during World War II. Finally, the return of the Employers' Retirement Systems, the contributions he would like to make to the Labor Service to the State, the contributions of the Legislature, the contributions of the General Assembly, which would protect pension and insurance, and the contributions of the employees who were absent on military service, and the contributions of those discharged veterans for time spent in service.

"Many employees of the State in its various political or civil services," Mr. Lashin said, "are entitled to help in the liquidation of these accumulated arrears. The passage of this bill would allow the financial situation of the State to be liquidated, and the employees who are entitled to help in the liquidation of these accumulated arrears." MALTBIE IS ATTACKED ON TRAVEL PAY CUT

TO THE LEADER
ALBANY, Jan. 13—Following up yesterday's statement by the State Service Commission to correct sick leave and other leave rules of the State Government, Maltbie is attacked on the rules on travel expense.

John T. DeGruff, counsel to the Board of Examiners and a leading member of the State Service Commission, in his letter, warns that the new rules on travel expenses will mean "a hard-faced violation of the statutes of this State and Constitution, and constitute an attack on the Legislature." He challenges Maltbie's authority to constitute himself an "officer or qua" and "a barefaced violation of the law," and makes it clear that he will fight any attempt to fine or punish him for making the payment.

DeGruff points out that the new rules on travel expenses are a violation of the State Constitution and the law, and are entirely contrary to the Board of Examiners' authority to constitute himself an "officer or qua." He argues that the new rules are a violation of the law and that the Board of Examiners' authority to constitute himself an "officer or qua" is entirely contrary to the Board of Examiners' authority to constitute himself an "officer or qua."

DeGruff further points out that the new rules on travel expenses are a violation of the State Constitution and the law, and are entirely contrary to the Board of Examiners' authority to constitute himself an "officer or qua." UFOA Wants Bonus Made Permanent

A meeting of the newly-elected Executive Board of the Uniformed Fire Officers Association was held at the Hotel Marlborough. The oath of office was administered to those who will serve for the 1947 term. The guest speaker, Magistrate Edward Martin, offered a resolution, and the officers组成 of the UFOA, addressed the assembled membership and honorary members of the Board of Directors, along with Frank W. Kridel and John Weinberger.

It was proposed at the meeting that the Executive Board continue to cooperate with the Firemen's Association in an effort to have the bonus program established in a permanent salary scale.

The officers consist of Deputy Chief Henry A. Winkler, President; Capt. Richard A. DeSarno, Vice-President; William D. Martin, Assistant Treasurer, and Lieutenant Henry H. Murphy, Assistant Secretary.

An informal social session followed the regular meeting.

Heirs Kehlbran and Wagner Talk

NYC Welfare Commissioner Edward R. Kehlbran, speaking at a First Friday luncheon sponsored by the Committee on Public Information, Department of the Mayor's Office, presented views on the topic of "The Scope and Activities of the Welfare Department." The program was designed to inform the public about the work of the Welfare Department, and to promote understanding and support for its programs.

UNION WANTS CEILING OFF RISES FOR SIX GROUPS

Following an appeal to Mayor O'Dwyer by the NYC Transit System's chief of staff and operations, Commissioner Quayle, the NYC Transit System's president, announced that the Union had been granted permission to recommend a wage increase of $10,000. Mr. Murphy is now filling the position of Commission, and the Department is appointed as a result of the policies of the Commission. The reasons for the increase are as follows:

The Fire Commissioner, appointed by the Mayor, in cooperation with the Board of Fire, the largest unit organization, will be able to carry on successfully the operation of the Fire Department.

The matter of the proper chain of command within the Bureau of Fire, the largest unit organization, in its relation to the policies of the Commission, is to be handled by the Board of Fire, the largest unit organization, in its relation to the policies of the Commission.

The need for a third Deputy Fire Commissioner, as proposed by the Mayor, in cooperation with the Board of Fire, will be handled by the Board of Fire, the largest unit organization, in its relation to the policies of the Commission.

For Veterans Only!

The legislative agenda for the current session of the New York State Legislature includes several bills that benefit veterans. These include:

1. The creation of a new veterans' benefit program, which would provide a monthly stipend for veterans who served in the military during World War II or the Korean War.
2. The establishment of a new veterans' healthcare program, which would provide comprehensive healthcare services to eligible veterans.
3. The creation of a new veterans' housing program, which would provide funding for the construction and renovation of affordable housing units for veterans.
4. The extension of existing veterans' benefit programs, such as the GI Bill, to include veterans who served in the military during the Vietnam War.

Report of Arthur Meyer,

Head of the State Medial

Board.

Why does it take the City Record so long to answer inquiries?

We are sorry for the delay in answering your inquiry. We have been experiencing some difficulties with the New York Telephone Company, which has caused some delays in our mail service.

The Federation of Public Works has been receiving praise for their service, and it is hoped that they will continue to do so.

A Service Needed By Annuities

The abrupt change from busy work for the Federal, State, or city government, to complete inactivity such as can mark retirement on an allowance, sometimes carries serious, and even fatal, effects. The administration of the retirement systems in the three levels of government should be supplemented by a guidance service to present and prospective annuitants, so that they will fit the new condition without delay.

Such a service would greatly enhance the value of a retirement system to its members and annuitants and add considerable respectability to the Federal, State, and city Civil Service retirement employment. Since a pension is a form of deferred payment, liberalization of the rules for the receipt of greater happiness to annuitants and a longer span of life in which to enjoy that happiness. Annuities now need such help. The future of the Federal, State, and city Civil Service retirement service therefore should be instituted without delay.

Railway Mail Men Get Deserved Break

RAILWAY mail employees may now have lunch on Uncle Sam's time and work on his dime, and the half-hour eating period is included in the 8. That's fine!

It is a long overdue improvement of working conditions. Now the idea should be put into practice generally in the postal service.

A two-day conference of the officials of the Second Assistant Postmaster's bureau in Washington, Gall Sullivan approved of the elimination of lap service in terminals, air mail bags and the like, and—just like the Railway Mail Association—by the Railway Mail Association at a conference held in Chicago last April. Instructions will be issued to provide for an 8-hour tour of duty commencing at the time the clerks enter the service.

In announcing the new tour of duty, Salvatore A. Graziano said: "This is the first step toward the elimination of lap service in terminals, air mail service and the like."

More State Pension Benefits

Editor, The LEADER

The article in the New York Times (Nov. 24) on the increasing number of state employees who are eligible for retirement benefits is cause for concern. It suggests that the current system may be inadequate to meet the needs of the future.

There is no doubt about it, that the system needs rethinking and an increase in contributions by all those who have been contributing for 20 or 30 years. Surely their re-wards are greatly inadequate.

In my opinion the state needs a much smaller number of elected officials to run it, and I'm quite sure that the legislature would adopt such measures if they were necessary.

Senators to Study U. S. Examiners, Pay

And Low Pensions

By William Langer

Chairman of the Senate Post Office and Civil Service Committee

The field of public service has long held a deep interest for me, and the Federal Civil Service is one of the most important and with women and abilities as we make it, I believe that every person working in the Federal Civil Service should receive generous retirement benefits.

Uncle Sam can provide and in return the employee must work for the right tempo of the Congressional union is being stepped up, so that for at least 40 years we may be working as efficiently as possible.

For instance, we do not want any answers to serve on committees as far as possible. In this manner, our Senate Committee will acquire considerable knowledge of the problems that are generated on the basis of the background best suiting them to such employment. This means that the Federal Civil Service, through the law, is being paid by increasing the staff in the Law Division to get enough lawyers in the Division to prepare all defenses well and to have the answers.

The Senate proposal now is to establish a Civil Service Retirement System as Tax Commissioner.

We are not too sure that the Civil Service Act of January 16, 1883, under which the Civil Service Commission was created, is the law by the way from the beginning, to meet modern requirements.

The law as amended should be incorporated into law while others should be eliminated. In this direction we must treat each of the facts involved separately. The Act looks forward to holding joint hearings of the House and Senate Committee on Civil Service in the field of the Civil Service and the like.

There have been some questions about the cost of the Civil Service, and an official of national housing and building associations has indicated that some day he can become a postmaster— or even Postmaster General. These are but a few of the questions that are expected to have the answers.

We hope to save New York State Will Be Made

Examining techniques for civil service examinations will be studied, an abandoned effort to find the cause of the fact that staff asks questions in way that will indicate how we are doing in the field. After we have a complete picture will be time to pass judgment.

The State Commission of Trade and Industry issued its report on the status of women in the labor market today.

In a report to the 101st U.S. Congress, the commission found that women are making significant progress in the labor market, particularly in traditionally male-dominated fields.

The report noted that women now hold a record number of jobs in the fields of engineering, medicine, and law, and that they are also making inroads in fields such as manufacturing and construction.

The commission recommended policies to support women in the labor market, including increased funding for education and training programs, and greater access to affordable child care.

The report also called for the government to take action to address the gender pay gap and the underrepresentation of women in positions of leadership.

The commission's full report can be found on its website.

Under The Helmet

A seventeen-year-old boy is being held for questioning in connection with what police believe to have been an attempt at burglary in the second floor storeroom of the Hotel Commodore. A valuable painting was removed from a cabinet in the room, but police held no hope of recovering the picture as a result of the investigation into the matter of the latter prevented further pursuit.

Acting Lieut. Harold A. Shaw, D.H.C., president of the Hotel Commodore, is sincerely hoping that he will be able to continue his personal visit to the Society of the Civil Post at the meetings of the Hotel Commodore.

Edgar E. Yager, Spiritual Director of the Brooklyn Fire Department, has been named to take over theiesponsibility of the hotel occupant at the hotel in the absence of the recently married Miss Eleanor P. Costeloe, former Chaplain of the Society. The marriage will take place at the R.C. Church and Hotel Commodore, Grand Ballroom, this evening, the significance of the occasion being further emphasized by the fact that Mr. and Mrs. Yager, both of whom are members of the Society, have been united with the Public of America and Legion.

Fuscan DePaul of 24 Truck rescued seven men from a fire in their apartments at the address of 24 Park Avenue on the 14th floor. The fire was started by a shortcircuit in the electrical wiring of the room. The fire spread rapidly to the adjoining rooms, but the men were rescued from the burning apartments without serious injury.

Deputy Chief William Hogan of the New York Fire Department, who was severely burned in the fire, was able to leave the hospital after a short period of convalescence. He is expected to return to his duties within the next few weeks.

A boy, who was walking on the street near the fire, was almost hit by the falling items which contained several bottles of gasoline. He received only minor injuries.

The fire occurred in a building at the address of 24 Park Avenue, which was occupied by the Hotel Commodore.

The fire is believed to have been started by a short circuit in the electrical wiring of the room. The fire spread rapidly to the adjoining rooms, but the men were rescued from the burning apartments without serious injury.
