State Job Interview List
To Be Issued in November

ALBANY, Aug. 14—The DEP has been informed that the Employment Interviewer list will not be ready until November. Meanwhile, with growing industrial need, employees in this title are greatly overworked.

The examining division of the State Civil Service Commission reveals that names of those who took the exam in June are being sent, in alphabetical order to the Division of Placement and Unemployment Insurance for temporary appointments.

Private employees will be hired on a temporary basis as of August 31. Those on the list will be assigned to positions now vacant.

The examiners of the Commission are requested to be strictly neutral in all Association election contests. They can properly urge members to vote but cannot properly ask them to vote for any particular candidate.

"This is important. Please keep this in mind until the Association election is over."

A resolution honoring J. Allyn Stearns, third vice-president of the Civil Service Employees Association, for his work on behalf of Westchester County and state employees was passed at the minutes of the quarterly meeting of the Westchester chapter in White Plains last week.

The resolution, read by Anne F. Moore, director of Public Health Nursing and first vice-president of the chapter, and unanimously seconded, follows:

"In recognition of the sincerity, diligence, and marked success of the efforts of J. Allyn Stearns on behalf of Public Employees and his personal efforts in making these efforts, which have brought marked benefits to the employees, Westchester chapter of the Civil Service Employees Association hereby proclaims J. Allyn Stearns for more than 23 consecutive years of unswerving devotion to the interests of Public Employees and for his constant alertness and unyielding support of the needs and the welfare of all public employees.

"And Westchester chapter wishes to express its appreciation of his achievements in being largely responsible for the increased salaries and working conditions of Westchester County and, having favorably influenced those of neighboring communities; for having stopped threatened pay cuts for County employees who were having Westchester repudiated; and for his constant alertness and unyielding support of the needs and the welfare of all public employees."

Sample Test Booklet Not Yet Ready.

The booklet was prepared by E. Edward, president of the State Civil Service Commission, as a means for the many and persistent requests from exam-takers that past examinations be thrown open to the public for study. Thomas Rosamund, Director of Examinations, opposes making old exams public. He sometimes uses the questions over again.

When the booklet finally appears, it will have typical examination pages, similar to those given in the training manual, of the same type of occupations. There will be 60 questions, each worth full points, and the reader will be able to take the test, and grade himself.

From present indications, the next group of Patrolman (P.I.A.) applicants will be probably on October 1 or soon thereafter. The number was not estimated, but last time 500 were applied, leaving about 1,500 the present eligible list. This class of 500, now at the front of the list, will be examined at the end of next month.

Meanwhile the physical tests for the new Patrolman exam have been practically completed. These were held in Van Cortlandt Park on September 15. The tests are an abundant eligible list, probably around 5,000. The NYC Civil Service Commission had hoped for a new list to replace the old one, but it is now possible that there will be no need for holding another Patrolman test until 1953. A list of that size, it was estimated, could probably be completed in time for January exams.

Promise to Present Eligibles

The promise to present eligibles that the new Patrolman list will be made official for certification to the use of the Civil Service Commission, and that the new list will be drawn from the present eligible list, is an established fact. However, every eligible list will get a job offer.

Under no circumstances does the promise to present eligibles prevent a total of 800 patrolmen from being appointed by the City for the next two years. The number of positions open on the new Patrolman exam will be decided by the decision of the Civil Service Commission, it is estimated, to be about 1,000. At least 500 will be appointed, leaving about 500 to be filled by the new list. This new list will be drawn from the present eligible list, but the promise to present eligibles will not be violated.

As this is an open-competitive exam, disabled veterans will get 15 points added to their examination score, non-disabled veterans 10 points added to their examination score, and non-disabled veterans in the first non-disabled veteran group will get 5 points added to their examination score. The promise to present eligibles will not be violated.

The Police Department will remain in the position of making appointments, promotions as follows: 9 lieutenants, 16 sergeants, 467 patrolmen, 127 clerical positions, 30 patrolmen, 44 medical positions, and 87 clerical positions will be filled by the new list.

After the above named defendants: 9 lieutenants, 16 sergeants, 467 patrolmen, 127 clerical positions, 30 patrolmen, 44 medical positions, and 87 clerical positions will be filled by the new list.

Tunnel Officers Want To Be Like Cops

The NYC bridge and tunnel officers who applied for police relief after last week want one thing basically:

Paying police officers.

Today they don't have the power of a court; they are paid much below the court, they have taken rigorous examinations for their positions, and they consider themselves one of the most neglected groups in City service.

In a dramatization of their plea for a pay increase, 39 veterans who are Bridge and Tunnel Officers of the bridge and Tunnel Authority appealed to the Department of Welfare for supplementary relief. Their present pay is $3,500 but the Transport Workers Union stated that some of the men have as little as $54 a week in take-home pay.

To the Department of Welfare's office administrator, Mrs. Rebecca Shalow, sent data by the Veterans Certifying Board, and told them to go to the Department of Labor's office for final processing. Department of Labor procedures require the men support, there was a likelihood that some of the supplementary relief would be denied.

10-Point Program

The men carried2 card in which Chairman Robert Moses of the Authority was described as putting "cooler wages." Michael J. Quill, TWU International president, headed the parade of sign-carriers.

Ellis F. Van Riper, secretary-treasurer of Local 100, T.W.U., and the average take-home pay was $16 a week. He added that the men have to pay $100 for a winter uniform.

The TWU 10-point program for improvement of the Bridge and Tunnel Officers' lot was epis-odic in summation. Also the argument was presented that men appointed as Bridge and Tunnel Officers come from the same eligible list as Transit Patrolmen and Correction Officers and therefore the pay difference was doubly unfair.

The program:

1. Adjustment of present salary scale to level of Transit Police and Correction Officers, plus additional $500 increase which will establish a scale of $3,500 minimum and $4,500 maximum per annum.
2. Standardization of scale to level of Transit Police and Correction Officers.
3. Restoration of full quota of lateral transfers to Transit Patrolmen.
4. Establishment of Labor Relations and grievance procedure.
5. Annual increments of $250 until maximum of $4,500 is reached.
6. Restoration of Police Officer status.
7. Eleven paid holidays. Oftentimes these days are not observed.
8. No work assignments out of title.
9. Pull pay for sick leave on days of absence.
10. Retirement at half after 20 years of service regardless of age.
