DR. GILBERT DALLDORF, M.D.

GILBERT DALLDORF, M.D., of the State Health Department, has made contributions to public health that have been recognized this year with an award bearing his name. This is this year's Harold J. Fisher Memorial Award.

At his funeral, Dr. Gilbert Dalldorf's work was praised for its contributions to public health. His dedication to the field of medicine was recognized with numerous awards, including the Harold J. Fisher Memorial Award.

The award, given in memory of Harold J. Fisher, is presented annually to an individual who has made significant contributions to public health. Dr. Dalldorf's work in the field of epidemiology and infectious diseases earned him this honor.

Dr. Dalldorf was born in Davenport, Iowa, and attended the University of Iowa, where he received his M.D. in 1924. He then returned to Iowa to practice medicine, where he remained for the rest of his career.

In addition to his work in public health, Dr. Dalldorf was also a respected pathologist and medical historian. He was a member of numerous medical societies and was a frequent contributor to medical journals.

Dr. Dalldorf is survived by his wife, two children, and a large number of friends and colleagues who will miss his kind and devoted service to the field of medicine.
Report on Recent State Pay Appeals

ALBANY, June 4 — Reporting the results of salary reallocations recommended by Blackie L. Campbell, director of the Civil Service Department and is held by Charles L. Campbell.

Less fortunate were the directors of the departments of Education and Agriculture. Mr. Campbell recommended that both be increased upward, but the budget director refused to approve.

The Director of the Civil Service Examination Department, Mr. Campbell, recommended that with the $40,000 increase, the budget director refused to approve.

Decision Expected in Month On Public Works Pay Raises

Salaried Appeal Deemed Among Most Brilliant

ALBANY, June 4—Decision expected in mid-month on a federal government's pay raise appeal of salaried employees for grades 10 to 16 in the State Department of Public Works is stated to be the most brilliant case of its kind ever heard before the civil service commission.

Representatives of the men, coming from all parts of the state, were given an analysis of the appeal, which increased their representatives of the men, coming from all parts of the state, were given an analysis of the appeal, which increased their

Following a brilliant presentation of the case for upgrading, under the direction of John J. Kelly, Jr., assistant counsel for the State Employees Association, and the New York State Federation of Labor, both backers of the demand, increased salaries in 12 categories, Mr. Kelly stated, "I wish to congratulate you on your presentation, and assure you we will give every consideration to this very large matter. You must realize that this appeal has great financial implications, and that it will have a definite effect upon other professional groups in state service."

Array of "Witnesses"

Top State officials, an engineering college placement officer, the president of a nationally famous public engineering firm and an official of the New York State Society of Professional Engineers were among the speakers permitted by Counsel Kelly to testify on the appeal.

We have insufficient forces to man our squad, and to prevent obtaining men from the colleges," said Charles L. Claryson, a Syracuse engineering college professor.

"We should have more engineers to man our squad, and to prevent obtaining men from the colleges," said Charles L. Claryson, a Syracuse engineering college professor.

Comparison With Industry

Mr. Hollister, speaking as general counsel of the State Employees Retirement System, pointed to the fact that similar protests, as those of the engineers, were heard in other states. He stated that the public service employees were more well-provided than any other comparable group.

Two Assn. Charts Get Together, Start a Third

ITHACA, June 4—A joint meeting of the Civil Service Employees Association and Ithaca chapter of the Department Employees Association was held in this city tonight on the subject of a combined chapter. A third chapter of the词, is the decision expected in mid-month on the public works pay raise question.

J. T. Brown also discussed the fact that the appeal for the primary purpose of raising the pay of departmental employees was considered by the Civil Service Commission.

"The public service employees are forming a Tompkins County chapter, to include non-teaching employees in the lower bracket titles in state service, with the Department of Public Works, are presented to the State Employees Retirement System, and the Department of Public Works.

Mr. Hollister then asked those in favor of organizing the chapter to raise their hands, and those opposed to raise their hands. Those in favor were then asked to serve on the steering committee. The steering committee was then organized.

BUFFALO STATE HOSPITAL

THE REGULAR monthly meet-
ing of Buffalo State Hospital chapter, CSEA, was held on Thursday, May 17, in the social rooms. Thomas Canty, a field man for the State Hospital, presented Mr. Canty with a gift in hopes that anyone would feel free to call upon him for help in any of their group insurance inquiries.

CSEA, the Customs sec-
tion was a resolution adopted by the Chapter asking that the Dep-
artment of Mental Hygiene re-
duce allowances to outpatients on violent and unsteady wards (the former extra pay wards) one-half per cent. This was during the coming months and many employees feel that it is not fair that the patients violent and unsteady wards who had reached their maximum pay or receive as much as $200 per year more than employees working alongside doing so much work and taking so much risk.

The Buffalo chapter will con-
tract all State hospitals and State schools seeking support in at-
tempting to restore the extra-
payments. It was pointed out that the situation was getting short and that such short-term payments would have more work on the employees working on permanent wards.

Plans for a chapter family picnic are being made. The picnic will be held in the Bedford Park in August. Numerous quarters were decided to plan the picnic. The committee hopes to hold the picnic at Grand Island, where they will have the opportunity to bathe, boat, and other accommodations.

The June meeting plans details and the date will be available for the chapter's June meeting.

A Membership Committee re-
duced the report of the Chairman Thomas Ditto. The report showed that about 10 new members had re-
joined along with 165 new mem-
bers bringing the membership to the all-time high of 2,197. With the addition of 100 new members, the chapter now has 28 per cent of the permanent employees population.

From all departments the percent-
age of membership in the Buffalo State Hospital chapter will be among the highest in the state.

MADISON

The regular monthly meeting of the Board of Directors, Madison chapter, CSEA, was held on Thursday, May 26, in the Ocmulgee Senior High School, Norman L. Lott, president, presided over the meeting.

At the opening of the meeting, Mr. William F. Witter, Chairman of the Membership Committee, reported three new members in the past month. Mr. Lott presented the latest information on the proposed constitutional amendment to permit the Legislature to increase pension of retirement personnel in New York State. One particular case which was discussed was that of a teacher in Madison County who retired in 1936 and has an annuity based on her monthly retirement payment of $35. It was agreed that all of these cases should influence themselves on this subject since the amendment will come up before this November.

A meeting of the directors will be held in each of the summer months in the Ocmulgee Senior High School. The June meeting will be held at 8 o'clock, on Thursday, June 28th.

Schenectady

ELECTION of officers for the Schenectady chapter, CSEA, took place on May 28, at the Knights of St. John's Hall, Schenectady. Henry E. DePooter was elected President; Mark H. DePooter, Secretary; James A. Winkler, 2nd vice president; Emilie Madge DePooter, 3rd vice president; Blanche L. DePooter, treasurer; Clifford E. Irwin, Chairman representative on the County Executive Committee.

The new officers were installed and the Board of Directors have begun planning for the annual Red Cross Campaign.

Big Lessons in P. W. Pay Appeal

It will be well worth your while to read in full the story appearing on Page 3 in this issue dealing with the salary appeal of employees in the State Public Works Department. It will bear your consideration whether or not you work for that department; and it will be of especial significance to you if you are a high official of State or local government, or a legislator.

Why? Because you have here, in capsule form, and brilliantly presented, the whole story of wages in our time; the relation of proper salary to the proper performance of public duties, and what the story of private industry's competition for manpower means.

The array of speakers, marshalled by John J. Kelly, Jr., assistant counsel for the Civil Service Employees Association, like witnesses in a court of law, were experts, each of whom could tell a little part of the total story; the State employees themselves, departmental officials, experts from private industry, salary economists. And in logical, integrated fashion, they revealed that—

The State, paying its engineers insufficient salaries, must give contracts to outside consultants, whose cost is greater than would be the cost of adequate salaries and whose use is less efficient than would be the same work done by regular, well-paid staff of wages in our time; the relation of proper salary to the proper performance of public duties, and what the story of private industry's competition for manpower means.

The State has made studies for necessary projects covering a period of 10 years—but can't get employees to fill the vacancies. A canvassing of graduates of five engineering schools brought no results. Salaries too low.

The salaries paid by government are "a direct invitation to private industry to increase its raids" on public employees.

In some areas, the underfunding is listed as 67 per cent.

We like the way the salary presentation was made; it stands as a model for other employee groups in presenting their salary cases. We do not see how, on the basis of the facts revealed, the Classification and Compensation Division can do otherwise—with the Budget Director concuring—than grant the raises asked. But we think that even deeper than this is the necessity of recognizing that government must re-think the whole question of employee pay, so that its own services—which are, after all, the people's services—shall not be impaired.

Groups back tax-free pensions

Public employees, noting the opposition of the N.Y.C. Board of Transportation to Federal income taxation of certain supplements to their pensions, which pay for non-profit activities, have spilled the story that exemptions of public employee pensions should be voted, at least on the same basis that social security annuities now enjoy.

Social Security annuity is free of income tax for the full amount, whatever it may be now or in the future. The pension primary benefit under the Social Security Act is a $1,800 a year.

Thus, if the tax increase recommended by the House committee is enacted, an ex-public employee, retiring now, would have to get a $2,400 retirement allowance, to equal the net benefit of an $1,800 Social Security pension. Also exemptions are now given to Railroad Retirement Law pensioners. The maximum pensioner's income tax is $1,440.

Koch in Front of House

Representative Eugene J. Koch, of Brooklyn, who has been active for years in attempting to extend public employee pensions exempt- 19 introduced a proposed amend: ment to the pending tax bill, to include public employee pensioners, but without success. Now all other bills are staked. Koch's employees group to force the tax increase recommendation to the House committee. Then Koch plans to introduce the proposal in the House for a vote. Representative Koch is in all favor of that.

Van Name of the NYC Employees Retirement System, Mr. Koch, and sent copies of the letter to Presi- dent Truman, Group of the Treasury Snyder and others, stressing the need for immediate and emphatic action. Mr. Van Name has long been a leader in the fight to obtain the exemption.

A.T.A. Opposes Exemption

The Civil Service Employees Association is on record in favor of previous similar proposals of Mr. Koch, but it is expected it will try to get the tax increase to the House committee. The Association's members are employees of the federal government and of other local governments.

Mr. Van Name in his letter calls on Mr. Koch's colleagues from NYC to get the effort to get the exemption enacted.

"I am told the example of two of bus drivers, one of them employed by a private line in the Bronx, who is now working for the Board of Transportation, is showing how, under the present tax rates—which are destined for Federal, State and Local governments, and at least equal to the proposition of the House for a vote, Represen tative Koch is in all favor of that.

"By reason of the committee's action yesterday in rejecting the Koch amendment," retired bus drivers on the Third Avenue line, and $3,600 Income.

Big Meeting of Mt. Vernon Employees Planned for June 12

A city-wide meeting will be held in Mt. Vernon on June 12 for all employees of the Association, and its plans for the building of the Veterans of Foreign Wars Post 595 at South Avenue, Mount Vernon.

A representative of the Association will be on hand to answer any questions that may arise, and members of the Association will be present.

Annual Meeting Of CSEA to Be Held on Oct. 2

ALBANY, June 4—The regulations and procedures of the Civil Service Employees Association will be discussed at the annual meeting of the CSEA on Oct. 2.

Members who have not yet submitted their applications for the meeting are urged to do so as soon as possible.

Grievances, Rates of Pay

ALBANY, June 4—Annual salaries for all per diem-covered employees, overnight beyond the 40-hour work week, and every evidence indicated a large turnover for the meeting. The purpose of the meeting is to discuss the plans for the building of the Veterans of Foreign Wars Post 595 at South Avenue, Mount Vernon.

The pay raise campaign of the United Fire Officers' Association of NYC has the backing of the International Association of Fire Fighters, which will co-operate with the State American Federation of Labor and the Civilian Trade and Labor Unions of the city.

On Tuesday, the women's division of the CSEA will meet at the CSEA headquarters at 1440 Broadway to review grievances and rates of pay.

TRANSFER TO CIVIL SERVICE

A TRANSFER is the act of moving a former employee from one department or unit to another department or unit to do the same work under the same title, or the same or similar title. A transfer from one department or unit to another, together with all employees, in such a case, the em-
ployee has the right to serve in the department in which he transferred, and the depart-
ment head may not refuse to receive him into that department.

Department heads have the power to transfer employees from one place to another within their department, or to another department, with or with-
out the consent of the employee, so long as the transfer is for the same work under the same title, or the same or similar title.

The law provides that transfers require the approval of the head of the department and of the civil service commission, or the civil service commissioner, as the case may be, over the position. Such ap-
