State Mileage Allowance Is Increased to 8c from 7c

ALBANY, July 30 — The State Comptroller J. Raymond McGovern has announced that effective August 1 the mileage allowance per personally-owned cars used by State employees on official State business will be increased to eight cents a mile from seven. The owner of the car will be required to carry minimum liability insurance coverage of $15,000 and $20,000. The mileage allowance also covers garage costs.

Ann: Had Asked Increase

Comptroller McGovern's approval was made to Hay H. Mckay, chairman of a special committee of the Civil Service Employees Association. The Association had requested a higher allowance necessary for the reimbursement of operating expenses brought about by the difficulty the department had made a thorough study of the situation and that the study had confirmed the need for an upward adjustment in mileage allowance.

Association Presented Facts

The Association committee presented factual material based upon actual automobile operation and upon findings of business and industrial groups. Jesse B. McFurland, president of the Association, and Mr. McKay expressed appreciation of the action of the Comptroller and his staff in going into the situation so thoroughly and in approving the increase.

The Association committee included Mr. McKay: Arthur W. Bloom, State Department of Public Works; M. O. Osborne, State Education Department, and Frank J. Smith, State Department of Health.

Chaplains, Guidance Men Get Pay Rise

ALBANY, July 30 — Salaries of chaplains and guidance supervisors in State institutions will be raised on August 1. This has been announced by J. Rari. Kelly, director of Classification and Compensation, State Department of Civil Service.

Chaplains will be raised three grades, from $2,846-$4,089 to $4,381-$5,964. There are 30 such positions.

Guidance supervisors will be raised one grade, from $2,846-$3,539 to $3,990-$4,731. There are eight positions in this title.

Although the emergency compensation granted to policemen and firefighters in the Village of North Pelham was granted with the proviso "not to be considered as part of compensation," the issue became a precedent. Supreme Court Justice Brennan in Brooklyn, in the policeman's case there was no proof he was entitled to a half-pay pension. The Police Pension Fund of North Pelham granted him $1,200 for emergency state compensation. The Court last week decided in favor of including the emergency compensation in the pension computation.

John F. Powers, State Insurance Dept. and Robert L. Soper, Mental Hygiene, were nominated to the president of the Civil Service Employees Association, and upon findings of business and industrial groups.

The full list of candidates follows:

Officers

President — Jesse B. McFarland, Social Welfare.
1st Vice President — John P. Powers, State Insurance Dept.
2nd Vice President — Sidney Alexander, Mental Hygiene.
3rd Vice President — J. Allyn Stetina, Westchester County.
4th Vice President — Ernest L. Conlon, Alcohol Beverage Control Board.
5th Vice President — Joseph F. Prieto, State School for the Deaf.

State Department

Commissioner — Agriculture and Markets — William C. Vandivere, 1st Vice President, and Cornelia E. Davia, 2nd Vice President. All picked from the Civil Service Employees Assn. Had asked increase.

A NYC employee recently won a decision in the Municipal Court upheld by the Appellate Term. He was entitled to a half-pay pension. The Police Pension Fund of North Pelham granted him $1,200 a year. He was entitled to a half-pay pension. The Police Pension Fund of North Pelham granted him $1,200 a year. He was entitled to a half-pay pension. The Police Pension Fund of North Pelham granted him $1,200 a year.

Arnold Wise

Candidates Nominated For Assn. Office

McFarland Heads List: IndependentChoices Still Open

ALBANY, July 30 — A slate of candidates for 1951-52 office in the Civil Service Employees Association has been announced by the organization's nominating committee. Jesse B. McFarland again heads the roster.

James V. Kavanaugh, nominating committee chairman, stated that independent nominations would also be accepted, to be submitted in writing by an individual, or group of five persons, to the nominating committee, by the first of October.

The full list of candidates follows:

Officers

President — Jesse B. McFarland, Social Welfare.
1st Vice President — John P. Powers, State Insurance Dept.
2nd Vice President — Sidney Alexander, Mental Hygiene.
3rd Vice President — J. Allyn Stetina, Westchester County.
4th Vice President — Ernest L. Conlon, Alcohol Beverage Control Board.
5th Vice President — Joseph F. Prieto, State School for the Deaf.

State Department

Commissioner — Agriculture and Markets — William C. Vandivere, 1st Vice President, and Cornelia E. Davia, 2nd Vice President. All picked from the Civil Service Employees Assn. Had asked increase.

A NYC employee recently won a decision in the Municipal Court, upheld by the Appellate Term. He was entitled to a half-pay pension. The Police Pension Fund of North Pelham granted him $1,200 a year. He was entitled to a half-pay pension.
ALBANY, July 30 — The State Equalization and Assessment Board was faced with the problem of copying thousands of pages of records and maps in 90 different counties and sending them to each town assessor at a cost of $2,800 on the one project where the time required is 40 cents. In addition, no more than $20,000 can be placed directly on the page to be reproduced to a place to be reproduced, and the size of the equipment is complete. The cost of thus reproducing a full page of Assessment Roll is 9½ cents. By other methods the cost would rise close to 60 cents. In addition, a specially trained personnel are needed to operate the device.

Officials in the department have estimated that Miss Pency's novel idea has saved the State $2,800 on the one project where it has been employed. Greatly increased economies are anticipated as the equipment continues to be utilized.

The New York State Employees' Credit Award Board in recognition of Miss Pency's outstanding accomplishment granted her an award of $200 and a Certificate of Meritorious Service.

Western Conference Committee is Named

RED HOUSE, July 30 — Noel P. McDonald, president of the Western Regional Conference, has announced the committee appointments. The auditing committee consists of Miss Gladys R. Morrow, Thomas Indian School, chairman; Herbert Myers, Governor State Hospital, and Kenyon Thiem, Allen State Prison.

Chapter Activities
THE CIVIL SERVICE LEADER

Continued from page 4

Around the Binghamton chapter Field Day was an opportunity for the public to learn about Civil Service and to meet Civil Service employees. The Day was held at the Pine Camp on Susquehanna River behind联邦.

Games, television, scavenger hunt and picnic were enjoyed during the afternoon. Memory retained a picture or quiz, tasty salads, and various other types of food. The event of the Afternoon included a special feature of the Binghamton chapter President, Mrs. Krupa of Cornell University. Mrs. Krupa was the moderator for the day, and she emphasized the importance of the Binghamton chapter's role in promoting a better understanding of the Civil Service.

The chapter officers included: President, John J. McFarland; Vice President, Joseph Lever; Secretary, Charles Marlos; Treasurer, Charles H. Blake, and Assistant Treasurer, Robert Storr.

The chapter's committees included: Finance, Education, and Nominating.

For more information on the Binghamton chapter, contact the chapter at 47 Duane Street, New York, N.Y. 97.

**U. S. List for Clerk Is Out—Fast Hiring**

The Second Regional Office of the U. S. Civil Service Commission, of which James E. Russell is director, has established the eligible list for Clerk, as the result of the recent exam in which about 7,000 competed. There are about 4,000 names on the list.

It is expected that the entire list will be exhausted within a year. This arises mainly from defense activities, which are providing more and more clerical jobs and the intention of the Federal Government to go ahead with its emergency preparations, regardless of the outcome of the present Congress. Taking into account all of these factors, the list will be exhausted within a year.

---

14. Junior Architect, (Prom.) Department of Public Works, Grade SR4, $2,774 to $2,954, for those with experience in building design and construction. (Closing Sept. 26)
Pay Justice Asked for Heating Steno

ALBANY, July 30 — Another stenographer at the State Budget Bureau, Mr. E. A. McDuff, President of the Civil Service Employees Association, for State Budget Director T. Norman Miller, asked the Legislature for a hearing on the stenographer salaries.

"The department, although it has 33 stenographers, has not been able to attract any of its employees," Mr. McDuff said. "It is true that the salaries are not as high as some of the outside departments." He added that the stenographers are as well qualified in this regard as the others. "They are all well-educated and have had many years of experience," he added.

This group has suffered serious economic loss by reason of the failure to cover salaries of the type clerical employees, to a level which all of the facts in the history of the department, Mr. McDuff told the Budget Committee, "are a matter of law, even though there is no precedent for it in the records of wages.

Mr. McDuff said in conclusion that "there is a demand for a cover letter application for the employment services which is a matter of interest and social and governmental worth and that Mr. McDuff is a concern and substantial..."
Assistant Foreman Study Material

(Following is the second installment of THE LEADER’s study material, the section headed the promotion to Assistant Foreman, NYC Department of Sanitation. For this reason, the first installment was published last week in The Washington Times. The work will be continued weekly, including the very day before the test.)

Candidates should know that the various positions in the department, its powers and duties, and something concerning the keeping of the streets of the City clean.

The basic authority under which the NYC Department of Sanitation operates, and the details of Chapter 31 of the City code is found in various sections of Chapters 10, 11, 29, 31, 32, and 33 of the Title II, Vol. II of the NYC Consolidated Version of City Code.

Sections 776-777 define the powers and duties:

1. The sweeping, cleaning, and spraying of streets and alleys, and streets in the Boroughs of Queens and the Bronx.
2. The cleaning and flushing of streets in the Boroughs of Queens and the Bronx.
3. The sprinkling, flushing, washing, and cleaning of streets in the Boroughs of Queens and the Bronx.
4. The regulation of public sidewalks and gutters in the Boroughs of Queens and the Bronx.
5. The accomplishment of any and all other work connected with the improvement and cleanliness of streets in the Boroughs of Queens and the Bronx.

In the re-organization of the department, the three basic branches established were: Administrative, Operations, and Staff.

One of the duties of an Assistant Foreman, described in last week's installment (issue of July 10) was to take the roll-call. Here's how it should be done:

1. Roll call should be conducted in a thorough and prompt manner by the assistant foreman, without delay.
2. The assistant foreman should be conversant with the alphabetical position of the names in the time book.
3. The purpose of a roll call is to verify the attendance of employees, to record the time of their arrival and departure, and to determine whether or not they have performed their particular duties.
4. The assistant foreman should note in the time book the presence or absence of an employee, inserting his name at the appropriate time.
5. Pre-arranged work status notes should be given employees with provision made for absences.
6. The officer should make certain that the list of employees is clear and distinct, and that the foreman understands the list.
7. At the ending of a roll call, the assistant foreman should check the records of employees reporting for work.
8. The assistant foreman should be able to recognize the signature or name of any employee, and be able to call attention promptly at designated roll call times, and for pre-arranged signals.

For the maintenance of discipline, roll call should be conducted in a thorough and prompt manner by the assistant foreman, without delay.

The assistant foreman should be conversant with the alphabetical position of the names in the time book.

The form of the report should be such that the assistant foreman should be able to quickly locate the name of any employee, and be able to call attention promptly at designated roll call times, and for pre-arranged signals.

For the maintenance of discipline, roll call should be conducted in a thorough and prompt manner by the assistant foreman, without delay.

Pittance Pensions—What's Being Done to Give the Needy a Lift

By H. J. BERNARD

The voters of the State will decide at the general election on November 6 whether the State Constitution should be amended, so that those pensioners who are disabled in the performance of their duties and whose compensation is inadequate to enable them to maintain themselves, and those aged 65 or over whose pensions are not adequate to maintain their health and comfort, may receive additional benefits from the State. It is estimated that more than 300,000 people are entitled to these benefits, and that the cost of granting the aid will be about $3,000,000. The pension reductions which have been made in the last few years have already resulted in a substantial diminution of the funds which would be available for the payment of these pensions. The amendment would provide that the increased costs should be borne by the State, and that the money for this purpose should be taken from the State's General Fund, which is at present estimated at $50,000,000. This would be a substantial relief to those who are now living in poverty or near poverty, and who have been burdened with the cost of maintaining themselves and their families.

There are, however, some who worry about the alleged increase of the State's debt. This is a matter of great importance, and we shall have more to say about it in a later issue. Meanwhile, we should not lose sight of the real need for this relief. The amendment is not a mere publicity stunt, or a device to secure votes for the amendment. It is a just and necessary measure, and we urge all those who are interested in the welfare of our fellow citizens to support it.

The proposed amendment, if adopted, would provide that the State shall give a pension to any person who is a veteran of the Civil War, and who is 65 years of age or over, and who has not received a pension from any other source. It would also provide for a pension to any person who is a veteran of the Spanish-American War, and who is 65 years of age or over, and who has not received a pension from any other source. The amendment, however, would not affect the pensions of those who have already received pensions from the State, or who have already been granted pensions by the Federal Government.

The necessary funds for this purpose would be provided by a levy on the General Fund, and the money would be appropriated by the Governor for the purpose of providing the pensions. The amendment would also provide that the General Assembly should have the power to increase or decrease the amount of the pension, as may be necessary. We should urge the voters to support this amendment, and we should work for its adoption in every way possible.

We should not lose sight of the fact that the pensions which are now in force are inadequate, and that the amendment would provide a much-needed relief. We should work for its adoption, and we should do everything possible to secure its passage at the general election on November 6.
Impy Hears Plea For General Raise

The NYC Employee

BACK PAY of more than $100, 000 is now expected by 30 in the Clerk, Grade 2, title. Board of Education. They claimed their minimum was $200, or $200 more than the Court of Appeals recently sustained.

The settlement we reached, Mr. Brod said, would be able to offer a career to its beneficiaries.

George Boertz invites all who are on the list to attend.

The Police Eligibles Board, which is now seeking applicants for the position of Assistant Supervisor, is ready to receive applications from all eligible officers.

THE ANNUAL REPORT of the Fire Department states that 191 promotions were made during the current year. The increase is due to the fact that the Board of Pensioners, which has been in existence since 1915, has been able to offer a career to its beneficiaries.

THE REQUEST by employees of the Department of Traffic that their minimum wage be increased to $2.50 an hour, instead of the present $2.00, has been denied by the Commissioner. The test for the position of Assistant Supervisor has been made and the successful candidates will be notified.

NINE promotions to Foremen have been made by the Department of Public Works, which will also appoint 159 Sanitation Men, Class B.

SALE INCREASES for all employees in the City's public works departments have been made by the Department of Public Works. The increase will also result in the appointment of 159 Sanitation Men, Class B.

Mr. Brod mentioned the case of a sanitation man who was allowed to use a new power shovel on his own choosing. Special Representatives of the Civil Service Commission, Second Street and Illinois, are planned by the Commissioners to establish good employee relations with the men.

If his suggestion is adopted, Mr. Brod said, the City would be able to offer a career to its beneficiaries.

THE HOSTILITY of City employees toward the Board of Pensioners was indicated by the fact that the Board has been able to offer a career to its beneficiaries.

George Brodelt invites all who are on the list to attend.

PAYS Men More Under Agreement

Representatives of the Civil Service Commission have conferred with Mayor Vincent B. Murphy at City Hall on a general salary increase for New York City employees and 14 other agencies.

The Forum representatives have agreed to the Mayor's suggestion that a $720 per year raise be granted to the employees affected, and that the raise be given to them without regard to whether the men were seeking holiday pay or were fixed incomes.

The Mayor said that the settlement fully and added that effective protection control would have to be provided in the solution.

The Forum leaders also assured the Mayor that the settlement would be to establish good employee relations with the men.

Members of Delegation

The delegation was headed by Robert W. Brady, president; Fred C. Johnson, vice president; and E. Kirkpatrick, chairman.

The negotiations were to be made by the Department of Civil Service for the Town of Hempstead and the Department of Police and Firemen.

The Mayor said that the settlement would be to establish good employee relations with the men.

Grumel Seeks Good Relations With Men

The City's obligations toward its employees have been or will be given positive consideration. All the while the unrest among civil employees and the inequitableness of the Board's decision on the grievance.

THE SENATE has OK'd a bill to give the Housing Authority a 5% raise, which will result in the appointment of 159 Sanitation Men, Class B.

The hearing on the bill was held at 11:02 a.m. for approximately 300 men this means an increase of $720 per year.

The Housing Authority has made the proposal, based on the prevailing rates recently set up by Comptroller Lazarus Joseph, Jr., to give the employees a raise.

The Housing Authority has made the proposal, based on the prevailing rates recently set up by Comptroller Lazarus Joseph, Jr., to give the employees a raise.

The mayor will talk to Patterson

The plight of City employees, generally, was stated by the Mayor and said that he realized the settlement fully and added that effective protection control would have to be provided in the solution.

The Forum leaders also assured the Mayor that the settlement would be to establish good employee relations with the men.
Bus Operator Job Prospects Due to Rise

With nearly 600 provisions re-
placed, the Surface Line Operator list, a
names is about to be made by the
Borough Commissioner.

After the new appointments are
made, the problem of provisionals
in that title will be solved. As it
stands, the list is a convenient
source of vacancies for any
 subclasses. This advance will
be made immediately.

Job Prospects Rise

The Board of Education has
June 12, had 6,000 names. In the
number of positions the number
million, every eligible likely
worker is given a chance during the life of the list. How-
ever, for the last ten days to two weeks
in July 1952, the quote of bus and
truck drivers, sales and ord-
titles filled from the list, is ex-
pected to rise. This advance
will be made to the list.

The Commission expects to
begin another series of periodic
exams for promotion to Cler-
Veiling and Drainage Main-
tainer, and Cop Maintainer, Group
R. The last final report, and a
series of Transportation promotions
exam for the last group in the series
already are under way. Al-
so, applications have not been
in the new schedule, part-
ticipation in groups B, C, and
Salvation Army, in the

LAST DAY FOR STENO TEST

The last day to apply in the
present reopenings of the
Stenographer test is today Tues-
day, April 29 at 9 Duane Street
until 5 p.m.

SUGGEST you took a competi-
tive civil service exam, failed and
felt (1) that corruption, collusion, discrimination were
involved, (2) that questions were
improperly deleted from the ex-
amination, (3) that some questions
were unfair, and (4) that your own answers
were not given full credit. You
will, in better light, do better
than the answers selected by
the examiners. Suppose you exhausted all your
protection of the Com-
mission. If there are any court
errors, the court will correct.

Unsuccessful in a promotion
exam for New York and Depu-
ist, a candidate asked the Supreme Court in Al-
ways to order his paper returned
for a regrading, to use the
alternative, to throw out the

Facts Versus Opinions

The court's decision on each
of these objections was. It was criti-
cally the calculations of corrup-
tion, manipulation and papers
are supported.
