Civil Service Art Show
Starts This Week in NYC: Brilliant Exhibition on View

Welcome to our special feature on the Civil Service Art Show taking place this week in New York City! This exhibition promises to be a brilliant showcase of talent from public employees.

The show, which opened on June 4, features a wide range of visual art created by civil service employees from across the country. Works include paintings, sculptures, drawings, ceramics, photography, and more. The diversity of styles and techniques on display highlights the creative spirit within the federal workforce.

One of the highlights of the show is the work of Emily Jackson, a postal worker from Washington, D.C. Jackson's piece, titled "Postmark," is a striking portrait of a letter with the word "love" written in pencil. The artwork captures the essence of the mail service, where letters carry messages of love, hope, and connection.

Another notable exhibit is "Cityscape" by Michael Thompson, a parks and recreation worker from Los Angeles. This vibrant painting depicts the urban landscape with a mix of colors and dynamic lines, capturing the energy and vibrancy of city life.

The Civil Service Art Show is open to all federal employees, and the entries are judged by a panel of distinguished artists. Winners will be announced at the closing ceremony on June 10, where awards will be presented to outstanding artworks.

This exhibition is not just a celebration of art; it's also an opportunity for public employees to showcase their creative talents and share their passion for their work. The show runs from June 4 to June 10, so make sure to visit and support this wonderful event.

Don't miss the opportunity to experience the creativity of our public service employees! Visit the Civil Service Art Show in NYC to see the brilliant exhibition on view!

Last Chance to Join
55-Yr. Retirement Plan

ALBANY, June 2 — Jesse B. McFarland, president of The Civil Service Employees’ Association, advised all civil servants contemplating changing to the 55-year retirement plan, to do so immediately.

"Governor Dewey," said President McFarland, "has signed a bill extending the time of changing to this plan to September 30, 1952. This is the second extension which the employees of the State have succeeded in obtaining through efforts of the Association. However, this may well be the last extension.

"Those eligible to participate in this plan have had ample time in the past few years to make the change. It is not reasonable to expect the Comptroller to keep open this opportunity for conversion for an unlimited period. Therefore, I strongly advise all those employees who wish to convert to this plan to do so by September 30, 1952. If they don’t do it, they may be sorry."

U.S. Bank Examiner Test To Be Given in 36 Centers

Jobs in NYC, as well as elsewhere in New York State, will be filled from a bank examiner test for which the U. S. Civil Service Commission will receive applications until further notice.

The pay is $2,450 to start, and the grade is Class 9. The exam No. is 52-23-1 (52). Mention both the title and the number of application to the U. S. Civil Service Commission, 411 Washington Street, New York 14, N. Y. Applications may be obtained by mail, in person or by representative.

Experience Requirements

Applicants must have had at least two years’ general banking, mortgage banking, or savings and loan banking experience at the clerical level or above, or experience as a bank examiner for that period. Study at a business school showing the high school level may be substituted for experience, such training counting as 60 per cent experience. This holds for the employment of employees who have had at least two years’ experience, less, four years’ training may be substituted. The training must have been of at least six semester hours or equivalent in accounting, banking, finance, or business administration.

The age limits are 21 to 62 as of July 1, 1952. Where Test Will Be Given

Citations of the above-the date of the written test. The exam centers will be in Albany, Binghamton, Brooklyn, Buffalo, Dunkirk, Elmira, Flushing, Glenn Falls, Hempstead, Horseheads, Utica, Jamaica, Janesville, Kingston, Malone, Middletown, Newburgh, NYC, Ogdensburg, Olean, Oneonta, Orange, Patcho- kee, Peekskill, Poughkeepsie, Potsdam, Riverhead, Rochester, Saranac Lake, Schenectady, Stony- point, Troy, Utica, Watertown, and Yonkers.

This camera coupon will appear on page 2 of every edition of the Civil Service Leader for the duration of this GOOD- WILL Camera and Films Offer. Three differently dated coupons plus $2.50 will enable you to receive a 12mm camera and four packages of film plus 48 color film coupons. For full details of this great offer see an advertisement on page 8 of this issue.

Activities of Civil Service Employees in N.Y. State

Binghamton

THREE hundred members of the Binghamton American Legion held a dinner meeting of the Binghamton American Legion at the Frank A. Johnson Post, Thursday, May 2. The entertainment committee, under the direction of Commander James H. Benson, also decided to conduct an auction on an occasion with unique entertainment features. Bonghezz started with a free-for-all, in which a member of the Binghamton State Hospital was accompanied by Mr. Frank Bell at the piano. During the evening the Legionnaire from the "Curtis Quartette," Ernest V. Curran, entertained the members.

Rev. Stewart V. Curnick provided Invocation and Benediction. Mr. Harold B. Christian welcomed the meeting to the American City in behalf of Mayor Donald J. Sendt, William G. Kellogg, Jr.; vice- president, Andrew M. Ditton; financial secretary, Mary L. Weigel; del- e t e s, Mrs. Rosemary V. Bé^ Fred Donnelly, Benny Miller and Harvey Glosser, Joseph O'Brien, giving prizes to the people signing Paul Phalen. The Chapter is offer- ing prizes to the people signing their ballots, for the the people signing their ballots, for the

New members count.

Ray Brook

EMMETT J. DURE, president of the Ray Brook Chapter, CSEA, was re-elected for the seventh consecutive term. Mr. Dury was also treasurer of the Central New York Conference.

Others elected are: Vice-President, Ernest Rousso; Treasurer, Frank Haisman; Secretary, Rudi Cross, who was also elected for the fourth consecutive term.

The tellers were: Mrs. Elizabeth Gaspere, Betty Brown, Mrs. Ruth Howland of Northville, Mrs. S. B. O'Connell, and Mrs. James O'Brien, all of Ray Brook.

STATE TEACHERS COLLEGE

ELECTIONS of officers of the State Teachers College at Brockport were held on June 4th and 5th. Officers elected: Mildred J. Howlett, president; Willard Adkins, vice-president; Mary E. Proctor, treasurer; and Mrs. Mary Proctor, secretary.

Stale Insurance Fund

INTEREST in the State Fund will be increased as a result of the commission's rule recently adopted by the State Civil Service Commission. The rule, which will go into effect at the end of the year, will permit members of the State Personnel Delegation to contribute to the Fund, in addition to the members of the State Personnel Department. The new rule will increase the number of contributors to the Fund by about 1,000, and will result in an additional $10,000 in contributions to the Fund each year.

Stale Teachers College

BOCKPORT ELECTIONS of officers of the State Teachers College at Brockport were held on June 4th and 5th. Officers elected: Mildred J. Howlett, president; Willard Adkins, vice-president; Mary E. Proctor, treasurer; and Mrs. Mary Proctor, secretary.

Woodbourne

THE SIXTH ANNUAL Catholic Citizenship Conference of the Woodbourne Peace Crusade, sponsored by the Woodbourne Peace Crusade, was held at the Farm Hotel. About 200 employees and their families were present. The Conference was held in St. Mary's Church in Hurleyville.

LaValle, chairman, said, "I want to congratulate all those who have been instrumental in the success of this Conference. We have had an excellent program, and I believe that it will be remembered for years to come."}

Soelementally, we are returning to the old days when civil service employees were required to contribute to the State Personnel Delegation. This rule will provide a much-needed source of revenue for the State Personnel Department, and will ensure that the Fund will continue to grow and flourish.

SLAUGHTER, chairman, said, "I want to express my appreciation to those who have worked so hard to make this Conference a success. I believe that it will be remembered for years to come."}

Mr. Slaughter continued, "I also want to thank all those who have contributed to the Fund. Your contributions have made this Conference possible, and we are grateful for your support.

Mr. Slaughter concluded, "I believe that this Conference has been a great success. We have had an excellent program, and I believe that it will be remembered for years to come. Thank you all for your support."
The Way to Classify
Is to Classify

A classification plan for New York City civil service is approaching reality.

The major weakness has been alleviated by the recent proposal of the Griffenhagen career-salary plan. But experience shows that the classification project will be accomplished only if it is done carefully. This means that a director should be appointed who has experience in classification. It also means that the classification project must be carefully planned and executed.

The report also calls for "iron-clad" guarantees to employees against reduction in pay, and full protection of their status. There is need for new systems of classifying employees. The report recommends that the classification project be started immediately.

The work load in New York City will be ever greater.

The report further recommends that the classification project be started immediately. The report also recommends that the classification project be started immediately.

New York City moved a step closer to a new system of classification for its employees last week. A three-man Formal Hearings Board, which had been deliberating the case of a New Yorker who was discharged from the police force, made its report to the City Council.

The report of the Formal Hearings Board states that the classification project is necessary because the grading of employees is too arbitrary. The report recommends that a classification project be started immediately.

The report further recommends that the classification project be started immediately.

The report further recommends that the classification project be started immediately.

The report further recommends that the classification project be started immediately.

Where to Apply for Jobs Government Service

N.Y.C. Education (Teaching Jobs Only)—Personnel Director, Board of Education, 270 Madison Avenue, New York 16, N. Y. Hours 9:30 to 5:00; phone 9-1000. Applications also available at post offices except in the New York metropolitan area.

NYC Travel Directions

Rapid transit lines may be used for reaching the U. S. State and NYC Civil Service Commission offices in NYC: follow directions; to Columbus Ave., IND trains A, C, D, AA or CC to Chambers Street; IND Lexington Ave., IND trains A, B, C, D, AA or CC to 33rd Street; IND trains B, C, D, AA or CC to Brighton local to City Hall.

Advanced Commission—IND Seventh Avenue local to Christopher Street station.

At Application By Mail

Both the U. S. and the State issue application blanks and require that you sign a statement, or place a deposit for us mail, on the job, or deposit by cash, check or money order. We do not enclose return postages. If applying for State jobs, enclose 6-cent stamp. If applying for NYC jobs, enclose 1-cent stamp. When making application by mail, each office will mark off the postmarks as of the closing date. The office does not, but requires that you file your application as close to the closing date as possible. Applications for delayed registrations may not be accepted. NYC residents should actually do their filing at the office of the Civil Service Commission nearest them.

NYC does not issue blanks by mail or receive them by mail, except for nationwide tests, and then only when the exam notice states so.

NYC requires that you file your application at the office of the Civil Service Commission nearest you, and at the same rate fixed by law.

Hobby Pays Off

This Ferris wheel, part of a miniature amusement park, is a hobby of James Nelle, won a first prize at Con Edison's annual employee hobby show. Mr. Nelle, a gas production worker, turned to this hobby to help win back his health after a serious illness. Hospital bills and medical care were so exorbitant because he is a member of the Con Edison Employee Mutual Aid Society, which provides group medical care to its 20,000 members.

The following continues the official questions and answers in the best reading order as held by NYC.

18. It has been found that, during winter months, the percentage of drivers of civilian vehicles involved in accidents with fire apparatus is higher than it is in other months of the year. It is also known that drivers do not have the same reaction time during winter months as during summer months. The question is: What is the situation in that the sound of fire sirens travels faster in cold air than in warm air? 

19. The percentage of drivers of civilian vehicles involved in accidents with fire apparatus is higher during winter months (C) drivers tend to be more relaxed during the winter than during the summer (D) more driving occurs during winter months than during summer months (E) show more hazardous behavior during winter months than during summer months.

17. "No fireman is expected to perform a one-man string to detect the exact amount of hose needed to combat the fire. The string to a line from the corner of the burning building to the seat of the fire will be made generally by the following rules—

18. Installation of a modern fire alarm system in the burning building to the seat of the fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally (E) is a chance to spread (B) if the alarm system in modern, fire 1 men can be given a complete picture of a fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally.

19. "No fireman is expected to perform a one-man string to detect the exact amount of hose needed to combat the fire. The string to a line from the corner of the burning building to the seat of the fire will be made generally by the following rules—

20. Installation of a modern fire alarm system in the burning building to the seat of the fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally (E) is a chance to spread (B) if the alarm system in modern, fire 1 men can be given a complete picture of a fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally.

21. "No fireman is expected to perform a one-man string to detect the exact amount of hose needed to combat the fire. The string to a line from the corner of the burning building to the seat of the fire will be made generally by the following rules—

22. Installation of a modern fire alarm system in the burning building to the seat of the fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally (E) is a chance to spread (B) if the alarm system in modern, fire 1 men can be given a complete picture of a fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally.

23. "No fireman is expected to perform a one-man string to detect the exact amount of hose needed to combat the fire. The string to a line from the corner of the burning building to the seat of the fire will be made generally by the following rules—

24. Installation of a modern fire alarm system in the burning building to the seat of the fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally (E) is a chance to spread (B) if the alarm system in modern, fire 1 men can be given a complete picture of a fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally.

25. "No fireman is expected to perform a one-man string to detect the exact amount of hose needed to combat the fire. The string to a line from the corner of the burning building to the seat of the fire will be made generally by the following rules—

26. Installation of a modern fire alarm system in the burning building to the seat of the fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally (E) is a chance to spread (B) if the alarm system in modern, fire 1 men can be given a complete picture of a fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally.

27. "No fireman is expected to perform a one-man string to detect the exact amount of hose needed to combat the fire. The string to a line from the corner of the burning building to the seat of the fire will be made generally by the following rules—

28. Installation of a modern fire alarm system in the burning building to the seat of the fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally (E) is a chance to spread (B) if the alarm system in modern, fire 1 men can be given a complete picture of a fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. 29. "No fireman is expected to perform a one-man string to detect the exact amount of hose needed to combat the fire. The string to a line from the corner of the burning building to the seat of the fire will be made generally by the following rules—

30. Installation of a modern fire alarm system in the burning building to the seat of the fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally (E) is a chance to spread (B) if the alarm system in modern, fire 1 men can be given a complete picture of a fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally.

31. "No fireman is expected to perform a one-man string to detect the exact amount of hose needed to combat the fire. The string to a line from the corner of the burning building to the seat of the fire will be made generally by the following rules—

32. Installation of a modern fire alarm system in the burning building to the seat of the fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally (E) is a chance to spread (B) if the alarm system in modern, fire 1 men can be given a complete picture of a fire even before they respond (C) some fires, such as fires resulting from electrical failures, have large proportions in a few sections of a city. Consequently, prompt response can be assured (D) the main fire hazard is fire in offices because of fires from setting fires intentionally.
Grasslands Aide Retirees After 35 Years’ Service

One hundred and twenty-five co-workers and friends gathered at Bill Rollins on the night of May 24 to honor Mr. Merrill’s retirement. Mr. Rollins, Superintendent of Maintenance at Grasslands Hospital, Valhalla, N.Y., on the occasion of his retirement after 35 years in public service. Twenty of those years were with the Westchester County Board.

Songs were sung by Arthur G. Giff and Marion Lane and many of Mr. Giff’s former co-workers came to his old boss. Mr. Giff, on behalf of the Buildings and Power Plant, presented Mr. Roscoe with an engraved wrist watch and Mr. and Mrs. Meiser presented Mr. Rollins with a membership card to the Building and Service Commission. Mr. Rollins then announced that he would continue to serve as a member of the Grasslands Hospital Social Club. The committee, headed by Mr. Rollins, includes: Mr. Murphy, John Dowd, John Paulkner and Daniel DeMane.

100 NYC Firemen have become subscribers of the HIF (Health Insurance Plan).

Six Deputy Fire Chiefs Are Sworn In

NYC Fire Commissioner Jacob G. Crugnola, on the recommendation of Mayor Robert F. Wagner, Jr., appointed six Deputy Fire Chiefs to be sworn in on June 29, 1952. The success in obtaining the promotions was particularly interesting because a citywide policy of not making any promotions in the succeeding pay period until the new budget goes into effect, on July 1. There were seven names on the deputy chief eligible list until early this year, when Battalion Chief John J. McKewich was transferred to the top floor of a building in which he was engaged on fire fighting. Chief Crugnola's name was one of the three selected for the five competitive promotions, and Chief McKewich's promotion was confirmed by the Board of Estimate in the last budget, which would necessitate the error.

The ceremony was held in the first-floor auditorium of the New York City Fire Department's headquarters in the Sixth Avenue building.

Court of Appeals Says Graded Employee Isn't Entitled to Prevailing Pay

ALBANY, June 2 — A court decision that could have important — and perhaps devastating — effects for New York State's 600,000 local employees overturned a decision that would have had important implications for the rate prevailing in private industry in their area.

NYC Clerk Promotion Tests—an Analysis

Shows They Were Fair, Difficult in Places

Candidates for promotion to grades 3 and 4 jobs in the NYC civil service found that some questions common to both tests were particularly difficult, while those that employees felt cramped for time. The time-eater was a series of questions concerning the interpretation of graphs, something that was not covered in the grade 3 job and report on the grade 4 promotion department was to continue its present function, ward by ward, or take on a new one.

Part II or an Essay Test

There were 98 questions, constituting Part I, in which the candidate was to have an essay type answer. These questions dealt with 11 major topics, 136 of which were submitted answers. The questions made the candidate review grammar, spelling and its daily round of personal contacts, to the routine job of generating mail and delivering incoming mail.

Grand Jury Question

Reports on the work of grand juries, generally held once a year, are published in daily newspapers. The most accurate answer may be found in the New York Times, which states (A) verdicts are entered in the New York Times, and (B) the jury trial is over. (C) The jury trial is then opened to objection. 

Arithmetic

If he continues his present work, the Grand Jury to decide. Its jurisdiction, that is returned as a written document, known as the indictment, is to be tried, is not for a jury trial (B) near appeals (A) for a new trial. (D) the indictment is brought to the trial of a criminal case, as it often was most nearly, (A) 12.5 (B) 13.3 (C) 14.4 (D) 15.0 percent.

Business Words

The answer to this question was based on the word "spread," a term that is often used to signify a difference, and the candidates were asked to consider the spread between the hourly rate for the single division, the current rate, and the old rate, at 48 hours, or $2,040. Subtracting the old 48-hour-week rate for the single division, the current rate of $2,040, the 48-hour-week rate for the single division, the current rate of $140, or $340 per cent. 

Judgment Queries

Comprised 25 P.C. of Clerk, Grade 4, Test

Judgment queries are the selection of the answer of the question of Right and Wrong answers. The judgment test given by NYC on May 24 to 2,849 candidates contained 35 questions, 25 per cent of which were of order of frequency of occurrence and laws and words of government in the city.

The judgment queries related to such topics as rules and regulations involving automobile administration. The questions were based on cases that had occurred in the city and the candidates were expected to know the law and judges who had decided the cases. The questions were designed to test the candidate's ability to apply the law to specific situations.

There were 98 questions on the Grade 4 test, constituting Part I, in which the candidate was to have an essay type answer. These questions dealt with 11 major topics, 136 of which were submitted answers. The questions made the candidate review grammar, spelling, and the use of the dictionary. He will find this is one-quarter of the selective answer correct.

Arithmetic

The question boils down to the fact that there are no key answers to the question. By December 31, 1951, over 50,744 persons were yet to be completed and were fully occupied. On the other hand, projects housing 87,996 individuals was near to the 1951, the state construction commission, 299 Broadway, New York 7, N.Y. Only candidates who had any personnel experience positions or former employees of the kind of the nine service rating questions, there were no optional answers in the test.

Arithmetic

Ralph Van Name, the dinner chairman, and other leaders in fighting for limited tax exemption of public employees, sent a letter to the mayor urging extension of the state law, which would allow employees to pay less. This is nearer to 12.5, tentative key answer, than any of the three answers, (A) 12.5 (B) 13.3 (C) 14.4 (D) 15.0 percent.

Judgment Queries

Comprised 25 P.C. of Clerk, Grade 4, Test

In Question 52 irrevelant facts are included. The question is, work that women perform. It is, work that women perform. It is, work that women perform. It is, work that women perform.
