BASIC WAGE STATISTICS

"Again, the Consumers Price Index reached a new high for the latest available figure — July. It is interesting to note that your 1949 dollar is now worth only 62c, the Consumers Price Index for this month stands at 192.4, which is also an all-time high.

In recent months, the Wholesale Index had been dropping, but this month turned upward. Generally the measurements of wage levels showed a slight and continued upward trend, with no particularly violent changes.

The effect of the steel strike is making itself felt in a number of the phases of the economy, but with the resumption of production, it is expected that the majority of the economic statistics will resume their reflection of upward pressure.

Pay Appeals Turned Down

ALBANY, Sept. 8 — Appeals for wage increases have been denied by the Department of Classification and Compensation for the following titles:

- Classification and Compensation
- Pay Appeals
- Employment Services
- Unemployment Insurance
- G-12

The only limited quantity of the paintings on exhibition in the past few weeks remain in stock. Prices remain stable. If you want to assure yourself of your pair, turn now to F. B. Stearns, collector of tools in Westfield. Only one of the many paintings on display is available until September 15, 1952.

Western N.Y. Employees To Hear About Legislative Process, Toll Operations

The Occupational Therapy group of the Manhattan State employees associations is sponsoring a new appeal for the upward allowance. In this kind of work, Mr. Leon Sandman, chairman of the group, has been in touch with the Headmasters' staff of the Civil Service Employees Association to enlist its aid.

Therapists To Appeal: For Pay Rise

The Civil Service Employees Association would welcome any information that would be of use in support of this coming appeal.

Pay Appeals have been filed, their work disappears at once. Claims ex- tensors who investigate the claims that have been denied are now working to establish the reasons for any individual case. The claims must be explored more fully. At the same time, however, are being affected by the lack of official statistics.

I am deeply sensitive to the personal situation of the employee who finds himself out of work. When he accepts employment that may be less than the work he is now doing. The Civil Service Employees Association would welcome any information that would be of use in support of this coming appeal.

Physical Therapy Seen As Excellent Occupation, With Growing Opportunities

Physical therapy offers excellent opportunities for young women, according to the United States Women's Bureau study. "Although the number of physical therapists has doubled in the last 5 years, from an estimated 3,100 in 1946 to 6,200 in 1950, it is estimated that an additional 9,000 to 10,000 physical therapists will be needed by 1960 in order to keep pace with the demand for physical therapy services."

What They Do

Physical therapists, sometimes called "physiotherapists" by 1960 is to be met."

Pay Upped in Three Titles

ALBANY, Sept. 1 — The minimum salaries for the following positions will be increased:

The Pay

Salaried physical therapists like those of others vary according to the type of employment, the place of employment, and the qualifications of the employee. The Women's Bureau report noted that the highest salary reported was $5,000 for a physical therapist in a special hospital. The average salary for a physical therapist in a general hospital was $3,500. Physical therapists in the State of New York, on the average, earned $3,200. The average annual salary for a physical therapist in the United States was $2,500.

High-Pay Jobs Added to N.Y. State Service

ALBANY, Sept. 1 — Four new titles, in high-salary brackets, have been added to the State's job roster. They are:

High-Pay Jobs Added to N.Y. State Service

ALBANY, Sept. 1 — Four new titles, in high-salary brackets, have been added to the State's job roster. They are:
Social Security Possibilities Will Be Explored

ALBANY, Sept. 8 — Comptroller J. Raymond McGovern has an- nounced the appointment of a special committee to explore the question of social security coverage in relation to State and local employees who are members of two or more employee groups, both State and local, including police officers, and other persons who are fraternal with similar interests.

In its study of social security coverage for State and local employees, the committee will pursue a comprehensive plan to include police officers who are not presently covered by any retirement program.

Adjustment Considered

While it is not contemplated that the committee will take a general revision of the State Civil Service Retirement Law, some ad- justment is being considered in the area of the retirement age in relation to State and local public employees who are members of two or more employee groups, both State and local.

The committee will undertake this study to determine what effective steps can be taken to assure the maximum benefit to employees who present themselves as eligible for the retirement benefits provided by the State Civil Service Retirement System.

EXEMPT POST REQUESTED

In addition to Comptroller McGovern, the committee consists of Robert P. Archbald, Schenectady; Alexander E. Shubert, Binghamton; Arthur W. McAlpin, Utica; Milton B. Whelan, New York City; and E. F. Reed, Tryon, former active secretary of the State Fraternal Employees Association; Thomas C. Tucker, Missouri; and Albert E. Wilson, New York City.

Fletcher Martin, nationally-celebrated artist, will participate as the jury of selection for the Second Annual Art Show of the Civil Service Employees Association. Mr. Martin, it is also known as an instructor in painting, will teach a class at the Albany Institute of History and Art.

Large-Scale Changes Foreseen in State Motor Vehicle Bureau

ALBANY, Sept. 8 — An "enor- mous increase" in the workload of the State Motor Vehicle Bureau has necessitated plans and action for an administrative reorganiza- tion and functional operation.

Such reorganization, in the 27-year history of the Motor Vehicle Bureau, is without precedent.

Commissioner James R. MacDufi states.

Two bureau-wide, and a number of line department changes are projected by the Department of Motor Vehicles, the current unit of the State Motor Vehicle Bureau.

A "Newsletter" item in last week's Civil Service LEADER stated that the new unit as far as possible of George LoFrusti, a 17-year bureau employee since 1932, was to assume increment plus two clerks. The item did not elaborate on the extent of the proposed reorganization in the bureau.

Large Scale Changes

A survey of the department, which analyzed all procedures and operations of the bureau, shows a pronounced need for changes in the bureau's organizational and functional operation.

The survey, carried out by the Department of Motor Vehicles, revealed a number of inefficient practices in motor vehicle matters.

The commissioner says that the bureau has been burdened with an inordinate amount of work over the years.

The commissioner states that the bureau must now turn to an administrative reorganization in order to render a valuable service to the public.

The new unit, he says, will go into effect as speedily as the State Civil Service Retirement System will permit.

The survey of Motor Vehicle Bureau operations, which took more than a year to complete, was conducted by the Planning Section of the State Tax Department.

Furthermore, the bureau is to adopt a "finish fight" for the 40-hour week wherever practicable.

Several weeks ago, the bureau received a specific request from the City Manager of Newburgh, N. Y., to work a 40-hour week wherever practicable on the Bureau's current operations.

The Attorney General's office has made a motion to dismiss the action of the park patrolmen, on the ground that the police cannot be argued in the court until an appeal is taken to the Appellate Division.

The bond 40-hour week is involved in an injunc- tion of section 414 of the State civil service law.

The action is being pushed by the State Park Retirement Board, the state employees association, and the state employees association.

The action is involved in an injunc- tion of section 414 of the State civil service law.

The court action is in the names of the above employees.

Fletcher Martin, nationally-celebrated artist, will participate as the jury of selection for the Second Annual Art Show of the Civil Service Employees Association. Mr. Martin, it is also known as an instructor in painting, will teach a class at the Albany Institute of History and Art.

ALBANY, Sept. 8 — Fletcher Martin, one of America's best-known artists, will be among the jury of selection who will determine which entries are to be ac- cepted in the Second Annual Civil Service Art Show.

Mr. Martin, whose work has been shown in the Metropolitan museum of Art, will determine which entries will be accepted and which will be rejected. Artists may submit no more than three works of art, and any entry may accept no more than two by any one artist.

A separate and distinct jury will select the entries that it considers the best.

Last Day is Sept. 13

Last day for submitting art works is September 13.

Works should be addressed to the Albany Institute of History and Art, Albany, N. Y., and will be received until noon, September 13. The artist must affix the following words to each work:

"Property of the State Public Works Department, Albany, N. Y., Art Show of the Civil Service Employees Association." The artist must date and sign each entry.

In addition to the Albany Institute of History and Art, works will be accepted at the following addresses:

LYNN DUNDEE, Sept. 8: National Association of State Employees, 8 Elk Street, Albany, N. Y.

Making Hygiene Message 'Vital' to Comic Calendar

ALBANY, Sept. 8 — A two-year-old program that aims to teach comic book readers about mental hygiene has been given a new lease on life as the latest medium employed by the Department of Mental Hygione to convey its messages of mental health on a popular level.

The program is being pushed by the State Park Retirement Board, the state employees association, and the state employees association.

The program is being pushed by the State Park Retirement Board, the state employees association, and the state employees association.

L. I. Park Corps Plan 'Finish Fight' For 40-Hour Week

MINEAPOLIS, Sept. 8 — The men who patrol Long Island are planning a "finish fight" for the 40-hour week, denied them by State Edu- cation Director T. Norman Hurd.

They've taken the case to court, arguing that the law provides for a 40-hour week wherever practicable.

The Hurd decision says it isn't practicable. The pack corps say it is involved in an injunc- tion of section 414 of the State civil service law.

There is at present no maxi-mum on the number of hours the drive can put in. The drive is put in a 48-hour week.

The convention heard speeches by Representative H. T. DeWerth of New York, and Representative A. H. Tatum of California.

AN EXECUTIVE ORDER is about to be issued by President Truman, creating a civil service Reserve, consisting of 400,000 employees who passed competitive examinations but received only indefinite appointments. Under the Whitman Amendment, permanent appointments, with few exceptions, were preserved. Now, under a modification, they are allowed to serve up to 10,000 level.

The new order would affect one out of six U.S. workers, by moving his present job step by step up into the Career Service. Present indefinite employees who did not pass a competitive test could attain Reserve standing by passing a new one. They would receive new appointments from the list, though possibly to the same job now held less securely. Technically, the Reserve appointments would be permanent, as long as status is concerned, though secondary to job rights, yet with prior rights to conversion to Career standing.

The U.S. Civil Service Commission plans to improve the civil service Reserve, and move up into the Career Service. Present indefinite employees who did not pass a competitive test could attain Reserve standing by passing a new one. They would receive new appointments from the list, though possibly to the same job now held less securely. Technically, the Reserve appointments would be permanent, as long as status is concerned, though secondary to job rights, yet with prior rights to conversion to Career standing.

Byrne Re-Elected UFOA President

Battalion Chief Gilbert X. Byrne, 31st Battalion, Queens, was re-elected president of the NYC Uniformed Fire Officers Association at a meeting at association headquarters on Chambers Street last week.

The executive board elected by the membership which votes in its own name for representatives on the board, chooses the officers.

The officers elected were: Captain Charles Freeman, Engine Company 64, Bronx, Bronx, president; Lieutenant Francis P. Martin, Hook & Ladder Company 163, Queens, treasurer; Lieutenant Henry J. Pelling, Engine Company 127, Queens, financial secretary.

Battalion Chief Thomas Hartnett, 31st Battalion, Bronx, re- cording secretary.

Captain Thomas J. Munroe, Special Service Squad, Headquarters, assistant secretary.

Bebe, Muesle and Keating on Thursday night, Sept. 25, the coming session at Albany, Last year expects to profit by progress solution of problems arising from Enquiry cards.

Besides State legislative projects, the association is working on plans for seeking higher pay, solution of problems arising from "detailed," and the introduction of the 40-hour week in a prompt and equitable manner. A membership drive is planned.

Police Captain Promotions On Way: 9 Are Due Now

Although the eligible list for captains was well established by the NYC Civil Service Commission, there is no active list for lieutenants. Police Department, con- tinuing the practice of giving active list amounts to 172, because of 27 long-term promotions, the expected promotions couldn't come through.

Also, there are nine present vacancies for lieutenants. Police Commissioner George J. Cannon and the County Atty. have been the expected promotions or retirements.

The County Atty. is calling for the next membership meeting to be held at the Hotel Marriott on Thursday night, Sept. 23, at 7:30 p.m., to consider the continuing his program for the Albany Labor Day week if it came close to achieving the expected promotion. By the fall, it is expected to improve by 90 percent. If this legislative group presents a solution of certain pension questions, it feels it must be accepted.

Since State legislative states, the association is working on plans for seeking higher pay, solution of problems arising from "detailed," and the introduction of the 40-hour week in a prompt and equitable manner. A membership drive is planned.

25 Promoted, One Died,

The first 10 effective names on the new list are among the 202 eligibles who claim veteran preference, had 88.730, which would be any comeback. Still, it is to be expected that the promotions would be under effect before September 25.

Twenty-two veterans, three of whom disabled, are among the 202 names. The four highest scores were earned by the following: 1. John J. Bradt Jr., 90.170; 2. John J. Scott, 89.030; 3. John J. Bradt Jr., 86.905; 4. John J. Bradt Jr., 86.300.

Veterans got high scores, too. For instance, Lieutenant John W. Gleason earned 86.323, and with 86.800, Lieutenant William J. Keating. This leads one to believe that the legislative group presents a solution of certain pension questions, it feels it must be accepted.

The number of eligibles whose final exam was 86.800, many of whom are among the 202 eligibles who claim veteran preference, had 88.730, which would be any comeback. Still, it is to be expected that the promotions would be under effect before September 25.

Outrageous Way To Treat Pensioners

THE FEDERAL Government, New York State, other government jurisdictions, as well as private employers, have raised the lesser pensions of former employees, NYC, although under a mandate from the voters to do likewise, is holding out. The Vogel bill to raise pitance pensions, in no case to a total pension exceeding $1,200 a year, is allowed to lie dormant in the Council Finance Committee.

NYC officials have no right to flout the will of the electorate, this employee says.

The voters of NYC balloted 4 to 1 in favor of raising those pensions, in the statewide poll at the general election last November. The State Government not only recognized its own responsibility to pay, but passed a law authorizing NYC to follow suit.

NYC officials may not want to grant the benefit, but they have no choice.

It isn’t good practice, good law, good economics, nor even good politics to withhold this mandated benefit. New York City should make amends at once by enacting the Vogel bill.

Community Services Suffer From Cheap Pay Policies

Communities throughout the State have serious difficulties in keeping their people in the community. In some cases, said one, only 10 percent passed the mental test.

He said that Binghamton had a turnover of 48 percent in the past five years, Poughkeepsie, 57 percent. These are startling statistics.

These conditions must head, for public safety is already suffering as a result of niggardly pay policies.

Know Your Civil Servant!

Now your Civil Service Employee week? The Western Conference of the Civil Service Employees Association has hit on something interesting. The Ides and more of its civil service workers, in some cases, said one, only 10 percent passed the mental test.

He said that Binghamton had a turnover of 48 percent in the past five years, Poughkeepsie, 57 percent. These are startling statistics.

These conditions must head, for public safety is already suffering as a result of niggardly pay policies.

Know Your Civil Servant!

K now your Civil Service Employee week? The Western Conference of the Civil Service Employees Association has hit on something interesting. The idea is more than just a public relations gimmick. It is an endeavor to add in motion wheels which may help eradicate erroneous public impressions about civil service employees, and create a more sympathetic view toward their work and active.

To us, the proposal sounds good.

NOTHING in recent years has done more to lift the morale of Federal employees than the liberalization of the Whittier Act, the permanent appointment amendments up to the September, 1950 level. How lustily the temporary employees of the Post Office are responding to the current clerk-carry exam is the first large-scale proof.

"STUPID and a damned outrage" is the way Ore- go's Governor Douglas McKay characterized refusal of the State Tax Commission to hire a Japanese-American war veteran on racial grounds. The Commission later backed down, said it had an opening for 31-year-old Sagie Nicholls. Brave, Governor! Racial discrimination has no place in public service.
NYC BRIEFS

RESULT OF EXAMINATION

London, Sept. 9 - The fall meeting of the Albany Bankers' Association will be held on September 18, for the purpose of conducting the annual election of officers. The meeting will be held from 3:00 p.m. to 5:00 p.m. at the Liverpool Club. The agenda will include reports of committees, the election of officers, and the adoption of the annual budget. The meeting is open to all members of the association. Guests are welcome to attend. For more information, please contact the secretary at 555-1234.

JACOB SAIBER, disabled war veteran and social worker, has been appointed to the social welfare department of the Board of Transportation, which was established in 1950. Mr. Saiber is expected to work on social welfare projects throughout the city.

THE LOST WINDSOR RAPIDS

The Windsor Rapids, a popular attraction in the city, has been lost for several years. However, a group of local historians has been working to locate the site of the rapids. They believe that the rapids were located near the current location of the city's water treatment plant. The search continues.

THE CITY HALL MEETING

The city council meeting will be held on Tuesday, September 15, at 7:00 p.m. at City Hall. The agenda will include the approval of the city budget, the adoption of the city's master plan, and the consideration of the city's new parking policies. The meeting is open to the public. Visitors are encouraged to attend and provide feedback.

THE NEW YORK LEGEND

The New York Legend, a local newspaper, has published its latest edition. The newspaper covers local news, events, and issues. It is available at local newsstands and online.

THE BROADWAY SHOWS

The Broadway shows are set to make a comeback. The city has announced that the Broadway shows will be allowed to reopen starting next week. The shows will be required to follow strict safety protocols, including mask-wearing and social distancing.

Job Prospects Good in NYC
Fireman Test; Apply Now

Applications are being received at the New York City Fire Department, 100 Water Street, New York, N. Y. 10006, for examinations to fill the position of Enlisted Fireman. Applicants must be 18 years of age or over, unmarried, of good moral character, and pass the required examinations.

Age Limit

All applicants must be 18 years of age or over; those under 21 years of age will not be accepted. Applicants must be legally qualified to serve as firemen in the City of New York.

The written test will be held at various locations in the City on the dates announced. Applicants should check the test schedule carefully and make plans to attend the test on the date and time specified.

The written test consists of a multiple-choice examination that covers general knowledge, fire department procedures, and basic firefighting skills. Applicants must meet the required standards to pass the test.

Applicants who pass the written test will be invited to the oral examination, which includes an interview and practical skills assessment. Successful candidates will be placed on a reserved list for a period of one year, during which they may be appointed to fill vacant positions as Enlisted Firemen.

Applications should be submitted on or before the date announced. Applicants must provide proof of age, residency within the City of New York, and compliance with all eligibility requirements.

For more information, visit the New York City Fire Department website or contact the Fire Department's Recruitment Office at 718-939-8000.

The deadline for applications is October 1, 2023. Applicants must act promptly to ensure their eligibility and to meet the application deadline.
The requirements in the post office clerk-carrier exam follow. Applications will be received until Tuesday, December 16.

The post office jobs are in New York City, Brooklyn, Long Island City, Flushing, Paterson and Newark, N.J., and States Island.

Exempt From Official Announcement

The following exam details are from the official announcement issued by the Commission:

- Appointments are usually made to substitute positions, and promotions made to regular positions according to a competitive test.
- Regular employees - Basic rules for regular clerks and carriers are based on a 40-hour work week (five days, eight hours a day) with an eight-hour lunch break. Regular employees are divided into the following grade classes: grade classes $2,370 and $2,470, $3,270 and $3,370, $4,270 and $4,370, and $4,970 and $5,070.
- A year, respectively, and will be appointed to a regular clerk-carrier position at the beginning of a quarter after the eligible grade level of the employee's previous service in any grade class to the next higher grade class is reached.

When a substitute employee is appointed to a regular position, an applicant must meet the requirements of a previous appointment. The substitute employee must be provided, based upon length of service and performance, with advancement to a regular employee in his respective office. In any event, the employee's grade class and age are above or below the eligible grade level, the employee will be appointed to the lower grade in such office.

Salary Deductions - All employees are subject to the following deductions:

- Income Tax - 9 per cent on the amount of salary for retirement benefit purposes.
- General Requirements - Applicants must be citizens of the United States without regard to race, color, religion, age or sex.
- Age - Applicants must have reached the age of 18 years.
- Height and weight - Male and female employees must be at least 5 feet 4 inches in height and weigh at least 130 pounds.
- Physical examination - Applicants are required to pass a physical examination administered by the Post Office Department.
- Civilian and veterans - Both residents and non-residents of the United States are eligible for appointment. Veterans are eligible for appointment on the basis of age and length of service, if the veteran is otherwise eligible.
- Waiver - Certain physical requirements can be waived if the applicant is otherwise eligible and is able to perform the duties of the position.

The same example is repeated here for the most important and not-so-easy portion of the post office clerk-carrier test. Following "Instructions," you will answer ten questions. Again there are five columns for answers, lettered A, B, C, D, and E. The column in which the question appears is crossed out. Candidate select one of five optional answers to the exam question paper.

MEMO TO ARTISTS:

- The Postmaster General is requesting that artists who are interested in designing stamps for the United States Post Office Department be submitted to the mailing address of the Postmaster General, Washington, D.C. 20260.

**State Insurance Fund**

CHAPTER activity simmered down in the summer, but with the new fall semester in full swing, the State Fund is beginning to perk. Ed Smits, past president, is a member of the Association executive. Last year he journeyed to Albany on August 30th to represent the chapter.

The program and goals as set forth for the current year will be presented at the next meeting. Although the members have been busy, considerable work has been done by the elected officers in the State. The chapter is now ready to carry on with the formulation of this worthwhile program.

As part of its service to members, the chapter has made available subscriptions to various religious, educational, and social periodicals. These subscriptions are timed to present an opportunity for members to follow religiously low prices. Members should watch the bulletin boards.

The chapter is on the alert to keep its members informed and to advise them of any changes in the league. There will be little if any changes in the current season. The "Personnel" team of last year has been retained. The present number of members has been reduced, but the chapter feels that this is necessary for a successful season.

Arlene A. Kline has accepted a teaching position at State University. She will occupy Albert's new office in Saratoga Springs. She has been with the chapter for many years and will be missed.

The construction project is coming along nicely and is ahead of schedule. The front office crew have lost their new employee, Frank McDonald. It has been a pleasure to work with him over the years. We wish him the best of luck in his new endeavor.
