**Month of Events Marks 70th Year Of Civil Service**

ALBANY, April 27 — Bernard T. Gladieux, assistant to the president of the Ford Foundation, will be the principal speaker at the celebration of the 70th anniversary of the Business and Professional Women’s National Federation on May 25, celebrating the 70th anniversary of the signing of the Toledo School of Citizenship of Nyack, New York.

The dinner will be participated in by the Civil Service Employees Association, the Civil Service Employees Association of the City of New York, the Board of Education, the State Labor Ledger, and the State Federation of Mayors.

The dinner, which will be held at the Hotel Harrington, in Canton, Ohio, will be a successful event.

**Record Award of $2,000 Is Shared by Two Men**

ALBANY, April 27 — A new record merit award of $2,000 was divided between two Conservation Department employees last week.

Governor Dewey presented the award to Gordon L. Webb of Barns Island, and James J. Bricker of Youngstown, both employed by the Niagara Frontier State Park Commission as seasonal workers.

Their device is expected to save the department more than $40,000 alone in the removal of 3,000 pilings in the Niagara River and other rivers.

**Activities of County Employees**

**Suffolk**

A NINE-POINT program pro- moting better working conditions for county employees in Suffolk County has been distributed to all county and town leaders, including all county and town leaders, and their assistants, and members of the Suffolk County Civil Service Commission.

David Frost, president of the Suffolk chapter, CSEA, prepared the plan under the direction of Charles Custer, CSEA field representative.

The points, presented on three levels — town and county — are designed to improve the working situation, including costs of living, the working rate for all townships, and the opportunity to discuss salaries and benefits in a non-commercial context.

**Lawrence**

A new low-cost sickness and accident insurance plan for county employees, effective on July 1, will be given to all county employees.

The plan, which will be effective under the Health Insurance Act, is being planned for the State Legislature and will be available to all employees.

**Economical Chain Saw**

The saw cost about $500 to build.

**Recognition — That the Suffolk chapter of CSEA has been given an award by the Board of Supervisors for its outstanding service to the community.**

**Popular in Britain**

Other appeals are pending, in which the employees have confidence.

Also Mr. Hurd has admitted interest in the Boy Scout movement.

The usual $100,000 was all that was included in the first annual budget for reallocations. The Association wants the amount raised to cope with the need of raising in particular titles, which would affect thousands of employees.

**Conference Support**

At the joint meeting of the Suffolk and New York Metropolitan Conferences, in Brooklyn, John Alpern, executive secretary of the Civil Service Employees Association, sent the following message.

**Holiday Camps Popular in Britain**

In Britain a large number of people spend their holidays in camp sites or one of the holiday camps that have been sponsored by the Civil Service Employees Association, George H. Brown, then the general secretary of the Association, said.

He concealed that a better and larger service can be provided for people of limited means than under the present arrangement.

In 1924 he built the first camp for Scouting in Suffolk, in a spot that was previously used by Mr. Hurd for fishing. He also built a camp in Devon, which was used by the company not to build large camps.

**Gov. McKelvain Hails LEADER Publisher**

On Children’s Times

Legislators joined parents and children this week in hailing the appearance of CHILDREN’S TIMES, first complete nationwide newspaper for children.

Governor Theodore F. Hurd, former president of the National Association of Manufacturers, President Eisenhower’s nominator at the Republican National Convention, sent the following message to Jerry Fairchild, publisher.

Dear Jerry:

"It has been a rare pleasure to read through your new publication, CHILDREN’S TIMES. When one considers the more question- able influences upon children pur- sued through so many media of information, CHILDREN’S TIMES represents a truly wholesome and refreshing departure. The idea of a children’s newspaper is so useful that it brings children to understand the concept of a newspaper and of a free press."

Kefauver Also Hails IVIAY

Sen. Alton B. Stages of the Senate from Senator Estes Kefauver of Tennessee said that the best appeal for the Democratic Prin- ciples in the campaign in 1946. He hailed the appearance of CHILDREN’S TIMES as a needed introduction of children to the idea of a free press."
The following continues the report on measures affecting civil service.

More Funds a Necessity
To Rectify State Pay

The request by the Civil Service Employees Association that additional funds be provided to finance upward reallocations is a compelling one to which Governor Dewey should accede.

The Association asks the Governor to include this subject on the agenda of the special legislative session he will call, and also, as a topic for action, a general pay increase for State workers.

Since only $100,000 is provided in the supplementary budget, the usual amount, and the inequities of pay in numerous titles are obvious, and were admitted by Budget Director T. Norman Ilurd, fair dealing, good conscience and the U. S. Bureau of Standards, now postponed but by no means cancelled, is disturbing because of the contrast to the higher administrative and supervisory positions in the school system.

The decision is of particular significance because it extends the competitive examinations which up to which number are admitted by the Board of Examiners in applying competitive examinations to the higher administrative and supervisory positions in the school system.

The decision of the Board of Examiners on a competitive examination basis, the Board of Education will approve the examination and the choosen. Therefore, vacancies must be filled in the regular way from competitive lists and the choice of the three highest-certificate.

Because of their unique position in the State's economy, the Board of Education and the Board of Examiners, the NYC School System could not, of course, represent the competitive examinations which must be made without competitive examinations. The Board of Examiners (those who have been filled by the Board of Education) who are currently open may be obtained from the Board of Education.

JOBS FOR JUNE COLLEGE GRADS

WASHINGTON, April 27—The U. S. Department of Labor issued a report on job prospects for 1953 for college graduates, in both private industry and Federal Government. The report covered the entire nation, not just the New York City area. The report stated that the job market in the nation's capital was not as tight as in some other parts of the country. However, the report did say that the job market in the city was still tight and that there were many open positions in various fields.

WILLIAM J. McFARLAND, president of the Civil Service Employees Association, installed new officers of the Association on April 28.

The new officers are: Robert J. Campbell, ward staff secretary at Harlem Valley State Hospital; foreman at 56th Street, New York, 2, New York; Edna March, ward staff secretary at Harlem Valley State Hospital; and Robert J. Campbell, ward staff secretary at Harlem Valley State Hospital.

Exam on Way to Fill Postmastership in NYC

WASHINGTON, April 27 - Future applicants for postmaster positions in first, second and third class offices will have to show more experience and a higher level of ability than in the past, the U. S. Civil Service Commission announced.

In addition, a written test will be part of the qualifying procedure when future vacancies are filled, not only in second and third class offices as formerly, but also in about half the nation's first class offices.

Series Start May 1

Raising of standards in future postmaster examinations was begun when the Civil Service Commission and Post Office Department announced recently that all existing postmaster examinations will be canceled and new examinations held for approximately 1,790 vacancies.

First of the new tests are scheduled to be announced about May 1. No applications will be accepted until called for by specific announcements in each locality where a vacancy exists. Only residents of the locality may apply.

Under the new requirements, only applicants for postmaster positions in the larger first class offices, where a vacancy may range from $3,770 to $3,770, will continue to be rated on appropriate experience and personal qualities, as verified by investigation. This would include the New York, N. Y. postmaster, for which a test is to be opened soon.

Minimum Requirements

Applicants for the larger first class postmaster positions will have to show by their experience that they have the ability to "organize, plan, and schedule the work of a large business organization in order to operate efficiently within a fixed budget."

They also must show that they can "deal with the public agreeably and effectively" and negotiate with all users of the mail, large or small.

Four years of appropriate experience will be the minimum required for the smaller first class offices: three years for first class offices of intermediate size, and two years for the small first class and second class offices.

Additional use of written tests will make the postmaster examination program, the Commission said, since personal investigations will not have to be conducted on applicants who fail to pass.

New Type Tests

In connection with its postmaster examination program, this section is constructing new written examination forms to require applicants to spell out their pertinent experience to greater detail; and training raters to apply the same standards to the procedures.

Hiring is not under way to fill offices.

NEW LAW PERMITS SATURDAY CLOSING OF COUNTY OFFICES

ALBANY, April 27 — Two bills authorizing Saturday closing of certain county offices in New York State during the summer months were signed into law last week by Governor Dewey. The measures: State Int. 2977, Rules Committee, and Assembly Int. 3171 by Justin A. Travis, Democrat, authorizing the closing of county clerk, surrogates, and treasurer offices on Saturdays from July 1 to Labor Day, with the exception of offices in counties in NYC, Nassau and Westchester, and no Saturday closings do not inconvenience the public, the provision may be made by permission of the County Legislature.

The Governor said: "The fundamental policy question in the closing of public offices on Saturday is its effect on public convenience. Under existing law there is nothing to prevent any county office from maintaining a five-day per week schedule. This practice has been followed in state offices without difficulty. The maintenance of some office force permits rotation of Saturday duty for employees. At the same time it provides assurance to those employees requiring the services of government will not be denied service by the decision to close an office on Saturdays."

The Governor added: "The staff of the state office is not employed to transact the business."

"It might be desirable to permit some county offices to be closed on Saturday during the summer months," he said.

Ozanam Guild
Sponsors Retreat

The Ozanam Guild, NYC Department of Welfare, is sponsoring a annual Catholic men's retreat at Mount Marcella Retreat House, States Island. The retreat starts with supper on Friday night, May 18, and ends at breakfast Monday, May 21. Arrangements for reservations should be made with Timothy Rowsome, coordinator, Welfare Center, telephone TA 4-7970 (home, TA 4-7880), Central Office, telephone DI 4-8588 (home, FL 8-7488).

To Administer Team
in Jewish Olympics

The Jewish Group of the NYC Board of Education's Bureau of Adult Education, a unit of the administration of the American- Jews Week Committee, which will compete in the Jewish Olympics at the State Fairgrounds, Bloomfield. Air was passing duties concerning the administration of the State Fair at Bloomfield.

Postal Group Seeks
To Push Legislation

The New York Joint Conference of Affiliated Postal Unions adopted a program to break the log jam of postal legislation in Congress. There are no scheduled postal bills on any important legislative agenda with the House or the Senate.

A delegation from the New York Conference leaves for Washington, D. C., Monday. The legislators from the metropolitan area, leaders of the minority party and national offices of postal unions will be brought to amendments on important bills.

Requirements Approved for
18 NYC Tests

GOV. MCKELDIN HAILS
"CHILDREN'S TIMES"
AND ITS PUBLISHER

The NYC Civil Service Commission approved requirements for three open-competitive and 15 promotional tests. One of the open-competitive tests is for filling jobs as a surface operator (bus driver, street car operator and conductor). Applications will be received until May 26. A deadline for the other tests has not been announced.

The Governor said: "The fundamental policy question in the closing of public offices on Saturday is its effect on public convenience. Under existing law there is nothing to prevent any county office from maintaining a five-day per week schedule. This practice has been followed in state offices without difficulty. The maintenance of some office force permits rotation of Saturday duty for employees. There are 2,500 positions available to maintainers' helper in the NYC Transit System which the NYC Civil Service Commission is currently seeking. Jobs start at $62 a week for a 40-hour week. There are five separate open-competitive exams for the jobs, held at the same time. Success on one exam would permit application for any of the others.

Minimum Requirements
Minimum age 18 years. Must pass graduation exam for either graduation from a trade or vocational school technical high school, marine school or college, as a speciality. Must pass a day course in one of the above specialities, or must have three years' experience as a helper or mechanic in one of the above specialities, or must have two years' experience as a helper or mechanic in one of the above specialities and an equivalent combination of experience and education. High graduates are eligible to apply. U. S. citizenship and New York residence are required.

The Civil Service Commission is conducting an intensive publicity campaign to tell the general public about the large number of jobs and the many opportunities. After one year's training, maintenance helpers earn $70 to $80 a week, depending on experience. All jobs are made to order, and succeeding promotions will be made to former, assistant, maintenance helper, and finally to the $175 a week.

Note: the exams are being advertised in the newspapers and television facilities in the region it is available.

The open-competitive exams will be open for registration of applicants from Friday, May 1 to Monday, May 8. All applicants must be obtained at the application see the Civil Service Board of Examiners, 641 Washington Street, Manhattan, two blocks north of 6th Avenue, Broadway, opposite The Leader's office, not before May 1.

A SAMPLE COPY OF THE FIRST NEWSPAPER FOR CHILDREN!

Just What Parents Have Been Wishing For!

Every issue of Children's Times will be designed to satisfy a child's natural curiosity; he will discover the wonders of the world he lives in; he will satisfy his normal craving to learn; to laugh; to think; to be. Above all, he will feel a part of everything he reads in Children's Times. This is for newspapers.

We have attempted briefly here to describe Children's Times. However, no description can possibly convey to you the delightful effect Children's Times has on children. Even the partial list of the contents of the first issue is a preview of the first copy. It presents a remote idea of how great its influence can be on every youngster. We therefore offer to send you a sample copy of Children's Times — without charge. Read it yourself — then hand it to your child. We think he will read each page. If you are delighted in every way, and would like to have Children's Times come into your home twice a month for a full year, we will send you your first copy for only 30 cents. Yes, only 30 cents for 24 issues — less than 10 cents a week. It is a new newspaper — a newspaper for children — with stories, articles, pictures, games, comics and other editorial matter that Children's Times will always contain.

A BRIGHT WAY FOR CHILDREN TO SPEND THEIR TIME

If your child is 6 to 12 years of age, boy or girl, fill his heart with joy by mailing the coupon below for a sample copy of Children's Times — the new newspaper that will delight every child, and fulfill the wish of every parent!

When your child receives his copy, watch his face as he turns the pages. Then note how he loses interest in those time-consuming puzzles and habits which have given you so much concern.

Instead of spending hours over unenlightening or utterly useless activities; instead of contaminating his mind with lurid comics; instead of being exposed to stories, articles, pictures, games, good comics and other editorial matter that Children's Times will always contain.
