Albany, June 22 — June B. McFarland, president of the Civil Service Employees Association, in an address Tuesday before the Senate and Assembly, Sen. Irving M. Erx and Rep. John O'Connell, urged a reconsideration of the proposed legislation in the appropriation for the administration of unemployment insurance systems and employment services by the State.

"This legislation would not only bankrupt the State's insurance programs, but would lead to the undermining of the benefits that have been gained," he said.

The proposed legislation would affect the State's unemployment insurance program in two ways: first, it would reduce the number of persons eligible for benefits, and second, it would reduce the amount of benefits that are payable.

Mr. McFarland was supported by many other speakers in the debate, who stressed the importance of the State's unemployment insurance program in providing a safety net for unemployed workers.

Dr. Arthur G. Rodd, assistant director of the New York State Fire Training School, presented diplomas to graduates of the past year who had successfully completed the basic, intermediate and advanced courses in fire training.

The INSPECTION included the fire station of the hospital, with the hospital's own fire-fighting equipment, and the inspection was conducted by the Bureau of Accident Prevention and Safety of the New York State Department of Health.

The inspection was praised by the hospital's own fire-fighting personnel and probably the first New York State institution or division whose entire safety staff has taken the intensive safety training for the New York State Division of Safety.

Fifteen men of the Safety Administration attended the meeting of the Safety Administration, and the Insurance Department provided a special committee to meet at Civil Service Training Center.

Administrators attending were Lee Behringer, Workmen's Compensation Board; Lewis Bruns, Education; Howard Briggs, Corporation; and Morris Wiener, Social Welf.

Binghamton Hospital
Setting Fire Safety Record

BINGHAMTON, June 22 — A full dress inspection of the safety department, including institution administration, institution security, and attendance details as patients were held at the Binghamton State Hospital.

The inspection included the medical ladder in use and the patients were permitted under pressure and throwing water and in charge was Frank W. Bell, chief institution security supervisor.

Present were Dr. Arthur G. Rodd, director, and Mr. Claude J. Young, assistant director of the hospital, and Mr. Joseph M. Cooney, safety consultant of the Department of Mental Hygiene.

Diploma Recipients

The highlights of the inspection were the presentation of the diplomas to the men of the safety department.

Four more men of the safety division were present, taking courses and receiving diplomas.

The inspections were conducted by the Bureau of Accident Prevention and Safety, and probably the first New York State institution or division whose entire safety staff has taken the full course of fire instruction of the New York State Division of Safety.

ASSN. PROTESTS CUT THAT WOULD IMPAIR JOB SERVICES

Assn. Protests Cut That Would Impair Job Services

Additional funding for the maintenance of an adequate staff is in the service application of thousands of unemployed workers as a result in the hundreds of times in improper payment and inaccurate benefits.

"The proposed legislation in appropriations would affect at least 1.000 employees, despite the great need for services for the efficient carrying out of the responsibilities and obligations confronting State administration. Our State Industrial Commissioner, Edward Corri, has stated the facts fully in messages to you. Again we respectfully ask your aid in naming needed funds."

"The reduced appropriations will aggravate present insufficiency of funds for the maintenance of an adequate staff in service application of thousands of unemployed workers as a result in the hundreds of times in improper payment and inaccurate benefits."

The Association of 36,000 public employees within New York State strongly urges reconsideration of the reductions in funds requested by the President for the administration of unemployment insurance and employment services by the State.

Safety Chiefs Hear Talk by Dr. Silvern

ALBANY, June 22 — Safety administrators from nine of the large departments of the State as Civil Service Training Quarterly, 50 Brooklyn Street, New York, gave safety problems and procedures within State operations. The conference was conducted by the Bureau of Accident Prevention and Safety and was moderated by Daniel S. Webster, safety coordinator.

A feature was a talk by Dr. Leonard C. Silvern, training coordinator of the Division of Safety, on how various State agencies can utilize the State fire training program and how employees who take this training can obtain certificates upon completion of the required 45 hours of intensive training.

Talks on safety subjects were given by Mr. Wheeler, Stanley A. Allen, and Moeey E. Towein, representatives of the Division of Safety.

Administrations attending were Lee Behringer, Workmen's Compensation Board; Lewis Bruns, Education; Howard Briggs, Corporation; and Morris Wiener, Social Welfare.

SHAPIRO APPOINTED IN STATE ACTIVITIES STUDY

ALBANY, June 22 — Governor Dewey appointed George M. Shapiro, his counsel, as a member of the Temporary State Commission for Coordination of State Activities Fund.

Mr. Shapiro succeeds Lawrence E. Walsh, counsel to the Public Service Commission, who resigned from the Temporary Commission.

Mrs. Warren T. Balley accepts a posthumous award from Dr. Henry Brill, Assistant Commissioner, Department of Mental Hygiene, at Office State Hospital. Her husband was awarded $100 cash and a certificate of merit for a study of frozen fish fillets in connection with hospital nutrition. He died as the result of injuries suffered in an automobile accident last December.

Personnel from more than half the State hospitals attended the recreation workshop for all hospital personnel, held at Kings Park State Hospital. The group photo includes Dr. Harold Abuja, Dr. Joseph Sabbath, Dr. Edward V. Ferris, Assistant Commissioner, both of the Department of Mental Hygiene, as well as Dr. Charles H. Johnson, Dr. Frederick P. Johnson, and Dr. Robert L. Johnson, the state university and patient service directors of the Kings Park State Hospital.

Ads. Staff Enjoys Picnic At Lakeside

ALBANY, June 22 — The headquarters personnel of the Civil Service Employees Association enjoyed a picnic and a social evening at the home of Dorothy M. White, who was recently appointed to the staff at the lakeside cottage.

A large department of the State employees who were present included Jane Fisher, Jim O'Connor, Lee Sheehy, Joe Loughlin, John J. Kelly, Jr., Henry Geppert, Harry Kierer, and Roy Fisher. Group pictures were taken.

Mrs. Ennis appointed

ALBANY, June 22 — Mrs. George L. Ennis, of Lyons, N. Y., was recently appointed by Governor Dewey as a member of the board of visitors of the Willard State Hospital.

Employee Activities In Albany

Three teams are tied for first place in the State Softball Game, as of results posted last week. They are the entries from Civil Service, Motor Vehicle and Tax Finance, each with a 3-1 record for the year.

Graduation events are the topic of conversation at Social Welfare circles.

Several years of night classes work is being turned in by students when Walter Hart, Trey, senior, a student of the Social Welfare Admin., received his Bachelor's degree from the State University.

On pages 5 and 6, Leila D. Tucker, dean of the Albany Academy for Girls, introduces the highlights of the Civil Service Department's annual picnic week June 13 to 17, which will be an all female softball game.

The Hillyoppers, recruited from among those who belong to the State Office Building will do battle with the Dawn of the Leave Girls, a group of athletic young women who have given the Hillyoppers a hard time ever since 1952.

Mr. Larsen entered State service in 1919 as a rodman. His service was interrupted during both World Wars, and he served in the Civil Office, is planning to retire in 28 years.

Assistant motor equipment maintenance supervisor, $8,052 to $8,088.

Assistant police photographer, $8,201 to $8,238.

BY C. A. CARLISLE, JR.
Ter Bush & Powell, Inc.

All persons insured under the Civil Service Employees Association group plan of accident and sickness insurance have received the additional benefits proposed by the New York City Board of Public Service Commissioners. The new policy provides the same benefits as the old policy, plus more coverage than was available under the old.

1. Disability Benefits: Up to $150 a month for an injury occurring before age 60.** Benefits so marked are also for pregnancy.

2. Disability Benefits: Up to $150 a month for an injury occurring after continuous insurance of at least one year but before age 60.** Benefits so marked are also for pregnancy.

3. Total Disability: Up to $150 a month from eightieth day and for as long as one year, plus $15 per cent additional monthly payment for total disability commencing after continuous insurance of any year before age 60, plus (***) of the additional monthly payment for total disability commencing before age 60 but after seven days.

4. The new plan is unusually broad and provides considerably more coverage than was available under the old.

5. Hospital Confinement: (•*) Benefits are provided for hospital confinement of forty-eight hours or more during first seven days of total disability commencing before age 60, and for any subsequent seven days.

6. The new plan provides by the additional benefits rider. The rider remains in effect for seven years after the rider date.

7. Death Benefits: In case of death after 60, the principal sum is $1,000, but for injuries occurring before age 60, the principal sum is $500. The principal sum is increased $500 at the end of each successive year of insurance until it reaches $2,500. (The basic principal sum of $1,000 is provided by the additional benefits rider but apply only to a policy continuing after the rider date. The rider rider remains in effect for seven years after the rider date.

8. Minimum Indemnities for Fractures, Dislocations, and Instability of Not Less Than Specified Amounts apply for the period of the total disability.

9. An additional benefit for Non-Delinquent Injuries: Up to an amount equal to one month's indemnity—maximum of $150.

10. Occupational Accident Benefits: (If covered automatically or purchased on an optional basis)

11. The same benefits as those for non-occupational accidents except that the limit of the period of total disability for which monthly indemnities are paid is one year for any one accident.

HOSPITAL PRIZES TO BE AWARDED

The Payroll Division bowling team won the State Insurance Fund championship, finishing 10 pins above the second team. Front row, from left, S. Epstein, M. Flemming and D. DeBoeuf; rear row, P. Schreiber (guest), A. Wechsler, G. Ricks and M. Wechsler.

ALBANY, June 22—Is the State Civil Service Commission as it now constituted conducting its last meeting this week? This is a question being asked today.

The commission meets monthly, except for August each year.

Commission to End

However, there is no provision which guards against these factors.

1. Under the law the President of the Civil Service Commission becomes the responsible director of his department as of July 1. This power, now lodged in the commission itself, would therefore pass to J. Edward Conway in the event no successor is named.

2. The other Commission members will take a cut in pay, if held over.

At present, Commissioners Louise C. Gerry and Alexander Paul receive a base salary of $11,950. As of July 1 the pay provides a base salary of $13,000.

Mary Appleton, however, whether Governor Thomas E. Dewey will name a new head of civil service prior to next week.

Mental Hygiene Assn.
Will Meet on July 13

ALBANY, June 22—The annual election of officers of the Mental Hygiene Association will be held at the Hotel Wellington, Albany, at 10 a.m. on July 13. Following chapters have designated their nominees:

Syracuse: W. J. Cerasoli, chairman; S. J. Lawrence, William P. Johnson, and Francis M. Talley, members.

Programs were prepared, appropriate music selected, and arrangements made for the coming concerts.

Hospital Prizes to Be Awarded

The hospital will hold tests on Tuesday, June 27 (for promotion purposes), and the prizes will be awarded to the winners.

In conjunction with the annual field day exercises at Central Hill State Hospital on June 17, the hospital prizes will be awarded to the winners of all-patients activity contests. The prizes will be awarded at the hospital. The awards will go to patients who have shown the most creativity and cooperation. The awards will be given for work or talent, and will consist of medals, plaques, and other awards.

Andreasen Were Judges

Other activities were inaugurated, a tournament of both basketball and Spanish chess were held for male patients, and bowling tournaments for women, under the direction of Mrs. H. M. Goodwin. The tournament was conducted by the patients themselves. Each ward chose a committee of three judges, who selected the names of entrants, etc.

(Continued on page 14)
Willard State Hospital

THESE HUNDRED persons attended the ninth annual Psychiatric Nursing Institute at Willard State Hospital. Dr. Kenneth Kirk, hospital director, welcomed the group.

Margaret Maun, executive secretary of the State Board of Nurses Examiners, was guest speaker.

A group therapy session was held at the Institute for the first time under the direction of Dr. Harry A. Stickel, psychiatric consultant at the hospital, and former director of Syracuse Psychopathic Hospital.

Exhibits of handicraft work by patients of Rochester State Hospital, Syracuse Psychopathic Hospital and Willard State Hospital were featured. In charge of the displays from their hospitals were: Mrs. Laura Stoneburger, Rochester; Mrs. Mary Maguire, Syracuse; and Florence Domislie, Willard.

Dorothy Phillips, instructor in the Nurses Training School, received a Bachelor of Science degree from the University of Rochester, and is doing graduate work at Cornell University.

Claude DePuy and Elizabeth J. Wilkins have returned to work at Willard. Miss Wilkins has been employed with the hospital for 23 years.

Robert Deman has returned to work at Willard from vacation.

Bob Montford has found a good sporting future, for he has already bagged 44 pounds.

Lillian Lord attended a meeting of the occupational therapy department, recently visited her brother, Dr. Jack Hamblin, at the Chronic Hospital.

Jean Murphy, Helen Hall, Helen Coburn and Dorothy Moses, nurses, were guest exhibitors on Thursday. The following attended: Florence Domeislie, Hotel, Miss Katherine Stanger, Mrs. Janet Straw, Miss Betty Foy, Miss Helen Clarke, Jennie VanVliet, Mr. and Mrs. Kenneth Pavley, Mrs. Mary Codrin, Miss Betty Foy, Mrs. Douglas Smith, Miss Blanche Milligan, Miss Dorothy Moses, and Miss Sarah Reilly.

A Health Institute fire was held in the work room on Wednesday, June 30, 7:30 P.M. Come and vote for your candidate.

Middletown State Hospital

THE MIDDLETOWN State Hospital annual picnic dinner will be held Thursday, August 6 at Pantry Park Pier. The date was incorrectly given as June 25 in last week's LEADER. The menu includes roast chops with sauce, half of a fried chicken per person, potato salad, cabbage salad, baked beans, corn bread, watermelon and beer. Tickets: adults, $2.75; children, 75c. Get your tickets from Paul Mayne not later than August 1.

Mr. Newcomb, patient, has returned from vacation. He was part of which was spent in the South.

Mr. Kohlman, who has returned from the maintenance department, Mr. Kline, from the West Group, has been appointed institutional patient manager. Mr. Kline, with 21 years of service, was elected by the Five Boys on the day he retired.

Speedy convalescence is wished for Mr. Buhler from an accident to his foot.

Utica State Hospital

Ms. Bailey, widower of the former business owner of Utica State Hospital, accepted an award in the office of Dr. Isaac Brill, Commissioner, for 21 years of service as an employee of the State Hospital. The presentation was made to him by Commissioner, W. J. Sweeney and E. Q. Klingman, the death of their father.

A certificate of merit, with $100 check, was presented to Mr. Reilly of use of Iron Fish Sitka in a nutritional program for hospital patients and because of his interest in employee welfare and his initiative.

Mr. Reilly was born at Syracuse. He attended Niagara University and was first employed with the hospital in 1923. He has occupied various positions and served also at the Adirondack, Indian River and St. Lawrence State Hospitals, and has been the personnel manager at Hudson State River State Hospital.

Mr. Reilly was fatally injured in an automobile accident on December 25, 1931. His wife and four children are enjoying the holidays.

Eminent Voices Sound The Value of the employees' service is recognized, and his agenda for the special session of the Legislature any but his remarks with the geographical limits are well-adequate pay by municipalities. Because of the' nature ees less than the going rate is rendering a disservice to majority of employees who do not include as high a proportion of alert, able, ambitious persons as those i^ho to call the low wages of law enforcement forces a scan-•ray to fight corruption, since honest men whose efforts enforcement must some day be corrected. This is one sure are properly compensated are not readily tempted."

Legal financial obligations, it would be bereft of credit. as well. Meanwhile the outspoken public officials who dra-

Disability-Compensation

The protection given by the Federal Employees Compensation Act for federal employees, especially those who, while working for the federal government, suffer injury or disease, is as self-evident that if anybody suggests a pay raise for Federal employees he's looked at rather carefully to see if he has a touch of leprosy. I do

James C. Worthy has changed his views about Federal em-

ploymenE. The Assistant Secretary of Commerce, before taking over his U.S. job, wondered what attraction Federal employment has, with pay none too generous, and opportunity for advancement none too keen, contrasted perhaps with what prevails at Sears Roebuck in Chicago, where he'd been a top official. Now he says that the ins-
oration of Government work is the knowledge that such performance is important to the whole nation. "Federal employees," he says, "have a sense of being close to the center of things," and he's glad in finding a wealth of competence among them.

A PLAN to substitute oral tests for written ones, in many Federal exams, has evolved sharply under the Government and Civil Service Employees Organizing Committee. The union fears that candidates would be tested orally on extraneous subjects, and that personal angles would dominate examiners' decisions, if the plan goes through. There is no doubt that written exams alone can not reveal the total of an individual's abilities and capacities, but to outlaw paper tests completely would be to delude all the advances to date of psychological tests and measurements. Actually oral tests are too prone to be colonized personal reaction of the interviewer, and very frequently results of orals by several inter-

40-HOUR WEEK ASKED

IN MENTAL HYGIENE

I am an attendant in the State Department of Mental Hygiene. When are we going to get that 40-hour week? We get only one day a week off, plus one extra day a month. And if we take extra days off each month, we'd have to cut our pay. If we get a 40-hour week, we'd have to cut our pay. If we get a 40-hour week, we'd have to cut our pay. If we get a

THEY SAY

EVELYN M. DIERKEN, U. S.

Secretary from Illinois: "There was a tendency on Capitol Hill for the 40-hour week. As legislation is drafted, there is a sentiment that when anybody suggests a pay raise for Federal employees he's looked at rather carefully to see if he has a touch of leprosy. I do not think the Government is interested in the improvement of the pay."

3 NYC Agencies Win Safety Awards

Three City agencies, the Department of Water Supply and Electricity, the Board of Wa-

ter Supply, and the Office of the Borough President of Queens, have won coveted safety awards for the greatest increase in safety performance during 1952. Mayor La Guardia awarded trophies to the three agencies at a ceremony held at City Hall. Commissioner Dominick F. Puleo received the award in the name of the Department of Water Supply, Gas and Electricity for an improvement of 20 percent over 1951. President Irving V. A. Hise received the award for the Board of Water Supply, and Borough President James A. Longo accepted the award for the Borough President of Queens for a 45 percent improvement in the same period. The awards were designed to stimulate a city-wide safety drive.
Activities of Employees in State

Danborna

RECENT TRANSFERS to Danborna from Mattratton State Hospital include: Dennis F. Coon, Philip F. Cowan, Donald Kennedy, and Richard Connolly. Dr. Samuel F. Shaw, superintendent, said that the transfers were made because of overcrowding at the hospital.

Colonel Kenneth H. L. Buchner, director of the New York State Selective Service System, has been appointed to the position of director and executive officer of the Fourth U.S. Civil Service Commission.

The following U.S. exams are open until further notice, and a date appears at the end of each announcement that is the last day to apply:

- The copy of your Civil Service Guide—Dr. Laiszlo Eber. Now all Docs needs this.
- Army Medical Center or at other Army installations.
- The Defense Attorney Training Program at the Armed Forces School of 相关的

Compromise Is Reached On U.S. Annual Leave

WASHINGTON, June 22—Agreement was reached by Senate and House on the annual leave and terminal leave bill by June 19 of the year follow- ing the year of exceed. It was signed and presented to the President. The President now has ten days to return the bill. It will not be returned to the Senate and House for further considera- tion.

The Tomlinson amendment, under which employees now have more annual leave than is authorized by the Veterans' Improvement Act, would not be entitled to ac- cumulate more than thirty days of annual leave. This would be increased to forty days after July 1, 1955. The President now has ten days to return the bill. It will not be returned to the Senate and House for further considera- tion.

The officials in this group would not be entitled to any annual leave pay, but would have annual leave rights that could exceed those granted to employees gener- ally, because of the responsibility of the positions.

The compromise was not reached and considerable delay. Though Chairman Ed of the House Post Office and Civil Service Committee didn't like the provi- sion that any excess, leave could be used only during the fiscal year in which earned, would be repealed. In Its place, there would be an increase in the retirement will take effect August 14.

The officials in this group would not be entitled to any annual leave pay, but would have annual leave rights that could exceed those granted to employees generally, because of the responsibility of the positions.

The compromise was not reached and considerable delay. Though Chairman Ed of the House Post Office and Civil Service Committee didn't like the provi- sion that any excess, leave could be used only during the fiscal year in which earned, would be repealed. In Its place, there would be an increase in the retirement will take effect August 14.

The officials in this group would not be entitled to any annual leave pay, but would have annual leave rights that could exceed those granted to employees generally, because of the responsibility of the positions.
FEDERAL JOBS IN THE NEW YORK AREA

This is the last call to the following NYC tests. Last day to apply approaches in each case.

Salary: $3,500. Minimum requirement: Candidates must have completed a course in medical school.

Senior Physician (Electronics)

Salary: $3,500. Minimum requirement: Candidates must have completed a course in medical school.
DO YOU DRIVE YOUR CAR AFTER DARK? Do you know that 4 out of 5 fatal smash-ups are caused at night? How many times this month have you been forced to dim your headlights? How many times have you been forced to have your headlights dimmed? When you were in the middle of a dangerous intersection . . . when you were turning a sharp curve or corner ... when you were being passed by a speeding car? Of the 70,000 drivers who passed you last month have you been forced to see objects through the glare of headlights? You will actually be able to see better . . . clearer flashes of light. You will be able to drive as much as 400 miles in a single night without feeling the slightest strain. You will not be tired after short rides. And, above all, you will not see the glare. You could pass the road that ruin your tires.

These Accidents Can Be Avoided

Do you know that you can avoid these accidents by using the invention that has been proven to protect themselves against the blinding glare of the headlights of other cars? These drivers have tested and proved the optical instrument that actually makes the brightest headlights dim to you. This invention is called RAYEX Night Driving Glasses.

To avoid these costs these experts discovered that scientists had developed such a glass known as RAYEX, which protects automobiles manufacturers, such as Ford, Cadillac, Oldsmobile, and Chrysler—equipping their special deluxe models with special glare-resistant windshield lenses. However, the cost of these glases on these special cars was necessarily prohibitive.

To avoid these costs these experts discovered that scientists had developed such a glass known as RAYEX, which protects against the blinding glare of the headlights of other cars. These drivers have tested and proved that RAYEX Night Driving Glasses make it possible to see every street light . . . every window you pass, are a soft amber yellow. You will not see the glare. You could pass the road that ruin your tires.

The very first moment you put on RAYEX Night Driving Glasses you enter into an entirely new world of night driving. There is no more blinding glare. Instead, the headlights of every car are dimmed down. You will actually see them . . . but with almost perfect daylight vision. This is the way they would affect you if you were a test driver. Do you have weak eyes? Do you have night driving headaches? And, above all, tired, strained eyes? You will be able to totally dis- tinguish their lights . . . but you will not see the glare. You could pass the road that ruin your tires.

PROVE IT YOURSELF! MAKE THIS CONVINCING "LIGHT-BULB" TEST

When your RAYEX NIGHT DRIVING GLASSES arrive put them on and look directly into the strongest electric light in your home. You see the light . . . but there is nothing there! Then test them again in your car. You will see the street lights, headlights under every sort of difficult night driving condition. If they do not prove everything we have claimed, return them to us. Your money will be returned. You are not buying these glasses to seal us simply trying them at our risk! RAYEX Night Driving Glasses have been tested, acclaimed and approved by over 50,000 drivers! RAYEX lenses are made of ground and polished optical glass, then sealed between two lenses of beautiful amber tint for those who are night driving.

STATE ____________________________
Kings Park State Hospital
A MILE OF fire hose set up by fire companies took part in a pump relay drill on the grounds of Kings Park State Hospital recently. The Fire Chiefs' Council of Smithtown organized the drill, aiming to gain public recognition of the services of the firemen and the partly-vacant areas around Kings Park and St. James. The hospital and the village units were full in force.

The mile of hose pumped thousands of gallons of water, with an outstanding display of team work on a difficult group exercise. Payoff came in the shape of public recognition.

The showing of two films at York Park resulted in more than 200 employees being enrolled in Beer and Enjoyment, and a demand for more. The films, "Safe at Home," and "City of the Sick," were viewed by hospital maintenance men, student nurses, fire and police officers, among others.

Get-well wishes to Walter Lynch, at the main office, Elizabeth Miller, headbooker of Home T, and Senna Relier, at the nurses' station. In the opening game of the season, the Kings Park team out-placed the Brooklyn Dodgers 4-1. The Dodgers' roosters comprised of present college and high school ball stars, and have in the past formed out many stars. Coach Marty O'Donnell and Al Krumann and scout Turk Rookies.

The game was played at Tiffany Field, with Dr. Buckman, hospital director, presiding. Tiffanies ball was kicked around the field immediately following the National League game, to the delight of the patients' band. The load, under the pressure of the hot weather and the wide inspiration during the game, and the same afterwards.

The juvenile patients were served a fine dinner at the home of Jack, with Dr. and Mrs. Buckman in attendance.

The Boston Red Sox roosters are on the baseball schedule. In the 33rd District, the McComb's Building D.C. boys contributed one team, and the Lauer's Building boys to the tune of 18 to 2. McComb's boys smashed fire in the finish and followed through with twice that advantage. Recently a group of 20 boys and five adults joined the juvenile services, watched the Dodgers play at Tiffany Field through the sponsorship of David Soden, who is associated with the Kings Hole Chorus. Plenty of refreshments was supplied, and the kids really had fun.

Get-well wishes to Rev. Martin, head of the mental chaplain, and Mrs. O'Leary, both hospitalized in Huntington. Sympathy to Mrs. McManus in the death of her husband, Patrick.

Best wishes to Kathryn Morse, of social service who recently left Kings Park to be married.

Dr. Dorothy Weigert is enjoying her vacation in the Virgin Islands. Mr. and Mrs. Bill Wilson are in California on vacation.

Welcome to Dr. Abraham Weintraub, who recently joined the hospital staff.

Margaret Lazzak of the em- ployee dining room is confined at home with a broken leg. Dr. Brever and Frank Campbell are in the hospital at this writing. They would enjoy seeing friends.

The SYRACUSE chapter, CHSA, held its final meeting of the year with the election of the Executive Committee, which held their regular dinner at the Chase Chop House, Wednesday, December 8. The meal was followed by the installation of new officers and made the principal address. Francis Hockey of the chapter for 1953-54 are: Edward D. Hart, E. Nordquist and D. King (president), succeeding Emmet Durr, who has held office since the chapter was organized eight years ago.

The ceremonies were opened with the singing of "America," by the choir, under the leadership of Miss6el Menkin, in the capacity of principal director of the public schools. Francis Hockey of the chapter installed the new officers. The business department was approved, and Emmit Durr, of the new office, was an assistant to the department.

The meeting was adjourned without inviting any confirmation of the new officers, and the meeting was adjourned without the call of the roll.

Tini First, Barry Second in UFA Presidency Race, But There'll Be a Runoff

[Document content not transcribed]
Alfred Castellano was re-elected president of the Motor Vehicle chapter, CSEA, Domestic Transportation series, by a large majority. Also elected were Martin Fitzgerald and Monroe Walsh, Mr. Fitzgerald and Mr. Walsh are former presidents of the chapter.

Another Metropolitan officer, Joseph D. Lochner, CSEA executive secretary, has stood by the salary question, and we are pleased to report that the strike finally paid off for salary increases and an improved insurance plan. Lochner maintained the new health and accident benefits plan.

Reports of the various committees indicate great interest in the work of the Association. We congratulate Mr. George S. Looney, CSEA, for his work in the State Public Works Department.

The elected president of the Motor Association's chapter, CSEA, is Dominic F. Conti, who will be back on the job soon.

The following State exams are now open for receipt of applications:

- Transportation, $100, three-day examination, by Governor Dewey on the agenda for the Metropolitan Conference, whereby the bill would be placed on the agenda of the State Legislature. When the bill was presented at the regular session, it died in the Ways and Means Committee, a sorry fact for such an important measure.

**Monroe County**

The Metropolitan Public Service Department has announced that appointments to the various State boards and commissions will be made by the Governor.

**Madison County**

William P. Brophy, a City of Syracuse Public Works Department employee, has been appointed to the State Civil Service Department.

**Erie County**

ERIE CHiEF held its last regular meeting Thursday night at the Buffalo Sewer Hall.

**Ondonga County Penitentiary**

Augustus J. Shea, who has served as the chief of the penitentiary service, died after an illness of a few months. Shea was a veteran of 43 years' service, the longest one of any ward officer at the institution. He was elected a member of the American Institute of Penitentiary Officers in 1912, and at a comparatively early age became the state's youngest prison warden, at the age of 34.

The Metropolitan Public Service Department has announced that appointments to the various State boards and commissions will be made by the Governor.

**City of Rochester**

The Metropolitan Public Service Department has announced that appointments to the various State boards and commissions will be made by the Governor.

**Activities of Civil Service Employees in N. Y. State**

Dr. Francis J. O'Neill (right), senior director of Charity at Lone Star State Hospital, presents trophy to Central State's "B" team, at the recent bowling contest of the institution.

**Franklin Offices Close On Saturdays**

Malone, June 23—The Board of Supervisors of Franklin County has entered into an agreement with the Franklin chapter of the Civic Service Employees Association to close all county offices on Saturdays. The agreement, which provides for a four-hour closing on Saturdays, is to go into effect on July 1, 1940, and the agreement runs for 10 years.

For Members

ALBUQUERQUE, June 22—SPATA, the State Public Administrative Training
Alumni, held a business meeting
and luncheon at the headquarters
of the Civil Service Employees
Association. Officers elected:
Member, John Currier, Depart-
ment President; John Currier, De-
partment President; Mrs. Julia M. Puleo, Bureau
of Apportionment, Education De-
partment, secretary; and Kenneth
Brock, Archivist. County Ed-
Action Department, treasurer.

The officers, in a brief after
the luncheon to discuss improving
the organization, plans to stimu-
late more active participation, and ways to make the association
more valuable to its members.

Plans for several social events
during the year will be considered
and listed and will be announced later.

no deductions were made from their military pay for Social Security during the period of service. During this period, the employee was covered by Social Security, based on all his military pay, as were his dependents. Hence, it cannot be said that he was not being covered by Social Security, based on all his military pay, and that the employee would be entitled to have his Social Security record adjusted to show that he was covered by Social Security, based on all his military pay, during the period of service. It is not possible to determine if he was in fact covered by Social Security, based on all his military pay, during the period of service, whether he was or was not.

Benefits From Military Service

The Federal Security Agency, in a pamphlet, describes the benefits to which veterans are entitled under Social Security. Benefits are provided for veterans who have died while in active military service, for veterans who are disabled as a result of service, for veterans who are receiving veterans' pensions, and for veterans who have become entitled to veterans' pensions.

Social Security For Those Who Hold Public Positions

By H. J. BERNARD

Employers of Federal, State, and local employees who are in the armed forces, particularly those in recent European service, are anxious about possible Social Security coverage problems that might affect the armed forces, particularly those in recent European service, are anxious about possible Social Security coverage problems that might affect the armed forces, particularly those in recent European service, are anxious about possible Social Security coverage problems that might affect the armed forces.
