**Civil Service Leadership**

**Pay in Industry Rose Even Faster Than Cost of Living**

**Association Hails Decision to Cease Air-conditioning**

**Of Resolutions**

**Requirements Eased for Matrons**

**ALBANY, July 6 —** The State will be divided into eight promotion districts along the lines of the present veteran districts as far as amoral veteran counselor promotions are concerned. The State Civil Service Commission granted the request of the Division of Veterans Affairs to set up separate promotion units for the jobs, instead of making the entire State one unit as has been customary.

**Charles E. Lamb, of the Sing Sing Correction Department Conference, was elected president of the Southern Conference, Civil Service Employees Association. An experienced leader in dealing with officials regarding employee grievances, and recognized as an able organizer, Mr. Lamb has been an important factor in the CSEA and the Correction Department Conference.**

**ALBANY, July 6 —** Increased attendance at boxing and wrestling matches in central New York has prompted the State Civil Service Commission to ask the Civil Service Commission to approve an additional Deputy Commissioner for the job with the athletic commissioner.

**This will bring the number of such deputies to seven. The new man will be assigned the area including Syracuse, Watertown, Binghamton and Elmira and probably will make his headquarters in Syracuse.**

**Early Submission Of Resolutions Is Asked by Asn.**

**ALBANY, July 6 —** Edward L. Ryan, chairman of the resolutions committee of the Civil Service Employees Association, has called the attention of all Conferences and chapters to the desirability of submitting to the committee as soon as possible all resolutions which it is desired to have considered at the annual meeting of the Association to be held on October 13-14.

**The by-laws of the Association contain the following provision:**

**"All resolutions proposed for consideration at an annual meeting shall be submitted in writing to the resolutions committee. All resolutions submitted on or before the twentieth day of August shall be reviewed, edited and submitted by the committee, which shall, on or before the thirtieth day of September, report to all chapters of the Association the disposition of such resolutions."**

**ALBANY, July 6 —** Even though the cost would be increased 15 percent, the State will put air-conditioning in new State buildings in Albany and Syracuse. For the eight office buildings to occupy the new "campus" in Albany, the cost of air-conditioning would be $400,000, said Deputy Commissioner T. Norman Hiric. The new Health Department building on Holland Avenue, Albany, and the new State Office Building in Syracuse, would be air-conditioned, he said. The cost of such treatment of these structures was not stated.

**Air-conditioning for public offices was first suggested by the LEADER three years ago, and drew strong support from all State officials of government, but much opposition came from employees. Not only new buildings, but old ones, too, were recommended for air-conditioning, in a LEADER editorial.**

**The Dewey Administration, which has never come around to the air-conditioning idea for some new State and State buildings, at first was itself cool to the idea, even as applied to new structures only, but the present decision represents a distinct change of mind and policy.**

**The State Administration became convinced that the addition of the State's business to its many matters having to do with public employment and State buildings is a step which has now come around to the air-conditioning idea for some new State buildings, at first was itself cool to the idea, even as applied to new structures only, but the present decision represents a distinct change of mind and policy.**

**Metropolitan Conference Holds Beach Outing**

**Marking the close of a highly successful year, the Metropolitan New York Civil Service Employees Association, Civil Service Employees Association, expressed great satisfaction with the new office building at Jones Beach and said it was pleased to have it erected.**

**The air-conditioning idea for some new State buildings, at first was itself cool to the idea, even as applied to new structures only, but the present decision represents a distinct change of mind and policy.**

**A spokesman for the Association said:**

**"Last June the Association publicized the modernization fully justified by its inherent efficiency and economy of operation of the State's business. Counties and municipalities are now busily engaging in physical planning to arrange for their workers to maintain top efficiency in periods of very high temperatures which occur frequently during the summer months and in the State.**

**The Association has consistently urged the utilization of the beach as a recreation center in such matters having to do with public employment and State buildings as are related to the building of that field of building construction."**

**Only One-Tenth Percent Of State Employees Get 'Unsatisfactory' Rating**

**ALBANY, July 6 —** Only 46 of nearly 50,000 permanent competitive class State employees received an "unsatisfactory" performance rating for the 1952 rating year, and the State Department of Civil Service reported.

**At its June session the State**
Some States Turning to Social Security

A number of States have changed or modified their legislation governing public employee retirement, the Municipal Finance Officers Association reports.

In Minnesota, the Public Employees Retirement Association Act increased the maximum retirement allowance from $150 to $200 a month and improved benefits to beneficiaries of persons covered by the plan. The act also increased lump sum payments by $10 a month on persons going out prior to July 1, 1951.

Two more States, Iowa and Oregon, have followed the pattern used in Virginia by repealing existing retirement systems, adopting Social Security, and entering a supplementary retirement plan, integrated with Social Security.

In Oregon's Method

Social Security benefits are available to employees of the State's school districts and to those in the State department of education. Those in the State hospital system, psychiatric institutions, and the Department of Justice will continue to have the State pension system.

A request to the State Civil Service Commission for a "long" Fourth of July fell on a Saturday for NYC. As a result, July 4 fell on a Sunday for the medical staff and department heads at Brooklyn State Hospital, was granted that time off be granted either in July 4 or the next Sunday, and some would be closed instead.

The medical staff and department heads at Brooklyn State Hospital honored Mrs. Isabelle Mallett, retiring chief supervising nurse. Those in the front row, seated from left, are Dr. Eras, Mrs. McCaisy, Mrs. Kearns, Mr. Kreese; Dr. Nathan Beckenstein, hospital director; Mrs. Mallett; Dr. Joe Biondi, assistant director, and Florence Woods, principal of the school of nursing.

Wages in Private Employment Rise Faster Than Prices

THE eighth time since World War II, organized labor is again pushing for upward wage adjustments and improved fringe benefits in private employment. Already, the auto workers have settled with management, and collective bargaining talks have been completed between steel workers and steel companies. The outcome of the steel talks will go far toward setting a pattern for industry generally, just as the settlement of the auto wage problem will have an effect on the general pattern.

The Five Principles

In the post-war years, the unions have employed five principal justifications for their annual demands:

1. New branches of industry have a take-home pay as overtime pay declined after the war.
2. Need of increased productivity.
3. Need to keep pace with rising living costs.
4. Need to maintain labor-purchasing power as a means of preventing depression.
5. Ability to pay as measured by "excessive" profits.

The unions that have been eminently successful during the past 10 to 15 years is shown by a graph in "Monthly Labor Review," May 1951, pages 579-580, published by the United States Bureau of Labor Statistics. The graph shows that hourly earnings, 1939-1950, have gained substantially over living costs, representing a rise in real income of almost 70 per cent.

The Pay Window

Childe from numllily lotter, National City Bank of New York, and Employes and of Consumer Prices. 1939 Average = 100, rapid rate than the Consumers Price Index.

A large increase in fringe benefits to boot, says the monthly newsletter, the Civil Service Employees Association, of which the author is a member. "If wages fail to keep pace with increased productivity, our union will demand an end to this situation and collective bargaining will be encouraged to attain this goal."

The settlement of the auto wage question was master of ceremonies. The guest of honor was presented with several gifts from the group. The settlement was made public June 14, 1953.

In the city of New York, the Central Islip State Hospital is a scene of great beauty this late spring and summer. The patient population of more than 1,500 patients, attended the Safety Supervisors Conference, held last week, 190 Mr. Skinner, institutional past,

The hospital, along with the rest of the employees of the hospital, gathered at the hospital's gates on the morning of June 14, 1953, to attend the Safety Supervisors Conference, held last week. The event was an annual affair, and is part of the hospital's efforts to ensure a safe and healthy environment for patients and staff.

The accommodations, says the guest of honor, were master of ceremonies. The guest of honor was presented with several gifts from the group. The settlement was made public June 14, 1953. For more information, please visit the Central Islip State Hospital website or contact the hospital directly.
State Seeks Non-resident Interns

ALBANY, July 6 — Because of difficulty in recruiting public administration interns from the State Civil Service Commission agreed to open intern positions to out-of-state residents.

This is the first time in the history of the program that non-residents are admitted to such positions.

RIDGEFIELD ADDRESSES POST COMMISSION
Harold Ridgefield, Acting Postmaster of the New York, N. Y. post office, commenting civil service employees in an editorial before Local 10 New York Federation of Post Office Clerks. He also said that exports have been called in to improve facilities for postal workers, as well as personnel and public relations and postal operations themselves.

Ridgfield, president of the local, introduced Mr. Ridgefield.

Rent Commission To Hire 149 More

Other Approvals Voted by Civil Service Commission

ALBANY, July 6 — The State Rent Commission will add 149 temporary employees to work a maximum of six months under authority granted by the State Civil Service Commission.

Because of the increased workload caused by changes in the rent law made by the 1953 Legislature, the Rent Commission said it needs the following:

Eleven typists, four stenographers, three filing clerks, a senior filing clerk, nine secretaries clerks, a publications assist., 26

The Commission also granted employment extensions to 19 temporary employees in the Salaries and Price System who have been working on their plans and are currently engaged on an annual basis and in the preparation of reports of pensioners procedures.

This is the first time in the history of the Commission that reports on an annual basis have been approved to continue the employment of temporary employees and that the employment be extended.

AFL RIEGELMAN ADDRESSES POST
Harold Riegelman, Acting Postmaster of the New York, N. Y. post office, commenting civil service employees in an editorial before Local 10 New York Federation of Post Office Clerks. He also said that exports have been called in to improve facilities for postal workers, as well as personnel and public relations and postal operations themselves.

The Uniformed Fire Officers Association says that improvements could be made in the NYC Fire Department that wouldn't cost any money, and warns: "The citizens of NYC should be warned that they could be seeing a possible trend of size reductions in the Fire Department. Many adjustments could be made that would not cost any money. Since the present Administration either cannot or does not know how to make these adjustments, the citizens should step in." - Stanley M. Isaacs, Minority Leader of the NYC Council, has encountered strong opposition to his pension liberalization bill from the Mayor's representative at Council meetings. The bill would entitle beneficiaries to obtain pensions even though the insured died during the 30-day period following application for retirement. Mr. Isaacs is seeking the aid of employee organizations and is personally visiting members of the Board, in an effort to assure passage by the Board. The Council approved the measure almost unanimously. . . . The CIO sees a lot of politics in the civil service maneuvering of the Risenhower Administration, and is circulating an excerpt from the Republican Party platform, on which General Risenhower ran, about strengthening civil service, and reorganization of ability of civil servants, contrasted with Order 10463, removing civil service protection from occupants of jobs in Schedules A and C, except veterans.

ALSO, THE NEW TRANSIT AUTHORITY IN NYC is having its troubles with the Transport Workers Union, CIO, whose international president, Michael Quill, has openly pledged a strike. President Quill said that his union is ready to meet across the collective bargaining table. In a discussion it has submitted, but if the Authority's new guerrilla warfare, as he says LaGuardia and others wanted and got it, it will put it what it says. "TWU will pick the time and the weapons," said Mr. Quill, and believe me, there are people in the civil service and I want to be clear about this, and of the work if it is necessary to protect the local employees of the transit system of NYC who still continue to operate the safest railroad in the world.

DE Policy on Layoff Told

Governor Thomas E. Dewey was quick to see the force of the Civil Service Employees Association's request that a survey be made of State salaries, so that possible recommendations could be made in time for action by the 1954 Legislature. The Governor also acceded to the Association's request that he appoint a committee to cooperate and consult with the Division of Classification and Compensation, which will conduct the survey.

J. Earl Kelly, Director of the Division, said that the survey probably would not be completed before the end of the year.

A thorough survey will require all the time between now and the day the budget for the next fiscal year is submitted to the Legislature, and the present plan of the Division to admitted existence of inequities and injustices in State pay, prompted the Association to bring before the Governor now the need for immediate preparation of materials for personnel with educational work.

The Budget Director himself has admitted that there are inequities in State pay. Mr. Kelly has made recommendations for upward reallocations of titles, meaning salary increases, for which the Bridge Director is still to act. The Association has pledged full cooperation in the survey.

There is thus a considerable area of agreement already both in principle and on particular titles. Also, there are doubts, which will result in an overall increase in State pay. The Division, its advisory committee and the Association have excellent prospects of a busy summer and fall.

The Governor acted wisely.

COUNTY WORKSHOP TO BE HELD IN UTICA

UTICA, July 6—All chapter presidents and members of the Civil Service Employees Association who have been inducted into the county work- shop will be held in Utica, August 15 in Utica.

The workshop was conceived to discuss national problems; to review what has occurred at the county, cities, villages and towns, and impede the work of the local public employee.

John R. Goodrich, president of the Civil Service Employees Association, and members of the local administrative board or executive officers have been invited, as well as leading local officials.

Oneida Chapter to Be Host

Utica Civic Center at 3:30 P.M. is the Utica College League of Women Voters Street, on Oneida Plaza. Utica.

A dinner will be held at the Club Monarch, Yorkville, Rem- iniscences of the Civil War, a trip to the State Capitol in Albany, and a dinner will be held at the Utica College League of Women Voters.

The meeting will be held in the civic center of Utica.

The workshop consists of the Civil Service Employees Association, the state director of the Division of Classification and Compensation, and the County Civil Service Commission.

WASHINGTON, July 6 — President Eisenhower will sign the bill requiring 15 days of annual leave for all U.S. employees, which required U.S. employees to use up all annual leave before leaving the United States, following the calendar year in which it was earned. The Senate and House passed the bill on June 30 by a vote of 78 to 22. The bill also provides new terms for annual leave and terminal leave, but not for other federal employees. The new terms will apply to employees who are subject to a 45-day deadline.

New Previsions

In all nationwide announcements, the directions, under "How to Apply," should be changed to read as follows: "Where To Get Forms: Apply at any post office or for the application service before advanced appointment, or for information as to where such forms may be obtained, in regional headquarters of the Commission, or at any post office in the United States. Forms must be obtained from the United States Civil Service Commission, Washington, D.C., and in any post office in the United States. The instructions in charge, Board of Supplies, and Equipment, Washington, C. Z.

What help does a laid-off career employee get in his own agency? He is helped in two ways: (1) He may apply for reinstatement in his former agency in the local commuting area: (2) his former agency must post notices of endorsement in the local commuting area. These notices of endorsement must be made only by industrial employees in the local commuting area to see if there are any for which he is eligible. If he is in such a job, the agency must make room for him if he cannot.

What help does he get from the Commission? The Commission will give him his reinstatement, if any, and also endorse him in the local commuting area for a position of the same or a higher grade. It is possible for a career employee to be selected for the position of his choice. The Commission will then give him the reinstatement, if any, and endorse him in the local commuting area for a position of the same or a higher grade.

What is the purpose of the new plan to help laid-off Federal employees get into the Government? It is to make the Government a more attractive employer to those who are laid-off career employees, and to help them get into the Government. The Government will then give them the reinstatement, if any, and endorse them in the local commuting area for a position of the same or a higher grade.

What is the reason for this change? — A. To reduce the number of employees who are laid-off career employees. The number is reduced by the new plan to help laid-off career employees get into the Government.

Is it fair to restrict "bumping" rights to agencies in this way? Wouldn't "bumping" rights be a dead-weight on labor relations? — A. It is fair to restrict "bumping" rights to agencies in this way. The purpose of the new plan is to help laid-off career employees get into the Government.

Can a laid-off career employee get in the Government in Washington? — A. In Washington he will have "bumping" rights only in his installation in Washington, or in all installations in the Government.

THE GOODYE
Civil Service League Seeks 5 Changes in U.S. Vet Preference

The Civil Service League has again urged the executive branch to adopt five specific changes in the present law.

1. The League would like the government to bar all persons from voting in any election in which their lives or property are affected by any decision of the government.

2. The League wants to ensure that all persons have the right to vote in any election in which they are affected by any decision of the government.

3. The League would like to see the government establish a system for the free expression of ideas and opinions by citizens.

4. The League would like to see the government establish a system for the equitable distribution of public funds among all citizens.

5. The League would like to see the government establish a system for the protection of the rights of all persons.
Public Welfare Groups Elect Officers and Hold Joint Banquet

LAKEx GEORGII, July 6 — The New York State Public Welfare Asso-
ciation was held for three days at the Sagamore Hotel, Bolton Land-
ings, Mass. The 112 annual meeting of the associ-
cation was held for three days at the Sagamore Hotel, Bolton Land-
ings, Mass. The 112 annual meeting of the associ-
ciation was held for three days at the Sagamore Hotel, Bolton Land-
ings, Mass. The 112 annual meeting of the associ-
ciation was held for three days at the Sagamore Hotel, Bolton Land-
ings, Mass. The 112 annual meeting of the associ-

ciation was held for three days at the Sagamore Hotel, Bolton Land-
ings, Mass. The 112 annual meeting of the associ-
ciation was held for three days at the Sagamore Hotel, Bolton Land-
ings, Mass. The 112 annual meeting of the associ-
ciation was held for three days at the Sagamore Hotel, Bolton Land-
ings, Mass. The 112 annual meeting of the associ-
ciation was held for three days at the Sagamore Hotel, Bolton Land-
ings, Mass. The 112 annual meeting of the associ-
country's largest and most influential. The New York State Public Welfare Association is one of the leading organizations in the field of public welfare. It is dedicated to improving the lives of the elderly, children, and families through advocacy, research, and policy development. The association has a long history of fighting for social justice and promoting the well-being of all New Yorkers.

The association's annual meeting is a significant event, bringing together hundreds of attendees from across the state to discuss important issues and network with peers. The event typically features keynote speakers, panel discussions, and workshops on a variety of topics related to public welfare.

This year's meeting may have been particularly significant due to the circumstances surrounding the COVID-19 pandemic. With the ongoing public health crisis, the association likely addressed the challenges faced by its members and the broader public welfare community.

Overall, the New York State Public Welfare Association continues to play a crucial role in advocating for the needs of vulnerable populations and promoting equitable policies in New York.
$840,000 Checks
For Wage Claims
Beginning Out

Mailing of checks totaling $840,000 to employees of 1,345 NYC agencies began Monday.

Prior to June 30, 1952, the Comptroller negotiated settlements with the agencies which had wage claims totaling $7,964,877 for the fiscal period 1952-53.

To accomplish the settlement, the Comptroller's office, working with the employment of all Labor Law claims on file in the Comptroller's office, set to certify payment on the basis of individual claims of $30,000 or more, based on the terms of the agreements in question. This task was accomplished by November 26, 1952, when checks totaling $840,000 were mailed to employees of 1,345 NYC agencies.

More to Come

Recently, the Comptroller received approval from the Court of Claims of the 27 departments, totaling $7,054,486 and 4,000 employees, of which 13,435,850.48, affecting 1,345 employees, and the year's work has been completed for the fiscal year 1952-53.

The total cost of all labor law claims for the fiscal period 1952-53 is estimated at $11,328,343,000.

As for all departments submit the terms of the settlements the Comptroller's office will promptly audit and pay such claims.

Court Decisions

Robert M. Stern, chairman of the new committee on laws and rules, released the following report of court decisions to the NYC Civil Service Commission:

Petitioner: W. H. M., Petitioner, an ex catalo, for promotion to pay grade 3, file in the Civil Service Commission, a court order directing that he be given a pay grade 2 in the Civil Service. Petitioner denied the motion without opposition.

Jacher v. Brennan, Petitioner in 1951 and 1952, from the position of patrolman upon discovery that he had fraudulently obtained a position by using his assumed name and with another person's citizenship papers. Petitioner was in fact an alien at the time. He also had an arrest record and his name was then placed on the disqualified list. After an examination for bridge tender and was dismissed. When the above facts were discovered he was permitted to enter a plea of no contest rather than face dismissal on charges.

Justice in this proceeding is in order that there be no change to the position of employment, and that his pay grade be reinstated.

End of Line

For Wage Claims.
A SAMPLE COPY OF THIS THRILLING, ENTERTAINING, WHOLESOME NEWSPAPER FOR CHILDREN!

S
and contains twice as much entertainment and things for your child—twice as much instruction and excitement—twice as much "enlightenment"—and twice as much "enlightenment"—and contains twice as much entertainment and things for your child to do! You and your youngster will discover thrilling new puzzles and games, a greatly enlarged "Doodle Barn," a new section of fascinating, worthwhile projects to do during the summer months (with the chance to try for a free bicycle!), the new "Junior Reporter" stories written by readers themselves, a new column by Mickey Mantle, and much, much more!

The first issues of the CHILDREN'S TIMES received an overwhelming response! Tens of thousands of letters poured into our offices—requesting subscriptions and praising the good effect of the newspaper on the lives of boys and girls of all ages! Eminent educators and child experts hailed it as a milestone! Parents said it was just what they had always wanted for! Here, as long last, was a publication that was both exciting and instructive, yet free from unwelcomes influences. Here was reading matter crammed with the up-to-date information so essential to inquiring young minds—presented in a way every child enjoys and understands!

Hundreds of grateful parents have written to tell us of the endless hours of fun their youngsters found last year with the old CHILDREN'S TIMES! "My little girl is taking an interest in her appearance for the first time," writes one mother, "thanks to your page on health and beauty hints!" Another tells how her son spent 2½ hours in absorbed concentration on just the puzzle and game pages alone! Parents are enthusiastic about the way the CHILDREN'S TIMES stimulates their children to independent activities—performing scientific "experiments," building their own toys, practicing new hobbies, learning how to make their own collections of things, etc. The CHILDREN'S TIMES is designed to give your child fascinating things to do on his own. It anticipates many of the thousands of questions every normal child asks, and provides a ready answer to the familiar, bored question, "What can I do now?"

WHAT'S IN THE CURRENT ISSUE OF CHILDREN'S TIMES?

MICKEY MANTLE ON BASEBALL
One of America's outstanding baseball players begins his own regular column for junior fans. How to play better baseball, in-terminate glimpses into the world of sports, etc. Here's an exclusive feature that no American boy will want to miss! Mickey Mantle also answers baseball questions.

THINGS TO DO THIS SUMMER
Assignment #1
Girls and boys—do one of three things: 1) Design, build, and build your own model 2) Write a letter to the column 3) Send your name, address, and a picture of your favorite sport. And much, much more!

GAMES
"Doodle Barn" ... _ _ 
Also, another installment of Stevenson's immortal "Treasure Island!"
"Doodle Barn" ... _ _ 
CAPTAIN VIDEO SPEAKS
The famous T.V. favorite gives scientific answers to the question, "How much are these worth?" Capt. Video's answers are based on the latest findings of science, in language youngsters can understand.

LIFE IN OTHER LANDS
A series of highly informative, illustrated stories about how children live in different countries. This issue takes you right into the homes of India. You meet real Indian children, learn how they live, go to school, what they eat, etc.

NEWSPAPER FOR CHILDREN
Twice as much useful, up-to-the-minute news than before! Articles on uses of Atomic power in peace and war ... how pen- guins can recognize "old friends" out of thousands of other identical birds. Four big pages of new pictures in every issue!

CHILDREN'S TIMES, Dept. L6
