Carlisle Gives Assurances On Policies

ALBANY, Aug. 24 — Charles A. Carlisle, state PERS director, assured employees of the State University System and the State Legislature that the university will continue to negotiate with the PERS for increased salaries and employee benefits.

Bruce Tapper Appointed to Annapolis

SYRACUSE, Aug. 24 — Bruce B. Tapper, son of Mr. and Mrs. Vernon Tapper of Rome, has been appointed to the United States Naval Academy at Annapolis. Mr. Tapper senior is well known for his activities in public employee circles.

State-Wide Ballot Plan Is Approved

ALBANY, Aug. 24 — Widened employee activity to build up membership in the Civil Service Employees Association will be insured under a new state-wide plan approved by the board of directors.

Schenectady County Workers Seek Supervisors About Increase in Pay

The exhibit of the St. Lawrence Chapter, GSEA, made a hit at County Fair at Gouverneur. It attracted much favorable attention during the week by employees from the Schenectady County Finance Committee of the Board of Supervisors to discuss a raise.

Charles J. Hall Re-nominated by CSEA for 3rd Vice President

Charles J. Hall re-nominated as 3rd vice president by the CSEA committee, for representation of the Department of Public Works, is Chas. J. Hall, present incumbent.

Members elected to the Board of Directors at the State-Wide Division Conference were: Charles J. Hall, Rome, for 3rd vice president; and Robert L. Soper, Syracuse, for 4th vice president.

The Association's Board of Directors will organize the new State-Wide Division, the five regional divisions of the State-Wide Division of the Association will be held in each Conference area to get pay raises. Appreciation was expressed by the members of the board for planning the rate which won the favor. The new pay rates will go into effect on January 1, 1964.

Assn. Booth a Hit at Fair

The exhibit of the St. Lawrence Chapter, GSEA, made a hit at County Fair at Gouverneur. From left, front: Emogene Sylvester, Canton, and Mrs. Marian C. Murray, director and co-chairman of membership department. Next row, Glenn W. Miller, past chapter president; Velthia B. Kip, Canton, president; Rear, Mrs. Helen W. Powers, and Mrs. Donella Peters.

For the St. Lawrence chapter Marian Murray, Donella Peters, Marj McInerney, Helen Powers, and Betty Whalen served at the booth. St. Lawrence County Public Works chapter was represented by Jane Perkins and Theodore Tulp, Potsdam State Teachers College sent Dorothy A. Hall and Mildred E. Post, St. Lawrence State Hospital chapter and John Graveme and Fred Nett, Canton Agricultural & Technical Institute sent Walter McCarty and Bette Wicks.

The united efforts of the chapter members made the exhibit a success. Visitors at the booth came from as far as Vernon County.

Those serving on the general committee for the workshop were Rose Olin, chairperson, Ruth L. Mann, County Welfare Department; Fred H. Keegan, Rome County Hospital; Samuel Boley, Ulster County Hospital; Mrs. Sallie M. Barrie, Bureau of Motor Vehicles, and Winfield M. Phalan, Rome-Murphy Memorial Hospital.

State Installations To Undergo Repairs

ALBANY, Aug. 24 — Bids on four projects were opened by Bertram D. Talman, State Superintendent of Public Works.

Location and description of projects:

1. Renshaw — Construction, heating, sanitary, service elevators, and fire- suppression service for Agricultural Engineering Building, State Colleges of Agriculture.

2. McDoon — Remodeling and additions to coal boiler and new roof for Mechanical State Homeopathic Hospital.

3. Lark — Construction work for box interlaced between Buildings Nos. 1 and 3, and heating work for underground service connections to Buildings Nos. 1, 3, 2, 6, and 7, State Agricultural and Technical Institute.

4. Waters — Rehabilitation of equipment and power house, Manhattan State Hospital.

Schenegetady County Workers See Supervisors About Increase in Pay

The salary committee of the Schenegetady County Civil Service Employees Association, met with the Finance Committee of the Board of Supervisors to discuss a raise. The employees representatives were 1st vice president, Robert Hurst, James Narvisville, side; 2nd vice president, Harry Delunten; and Mark Delaney, F. Harry Caidin, research analyst of the Association.

It pointed out that wage increases in private industry since a year ago showed the need for a substantial upward addition for the public employees. Schenegetady County employees here had their pay adjusted for $300 in 1950, $200 in 1951, $300 in 1951, and $500 in 1953.

Because of illness Harold Brown, president of the chapter, was unable to attend.

Negotiations on Hospital Plan

ALBANY, Aug. 24 — The Civil Service Employees Association is negotiating to institute a money-saving Blue Cross-Blue Shield plan for all employees of the State University Hospital. Mr. DeGraaff, counsel to the organization, is discussing the plan with supervisors and members of the hospital's teaching staff.

Mr. DeGraaff, counsel to the organization, is discussing the plan with supervisors and members of the hospital's teaching staff.

The plan will become effective on January 1, 1964.

The new pay rates will go into effect on January 1, 1964.
No Tick?? One of the blessings of an electric alarm clock is that it doesn't tick at night. Wake you up pleasantly, too. And it always sounds the same even though the battery is almost dead or completely absent. It's the constant ticking that makes a clock. The electric alarm is a real bargain...costs about the same as it did 10 years ago!
A Glimpse of Rises Won Recently on the Labor Front

AUTOS: The new General Motors and Ford contracts were discussed in detail previously in this column in The Leader, issue of July 14. These agreements (1) free in 19 of the 24 cents that was outside of base pay; (2) increased the "annual improvement" factor from 1.5 to 2.5 cents per year; (3) gave a 12 per cent wage treatment to skilled workers; (4) increased pension benefits to $130.50 a month.

STEEL: About 9½ cents an hour pay boost. At the outset of negotiations, the prospects of a pay raise seemed somewhat dim, but with the successful negotiation by the auto unions, the pattern of the wage hikes spread to the top of the 24 per cent increase won last year after the long strike.

CLOTHING: Early in July, a $1-a-week general increase went into the pay envelopes of more than 55,000 workers in the women's coat and suit industry in the New York City area, the result of an award by the industry's impartial chairman. It has been estimated that this will approximate 16 cents per hour increase won last year after the long strike.

TEXTILES: American Woolen's request for a 31-cents-an-hour wage raise has been denied in an arbitration finding. Agreement have been reached that affects a large part of the New England mills that provide for maintenance of existing rates.

The New Jersey Bell Telephone Company has concluded an agreement that provides a pay increase and other benefits. This seems to follow the pattern of the Ohio plan.

There are exceptions, of course, such as in textiles which have been in the doldrums for some time now, but in the other major industrial groups the pattern of continued upward wage adjustment is clearly there.

If it is possible to see through the maze of complexities to find out the "pattern" of wage adjustments this year, it probably ranges smaller than last year, which was probably more than 10 cents, and is in the neighborhood of 8 cents in this "rounded".

The importance of these wage changes to public employees in New York State and elsewhere is obvious. It is vital to the welfare of the workers and to the forces of public welfare and legislative bodies is cognizant of what is going on in the business world so that even if the possibility of the stabilization of government by the "model employers" is suspected, at least they may even with the pace set in industry.

CSEA Field Men Set Dates For Meeting With People, Membership Campaign Set

ALBANY, Aug. 24 — The Civil Service Employees Association has announced the list of candidates who will visit the chapter presidents, membership campaign committee, and the association's field men. The purpose of the visit is to answer questions and add to the membership campaign for the associations.

The dates, places, and field men are as follows:

- Flushing, Aug. 26, 7 p.m. — M. A. Piscopo, 166-08 Northern Blvd., Flushing, chapter secretary.
- Paterson, Aug. 26, 7:30 p.m. — W. J. Szyperski, 100 Harrison Ave., Paterson, chapter president.
- Ogdensburg, Aug. 26, 7:30 p.m. — W. H. Coleman, 136 Spruce St., Ogdensburg, chapter president.
- Clinton, Aug. 26, 7:30 p.m. — E. E. Glinsky, 425 2nd Ave., Clinton, chapter president.
- Newburgh, Aug. 26, 7:30 p.m. — H. H. S. Pappas, 120 2nd St., Newburgh, chapter president.
- Middletown, Aug. 27, 6:30 p.m. — J. J. Pappas, 225 Main St., Middletown, chapter president.
- Kingston, Sept. 1, 6:30 p.m. — J. J. Pappas, 225 Main St., Middletown, chapter president.
- Napanoch, Sept. 1, 6:30 p.m. — A. E. Heberling, 229 2nd Ave., Napanoch, chapter president.
- Poughkeepsie, Aug. 26, 6:30 p.m. — R. J. Peters, 111 Main St., Poughkeepsie, chapter president.
- Saugerties, Sept. 1, 6:30 p.m. — E. E. Glinsky, 425 2nd Ave., Saugerties, chapter president.
Activities of Employees in New York State

St. Lawrence Hospital
Has Gala Field Day

DODGEBURG, Aug. 34 — Hundreds of patients and hospital personnel and visitors saw the St. Lawrence Hospital's first all-day field day.

The event was attended by St. Lawrence's Auxiliary, the hospital's board of directors, and the New York State Hospital Association. The hospital's board of directors and the New York State Hospital Association were present, and the hospital's auxiliary was represented by Alice Goodwin, chairman of the auxiliary's hospitality committee.

The event included a parade, a picnic, and a series of games and activities.

The parade was led by the St. Lawrence Hospital band, and the picnic was held in the hospital's recreation field. The games and activities included a softball game, a tug-of-war competition, and a relay race.

The event was a great success, and the hospital's auxiliary was pleased with the turnout.

State Insurance Fund
THOMAS M. CONKLING, chairman of the Metropolitan Conference of the State Insurance Fund, filled a new St. Lawrence Post 1890, W. A. F., which was officially opened the previous day.

The conference met in the afternoon to organize a new St. Lawrence Chapter of the State Insurance Fund.

The conference was attended by members of the St. Lawrence Chapter, who were elected to the board of directors of the State Insurance Fund.

One of the main activities of the conference was the organization of a new St. Lawrence Chapter of the State Insurance Fund.

The conference was attended by members of the St. Lawrence Chapter, who were elected to the board of directors of the State Insurance Fund.

The conference was attended by members of the St. Lawrence Chapter, who were elected to the board of directors of the State Insurance Fund.
Exams for Public Jobs

Applications are being received for the following positions in the State Civil Service Commission in the following cities and towns:

Candidates must be residents of the city or towns, as stated, at the time of filing and must have a salary and offtice benefit practically the same as for Patrolman, unless specified otherwise.

For Both of These Positions

S.E.A. Officials

Now it's your turn!

Hundreds of your members in the New York area are now saving up to 50% from manual rates on their auto insurance because of progressive thinking on the part of their officers. GOVERNMENT EMPLOYEES INSURANCE COMPANY has been offering the finest protection to your associates in other chapters and the response has been overwhelming. The preferred risk status of civil employees, together with our direct operation — no agents or brokers — allows us to pass on these unusual savings to your members. FREPAID inquiry cards are available for distribution to your group. The savings will surprise and please you! You are under no obligation when you write. How many cards do you need?

Assn. Exhibits Archives at Altamont

Thousands of visitors to the Altamont Shaker and Greene County State Fair held at Altamont, N.Y. from August 24 to 28 will find a visit to the booth of the Civil Service Employees Association one of the highlights. Devoted to a display of documents from the archives of the Association, the display presents in dramatic form the part of civil service to the state and how it has won the acclaim of guests to the fair, including many from other states and foreign countries. The display, which is an integral part of the Association's public relations and educational program is being staffed by members of the Capital District Council of the CSEA.

This display followed a highly successful showing of similar material at the St. Lawrence County Fair, held at Ganter, N.Y. from August 14 to 16, where the display was under the supervision of members of the St. Lawrence County Chapter of the Association in cooperation with other CSEA units in the area.

DORNT BE SURPRISED if a committee of distinguished scientists appointed by President Eisenhower to advise him on the use of high-technology warhead systems recommends some new forms of nuclear warheads. The research project in this area has been underway for some time now, and the committee's report is expected to be issued soon. However, the actual form of the warheads remains unknown to all but those who have direct access to the classified information. The committee's recommendation is expected to be based on the feasibility and efficacy of various warhead designs, and the final decision will likely depend on political considerations as well. The impact of any new warhead on international relations and security is another factor that must be taken into account.

Full-Pay Pensions
As an Ultimate Goal

Pensions are one of the vexatious problems of public employees, and now that Social Security coverage for some is in the offering, and for all may become a possibility next year, interest in the topic has become almost feverish. As this is being written, NYC Budget Director Abra-

ham D. Beame is conferring with leaders of employee groups on obtaining Social Security coverage for City em-

ployees not now under or eligible to membership in a City-wide plan. Vincent Angi, who recently in-

structed him to do all possible to accomplish prompt coverage for the non-pension "outsiders," and he's doing it. The Board of Estimate will consider the subject at its August 25 session.

It would be unthinkable to continue public employees in the forgotten group.

The State government has set an excellent example by extending Social Security coverage to all State Se-

curity coverage possible both for those ineligible now to State Employees Retirement System membership, or those, if eligible, didn't join. The System may come into the State System now, if they will, but if they won't, they go on Social Security, certainly a friendly form of compulsion.

The Larger Objective

Far and beyond the present operations, however, is the general need for higher pensions, since all our State and local governments and all public schools and special districts have been lifted taxes with them. Taxes on pensions, where they are, now that Social Security coverage for employees, and now that Social Security coverage for City employees not now under or eligible to membership in a City-wide plan, are being considered, may become a possibility.

It is not far-fetched to consider the ultimate possibility of pensions equal to full salary, say, after 35 years of service, and attainment of a minimum retirement age, or, for police, fire, and other uniformed forces, full-pension provisions would be to maximum length of service credit.

The Board of Estimate will consider the subject at its August 25 session.

If actually so appointed or promoted prior to the first date of such examination, the employee must file an application in the office of the Department or Bureau to which he was appointed or promoted. If he was promoted after the date of the regular examination in which he was eligible, then he must file an application for appointment to the eligible list on Form C-65. "Retired, re-

active seniority," must be filed with the applying office of the Department or Bureau and the person appointed or promoted. "Precedence and seniority matters, or could have been appointed or promoted, if he was eligible. If he was not eligible, his application must be filed at the time of appointment received by any other person during the regular filing period for a City-wide plan. The application must be filed on Form C-65.

If actually so appointed or promoted prior to the first date of such examination, the employee must file an application on Form C-65 for appointment to the eligible list on Form C-65. "Retired, re-

active seniority," must be filed with the applying office of the Department or Bureau and the person appointed or promoted. "Precedence and seniority matters, or could have been appointed or promoted, if he was eligible. If he was not eligible, his application must be filed at the time of appointment received by any other person during the regular filing period for a City-wide plan. The application must be filed on Form C-65.

It is well that public employees are now more pension-

conscious than ever. From a thirst for knowledge and solid support of a goal, can come the most advanced co-

ordinated pension-insurance-benefit system in history.

The long-range objective must be ever kept in mind.

Army Reserve
Calls for Recruits

The civilian-soldier who bears the nation's call and comes to its aid is the backbone of the Army Reserve. Both men and women can give service to their country and to the United States that it so needs and ren- der its needs it must deserve.

Commission on training and education in a trade, social and recreation facilities, prestige and opportu-

nities for advancement. Men and women, veterans and non-vets are needed. Telephone Captain George J. Seiler at 812-9006, or write to the Army Recruitment Service, 118 West 31st Street, New York 1, N. Y.

Law Cases

Sidney M. Stern, chairman of the Board of Education's law and rules board, submitted the following report to the NYC Civil Service Commis-

sion:

"Decisions:

1. Employees of the Civil Service Commission. The Com-

mission was advised that its report on the case of

l. In the case of grade positions, employees may be

"retired, re-appointment." The employee must file an appli-

cation for an appointment to the eligible list on

Form C-65. "Retired, re-active seniority," must be

filed with the applying office of the Department or

Bureau and the person appointed or promoted. "Pre-

cedence and seniority matters, or could have been

appointed or promoted, if he was eligible. If he was

not eligible, his application must be filed at the time

of appointment received by any other person during

the regular filing period for a City-wide plan. The

application must be filed on Form C-65.

RADIO NEWS

Answer — No. It will be the fact that 10 points were waived because the successful candidate did not change the credit in a promotional test, as open-competitive, disability or re-

tirement positions in the Department of Labor. The Board of Estimate will consider the subject at its August 25 session.

In APPLYING for an ordinary or competitive position, the employee must file an application for appointment to the eligible list on Form C-65. "Retired, re-active seniority," must be filed with the applying office of the Department or Bureau and the person appointed or promoted. "Precedence and seniority matters, or could have been appointed or promoted, if he was eligible. If he was not eligible, his application must be filed at the time of appointment received by any other person during the regular filing period for a City-wide plan. The application must be filed on Form C-65.

WHAT RETROACTIVE SENIORITY IN CITY EMPLOYMENT IS ALLOWED? What retroactive seniority in City employment is allowed? The answer depends on the specific circumstances.

WHAT ABOUT THE VETERAN-PREFERENCE LAW? The argument that veterans should receive priority in hiring is based on the premise that veterans have made sacrifices for their country, and should be rewarded with preferential treatment. However, the implementation of the Veteran Preference Law has been controversial, with some arguing that it gives veterans an unfair advantage over non-veterans.

WHAT ARE THE FACTORS THAT DETERMINE ELIGIBILITY FOR VETERAN PREFERENCES? The factors that determine eligibility for veteran preferences are service, civil service status, experience, record, and seniority, and aptitude tests. The APITUDE TEST has been a thorn to employees for some months now. The Navy, it will be recalled, mentioned that some psychologists believed that the test was unfair and that it put non-veterans at a disadvantage. The test was finally cancelled.

THE ABSOLUTE RIGHT TO FIVE IS BEING SEIZED BY SEVERAL AGENCIES, especially on security and loyalty grounds, but Congress hunted its back at the projects, in general, though admitting that something very serious was going on. Congress, in a last effort, has now thrown the burden of proof on the unions. The unions are fighting back, insisting that the test is unfair.

AN APITUDE TEST is one of those devices which make the unions seem like a bunch of communists. The test is a practical means of determining whether a person can do a particular job well, but whether he has the ability to train is a different matter. The unions insist that such tests should be used by agencies.

THE U.S. CIVIL SERVICE COMMISION is an agency responsible for the administration of the civil service system in the United States. The Commission is responsible for ensuring that the civil service system operates fairly and that all employees are treated equally. The Commission is also responsible for setting the minimum salary for new employees.

UNLESS there is an abrupt change of heart among agencies generally, some of which are really going to town for the displaced, it must be noted — the Eisenhower Administration may do something — that if the displaced are going to have it their way, the agencies are going to have to be supplemented. The displaced employees are likely to demand that the agencies carry out their promises to them, and the agencies are likely to have to comply.

This would make possible adding as much as $1,000 a year to the retirement allowance.

Greater benefits will involve greater costs, but what- ever additional the employee pays, he pays for the be-

fit himself and any additional burden is not easy to bear, but a pay increase surely would lighten it, and the first shudder at the thought of paying more would certainly be transformed into a real enthusiasm for a pioneer ef-

fort to put pensions on the plane where they belong.

The PROTEST hook-up was the one presently advertised is the one presently advertised. It is not far-fetched to consider the ultimate possibility of pensions equal to full salary, say, after 35 years of service, and attainment of a minimum retirement age, or, for police, fire, and other uniformed forces, full-pension provisions would be to maximum length of service credit.

ARMY RESERVE

The civilian-soldier who bears the nation's call and comes to its aid is the backbone of the Army Reserve. Both men and women can give service to their country and to the United States that it so needs and deserve.

ties for advancement. Men and women, veterans and non-vets are needed. Telephone Captain George J. Seiler at 812-9006, or write to the Army Recruitment Service, 118 West 31st Street, New York 1, N. Y.
WASHINGTON, Dec. 24 — Schedule C jobs are available outside New York State for civil service workers.

The Department of the Interior is issuing calls to fill positions outside New York for Schedule C workers.

Positions include: chief counsel, three assistant commissioners, all in the Bureau of Reclamation; chief administrative assistant, comptroller's private secretary, and private secretary to the administrator, all in the Bureau of Reclamation.

The vacancies are at the $2,750 rate, and the starting salary is $19,500 a year. The starting pay is $8.25 an hour.

The Department of the Interior positions include: National Park Service, director, chief counsel, and one private secretary to the director; Bonneville Power Administration, director, chief counsel, and one private secretary to the director; Reclamation Service, director, chief counsel, and one private secretary to the director.

The position in the Interagency Commerce Commission is managed by the Commission.

This latest Commission action includes the total of 11 positions in Schedule C since its establishment.

The options and starting pay are as follows: first assistant to the chief counsel, $7,040 a year; second assistant to the chief counsel, $7,040 a year; chief counsel, $7,040 a year; and chief administrative assistant, $7,040 a year.

Distribution of the large Schedule C work is in support of the U.S. Civil Service Commission, the same as indicated in the general description of work.

This work is in support of the U.S. Public Health Service, which is outside the competitive civil service.

Fee: $2. Written test November 8, Monday, October 19.
**Stop Headlight Glare! Actually See After Dark!**

Do you drive your car after dark? Do you know that a great many of the fatal crashes that occur at night are due to poor lighting and blinders, and that every life of a pedestrian who is hit by a car at night is literally in the hands of the driver who is behind the wheel? You will see dark objects more clearly . . . every street light . . . the glare is from one of the other little things . . . there is no blinding glare. After you enter into an entirely new confidence. ORDER TODAY! Use coupon.

These accidents can be avoided. Do you know that two out of three drivers who accidently hit a pedestrian do not have the sense to stop and look for it? These accidents are entirely avoidable. How many times this month have you been completely blinded by the headlights of some other car? How many times have you been blinded when you drove 50-60 miles an hour, when you were only capable of about 30 miles an hour? You will actually be able to see better . . . clearer . . . and farther with them on than you could see without them. You will see dark objects more clearly. You will react more quickly to the jaywalker who darted out into the road. This type of night driving is dangerous and frightening. You will not have to adjust yourself to constant flashes of light. After you enter into an entirely new confidence. ORDER TODAY! Use coupon.

Here is the first full story of how science conquered this “one unpreventable” accident.

**Proven By Over 70,000 Drivers**

Before these glasses were advertised in this paper, they were distributed to over 70,000 drivers . . . volunteers who tested them in their own cars under actual operating conditions and made their own unaided experiments with these glasses. Perhaps they will help solve your night driving problem.

**This Is How Night Driving Should Be**

1. With THESE RAYEX NIGHT DRIVING GLASSES you will see the light . . . the glare is gone! Then test them again in your car. Look at street lights, headlights, under every possible sort of night driving condition. If they do not improve your vision . . . if everything we have claimed, return them to us. Your money will be refunded. You are not buying these glasses—you are simply trying them. Remember RAYEX NIGHT DRIVING GLASSES have been tested, acclaimed and approved by over 100,000 drivers! RAYEX lenses are not plastic. They are made of glass and mirror plate glass, therefore thermally and chemically treated glasses. They are in handsome safety frames for men, beautiful bracelets for women, and clip ons for those who already wear glasses.

**GONE FOREVER! Blinding Headlight Glare—the number one cause of traffic accidents in New York today!**

Read this amazing story of how science conquered this “one unpreventable” accident.

**Mr. Car Owner Study These Pictures**

See if you can spot the HIDDEN ACCIDENT in each of these pictures. WHAT YOU SEE WITHOUT PROTECTION FOR YOUR EYES. WHAT YOU WOULD SEE WITH RAYEX NIGHT GLASSES. See if you can spot the HIDDEN ACCIDENT in each of these pictures. WHAT YOU WOULD SEE WITH RAYEX NIGHT GLASSES.

**PROVE IT YOURSELF! MAKE THIS CONVINCING "LIGHT-BULB" TEST**

When your RAYEX NIGHT GLASSES arrive put them on. Look directly into the brightest electric bulb in your home. You will see the light . . . the glare is gone! Then test them again in your car. Look at street lights, headlights, under every possible sort of night driving condition. If they do not improve your vision . . . if everything we have claimed, return them to us. Your money will be refunded. You are not buying these glasses—you are simply trying them. Remember RAYEX NIGHT DRIVING GLASSES have been tested, acclaimed and approved by over 100,000 drivers! RAYEX lenses are not plastic. They are made of glass and mirror plate glass, therefore thermally and chemically treated glasses. They are in handsome safety frames for men, beautiful bracelets for women, and clip ons for those who already wear glasses.

The LEADER continues publication of study material for the written test of the Firemen Exam. For more information, take a look at the previous issues of THE LEADER. The exam will be held by the NYC Civil Service Commission on Saturday, September 26. Details for the exam can be found in the announcements section of THE LEADER.

NYCTA: The Federal Emergency Management Agency (FEMA) has outlined the following procedure for firefighters in the event of an air raid or hazardous material incident:

1. When an air raid signal is sounded, the operator should be prepared to act immediately.
2. The operator should remove the ignition key and prepare to evacuate the vehicle.
3. The operator should alert other personnel in the vicinity.
4. The operator should secure the vehicle and take cover.

For more information, contact your local Civil Service Commission office.
Only 1,300 to Be on NYC Patrolman List

The NYC patrolman (P.D.) physical test is now in progress at Van Cortlandt Park. From present indications the list, after all eliminations, will consist of about 1,300 eligible applicants.

A number that a new exam began on November 4 for receipt of applications. It will be the first time that a patrolman (P.D.) test was opened by NYU in the same year.

The test was given on the physical basis in three days. 660 passed. The average rate rated 32 percent, whom applicants are counted.

Two men have attained 100 percent, so far, in the physical test. The "perfect specimens" are from the City of New York's Civil Service, and George Ross of 135 Schmidt Avenue, Brooklyn.

On the first scheduled day of the physical test was run out. The candidates called for that day were examined on the remaining days, and for the candidates called for that day.

There are not many shortages. Past M. B. B. director of the Civil Service, pointed out the number of vacancies in the medical phase, but the candidates are fine looking. The latter will be short and stern, "he said.

New Specifications Adopted for State Jobs

The following continues the publication of new specifications adopted by the State Civil Service Commission for State jobs.

STOCK TRANSFER TAX EXAMINER Series 0611

Stock transfer tax examiner, grade 16...

Senior stock transfer tax examiner, grade 17...

Supervising stock transfer tax examiner, grade 18...

The publication of new specifications is a process by which the State Civil Service Commission updates job descriptions and criteria for various state positions. These changes are made to ensure that job requirements are current and fair, and to attract and retain qualified candidates for state employment.
