For Politicians:

Chapter 409 gives any public employee a leave of absence, for not more than four months, to attend military service.

Fletcher Commission

The Fletcher Commission on Reform, which was extended to February 15, 1951, has completed an investigation of the Civil Service Law. This bill was introduced to enable the legislature to give certain employees or groups of employees more liberal standards, in the matter of their retirement, and to simplify the entire retirement procedure. The employees' team should contact Ray Schultze, 4 to 1. Any teams in the state should contact Ray Schultze.

The temporarily Security Risk Board, which is authorized, was again extended for another period in the Civil Service Law.

Statement of Salary Deductions

The Civil Service Law provides that a code of ethical standards for State-owned or State-operated employees shall be prescribed. A committee headed by H. Bilot, presently serving as the Retired Employees Association, has recommended that such a code be established. This bill was introduced to establish a code of ethical standards, which would require a standard of conduct above that of the average employee.

The Energy Department of the State of New York is required to investigate the possible use of nuclear power for the generation of electricity. The President of the New York State Public Service Commission, was not present.

The Civil Service Retirement System, under the State Employees Retirement System, is required by law to provide a retirement benefit for employees who had held such position for a period not to exceed two years.

In addition, it requires that State officers and employees be in conformity with the proper discharge of their duties in the public interest.

In the last effect, there is the establishment of a code of ethics for State officers. This code of ethics is required to be in conformity with the proper discharge of their duties in the public interest.

The Civil Service Retirement System will undoubtedly be the subject of future amendments.
Transit Workers Will Win Full Raise;

The present labor troubles in the Transit Authority are only a skirmish in a campaign for higher pay that the transit workers believe will be decided only when they have a strong case for the reasons they seek, but as the cost would run deep into the millions, and the TA is showing only a few million profits a year, there is no present prospect of any such decision at this time.

The City government is hard-pressed for money, and later will have to find new sources of revenue and increase existing taxes. People who are already hard pressed for financing it are practically set. While the TA is a lease of the City transit system, the owner always has to worry about the loses paying his expenses, even if the law prohibits the TA from running up deficits.

What Pays What?
The transit system is being operated under a 10-year lease that started June 15, 1953, and continues after 1963 on a year's termination notice. The City leased the TA $10,000,000 to be repaid in nine equal installments. The first bill falls due on July 1. It will be paid.

All maintenance and operating costs are borne by the TA. The City's only financial obligation is on claims against the predecessor Borough Board of Transportation, and the financing of new construction, if they do not raise the rates by the increase, the new TA becomes the owner.

The City's first bill will be paid. It has no turn to permit money except, and the residuum revenue from advertising and concessions. Since the TA will not be able to look to the City government itself for more money, and since the large income sources of the TA is far, if the workers' pay requests are to be met in full, the train must be raised.

Take it for granted NYC will have a 20-cent fare, though not this year.

Foundation Must Be Laid

To put through a fare increase is a delicate and critical operation, with political as well as public aspects. The Mayor is on the spot to answer what technical separation of responsibilities any law may make between Mayor and TA, and to take the first step off the fare, Mayors and Commissioners will emphasize their opposition to a fare increase, but when necessarily leaves no choice will reluctantly concede, if the public is to get all that they ask, the law creating the TA makes a fare increase inevitable.

An impartial committee appointed by the Mayor recommended a public hearing with Gladwin, and the Transit Workers Union, found acceptable, even though a TWU meeting later howled for a fare increase, but when necessity leaves no choice will reluctantly concede, if the public is to get all that they ask, the law creating the TA makes a fare increase inevitable.

Dangers Inherent in Strike

Any strike is dangerous, even a lawful one, unless won quickly, it is lost. It is a fast-acting device, either way. A strike that lasts a week or two is considered to be a victory. A strike on the City's transportation system that lasts one even day causes the public against the union, the same public that would have to pay higher fare to provide the full fare increase.

No more provocation than a strike is needed to unite groups of employees. While the employees are making just demands, the Transit Service Begins to Unbend.

Civil Service Begins to Unbend

The broadening of discretionary powers in civil service administration, long an obviously destined shift from increasing rigidity, already has begun. It manifests itself in release of some of the shackles which have bound themselves, in the increase in the number of positions put in the exempt class of the federal service, in the dispensation of the conditions in which persons are appointed, and in the inclusion of top-level jobs in the non-competing group.

Hundred More Exempted

While there is no flux in the number of exempt jobs in either the executive or the local governments, including NYC, the U.S. Civil Service Commission is gradually increasing the number, by number from either Schedule A or the competitive service. The most recent U.S. exempt jobs included several hundred jobs in the executive branch.
Salary Question Box

As a service to its readers, The Service LEADER presents a question box whose purpose is to concern the new or current office workers in the public service who may be asked and will be answered. Your questions are solicited. They will be referred to the staff of the Civil Service Employee Association and to State officials. Questions of general interest will be answered here, and those that are applicable to individuals only will be answered as soon as possible, receive a direct mail reply.

Question: I would like to know if the laborers in Public Works District No. 8 are included in the recent State pay raise. If so, what pay raise will they get, since there is no little involved? Would a person with 22 years of service get any more pay than those with less if they are both listed as laborers?

Answer: One of salary bills enacted into law authorized the Director of the Board to adjust salaries this year for employees who are employed in the laborer's service only. This adjustment covered the hour and per diem State employees. We would like to point out that this enabling legislation does not mandate but does authorize the Director to make adjustments in pay if it is going to be set. The extra step increment applies only to State employees in the regular salary grades. Therefore, recent salary laws do not prohibit extra pay based on benefits of service.

June 19 Event Expected

To Be Best in Annals Of Central Conference

Plans are now complete for a gala event for members of State and City employees on the Rockland State Campus in beautiful Tappan Zee State Park. The Central Conference meeting on the morning of June 19 will precede the barbeque, starting promptly at 1:30 P.M. Officers for the ensuing year will be installed as at the annual meeting. Two groups will get together for an afternoon of sports. Middlesex installation of chapter officers will take place on the lawn.

It is anticipated that this will be the equivalent of the annals of Central Conference history. There are at least 350 members and guests expected to attend. The social rooms will be dedicated to the members of the Central Conference meeting and entertainment will be provided at the barbecue.

CAN a State employee be fired for incompetence while unable to work because of a compensable disability?

That question has been answered, this column reports, but not by the Civil Service Commission, by the State Civil Service Employees Association.

In an unprecedented case recently, Callaline Rudolph was dismissed from her job as a stenographer for the Buffalo State College, although under the Workmen’s Compensation Law her inability to type was “compensable.”

The CSEA, representing about 85,000 State, county and local employees, James M. Majek, Assistant Counsel John J. Kelly Jr., attacked the dismissal as “improper and illegal.” It was the first time, incidentally, that the CSEA legal staff had taken a discernable case in behalf of the Association, rather than an individual member.

Mr. Kelly appealed to the State Civil Service Commission to reverse the decision of the State College officials, pointing out the ramifications of the case are far beyond the individual involved.

The Commission, despite the arguments of Mr. Kelly that, if necessary, the State Civil Service Employees Association would seek legal action to prevent the ability rather than by “incompentence”

Miss Rudolph had developed a nerve condition which had kept her from typing. It had been ruled “compensable” but since she did not have the full 15 years service required by law, she couldn’t qualify for a disability retirement.

University officials replied they had volunteered Miss Rudolph for other work, which she had declined.

There may be another chapter to the story, but, as of now, the Buffalo serene stance stands, with approval of the new Civil Service Commission.

THERESIL SOME CHANGES MADE — New jobs, including a district engineer for Montgomery County, by appointment to the post will be made in the State Public Works Department. Permanent appointments at this time will be made for the November elections.

LOUISE M. MULdRICK, Amherst, is the new Children’s Court Judge for Montgomery County, by appointment of Governor Dewey.

PAROLE PROHIBITED — By employees of the State Parole Board received non-competitive promotions recently to rank as senior typists. All are assigned to State prisons. They are: James P. O’Hoff, Toms M. Alloway, Ethel E. Ellis Donald Scott, Elizabeth D. Donovan and Marion J. Shider.

ROUNDUP — Newton F. Butter has been appointed acting district engineer of the Albany office of the State Public Works Department. Permanent appointments at this time will be made for the November elections.

STATE CORRECTION DEPARTMENT — The Executive Committee of the State Correction Department, whose members are all former State Judges, has unanimously named John J. Donovan, President of the Roman Catholic College Board, new President of the State Public Works Commission.

The problem of hiring students at camps is still unsolved, despite the efforts of various agencies to try to hire prospective graduates. When there were more than two agencies, the plan did not work well. Otherwise campus recruitment has been fairly satisfactory.

Improving recruitment in scarce categories is another unsolved problem, and the State Consolidated Commission recently established a Common Council of the various agencies to present a united front in the recruiting field. The CSEA legal staff has already become a regular member of the Council.

The Really Explosive Issue

As this goes to press, relations between NYC employees and their employers are at a high point. There has been considerable talk of a strike, and the city's fiscal health is in question. The situation is not entirely clear, but it appears that the city's financial problems may be linked to the teachers' pay dispute. The city has proposed a freeze on teacher salaries, but the teachers have rejected the offer. The city has also threatened to furlough workers if the teachers do not agree to a new contract. The teachers' union has called for a strike, but the city's mayor has said that he will take legal action to stop any strike. The situation is complex and it is difficult to predict what will happen next. It is possible that the city will be forced to make some concessions to the teachers, or that the teachers will be forced to accept a new contract. The outcome of this situation will have important implications for the city's budget and the city's fiscal health.
THERE IS NO NEED ON ACCOUNT OF ACCIDENT OR SICKNESS FOR YOU TO BE WITHOUT YOUR PAYCHECK

PROTECT YOURSELF THRU SMALL PAY DAY DEDUCTIONS

THERE IS AVAILABLE TO QUALIFIED PUBLIC EMPLOYEES A LOW COST PLAN OF ACCIDENT AND SICKNESS INSURANCE

Here Are Important Facts About The Plan:

The Civil Service Employees Association Plan of Accident and Sickness Insurance sponsored by The Civil Service Employees Association, Inc., now underwritten by The Travelers Insurance Company, Hartford, Connecticut, and administered by Ter Bush & Powell, Inc., 148 Clinton Street, Schenectady, New York, pays an indemnity for loss of time during total disability due to sickness or accident. The details of coverage are set forth in a brochure, available to anyone upon request to Ter Bush & Powell, Inc., in Schenectady, which describes the coverage of the policy issued to qualified risks by The Travelers Insurance Company. This policy is approved by the Insurance Department of the State of New York.

An Insured can receive anywhere from $75.00 per month up to $150.00 per month, depending upon his or her annual salary, during periods of total disability and he or she can use this money to pay doctor’s bills, hospital bills, buy groceries, medicines, etc. This money is paid in addition to any other insurance the Insured may have, whether it be from hospital insurance, group insurance or any other form of income.

This insurance covers whether you go to the hospital or not, while HOSPITALIZATION insurance is limited to payment of all or part of your hospital bill.

Don’t confuse The Civil Service Employees Association Plan of Accident and Sickness insurance with the various hospitalization insurance plans which are being offered today. These hospitalization policies afford certain coverages and protection while you are in the hospital. Some of them pay part of your hospital bill, some of them pay most of it, and in some cases all of it. Actually, the two plans together make complete coverage, but if you cannot afford both, remember that even during a period of a serious illness your time in the hospital may be limited while your period of total disability may be lengthy.

The Accident and Sickness Insurance Plan sponsored by The Association, which has been in force for more than 17 years, gives excellent coverage to qualified employees in relation to the cost of the insurance. Since 1913 the coverage has been improved and broadened on several occasions but there has been no increase in cost.

Sickness and Accident Insurance is an important item because when you are sick, even at home, there is extra help necessary, there are doctor’s bills to be paid, special medicines which are very expensive, extra and particular groceries, and many other items.

There seems to be an impression among some members of the Association throughout the State, now that payroll deduction is being extended to cover certain hospitalization plans, that these plans replace the Accident and Sickness Plan sponsored by the Association. This is not so, and our representative or your Association field men will be glad to explain why it is to your advantage to retain or apply for the disability coverage which is available only to qualified Public Service Employees.

More than 24,000 public employees in the State of New York and members of The Civil Service Employees Association, Inc., are now covered under this very broad, low cost plan of Accident and Sickness Insurance, paying them when totally disabled, whether or not they go to the hospital and providing in addition many special benefits for non-disabling injuries.

If you are not already insured, write a letter to me at 148 Clinton Street, Schenectady, New York, and I will be most pleased to give you a complete brochure and application that you, too, may apply for this insurance.

3 More Questionnaires

Sent Out in NYC Job Study

President Paul P. Brennan of the NYC Civil Service Commission announced that the nineteenth questionnaire dealing with the classification by NYC has been sent to City departments, and employees, professional and civil organizations. The questionnaire concerns recruitment positions.

These questionnaires ask opinions on the following: Recruitment, Service classification, and the satisfaction of titles as proposed by other surveys.

In addition to the Commission's own tentative proposed reclassification of titles, the questionnaire is offered for comment.

Comment on the questionnaire is to be submitted by June 30. A questionnaire dealing with the preliminary proposed reclassification was also sent out, giving the Commission's tentative proposal for reclassification: Rank 1, menagerie keeper; Rank 2, menagerie keeper; Rank 3, supervisor of the United States.

The Bonds will be subject to redemption by the Authority, prior to their respective maturities, as a whole or in part at any time and after July 1, 1960, upon certain terms and conditions, including specified call and purchase prices. Proceeds will be used for the development of the New York State Thruway. The Bonds will be secured by the full faith and credit of the State of New York. The Bonds are designated as "blue-chip" at stock you've thought about purchasing, but which you decided to defer owning for various reasons.

The Monthly Investment Plan was conceived as a means of helping the investor select and buy those common stocks of substantial value which he can hold and enjoy over a long period of time.

The Monthly Investment Plan, which is available without charge, provides for the purchase of shares of common stock on a regular basis. The investor selects a group of blue-chip, widely-held individual common stocks. Each month, according to the size of the monthly investment, the investor will be notified when and how many shares of the stocks in his group to purchase. The plan offers a convenient way of participating in a diversified portfolio of stocks.

PAY LESS AND LIVE BETTER IN THIS MODERN HOME

Then one Sunday John picked up the newspaper. In it was an announcement about Ronek Park. Two hours after that he made his down payment, 4 months later he moved in.

The same Children in Ronek Park

Now John, his wife, and his kids, Doris and Thomas, have an entire home for themselves. Now Doris and Thomas play in grassy lawns instead of free escapes and traffic choked streets. Now John pays only $500 monthly instead of $91! This is but one of hundreds of families who have to thank Ronek Park for the sunshine, air and elbow room of Ronek Park.

NEW G-E SWIVEL-TOP CLEANER

Makes cleaning a breeze!

It's Here...NEW 1954

SWIVEL-TOP CLEANER

Eliminates old-fashioned rag and bucket cleaning. Swivel-top turns 360°—lets you clean corners, edges, even ceiling, walls—all around—without having to move the cleaner!

Cleaning's a breeze with the new G-E. Try it and see how much easier it is to do things.

2. Quick—eases mounted in level position.
3. Complete set of attachments.

With exchange tickets it is explained that these are distribution by u.s. to all employees who wish to consider using them. To obtain exchange tickets for the Jones Theatre one must write—phone requests cannot be honored—on the intercommunication of a government agency—announcing the number of tickets that will be mailed to Joseph Lilly Associates, 111 12th Street, New York 9 Y., N.Y., which will honor the request immediately. Those who wish to convert their reservations into reserved seats may then take them to the Rivoire Theatre box office. With exchange tickets the $3.30 costs $2.65 and the $2.20 ticket $1.85. The discount is added to the ticket price minus the reserved tax and the tax on the reduced price is then added, as required by Federal law.

A special group "package" discount is available also for those who wish to make reservations in pairs of three. These "package" includes bus or railroad transportation, hotel accommodations, and show tickets. The buses can be chartered to go and return from any point in the city. A list of the "package" available also can be obtained by mail only from Joseph Lilly Associates.

DeGraff on Legislation

(Continued from Page 1)
No program can be fully effective without some public understanding. There will be difficulties in the way, but the future is certainly bright. The civil service reform movement will not be discouraged by the recent controversy. The Civil Service League, the Association's principal trade union, is determined to continue its efforts to improve working conditions for public employees.

The Future

Civil service employees, whether they are public or private, will look to the future with hope and confidence. They have made great strides in the past century and there is no reason to believe that they will not continue to make progress in the future. The Civil Service League and the Association are dedicated to ensuring that the future will be better than the past.
