Bills in State Legislature

The following are summaries of civil service bills introduced in the State Legislature. R.I. means the bill's number is introduced in the Assembly number, A.I. the Assembly In-
troduc.tory number. The LEADER will use this method for listing the bills throughout the legislative session.

The sponsoring legislator, the law for which amendment is sought, summary of the bill, and the committee to which it has been referred, are given, in that order, as well as the number and sponsor of any "opposition" measure in the other House. "Compensation" measures, though introduced in different Houses, are identical in form and substance.

Police Ask Pay For Overtime

NYC police sergeants recommended that members of the Police Department receive overtime pay for overtime work. George Brummell, president of the Sergeants Benevolent Association, urged that extra hours of duty be compensated "in terms of dollars." He deplored the fact that men are compelled to work overtime without receiving financial compensation. He referred to the complaints of police officers of being underpaid.

"Adoption of a modern proposal for overtime pay would help the men to the police force and the men to the Sergeants Benevolent Association. The lawmakers said that the principal goal is to reduce traffic accidents by having more police officers patrolling the highways. Hough and Roline were the sponsors of legislation in 1953 that increased the State Police force from 900 to 1,200 men in that year. The guarantee of no loss in pay applies only to those men present on the job. The guarantee of no loss in pay applies only to those men present on the job. This will create a situation where new men applied to grant home rule to all villages. At present only villages with more than 5,000 population have their say in this. The guarantee of no loss in pay applies only to those men present on the job. The guarantee of no loss in pay applies only to those men present on the job. This is the result of reclassification.

3rd Grade in State Title

As of April 1, 1956, associate and assistant public health dentists in State service will be called principal public health dentists, with a grade seven boost in pay, from grade 26, $7,690 to $10,489, to grade 28, $8,580 to $10,410. The change is the result of reclassification.

State Adds Five Titles

ALBANY, Feb. 13 — There are five new titles in State service. J. Earl Kelly, director of classification and compensation, reported that there are associate canal electric engineers, $7,300 to $8,890; associate civil service examiner, $5,000 to $6,320; and travel publicist editor, $6,390 to $7,690. Eliminated from the State's title structure: clerk-bookkeeper, at $3,540 to $4,490.

Raise for Correction Commissioners' Salary

A new pay range, $8,090 to $9,800, for secretary, State Commissioner of Correction, will go into effect April 1, 1956, as recommended by the State Division of Classification and Compensations. Present salary, $8,700 to $8,890. TEMPORARY PAY RAISES

The minimum salary has been raised temporarily in some State titles. Assistants in education guidance receive $5,672, for the third time in the year, to $6,390. At least 95 per cent of all pay was. The guarantee of no loss in pay applies only to those men present on the job. This will create a situation where new men applied to grant home rule to all villages. At present only villages with more than 5,000 population have their say in this. The guarantee of no loss in pay applies only to those men present on the job. This is the result of reclassification.

Bill Calls for 500 Additional State Troopers

ALBANY, Feb. 13 — Legislation calling for the addition of 500 new State troopers was introduced by Senator John Hoopes and Assemblyman Lawrence Bullins, Syracuse Republican. The lawmakers said their principal goal is to reduce traffic accidents by having more police officers patrolling the highways. Hough and Roline were the sponsors of legislation in 1953 that increased the State Police force from 900 to 1,200 men in that year.

CORRECTION CORNER

By Jack Solod

The Ladies Are Left Out

GOVERNOR HARRIMAN's program for the State this year, generally speaking, has great merit. There is something for practically everybody; Increased unemployment insurance, help for the aged, a health program, reduced taxes, a small raise for State workers, increased aid to education, a general climb of improved services and an overall effort to help the "little guy." Some people round this obvious effort to help the "little guy." Not me; I think it's just fine.

In this comprehensive program, one large group is completely overlooked—the women. President Eisenhower was elected in 1952 with a popular vote majority exceeding 5,000,000. Political experts all agreed that the largest single factor was: the women's vote. And yet we find the women completely ignored in the Governor's program this year.

While it is true that a few capable ladies have been appointed to top jobs, the actual number is barely in keeping with the political influence wielded by the women of America. The Governor is not unequivocally favorable of "elimination of loopholes in the law calling for equal pay for women." What better way to implement this fine, just platform than instituting equal pay for women in State service?

For many years, matrons at Albion State School and Westfield Farms, State Correction institutions for women, have suffered pay discrimination because of their sex. The time remains for the Governor to right this wrong and complete his State program for 1956-57 by wiping out this injustice.

The women in America will look with great favor upon elimination of this appalling inequality which now exists in State service. Let's have a true equal pay for women in this, the greatest State in the Union.

44-Hour Pay

Under the Administration proposed 44-hour week, the following pay scale will prevail for guards:

Present R-11 grade with 10-yr. increment $4,680 Rate of 15% more $2,999

New base pay $4,060 15% overtime pay for 44-hr. week $458

But, under provision of no less in pay, the above figure of $5,678 changes to $5,516 if necessary to work 48-hr. week, with an additional 10% of base pay.

48-hr. week, plus 10-hr. increment $6,316

The guarantee of no loss in pay applies only to those men present on the job. This will create a situation where new men applied to grant home rule to all villages. At present only villages with more than 5,000 population have their say in this. The guarantee of no loss in pay applies only to those men present on the job. This is the result of reclassification.

The Civil Service Employees Association will continue to fight for 46-hour week, same pay and elimination of any condition which will lead to two pay grades for the same job.

Public Administration

Canada has been rather slow in adjusting peace economy to the more enlightened policy on women in government jobs, but has finally removed the barriers against married women working. During World Wars I and II it prohibiting out-of-title work. Finally removed the barriers from a civil service list, such personnel who have completed.

Bill Introduced To Bar Working Out-of-Title

ALBANY, Feb. 13 — Assemblage Democrat M. Kelly of Manhattan has introduced a bill prohibiting out-of-title work.

The measure requires that when a vacancy exists and when there is a person actually available for appointment for the particular job civil service list, such person must be appointed.

"Assemblage me Kelly said, "it is unfair not to bar those who are not properly qualified." The bill is expected to be voted Wednesday in the State Assembly.

Unmarried women in public service do not have to resign any more if they get married. Married women can continue to hold their permanent positions, and those who were forced to resign when the restrictions went into effect, were given an opportunity to be re-employed immediately if they were willing to work in a civil service position.

Private industry has been hiring women freely, including married women, and they have actually set the pace for and affected the result in government.

Clerks Have Strong Case But No Easy Road

Two of the outstanding cases before the NYC Salary Appeals Board are waged by the clerical workers in the lower grades. The former grade 2 and grade 3 clerks have filed appeals, and are ready to support their claims for upward reallocation with strong arguments.

Various related titles in the same two grades are affected, too. The arguments include the nature, importance, and responsibilities of the duties; the need for a reasonable instead of a fantastic spread between successive salary grades; the blow to morale, in reducing the number of employees in that grade; the loss of prestige to the worker, and the effect that too-low pay has on recruitment, and creating the grade minimum, as was done in the grade 8 affected, too.

Where the number of employees is large, has proved time well where the number of employees is large, has proved time well where the number of employees is large, has proved time well where the number of employees is large, has proved time where the number of employees is large, has proved time well where the number of employees is large, has proved time well where the number of employees is large, has proved time well where the number of employees is large, has proved time well

State of New York  
County of Albany  
Defendant  

January 10, 1956

In the Supreme Court of the State of New York, County of Albany, at a Special Term, Part II, held at the City of Albany, on the 10th day of January, in the Year of our Lord one thousand nine hundred and fifty-six, the undersigned, Plaintiff, in an action for a工程机械(Engineer) for the recovery of certain sums of money, being a sum of money due and owing to the said Plaintiff for labor and services performed, as follows: 

STATEMENT OF CLAIM

The Plaintiff, John Doe, a citizen of the State of New York, residing at 123 Main Street, City of Albany, County of Albany, State of New York, for the reasons stated in the complaint, sued the Defendant, John Smith, a citizen of the State of New York, residing at 456 Park Avenue, City of New York, County of New York, State of New York, for the recovery of the sum of $10,000, being the amount due and owing to the Plaintiff for labor and services performed. 

Defendant, John Smith, by his counsel, appeared and entered a plea of not guilty. 

WHEREAS, it appearing to the satisfaction of the Court that the Defendant is unable to pay the sum of money due and owing to the Plaintiff, 

NOW, therefore, it is ordered that the Defendant be and is hereby adjudged and decreed to pay to the Plaintiff the sum of $10,000, together with interest thereon, at the rate of six percent per annum, from the date of the entry of judgment, and that the same be a lien upon all property, real and personal, of the Defendant, to the extent of the amount so due. 

Given under the hand and seal of the Court, this 10th day of January, in the Year of our Lord one thousand nine hundred and fifty-six.

Union Protests Correction Officers As Truck Drivers

Correction officers are driving trucks, and employees in other titles then correction officer also are doing work that should be done by motor vehicle operators, says the Government and Civic Employees Organizing Committee, A-F-L-C-I-O.

More motor vehicle operators should be appointed, the union adds, on the ground that there is much more work than can be done by the present auto-employee, staff, one reason ascribed by the union for the out-of-title work.

"Also the union wants promotion opportunities for attendants in the NYC Correction Department. It has been possible to cross-promote them to senior clerks. Continuation of that practice is now under negotiation."

**PASTEUR GUILD CHARTERS INSTALL OFFICERS**

The joint installation of officers of Bellevue, Central Office and Governor Hospitals chapters of the Pasteur Guild, NYC Hospital Department, was held January 80.

"The group points out that the new classifications include medical specialist, grade 25, $5,000 to over $10,000, and that many of the tuberculosis grades meet or exceed the requirements for the higher paying titles, although no such category was set up for tuberculosis specialists."
