Civil Service Leader

Health Study Fellowships
Offered To State Employees

The National Foundation for Infantile Paralysis announces that fellowships in health education are available for health educators now employed in The State Department of Education or The State Department of Public Health. Applicants must intend to return to their position with the State Department at the conclusion of the study program.

Recipients may study at any approved school of Public Health in the United States which offers a graduate program in health education. The course of study and field training should be planned to supplement the candidate's previous background and prepare him more adequately as a health educator. Applicants must have a baccalaureate degree with substantial training in biological sciences, physical education, and related subjects. A minimum of two years' experience as a health educator is required.

Financial Benefits

Financial benefits include a stipend of $100 to $500 per month depending upon marital status and number of dependents as well as compensation to the institution. For a full academic program, tuition may be arranged; for other programs a sum not to exceed $1,500 per year including tuition may be granted. Ap- pointments will be made for one academic year and occasionally for a longer period.

Applications must be received by the Office of Education in May, September 1 for consideration in November; December 1 for consideration in February. Health education fellowships are a part of the National Foundation's Professional Education program which includes postdoctoral fellowships in the fields of research; psychiatry; rehabilitation; orthopedics; the management of poliomyelitis; and preventive medicine.

In the associate medical fields in addition to health education, fellowships are made for physical therapists to prepare for teaching and for social scientists to apply their professional skills to the emotional problems of the physically disabled. Scholarships are awarded for the basic education of medical social workers and physical therapists.

A limited number of two to three month fellowships are available for medical students who wish to take advantage of vacation time for study in research, public health and preventive medicine or rehabilitation. These awards are administered by the National Foundation through the Deans of the approved medical schools to whom inquiries should be addressed.

The National Foundation has authorized the expenditure of $275,000 of $300,000 since 1938 for scholarships and fellowships, and for aid to educational institutions, professional organizations, and related activities.

For further information write to Professional Education Division, National Foundation for Infantile Paralysis, 120 Broadway, New York City.

Schenectady County Aides
Due For 10 Per Cent Rise; 40-Hour Week Seen in '57

The Schenectady Gazette quoted a Republican official as saying the 40-hour week was due to go into effect in 1957. This has been a Schenectady County chapter goal since 1953.

GIFTs PRESENTED TO LIBRARIAN ON RETIREMENT

The State Employees Association to obtain a 10 percent salary raise for Schenectady County aides. Mr. Powers speaks on pay raise for more prize-winning tips.

ALBANY, Aug. 20—The official forms for applying for a refund of Federal income tax on maintenance are being mailed by the Civil Service Employees Association to the directors of institutions. Employee claimants will receive copies and instructions on how to fill them out.

The Association, which won test cases in court, and then convinced the Internal Revenue Service to apply the ruling generally in this Federal jurisdiction, received 10,000 copies of the forms. The Association list of claimants already exceeds 5,000. Many employees should get their forms this week.

The Association heads must sign the applications, too, a precaution against unusable claims. The tax years affected are 1952 and 1953. A statute of limitations leaves revenue years prior to 1950, while a new provision of the Internal Revenue Code grants the exemption for 1954 and thereafter.

Full details about the forms will be published in next week's LEADER.

7 OFFICIALS ATTEND WORKER SAFETY MEET

ALBANY, Aug. 20—Seven New New York State officials are expected to attend a statewide conference on worker safety called by Governor W. Averell Harriman for Sept. 27 and 28, at Albany.

They are Edward T. Dickinson, labor commissioner; Lindell Lubin, Industrial Commissioner; State Assemblyman John L. Oas- tounder; Angelo S. Pastur, Chairman of the Workmen's Compensation Board; Michael E. Prender- gast, Director of the Division of Safety; State Senator Alfred H. Bantangelio, and Assemblyman Ludwig Todor.

ALBANY ATTORNEY IN STATE POST

ALBANY, Aug. 20—Nicholas A. Caimano, Albany attorney, has been appointed assistant industrial commissioner for the 13th county Albany district of the State Labor Department.

Mr. Calmano, a deputy clerk of the Albany County surrog's court, had had wide experience in labor relations.

HARRIANG NAMES 3 TO STUDY MINOR LIQUOR SALES

ALBANY, Aug. 20—A committee of three has been appointed by Governor Harriman to make a study of laws and regulations regarding the sale of liquor to minors.

Appointed were Dr. Milbrook McIntosh and Charles P. Murphy of New York City and Frederick Coburn of Ogdensburgh.

The committee will select its own chairman and will submit its report before the next session of the Legislature.

J. J. REILLY DIES

John J. Reilly, retired Yonkers fire chief, died.
STATE EMPLOYEE'S SON GETS SCHOLARSHIP PRIZE

Chicago, Aug. 28.—The civil service plank adopted by the Democratic national convention follows:

(1) A more independent civil service commission to provide the independent leadership essential to perfecting a proper civil service system.

(2) Promotion with the Federal service under the laws of advancement on merit and proved efficiency.

(3) Salary increases of a nature to attract and retain a truly competent and efficient civil service.

(4) Recognition by law of the merit rule in the cases of people seeking to represent their members and to participate in the formulation and improvement of personnel policy and practices.

(5) A fair and new political loyalty test by law, which will ensure unimpeachable and un-American treatment.

When the Republicans adopt their civil service plank, the LEADER will publish it.

Requirements Simple For Laundry Positions; Women to 55 May Apply

The New York City Department of Hospitals needs 56 women for laundry worker jobs in various institutions at $3,950 to $4,400. The higher figure reached on October 1, 1959, after an annual increment and a longevity increment of $150 each. The Department will fill the positions from the City's first test that opens on Monday, October 1.

There are no formal educational or experience requirements for the grade 2 job. Only the ability to read and write English, and the ability to follow simple instructions is needed.

However, the physical qualifications are important, as candidates will have to pass a rigid medical and physical examination. Applicants may be 55 years or younger. The minimum height is 4 feet 6 inches, while the maximum height is 6 feet 8 inches. The maximum weight is 220 pounds for men, and 170 pounds for women.

Physical Consolidation Of Offices In Albany Is Sought by Javits

New York, Aug. 28.—The consolidation of the offices of the real estate bureau of the Law Department has worked out well, Attorney General Arthur K. Javits is looking forward to its physical consolidation of Albany offices of the department under one roof inside the Capitol.

An exception would be the office of the real estate bureau, which is harder to fill. The Attorney General's office has to keep the best legal talent in the city. More new activities are in the offing for this bureau.

The ideal situation for the Albany office would be to move into the old Department of Labor building, which has the advantage of being right next to the Capitol.
New York City gave its first policewoman physical test in four years on Thursday, August 16 at Van Cortlandt. A second test was held on August 29. Altogether, about 298 competed.

Prominent Director Joseph Schechter and Police Commissioner-Stephen P. Kennedy created the candidates on opening day.

More than 1,000 women applied originally, 349 passed the written test, 280 the medical. Those who pass the physical will be offered jobs.

Candidates have had experience in banking, insurance, nursing, the stock exchange, airlines, hotels, telephone operation, social work, teaching, correction and art. Housewives and models are well represented.

Most of the candidates look like studio models rather than huskies, being good-looking, well-built and intelligent, the Personnel Department reports with much satisfaction.

New Law Protects

Transferred U.S.

And State Employees

WASHINGTON, Aug. 29 — A bill

to protect the job rights of, U. S. Agriculture Department research

workers transferred to state and local jobs has been approved by President Eisenhower.

Under the law, a Federal em-

ployee may choose to be "detailed" on regular pay, subject to state and local supervision, or to go on leave without pay, keeping his status, retirement and sick leave benefits, Employees Compensation, his insurance and promotion rights. The Federal government will pay travel expenses to and from the new project. The salaries of those transferred without pay would be set by the states.

The law also provides for the transfer of state and local em-

ployees to U. S. Agriculture jobs

because of employment as a

assistant assessor was issued by

an exam for police cadet to fill

50 toll collector jobs at New York

and New Jersey tunnels and

Miss Nickerson Retires, Many Parties Given

August 15 marked the climax of a series of farewell parties for Mary A. Nickerson, who is retiring as director of nursing at Broadacres Sanatorium after twenty-five years of service. On August 6 all of her many friends and associates arranged a dinner party in her honor at which time she received many parting gifts. August 15 marked the official termination of twenty-five years of service and at a hospital picnic held on the grounds of Broadacres Sanatorium she received her twenty-five-year pin presentation by Secretary K. J. Harriman, director, and of nursing since September 1, 1941. She is a graduate of the New York State Mental Health Institute and served in the Army Nurses Corps in World War II.

ALBANY, Aug. 20—A program for advanced training of psychiatrists in New York State's mental hygiene institutions will be launched in September, Governor Averell Harriman announced today. The program will be under the joint direction of the State University of New York and the New York State Department of Mental Hygiene.

In its initial phase, the program will provide training for medical staffs of six mental hygiene institutions in the metropolitan area program will be centered around the State University Medical School at Brooklyn. A similar program also is planned for staffs of mental hospitals upstate. This will be centered around the State University's Medical School at Syracuse.

Harriman Commented

Announcing the program, Governor Harriman commented:

"This new program represents an important step toward our goal of increasing the number of surgeons and psychiatrists in New York State.

"The shortage of psychiatrists has made it very difficult for us to obtain the type of personnel that we need to provide adequate treatment and care for our mental hygiene patients." Variant patients are provided in psychiatric care is a major problem for New York State."

"We believe that the program will help to ease the shortage of psychiatrists in New York State.

"The program will provide an opportunity for psychiatrists to work in our State institutions under the guidance of experienced psychiatrists."

LETTERS TO THE EDITOR

ANOTHER PHARMACY GIVES REASONS FOR RAISE
Editor, The Leader:
When will pharmacists employ the law of the Department of Welfare get justice? They are incorrectly classified as 'Terrorists' and accorded salary slotings which are not commensurate with their qualifications. They are not holding the degree of a Bachelor of Pharmacy.
Every state in the union has always been to aiding claims for payment for drugs and servicios they have rendered.

Also, the Federal government is acting faster than other jurisdictions. Under the recreational program, probably set the pace in the whole nation. The process is slow, because of theNeighbor's play their role. Without charge, the law of the Department is being understood.

More Benefits - No Increase In Costs!

Blue Cross and Blue Shield Plans of New York State have offered a program that meets the Nine Proposals of the Civil Service Employees Association on Health Insurance.

Under a Legislative Act which provides State Funds to participate in a Health Insurance Program, Blue Cross and Blue Shield estimate State Employees will receive greatly increased benefits without any increase in cost.

Here are the greater Benefits offered by Blue Cross and Blue Shield:

1. The facilities and know-how of New York State Blue Cross and Blue Shield Plans have been pooled to provide a group experience contract with uniform rates and benefits.

2. A Blue Cross Contract with 120 days of comprehensive hospital service has already been prepared and is now on file with the New York State Department of Insurance. Blue Cross and Blue Shield are prepared to provide a program of extended benefits with payments toward the cost of Private Duty Nursing, Visiting Nursing Service, Care for Mental Conditions, Diagnostic and Professional Services, Care of Tuberculosis Cases, Ambulance Service, Drugs out of the Hospital, Long Term Hospital Stays and other benefits designed to meet the budgeting requirements of State employees.

3. The new comprehensive Blue Shield contract will provide paid-in-full coverage for surgery and medical care in the hospital for more than 85% of State employees. In addition, to State employees with higher incomes, Blue Shield will make available more liberal allowances than now provided under present coverage.

4. Blue Cross and Blue Shield are prepared to provide an extended benefit program (see #2 above) for prolonged illness with benefits designed to meet the budgeting requirements of State employees. The objective of the program is to give New York State employees more benefits at less cost.

5. Benefits for the care of mental and nervous disorders have been included in the extended benefit program.

6. There are no deductibles in the comprehensive Blue Cross Hospital Service Contract with 120 days of paid-in-full benefits, and the newly designed comprehensive Blue Shield contract for surgery and medical care in the hospital.

7. Since more than 75% of all State employees are now enrolled in Blue Cross and Blue Shield, there will be no underwriting problems and no waiting periods.

8. It has always been the practice of Blue Cross and Blue Shield—and it will continue to be the practice of these non-profit community sponsored Plans—to provide for retired employees.

9. Continuity of protection is a basic principle of Blue Cross and Blue Shield. The employee who leaves the group for any reason whatsoever will have the right to continue basic Blue Cross and Blue Shield protection on a direct payment basis.

With legislative approval, the present 19 year old limitation for the child covered under a Family membership could be extended up to 23 years of age.

Blue Cross and Blue Shield do not cancel a subscriber's membership because of age or excessive use of services...there is no red tape when services are required. Blue Cross and Blue Shield Identification Cards assure prompt service. Blue Cross pays the hospital while Blue Shield pays the doctor.

**Up Goes Salary in More Titles So U.S. Can Recruit**

WASHINGTON, Aug. 20—Continuing its efforts to meet personnel shortages in fields vital to national defense, the U. S. Civil Service Commission authorized Federal agencies to pay initially higher starting salaries to aeroscience researchers in 20 categories and to types of chemists and physicists in certain grades.

The new salaries became effective on the first day of the first pay period after September 22. All present employees in the categories, and grades will receive at least the new rate.

The new starting rate will be the same as the present top salary rate in the grade in each instance. Thus, the starting rate in grade GS-12 for employees in the affected categories will advance from $6,115 to $6,250; GS-11, $7,033 to $7,170; GS-10, $7,961; GS-9, $8,990 to $9,126; GS-8, $10,390 to $10,626; GS-7, $11,610 to $11,850; GS-6, $13,990 to $14,236; and GS-5, $17,970 to $18,235.

Included are aeroscience researchers in such specializations as flight systems, aerodynamics, and rotary wing; physicists in solid state and astrophysics; and chemists in aeronautical fuels research.

Early retirement provisions are established at about 200.

**75% of Social Investigator Eligibles Non-Veterans**

The New York City Personnel Department released the eligible list for social investigator. More than 700 provisional jobs in the Welfare Department will be filled by eligibles on the new roster, which contains names of the eighty-six are provisional.

The investigator position pays $4,000.

Of the 1,619 eligibles, 371 were non-disabled, 23 disabled veterans. Theodore Chaden and Joseph Green, disabled veterans, are in first and second place, respectively.

Other than the top score on the list are Saul Katz, fourth; James K. Brown, ninth; Emette Gaffney, tenth, and Charles Weigl, twenty-seventh.

Others among the top 30 were Malcolm Shumaker, Donald Berger, Frank Lanzara, Richard Blackham, Charles Romaneli, Oscar A. Benera, William E. M. Furett, Seymour Peterman, F. Lincoln Oralashi, Patrick Burke, Joseph Jacobson, Frank R. Dumas, Cynthia Herman, Esther Lischel, Robert Irving, Helen Friedman, Rodney Carmen, Harris Weinstein, Lawrence Zuckerman, Burton Weisberger, Zelma Florence, Jacob Friedman, and Helen Green.

The first 18 eligibles are:

**ENGINEERS ASK BACK-PAY AWARDS**

Louis J. Gioffre, employed as chief engineer with the Department of the Army, New York Port of Embarkation, and Cornelius Koo, employed as a civil engineer at the Port, instituted suit in the United States Court of Claims, Washington, D. C., to recover back pay from September 17, 1953, to June 29, 1954. Gioffre’s claim amounts to $4,793.67.

Both men were dismissed on September 17, 1953, by the Commanding General. On June 29, 1954, they reenlisted in the Army without back pay. Represented by attorney Samuel Resloff, the men claim the back pay is illegal and in violation of the LaFollette Act.

**WOMEN HEADS LIST FOR CHIEF PSYCHOLOGIST**

New York City’s June 3 examination for chief psychologist, No. 7126, resulted in an eligible list of 38 women for the position of chief psychologist in the Civil Service Department.

Top rating went to Shirley Reckless, of New Haven, Conn. The three other eligibles are Stanley Zuckerman, Bronx, and Paul Parks and Tenera Jank of Manhattan.

**TRAINER TYPING TESTS EXAMS ARE CLOSED**

The U. S. Civil Service Commission, Second Region, announced that the last typing test for examiners and stenographers will be accepted for trainees stenographers, GS-4, and for trainee typists, GS-3.

Patrolman Physicals End

New York City's physical tests for patrolmen (P.D.) held at Van Cortland Park, Bronx, ended last week. Final figures have not been released by the Personnel Department, which expects to give out absentee notices about September 8, by which time the examination will be completed. Only 96 patrolman names were left on the February 16, 1955 eligible list. The new list will be arranged according to written test scores.

State Issues New Vacation Booklet

ALBANY, Aug. 20—A new edition of a colorful brochure, "New York State, the Vacation Empire," was announced today by Commerce Commissioner Edward T. Dickinson.

The sixteen-page booklet includes brief descriptions of New York's fifteen vacation regions and is illustrated with color photographs of vacation scenes. A prominent feature is a "fun map" arranged according to written-test scores. Only 26 patrolman names are left on the February 16, 1955 eligible list. The new list will be arranged according to written-test scores.

Order to Reinstate Patrolmen Appealed

New York City has appealed to the Appellate Division, First Department, from the order of Supreme Court Justice Markowitz directing the reinstatement of Vincent J. Gallo and Dominick Less as patrolmen (P.D.).

Both men were dismissed in 1953 when the Civil Service Commission discovered that a Navy report had mentioned constitutional psychopathic conditions. The men retained Attorney Samuel Rosencob, who obtained a hearing before the Navy Department in Washington, D. C. The adverse medical findings were expunged from the record. Thereafter, reinstatement proceedings were instituted in the New York County Supreme Court.

The appeal will be argued in the fall.

PROBATION OFFICER KEY ANSWERS STAND

Candidates for promotion to supervisory probation officer and supervising probation officer (Court of Special Sessions, Domestic Relations and Magistrates' Courts) were told a New York City written test May 12.

Of the 142 tested, 34 protected 44 items. There are no changes in key answers, the New York City Personnel Department announced.

SOCIAL SECURITY for public employees is one of the topics on this subject in the LEADER.
MENTAL HYGIENE MEMO
By A. J. COCCAR

Needed: Local Personnel Service

In our efforts to obtain proper salary, retirement benefits, and increased promotional opportunities a very important problem of employee need is too easily overlooked or brushed aside for what appears to be a less vital concern. Salary and work week are the most important problems to de
developed, and the work week is the most important problem that many individual employees have. How many are there? Who do they encompass? Who handles them at present?

Employees have many questions to be answered daily. Many of the questions asked concern: pension laws, service ratings, em-ployee relations with patients or staff, and so on. Most employees, many, employee problems and questions are discussed by stock answers or through complacent chattering of often. Other questions, dissatisfied, disenchanted people, or people hesitating to direct questions to proper sources and information is sought from fellow workers who have gained their knowledge from "hearsay."

Not an Employee Job

Our employee organization tries to pick up the pieces and do the job that should have been done daily. If you are always there, or the information available when the employee needs it. And again the chapter president feels that its time must be devoted to the personnel problem. Sometimes the officers in the chapter change drastically with the chapter president. The function should be set up to carry out duties of the very ones already in action. This suggestion would seem to substantiate it.

In most state offices by a few who pass them out in the form of a manual. And again the chapter president feels that his time must be devoted to the personnel problem. The function should be set up to carry out duties of the very ones already in action. This suggestion would seem to substantiate it.

Votes of our energies towards because these are problems common general unit rules, leaves, salaries. State stipends, workshops, education. Because it is not their primary function, many employees do not apply or qualify for same. Insurance, safety and compensation matters, medical and dental benefits, em-ployees are reluctant to take necessary action. The function should be set up to carry out duties of the very ones already in action.

This suggestion would seem to substantiate it.

In most state offices by a few who pass them out in the form of a document. And again the chapter president feels that his time must be devoted to the personnel problem. The function should be set up to carry out duties of the very ones already in action. This suggestion would seem to substantiate it.

ACTIVITIES OF EMPLOYEES THROUGHOUT NEW YORK STATE

Mt. Morris Hospital

Dr. Hans Bartlett left August 4 on an extended trip to Germany, and will return August 27. Mrs. Emery and Dr. and Mrs. James Rahn have returned from a trip to Europe.

Mrs. Frank Ross has retired from the hospital and the Children's Building Staff. Mrs. Barbara Hanson has resigned.

Manhattan State

A special chapter meeting will be held on Tuesday, August 22, at 4:30 P.M., in the Assembly Hall, Ward 2, to conduct the business of the chapter at the annual election of officers. Members are urged to attend this meeting. Chapter officers will conduct the business of the chapter.
Wm. Brennan in New State Banking Post

ALBANY, Aug. 25—William R. Brennan, jr., of Garden City, assistant counsel in the State Banking Department, has been named as head of a new division of the department.

The new agency will supervise the finance and commerce of the state, and economic welfare funds.

Mr. Brennan, a former Democratic candidate for Congress, has been with the department since 1919. His new post, as deputy superintendent of banks, pays $12,000 a year.

NEW YORK STATE AND PERSONAL PROPERTY
