ALBANY, Oct. 14 — Republican legislators claim the Harriman Administration "says it favors Social Security coverage for police and firemen, but its actions do not show it." Asm. Malcolm Wilson and Sen. Frank R. Van Laire, both Republicans, chided the Administration for being "as slow in putting the necessary machinery into effect that the law will have to be amended in 1958 in order for police and firemen to obtain full Social Security coverage at once upon Federal approval."

"This is required," they added, "because of the Harriman Administration's inaction."

The two legislators, co-sponsors of the 1957 Social Security bill, said "The Administration has shown it is completely unfamiliar with the fact that the retroactive coverage was made available to police and firemen under the Republican bill."

It was indicated that the GOP members felt the Administration should have conducted a referendum for police and firemen as to whether to allow to purchase such coverage at once upon Federal approval.

Employees Get Salk Shots at Bargain

ALBANY, Oct. 14 — The State Civil Service Department in cooperation with the department chapter of the Civil Service Employees Association has arranged to give its employees “the needle.” Civil Service employees now may sign up for polio shots at $3.25 for three injections. The department foots the bill for the physician.

Nearly 300 employees have signed up for the Salk shots, which start this month. The idea was suggested by the CSEA chapter.

SYRACUSE CHAPTER'S PLANS DISCUSSED

Tom W. Ranger, front row, of the State University of New York College of Medicine in Syracuse, president of the 1,300-member Syracuse Chapter of Civil Service Employees Association, discussed chapter's 1957-1958 program of activities to newly-elected officers and CSEA officials. Seated, from left are Margaret L. Whitmore, 1st vice president, who works on the Albany medical Health Research Unit, State Mental Hygiene Department; Mr. Ranger, and Agnes M. Weller, Division of Parole, Correction Department, Chapter secretary; Standing are Benjamin L. Roberts, CSEA field representative, Peter B. Volines, 2nd vice president, State University College of Forestry Chapter at Syracuse University, and Raymond G. Castle, president, Central New York Conference, CSEA, immediate past president of Syracuse chapter. Not present when pictures were taken were Ide C. Melcher, treasurer, and Doris LeFever, both of the Workmen’s Compensation Board, and Mrs. Anne T. Corregan, 3rd vice president, State Education Department chapter.

Nassau Chapter Deplores Pay Raise Lack in County

An apparent "lack of interest" by Nassau County in the salary conditions of county employees was deplored in a letter to Nassau County Executive A. Holly Patterson from Irving Flaubenstein, president, Nassau chapter, Civil Service Employees Association.

Mr. Flaubenstein's letter, which was to Mr. Patterson, said that the Nassau Board of Supervisors was not interested in improving working conditions of county employees and that the CSEA was considering a court action to force an improvement to the county's working conditions.

"The CSEA has no plans to take legal action this year," Mr. Flaubenstein wrote.

"We simply wish to point out that the CSEA and its members have been and are interested in the conditions of county employees."

The letter, which was signed by Mr. Flaubenstein, was to the President of the Civil Service Employees Association.

Salary and Hours

As to State salaries, Mr. Powers said "we all know the Association labored a salary victory this year out of a situation that seemed hopeless. Over a two year period, the State employees have received about an 18 percent increase in the lower brackets and an 11 percent increase in the upper brackets."

Mr. Powers emphasized that due to that increase the work hours of many thousands of State institutional employees have, during the past year, been cut from 52 hours to 48 hours and from 48 hours to 42 hours.

The Association president said that he was hoping that the reduction to 48 hours for all institutional employees could be accomplished by the end of the legislative session.

Social Security

"The CSEA was the first to propose Social Security for State and local employees," Mr. Powers said "and was the first to draft and sponsor legislation to provide it."

"This past year, Mr. Powers pointed out, "the result of those labors" has been "the Social Security Board's" which also was sent to all members.

"The second point, which is also an accomplishment," Mr. Powers declared, "is the reorganization of Blue Cross and Blue Shield which also was sent to all members.

Permanent Health Insurance Board Proposed

ALBANY — Governor Harriman will propose to the 1958 Session of the Legislature a bill to establish a permanent Health Insurance Board to provide advice and guidance to the President of the Civil Service Commission in the administration of the State Health Insurance Program for the State employees, now on a temporary basis.

Last year, the Association was able to increase the ordinary death benefit 100 percent. Previously, Mr. Powers stated.

(Continued on Page 3)
The federal service entrance examination and the following is the complete, official announcement, giving all particulars about the Jobs, pay, and examinations. Usually the examination remains open for nearly a year. Written tests are given periodically. There is a time limit for applying to take the examination, which will be given in the week of Saturday, November 16, and the last day to apply for admission to that test is Thursday, October 31.

Here is the official announcement:

Federal Service Entrance Examination Announcement. No. 35, 1959

Grade GS-5, $305 a month, $510 a year.
Grade GS-6, $340 a month, $6,000 a year.
Grade GS-7, $377 a month, $7,250 a year.

The Federal Service entrance examination is designed primarily to provide an avenue through which young people with a college education or equivalent experience may begin a career in the Federal Government. It is a qualifying examination used by Federal departments and agencies to fill a wide variety of positions at the entrance or trainer level. The young men and women who pass an examination and who demonstrate their ability to grow and develop the job may aspire to the higher positions in the years ahead.

Selection for the Federal Service entrance examination offers opportunities to work on programs of national and international importance, to develop new ideas and methods for improving the administration and operation of the Federal service, and to advance to positions of responsibility and leadership.

Positions to be filled are in various agencies in Washington, D.C. and throughout the United States, its Territories, and possessions. A few overseas positions may also be filled. Most of the positions will be made at grades GS-5 and GS-6, paying an entrance salary of $340 a month. However, the number of appointments will also be made at grades GS-7. (See above.)

Types of Jobs

Successful candidates will be assigned for training to positions in such fields as general administration, accounting, business analysis and regulation, social sciences, management analysis, production planning, communications, personnel management, marriage management, real estate management, tax collection, law enforcement, data processing, library science, statistics, investment, food and drug inspection, recreation, customs inspection, procurement and supply, and records management. Any position may be occupied by a young person who is a U.S. citizen and who meets the age and education requirements of the position. In the field of agricultural economics, biological economics also are needed. Jobs are in the Washington, D.C. and throughout the United States.

Management Internships

Some agencies offer a limited number of management internships. Such agencies have special-interest programs designed to develop persons with unusual potential into persons who will assume future administrative positions. Positions to be considered for these internships will be required to fulfill additional tests of a general nature. If you are selected for any of the management internships through this examination, you will receive detailed information on how to proceed, and understand other types of training designed to develop your management skills and knowledge.

Minimum Requirements

To qualify for the examination, you must be a graduate of a four-year college course leading to a bachelor's degree.

Three years of experience in administrative, professional, or technical fields of a type of responsible work which has prepared you for the position for which this examination is appropriate.

Any equivalent combination of the above education and experience. In combining education with experience, an academic year of study will be considered equivalent to nine months of experience. Experience in the trades of crafts or in routine clerical work will not qualify for this examination.

For grade GS-7:
Completion of the education requirements for grade GS-7, above, plus one of the following:
Completion of one year of graduate study; or
One year of experience of the federal type required for grade GS-5; or
Any combination of graduate study and experience totaling one year.

Applicants who complete at least six full years of college work leading to an LL.B. or M.D. degree in a recognized law school will also meet the entire education or experience requirement for grade GS-7.

For all grades, applicants must pass a written test; may be retested in mathematics, general science, English composition, writing, general reading, business; and typing. On that test, the number of appointments will be made at grades GS-5 and GS-6. (See above.)

For students planning to enter college programs, the Federal Service entrance examination is available to them in the following periods:

You may apply for the Federal Service entrance examination at the following places:

U. S. Offering Many Types of Trainee Jobs

Student trainees in accounting agricultural economics, biological and plant sciences, entomology, home economics, plant pest control, soil science (research), statistics (agricultural and general), and forestry for jobs to be filled with the Departments of Agriculture and Interior are being sought. Positions in statistics (General), soil science (research), and home economics are in the Washington, D.C. area only. All others are filled throughout the United States. The positions pay $3,775 and $4,415 a year. Applicant for forestry positions should be able to indicate later than December 16 with the U.S. Civil Service Commission, Washington 25, D. C. For jobs in other fields the Board of U. S. Student Trainee Examiners, U. S. Department of Agriculture, Washington 25, D. C.

Applicants for the examination must be citizens of the United States.

The New York City Civil Service Commission has established the following required filing periods for the years 1958 and 1959 during which applications will be received and reported for examinations conducted by the Examining Service Division.

The positions pay $3,775 and $4,415 a year. Applicants should make a personal application for these positions by filing applications with the Civil Service Commission, Washington 25, D. C.
The Annual Meeting of the Civil Service Employees Association affords a good opportunity for the organization to take a good look at its past year. During the year which officially ended on September 30, 1957, we have made an unusually good record. On the legislative side, we have again made progress towards a 40-hour week for Institution employees. Out of a very confused situation which promised before the session's close which gave Increases to all state employees, the Health Insurance plan. This past year we saw this plan being put into effect. We have also seen in an area where his interests are in need of such a voice. In closing his review of the year Mr. Powers pointed to the Association membership being increased by 17,000 to reach a current total of 75,000 state and county employees.

The Association has no intention of resting on its laurels in respect to membership growth, Mr. Powers concluded.

Nassau Unit Cites Needs

For the fifth straight year, Mr. Patterson has thrown up his hands in horror at the suggestion that his workers are in need of a general, across-the-board salary increase. Despite inflationary trends throughout the nation and pay increases for public employees in other states, Mr. Patterson not only will not recognize the need for salary adjustments—he won't even discuss them. This is bad enough. But Mr. Patterson's archaic attitude toward employees extends so far that he will not even discuss the minutest benefits, such as more pay periods, deductions for health insurance via payroll and a grievance system.

The county points with pride—but wearing blinkers—to the fact that it recently conducted a survey of its employees. This is fine. But all it really did was assign people to what the county regarded as their proper positions. If any person got a raise because of this it was only because he has had it in the first place.

We don't know how long Mr. Patterson will be able to hold out in the dense fog he has built around his thinking. It may be long enough to cause a real deterioration in county service. We hope not because both the county and its workers deserve better treatment than this.
City to Tighten Time Limit For Retroactive Benefits in Reclassification Appeals

The City Civil Service Commission is recommending to the Board of Estimate, which will vote on the resolution next month, that tables of titles and equivalencies be used, instead of promotion examinations being held, for filling reclassified positions in former unlimited grades.

An additional inclusion would affect any title that, though formerly did have an upper pay limit to the grade, has been given two or more equivalency titles. An example exists in the dietary service, affecting mostly the New York City Department of Hospitals. The titles to be recommended likely would be dietitian, chief dietitian, and senior dietitian, as equivalencies for a present single title. Above the principal dietitian title would be the existing assistant director and next the director title. Attorney Eugene K. Candeloro represents the dietary group.

The proposed resolution was discussed by the Commission at a conference with employee leaders, lawyers, and others, but nothing has persuaded the Commission to depart from its original plan regarding the use of equivalency tables, instead of promotion examinations, in the unlimited grade cases. The intention is to fill by reclassification, instead of promotion, in cases of special equivalencies for former limited grade titles also is the Commission’s own view.

The Commission has requested tables of equivalencies to put employees in reclassified titles, at higher pay, and the loyalty of the employees would be a factor.

Retroactivity Issue

Linked with the question of filling jobs is the determination of how far back the City should go in granting retroactive benefits. A resolution permitting benefits retroactive to January 1, 1956 in certain specified cases, and another resolution to be recommended to the Board by the Commission would clarify the subject. The practice would be continued only for those employees already successful in reclassification appeals, or who will be successful in appeals now being waged. The last day for filing applications for the affected appeals was February 3.

Among the provisions necessary, so that an employee will get back his money, is the determination of how far back the City should go in granting retroactive benefits.

The idea of going back quite a ways originated with the desire to give the employees whose appeals took considerable time to decide. They were not to be penalized because of the delay in the classification proceedings. The Classification Appeals Board spending considerable time in reviewing appeals, particularly those concerning titles which are not decided by a court order, brought the matter to the attention of the City’s Personnel Director, who submitted a report, according to the argument.

Scheduled for Adoption

The resolution that the Board is scheduled to adopt would bring long outstanding cases to a close.

The idea of going back quite a ways originated with the desire to give the employees whose appeals took considerable time to decide. They were not to be penalized because of the delay in the classification proceedings. The Classification Appeals Board spending considerable time in reviewing appeals, particularly those concerning titles which are not decided by a court order, brought the matter to the attention of the City’s Personnel Director, who submitted a report, according to an argument.

Approved the title on a date prior to that which would otherwise apply.

Wide Application

The Board’s adoption of the clarifying resolution on the question of granting retroactive benefits would set a policy expected to be applied also in cases of appeals for upward reclassification of titles. This differs from reclassification cases in that the employee is already working in a lower grade and accompanying higher pay are gained. In reclassification cases, the movement is upward, and so is the pay. Both methods are a means of obtaining higher salary.

Hearing Aids Now Ever So Tiny

Although miniaturization has spread through all fields of electronics, one of the most extreme cases is that of the field of transistor design.

The manufacturers of hearing aids have been quick to make use of these features and have developed transistors that are barely larger than a small bead for use in their various models. The result is far better hearing aids that have done away with all discomfort previously attached to wearing one, and has allowed them to be completely concealed by the wearer.

of the State Civil Service Department covered by H.I.P. Medical Groups?

2. When I receive my H.I.P. certificate and identification card, what is the first thing I should do?

3. If you need medical service, what do I do?

4. Can a family doctor in your Medical Group and make an appointment to see him at his office or at home? If you wish, you may tell him you are too ill to go to him, he will arrange for a home visit.

5. Suppose there is an emergency, and my H.I.P. doctor is not available. If you need emergency service at night or over the week-end, or at any time you cannot reach your doctor, you may call your Group's phone number listed on a slip enclosed with your H.I.P. certificate, and your call will be transmitted to the Blue Cross Hospital Plan.

6. Will I be covered for maternity benefits?

7. Am I entitled to a health examination?

8. Can I still get a specialist and the advice and guidance of your Group's specialists without changing my Group?

9. What medical care is provided for serious accidents within or outside the state?

10. What medical care is provided for serious diseases?

11. If I become ill or injured while away from the H.I.P. service area, in one of the five States where your Group receives your treatment, you may receive care at any hospital approved for such an emergency under the group contract. You are entitled to a confirmation application: when your insurance is terminated, you may be covered by the Blue Cross Hospital Plan. In that case your H.I.P. Medical Group will make arrangements to get these services.

12. When I receive my H.I.P. Plan?

13. I wish to keep the family doctor I had before I joined H.I.P. How can I do this?

14. You are invited to enroll for our classes for N.Y. City Senior Clerks with excellent preparation for the State Senior Clerk Exam. Applications Now—Exam Dec. 14th.

15. What medical care is provided to physicians without changing my Group?

16. You should consult a family physician from your H.I.P. Medical Group.

17. Am I charged for drugs?

18. If I have a complaint about your Plan?

19. What are the advantages of being a member of the Blue Cross Health Service?

20. How do I change my Medical Group?

21. How do I change my specialty?

22. What does it cost to buy the drugs in a drug store as prescribed by your doctor?

23. What medical care is provided for serious accidents within or outside the state?

24. What medical care is provided for serious diseases?

25. Where is the medical service I receive from my H.I.P. Group?

26. Can I select a family doctor who is not a member of the Blue Cross Health Service?

27. When I receive my H.I.P. certificate and identification card, what is the first thing I should do?

28. If you have a complaint about the service you receive from your H.I.P. Medical Group, you should consult your Group's subscriber service representative. He will take the appropriate action to make it right. If you are not satisfied with the results of your complaint, you may write the person in charge of the personnel department of the Bureau of Human Resources, H.I.P. Medical Groups, New York City.

29. You should consult a family physician from your H.I.P. Medical Group.

30. When I receive my H.I.P. certificate and identification card, what is the first thing I should do?

31. What medical care is provided for serious accidents within or outside the state?

32. What medical care is provided for serious diseases?

33. Where is the medical service I receive from your H.I.P. Group?

34. Can I select a family doctor who is not a member of the Blue Cross Health Service?

35. When I receive my H.I.P. certificate and identification card, what is the first thing I should do?
Cut Out the Fees

The Federal government has the power to do so, it does not impose any application fee. This is more than a mere indulgence; it is a sincere realization of the injustice of such a tax. The Federal government is normally anything but bashful about imposing laws for itself. The local government is normally anything but bashful about imposing laws for itself.

In New York City, for the calendar year 1956, the examination to exercise their proper privilege of being heard. In New York governments. The absence of an application fee could be asked to finance any part of the cost of government plans. While few expect to receive Social Security benefits because my child age 17, is involved. Should I report this? B.L.

A calendar quarter is a three-month period, beginning January 1, April 1, July 1, or October 1. To obtain a statement of the number of quarters of coverage credited to your account, send a request to Social Security Administration, No. 1 Social Security Administration building, your exact date of birth, and your address. If you do not know your exact date of birth, please send us a signed statement on Social Security Form SS-5, Application for a Social Security Card. If your son is found to meet his Social Security office that you have the re^st of his life in a wheelchair, he will stop, two years ago he was paralyzed by polio and may have to spend the rest of his life in a wheelchair. I think it is clear that I can be quite flexible. If you are unable to provide your Social Security card to the mailman, he will leave a note with instructions on how to replace it.

Questions Answered

I AM a self-employed physician. I expect to become a full-time employee of a large firm, and I will abandon my practice for this reason. My income must be taxed, whether I am working or not, he always knows that, as a minimum, he will be able to draw his Social Security benefits.

As a result, retirement plans can be quite flexible. At present, the minimum amount that you must earn to qualify for Social Security benefits is $400 a year. Income from these benefits do provide a solid floor on which to base their plans. The purpose of Social Security is to provide partial replacement of income but as a direct result of advancement, the amount of savings per month, the amount of Social Security benefits. Wages, salaries, or earnings from self-employment must be reported to the Social Security Administration. If a person with no Social Security benefits, he may earn more than $400 a month and still qualify for Social Security benefits. The total number of all types of beneficiaries in the country is now drawing about one out of every 17 persons in the country is now drawing about one out of every 17 persons in the country. The purpose of Social Security is to provide partial replacement of income lost as a direct result of advancement, the amount of Social Security benefits. Wages, salaries, or earnings from self-employment must be reported to the Social Security Administration. If a person with no Social Security benefits, he may earn more than $400 a month and still qualify for Social Security benefits.

Employees who are at least 18 years of age are required to have a Social Security card. The Social Security card must have been issued by the Social Security Administration. To obtain a Social Security card, you must apply for it. The Social Security card number is issued by the Social Security Administration. A person with no Social Security benefits, he may earn more than $400 a month and still qualify for Social Security benefits.

How to Get Social Security Card Quickly

Every year another 2,500 men and women who have reached or who are going to reach Social Security benefits. The total number of all types of beneficiaries is now 10,000,000. That means that about one out of every 20 persons in the country is now drawing such benefits.

Many who apply for public jobs are not working. Since 1950, there has been 66 gang slayings, 150 murders and 225 more homicides involving the people he knew — celebrities, cops and crooks, the Big Story. His tip to the cops broke the case. Among the many interesting characters in his book is a top-notch police officer, Guy F. Halden, who is an ex-soldier and private eye. To get his Social Security card, you must apply for it. The Social Security card number is issued by the Social Security Administration. A person with no Social Security benefits, he may earn more than $400 a month and still qualify for Social Security benefits.

Among the many interesting characters in his book is a top-notch police officer, Guy F. Halden, who is an ex-soldier and private eye. To get his Social Security card, you must apply for it. The Social Security card number is issued by the Social Security Administration. A person with no Social Security benefits, he may earn more than $400 a month and still qualify for Social Security benefits.

The Social Security Administration has received many requests in recent weeks for Social Security cards because they do not have any credit in their Social Security accounts.

Conclusion

The purpose of Social Security is to provide partial replacement of income lost as a direct result of advancement, the amount of Social Security benefits. Wages, salaries, or earnings from self-employment must be reported to the Social Security Administration. If a person with no Social Security benefits, he may earn more than $400 a month and still qualify for Social Security benefits.

Law Cases

Sidney M. Stern, counsel, reported to the New York City Civil Service Commission on law cases as follows:

Decisions

Decision by State Civil Service Commission pursuant to Section of the County Risk Law.

In the matter of Wyatt. Appellant. New York City Housing Authority was suspended as a security risk from his position of housing guard and subsequently dismissed after a hearing. By own admission, he was a member of the Communist Party from 1935 to 1949. Nevertheless, since there was no proof offered that in his present position he was guilty of that, by sabotage, disclosures of confidential information or by other means, could impair security and defense, the Commission ordered his reinstatement.

NYC Opens Exam Series

New York City opened a new series of examinations on Oct. 3 covering a wide range of duties and salaries. The examinations total 46. Following are digests of requirements, and other data. The schedule and closing dates appear at the end of each notice.

Armed Forces

Technicians are needed by the Armed Services, Fort Wadsworth, Staten Island. Apply until further notice to the Civil Service Commission, 611 Washington Street, New York 14, N. Y. in person, by telephone or by mail.

The title and hourly pay rates:

Aircraft mechanic, $3.15 electrical lineman, $2.37; engineer equipment mechanic, $2.65; protective equipment repairer, $2.32; radio installer and repairer, $2.40; telegraphy equipment repairer, $2.36; telephone installer and repairer, $2.36; depending on experience and skill.

The general and specialized conditions are required for the various grades, in years, are given in that order: $1.85 one-third; none; $2.15, one one-half; $2.25, two.

Get the announcement. It gives particular of all the requirements and describes in detail the duties of the job.

There are no age restrictions.

Policy Has Paid Worker $5,000

The benefits provided members of the Civil Service Employees under the accident and sickness plan developed by the New York City Civil Service Examining Board and Powell agency of Schenectady are clearly emphasized by the case of a 60-year-old state agricultural worker who has received a total of nearly $6,000 in accident payments.

Harrison B. Henry, vice president of the agency, explained that the Association member referred to suffered an accidental head injury only a few months after the insurance plan was instituted and has been drawing monthly benefits from The Travelers Insurance Company, administrators of the plan, since early in 1954. Continuous payments are still being made to several other Association members who have been disabled for more than two years and to an additional 54 members who have been disabled for more than a year.

The total accident and sickness payments to Association members enrolled in the plan now amount to $24,881.

Harrison B. Henry, vice president of the agency, explained that the Association member referred to suffered an accidental head injury only a few months after the insurance plan was instituted and has been drawing monthly benefits from The Travelers Insurance Company, administrators of the plan, since early in 1954. Continuous payments are still being made to several other Association members who have been disabled for more than two years and to an additional 54 members who have been disabled for more than a year.

The total accident and sickness payments to Association members enrolled in the plan now amount to $24,881.

About three years ago, a Correction Department employee in Syracuse fractured his hip. Complications set in and today he is still disabled and out of work.

Fortunately, his case was enrolled in the CSEA Plan of Accident and Sickness Benefits. Because of his foresight, he has received a monthly Disability Check for $115.00 for the past 14 months.

The benefits paid members of the Civil Service Employees under the accident and sickness plan developed by the New York City Civil Service Examining Board and Powell agency of Schenectady are clearly emphasized by the case of a 60-year-old state agricultural worker who has received a total of nearly $6,000 in accident payments.

THE STATEWIDE PLAN OFFERS
BLUE CROSS
and MAJOR MEDICAL for YOU and YOUR DEPENDENTS

Blue Shield Provides . . . Full Service Benefits

You receive full coverage for surgical care, anesthesiology, in-hospital medical care and radiation therapy when you use the services of a Participating Physician and have:
- Family membership—total annual income $4,000 or less.
- Individual membership—total annual income $4,000 or less.

There are more than 23,000 participating physicians in New York State. Of course, Blue Shield payments will be made for services provided by any licensed physician anywhere.

However, if the income exceeds the amounts stated above, the doctor may charge the difference, if any, between the Blue Shield allowances and his usual fee. If such charge occurs, benefits are provided under Major-Medical.

... Generous Allowances

Surgical Benefits—covering surgical procedures, including the treatment of fractures and dislocations, according to the Schedule of Allowances. Also including surgical care rendered by a duly licensed podiatrist or a duly licensed dentist.

Anesthesiology—payments made according to the Schedule of Allowances.

In-Hospital Medical Care—During each hospital confinement, payment for doctor’s visits for non-surgical, nonmaternity patient. In a private room. Blue Cross provides an allowance equal to the most common semi-private room charge of the hospital where care Is rendered. And, Blue Cross covers the extras you need to get well. . . . extras like operating room, oxygen, laboratory examinations, X-rays, drugs and medicines. These and other services that can run into hundreds, even thousands of dollars, are paid in full by Blue Cross.

Remember! The Statewide Plan includes BOTH Blue Shield AND Major-Medical.

Free Choice of Physician

It’s important to be able to call your own doctor when you need care. Under the Statewide Plan (Blue Cross, Blue Shield and Major Medical), you can select any physician—anywhere. We firmly believe this offers an extra advantage, because doctors know Blue Shield and they know how it works. In New York State alone, Medical Society sponsored Blue Shield protects over 6,000,000 people.

NEW 1958 GENERAL ELECTRIC HOME LAUNDRY

NEW 1958 General Electric FILTER-FLO® WASHER with Wash-To-Order Fabric Keys...

No more guessing! Simply touch one key to select the just-right combination of wash and spin speeds and water temperatures for proper fabric washing. There's a key for each type of washable: Cottons (colorfast and non-colorfast), synthetics (rugged as well as delicate) and for special fabrics like woolens and silks.

NON-CLOG FILTER
Handily in view, General Electric's moving filter is easy to remove—won't jam—easy to clean—won't clog. It's also an ideal detergent dispenser.

Matching 1958 General Electric HIGH-SPEED DRYER

New easy-to-use Automatic Control
D—for delicate silks and synthetics
N—for cottons and linens
H—for hard to dry loads (bedspreads, rugs, etc.)
Dries a typical load of clothes in less than 35 minutes
You get high-speed drying at safe low temperatures in this new General Electric Clothes Conditioner. A typical load of cottons can be dried in less than 35 minutes when the dryer is operated on a standard 230-volt circuit... synthetics in less than 8 minutes!

New Synthetic Suit De-Wrinkler
Set the Automatic Control to De-Wrinkle and suits, dresses, blouses, etc., made of synthetic wash-and-wear fabrics come out dry and wrinkle-free...ready to wear. For desired results synthetic garments should be properly tailored and contain a minimum of 75% synthetic blend. De-Wrinkler operates only on 230 volts.

ALSO...Automatic Sprinkler...Air Freshener...Magnetic Door...Smooth Porcelain Drum...Choice of White or Color.

*Based on Distributor's recommended retail price. See your General Electric Dealer for his prices and terms.

Two Chapters Wage Tug of War

The Rochester State Hospital welcomes many new employees, a special feature of the 1957 chapter. The chapter's study course for the event, under the direction of two of our faithful members, is still in progress. The Chapter's study course for the event, under the direction of two of our faithful members, is still in progress.

Nassau Chapter Meets Oct. 16; Unit Installed

The chapter also announces that the Glen Cove unit of the chapter was organized and new officers elected. The next meeting of the chapter is October 2nd at 8 P.M. in the American Legion.

Principals' speaker for the event was Robert Dean, Glen Cove Superintendent of Public Works.

Joseph Reilly Honored By Fellow-Workers

Joseph F. Reilly, Northside College, New York, was recently at a farewell dinner at O'Connors' Restaurant by his friends and colleagues in the Department of State, Division of Licenses. A farewell gift of honors was presented to the guest of honor.

A. W. Taylor, Assistant Director of the Nassau County Department of State, was present at the event, as were Joseph, Chief Enforcement Officer of the Nassau County Department of Public Works, and Joseph, Chief Enforcement Officer of the Nassau County Department of Public Works.

Both Mr. Taylor and Mr. Reilly paid tribute to Mr. Reilly's outstanding contribution to the Nassau County Department of Public Works.

Committee Posts Are Filled at Roswell Park

ALBANY, Oct. 14 — Eight members of a new Scientific Advisory Committee to Roswell Park Mem-
norial Cancer Institute; Dr. Russell D. Signer, chairman; Dr. Charles Huggins, University of Chicago Medical Center; Dr. Herman E. Hiller, state health commissioner.

The chapter also announces that the Glen Cove unit of the chapter was organized and new officers elected. The next meeting of the chapter is October 22nd, 6:30 P.M. at the Hempstead Education Center, Nassau County School District, 247 West 54th Street.

STATE EMPLOYEES IN GREATER NEW YORK--
UNDER THE STATE HEALTH INSURANCE PLAN

You and your family can now get

Care by H.I.P. physicians
at no cost beyond premium

in combination with
full BLUE CROSS hospital protection

- NO EXTRA CHARGES BY H.I.P. SPECIALISTS
- NO WAITING PERIODS—MEDICAL CARE FROM FIRST DAY YOU ARE INSURED
- NO DEDUCTIBLES—EVEN YOUR FIRST VISIT TO THE DOCTOR IS COVERED

H.I.P. is the plan that:

- Covers 515,000 persons in New York City, Nassau and Columbia Counties, western Suffolk and southern Westchester.
- Provides services to insured persons through medical groups of family physicians and specialists
  1. In your home
  2. In doctors' offices
  3. In the hospital
  4. In 32 medical centers
- Requires no claim forms or exchange of money between patient and doctor except that a doctor may charge $2.00 for a home call if requested and made between 10 P.M. and 7 A.M.
- Provides continuing family doctor and pediatric care for the cost of the premium except for the $2.00 charge mentioned above.
- Provides surgical and specialist care, and diagnostic and lab tests, no matter how long or how serious the illness*, without extra charges.
- Will urge you to come in regularly for health check-ups at no additional cost.
- Has no waiting periods for pre-existing conditions, maternity care or infant care.
- Gives you and your enrolled dependents the right to convert (within 30 days) to a direct policy which will continue your FULL H.I.P. coverage without interruption or loss of benefits if your coverage or that of any insured dependent should terminate for any reason under this option.
- Lets you select a medical group and a family doctor in the medical group you select.

The State of New York has made it possible for you to protect yourself and your family with health insurance. Be sure to read through the booklet prepared by the State Civil Service Department and then enroll in order to get this protection.

THE HEALTH INSURANCE PLAN of Greater New York

Founded in 1944, H.I.P. is a voluntary, non-profit organization, licensed by the New York State Insurance Department.

*There are, of course, certain exclusions such as the institutional treatment of drug addiction, alcoholism, etc., as well as a few services such as anesthesis. These exclusions are explained in detail in the H.I.P. literature.
