TV FOR AILING EMPLOYEES

ALBANY, June 17 — John F. Powers, President of the Civil Service Employees Association, stated today that representatives of the Civil Service Employees Association chapters in the Division of State Police had heartily endorsed the proposal announced by Governor Harriman which will result in the reduction of the average daily hours of the State troopers from 109 hours per week to an average of 90 hours per week. The nine representatives of Employees Association chapters at the State Police were meeting in a regular business session at the Manager-De Witt Clinton in Albany when they endorsed the proposal.

Mr. Powers said that at a meeting of the representatives of the Civil Service Employees Association chapters in the Division of State Police, representing 1,200 out of a possible 1,400, the delegates of the troop chapters heartily endorsed the proposal recently announced by Governor Harriman which will result in reduction of the average daily hours of the Troopers from 109 hours per week to an average of 90 hours per week.

First Major Improvement

"The Trooper representatives pointed out this is the first major improvement in Troopers' duty hours since the inauguration of the division in 1917. The representatives commended the action of the Governor and pointed out that while the proposal does not effectuate the hope for 40-hour week, it represents an advance as could possibly be made without further appropriation or personnel to permit installation of a true 40-hour week such as is enjoyed by all municipal police officers as a result of the action of the legislature two years ago." The delegates assembled recognized that there would undoubtedly be last isolated and collective problems raised by the installation of the new work plan, Mr. Powers said, but declared that the only reasonable way to handle this problem was to wait until the situations developed, and then deal with any iniquities which arose. "When the program as proposed by Governor Harriman is installed and perfected with the liberal intent with which it was promulgated, we feel certain that the Governor, the administrative officers of the division, and the people of the State as a whole, will agree that they continue to be represented on the statewide police field by an organization without peer in the entire 48 states," Mr. Powers declared.

State Police Endorsement Given Harriman Program

Hudson River Aides Awarded 25-Year Service Pins

The above members of the Hudson River State Hospital 25-year service club received pins at the annual dinner of the club. Seated from left are Katherine Liddle, Evelyn Wiseman, Helen Brown, and Ellen Dohowski. Standing are Howard J. Griffin, vice president, William M. Grinnell, treasurer, and Robert Seaman, who received pins.

Leader Circulation

Circulation of The Civil Service Leader last week passed the 100,000 mark for the first time in the 18-year history. An addition of 561 new subscribers added to the previous week's sale of about 99,000 will carry the total paid distribution above 100,000.

The total print run for the issue is 100,000, with excess copies distributed to government agencies and advertisers. Besides, there will be unsold copies, turned over to the printers. Founded in September, 1939, by Seward Brisbane and Jerry Finkelstein, The Leader has had a steady growth through the entire period, except for the war years. A major step in the paper's growth occurred in 1943 when the members of the Civil Service Employees Association subscribed as a group. With the growth of the Association, the newspaper's circulation has also expanded.

Various other employee groups now subscribe for The Leader as a regular service to members. Besides, copies are also sold on 4,000 newswstands, and by subscription at 54 a year.
NYC EXAMS THAT OPEN NEXT MONTH

Applications for the following jobs will be received by the Department of Personnel during the July 4-8 filing period.

A989. MECT CUTTER, labor class, 12 noon, 1st shift, Pre 63. Open to men only. Applicants will be interviewed and checked by the Department of Personnel. 96 Dimes St., N.Y., from 9 A.M. to 1 P.M., on July 1, 2, and 3. Mr. Kelly's Powers

A State Director of Classification and Compensation, Sidney M. Stern, is an important figure to thousands and thousands of State employees. It is in his office that the vital decisions on proper pay for proper work are made.

The Civil Service Employees Association, which represents these thousands of employees, has assailed Mr. Kelly for what the Association believes to be failure to use his powers to the utmost in order to make sure that the reclassification of workers is carried out to the fullest extent of the law.

This is a serious charge, for in the execution of his duties Mr. Kelly is responsible to legislative mandates and judicial precedents. A wise and vigorous use of his powers is essential if the full purpose of the Civil Service law is to be fulfilled to the fullest degree. If not, the result is injustice in a wide area.

Rubber Stamp Rejections

What does it mean, in the classification against Mr. Kelly, that he is the use of a form letter to deny reclassification appeals? A blanket denial, such as this, is bad enough when this mimeographed rejection contains, at the same time, recognition that the appeal is basically just—well, it just doesn't make sense.

These form rejections showed particularly on those employed in the clerical and stenographic ranks.

On rejecting these appeals, Mr. Kelly states that the pay is inadequate but that it is not his duty to grant raises.

We firmly disagree with his position. It is Mr. Kelly's primary responsibility to evaluate a job for its worth so that those with the power to provide pay increase funds can have some basis for action.

These form rejections don't take the first step and recommend those reclassifications, how can the second step be taken? His office first must show proof of need for upward revisions. This proof is already at hand when Mr. Kelly admits in a letter—even a denial letter—is some injustice in an employee's present pay scale.

As director of Classification and Compensation it is within Mr. Kelly's power to recommend—and make—raises. If those with the power to provide pay increase funds take the first step and recommend these reclassifications, the clerical and stenographic ranks.

Letters to the Editor

HUNGERFORD COMMITTED ON PENSION ANSWERS

Editor, Leader:

Isaac N. Hungerford and his colleagues in the Division of the Comptroller's Office, which handles the annual computation of all pension employees, are being bombarded with questions as well as suggestions from all corners. What is to be an assistant professor of political science at Bucknell University, 1942. His salary is $3,580 a year.

His successor is Dr. D. R. Kelly, who has been instructor at the American University in Washington and the University of Wisconsin. He is a member of the American Political Science Association and the American Academy of Political and Social Science.

The purpose of the training program is to develop management talent in State government.

W. C. V. O'F.

The average earnings in work covered by Social Security, however, will be the same as the amount of the benefit which would be paid if he were alive. This is the basic difference in these two situations.

MY WIFE has a little insurance besides Social Security benefits. Is this true?

Whether or not your husband's Social Security death benefits would be added to his Social Security benefits is determined by the law at the time of his death.

The Social Security Administration, which administers the Social Security Act, does not have the authority to make any legal changes in regulations. It is within Mr. Kelly's power to recommend—and make—raises.

We firmly disagree with his position. It is Mr. Kelly's primary responsibility to evaluate a job for its worth so that those with the power to provide pay increase funds can have some basis for action.

A Survey of Opportunities in Private Industry

By A. L. Peters

1. The Insurance Companies

The Insurance Companies

The following describes job opportunities in private industry:

The Insurance Companies

Three big insurance companies in New York City offer major career opportunities for college graduates and experienced professionals. These companies, The Metropolitan Life Insurance Company, the Equitable Life Insurance Company, and the New York Life Insurance Company, are leaders in the field of insurance, both as providers of life insurance and as employers of college graduates. Each company has a comprehensive personnel policy designed to attract and retain the best talent. Here are brief descriptions of the opportunities available:

The Metropolitan Life Insurance Company

Metropolitan Life is the largest employer and one of the largest in the world. With over 16,000 employees, the company maintains a program for the most talented and ambitious young people. All positions are open to men and women on its payroll. Metropolitan offers a variety of career opportunities, from entry-level positions to management and technical positions. The company is known for its extensive training programs and its commitment to developing the potential of its employees. Metropolitan's personnel policy encourages applications from college graduates and experienced professionals.

Equitable Life Insurance Company

Equitable Life Insurance Company is a leader in the insurance industry and is recognized for its innovative approach to customer service. The company offers a wide range of career opportunities, including positions in sales, underwriting, actuarial, and support functions. Equitable Life is known for its comprehensive training programs and its commitment to employee development. The company is currently hiring college graduates and experienced professionals.

New York Life Insurance Company

New York Life is the third largest in the City with 4,000 employees, about 60 percent of them women. Annual earnings run between 700 and 900. New York Life offers a comprehensive benefits package and a career path for both men and women. The company is known for its strong management team and its commitment to diversity and inclusion.

Hospital Employees

A special background will be required for positions in the hospital industry. A special background will be required for positions in the hospital industry. A special background will be required for positions in the hospital industry.

Management personnel is hired from college graduates and experienced professionals. Management personnel is hired from college graduates and experienced professionals. Management personnel is hired from college graduates and experienced professionals.

from Letter from Europe

By VIRGINIA LEATHAM

The Civil Service Employees Association, for the first time, has sponsored a low-cost tour of Europe. The Leader has asked some of the tour members—Miss Virginia Leatham of St. Louis, for example—to write about their experiences along the way and let us know how the trip is going. Here is a letter written by another member to the folks back home. The Editor.

(The letter below was not written in proper sequence.—The Editor.)

Since you last heard from us we have been to London, Brussels, Luxembourg, Belgium, Luxembourg, and Germany, and we are moving on again tomorrow morning. The weather was terrific, but we are not yet too used to it. There is so much to see and so little time in each place that we don't want to slow down. For example, we flew out of the extra burden of all the letters we are now receiving (mostly unimportant things, but "cute" things) and suddenly we needed an extra day. We saw a terrific sunset shortly before we reached our hotel. Everyone was strangely quiet and then all the children, dressed in pastel colored robes and hundreds of adults saying the Rosary in unison as they walked. We had our tour of the city to watch it.

Well, we arrived in Belgium, and we are going to stay here for a while after we left this city to offer a prayer for our boys.

Arriving in Trier for dinner Sunday night, and leaving it at 4:00 A.M. Monday morning, we allowed us time to see much of this city. What we did see, however, we will see the rest of it all. The cathedral and the quaint narrow side streets or alleys with high stone walls along both sides. Some drive on the right side of the road, some on the left, and some in the middle. Only the cow and car stay put. Everybody hits in and out and we're really something to look at.

The Great Fair

The "Expo," as everyone calls the fair, is magnificent, despite a lot of rain. The weather is just right. We just can't prepare for all this activity and the extra people in the city. We're glad to see it, but we're still having some finishing touches put on. Some drive on both sides of the road, some on the left, and some in the middle. Only the cow and car stay put. Everybody hits in and out and we're really something to look at.

The Expo

The "Expo," as everyone calls the fair, is magnificent, despite a lot of rain. The weather is just right. We just can't prepare for all this activity and the extra people in the city. We're glad to see it, but we're still having some finishing touches put on. Some drive on both sides of the road, some on the left, and some in the middle. Only the cow and car stay put. Everybody hits in and out and we're really something to look at.

The Grey Fair

The "Expo," as everyone calls the fair, is magnificent, despite a lot of rain. The weather is just right. We just can't prepare for all this activity and the extra people in the city. We're glad to see it, but we're still having some finishing touches put on. Some drive on both sides of the road, some on the left, and some in the middle. Only the cow and car stay put. Everybody hits in and out and we're really something to look at.
Traffic Officers
(Continued from Page 1)

For unemployment insurance claims examiner requirements are the same, but specialized experience must have been in interpreting of claimants or appraisers for adjustment purposes, in a large insurance, industrial, commercial, or mercantile organization, or governmental agency or in adjusting claims or complaints by mail or telephone. When such work included the responsibility for investigation, determination of validity and settlement of insurance claims.

Written and qualifying oral tests are required for both jobs. Candidates who are successful on the written test will be notified of the date for the oral.

U.S. citizenship and a year's New York State residence are required for all these jobs and applications for all may be obtained from the offices of the New York State Department of Civil Service by requesting them by the full name and number of the examination.

The Mental Hygiene Employees Association held its annual general meeting and election at 1 P.M. July 18 in the Hotel Wellington in Albany.

Officers to be elected are the president and 1st, 2nd, and 3rd vice presidents. In addition, one representative is elected from each unit or institution by the unit's executive committee. The election of these representatives must be reported to the president not later than July 20.

All MHEA members in good standing may submit the name of candidates for each office. A letter is required for the candidate of his or her choice.

The MHEA executive board will be notified of nominations for offices. The names of candidates will be printed in the next issue of the MHEA's official organ, the 'Mental Hygiene Employee', for all who desire to receive the information.

The MHEA salary program was also discussed at the meeting. The MHEA salary program is designed to provide for a salary increase for all MHEA members who have been with the Association for at least one year, and who have been with the same employer for at least one year. The new salary program is based on the assumption that the Association's membership will continue to grow, and that the Association will be able to provide meaningful salary increases for its members.
