Western Conference Names Vito Ferro New President

Vito J. Ferro was installed president of the Western New York Civil Service Employees Association at the June meeting of the conference. Members of the conference were the new officers of the union. Also installed were the new officers of the County Workshop and Industrial chapter, CSEA.

Other conference officers installed were the new officers of the union. Also installed were the new officers of the County Workshop and Industrial chapter, CSEA.

VITO J. FERRO

elected were: Vito J. Ferro, president; Irene Laverty, second vice president; Francis Lefkowitz, treasurer; and Dolores Rupp, secretary.

John Quinn is the new chairman of the County Workshop and William Hickey is president of the Industrial chapter.

Celeste Rosenkrantz, immediate past president of the conference presided at the conference meeting. Virginia Demers, past chairman, presided at the workshop meeting.

Speakers

Chief speaker for the conference was: James S. Hornberger, administrative director of the New York State Employees Retirement System. Mr. Hornberger reviewed advances in the retirement system won for civil employees by the Civil Service Employees Association and granted by the Legislature.

As pointed out that each employee should keep himself informed of his rights and privileges under the civil service law. He advised employees to check on their retirement status as they apply for a position or when facing possible layoff. Mr. Hornberger also pointed out that having the social security tax paid out of the retirement plan, protective legislation may seem like a saving at the moment, but may not be footing the bill in the long run.

Employee Assistance

The retirement executive asked the employees to be patient with the Retirement System if they do not receive a prompt reply to their inquiries. He explained that there has been a backlog in the work load of the system and that more applications were processed by the retirement system in 1958 than were processed in the entire 12 months of 1957. Important changes have also shown an increase.

A question and answer period followed the speakers.

Robert Sullivan, assistant superintendent of Industry State School, was one of the members of the conference to the meeting, which was held at the Towneview Apartments.

The Industry chapter, CSEA, consisting of about 15 members, William Hickey introduced Mr. Sullivan.

David Rothbard, examiner-in-charge of the Rochester Workman's Compensation Office was one of the members for the County Workshop.

At the business meeting of the chapter, President Theodore T. Wenzl and committee chairmen gave an annual report. Several resolutions dealing with the retirement system, salaries and hours and health insurance problems were introduced and approved for forwarding to the State Resolutions Committee.

The afternoon meeting was followed by cocktails and dinner.

President Theodore T. Wenzl and Senator Van Lare were the evening speakers. Senator Van Lare reviewed past legislative gains for the civil service employees and pointed out several areas where he feels adjustments should be made.

Van Lare Talks

Senator Van Lare favored adoption of the 36-hour work week as part of the legislative ideas and effective date of retirement, adjustment of salaries and hours of work, and the inclusion of the retirement system.

Patric Schoellner, the retirement executive, and Robert M. Hoppie, the service manager for the Retirement System, were among the guests who attended the meeting.

Patience Asked

"If the decision had gone the other way, it would have meant that the teachers who have been members of the System for a long period of time would be required to receive smaller benefits than they were led to expect at the time they entered the System."

In connection with the case, Mr. Levitt said: "If the Teachers Retirement System were upheld, it would have meant that the teachers who have been members of the System for a long period of time would be required to receive smaller benefits than they were led to expect at the time they entered the System."

Other Changes Pressed

The Civil Service Employees Association is continuing to press for other amendments to the Retirement Rules. Such amendments include:

1. Reimbursement of four weeks vacation for new employees.

3. A half hour credit for all new and present employees as a result of the improvements made for those employees who have been forced to apply new mortality tables as they were introduced to all members of the System. This would have reduced the retirement benefit of many members of the System. The Teachers' Retirement System's position, which guarantees that the contribution to the retirement system shall not be diminished or impaired, was in violation of the State Constitution which guarantees the contribution to the retirement system shall not be diminished or impaired, and the Supreme Court of the State Court of Appeals. The retirement executive asked that if the Teachers Retirement System's position, the half pay was based on one payroll period for each year of service. Previous, at the discretion of the department head, the half pay was based on one payroll period for each year of service.

The Commission also approved time accrual for employees not on full pay status and accrual for employees paid on a per diem or hourly basis.

The amendments came as the result of negotiations between the Civil Service Employees Association and the Civil Service Department.

Other Changes Pressed

The Civil Service Employees Association is continuing to press for other amendments to the Retirement Rules. Such amendments include:

1. Reimbursement of four weeks vacation for new employees.

3. A half hour credit for all new and present employees as a result of the improvements made for those employees who have been forced to apply new mortality tables as they were introduced to all members of the System. This would have reduced the retirement benefit of many members of the System. The Teachers' Retirement System's position, which guarantees that the contribution to the retirement system shall not be diminished or impaired, was in violation of the State Constitution which guarantees the contribution to the retirement system shall not be diminished or impaired.

Lamb, Green Haven Prison; President Albert Foster, Dannemore State Hospital; Thomas McHugh, Commissioner of Correction; Secretary William Flanagan, Department of Correction; Vice President Edward O'Leary, Elmira Reformatory; Mary Houghton, Albion State Training School; Daniel Gillen, Westfield; John Davidson, Great Meadow; Richard Corcoran, Auburn; Menasha Hall, Mattewan; Cornelius Rush, Green Haven; Jack Stodd, Woodbourne; Fred Lorz, Sing Sing Prison; Harry Joyce, Attica State Prison; Joseph Luck, Dannemore State Hospital; William Van Wie, New York State Vocational Institute at Cassandra; and Samuel Segall, Wallkill.

Wide Range Of Engineer Jobs Open With U.S. Government

Career opportunities for engineers with the Federal Government in the states of New York and New Jersey remain continuously open. Salaries range from $6,885 to $12,790. Basic requirements are the completion of a full four-year professional engineering curriculum or a closely related curriculum such as engineering physics or certain branches of architecture, or a minimum of four years of successful and progressive experience in technical engineering, or a combination of such experience with acceptable college-level engineering education aggregating not less than four years. In addition, applicants must have a minimum of one and a half years' professional engineering experience, of which one year must be specialized experience.

The engineering options available are astronomical, aeronautical, architectural, automotive, ceramic, chemical, civil, communications, electrical, electronic, fire prevention, general engineering, heavy construction, industrial, internal combustion, marine, materials, mechanical, mining, naval architecture, ordnance, and various biological research on the relation of wildlife to the forest is being carried on.

Lost and Found Lady Leaves Sis Office

The guardian angel of forgetful and absent-minded riders of the Marine and Aviation Departments' States Island Station, Mary A. Morris, head of the Lost and Found office, retired from public service July 1.

 lorsque she entered the Department of Marine and Aviation in 1918, and organized and opened the States Island Ferry Lost and Found office in 1918. She directed its destinies until her retirement and handled approximately 200 lost articles every month, ranging from automobiles and airplanes to letters.

Miss Morris' associates in the Department of Marine and Aviation headquarters at the Norge Restaurant in Manhattan as a result of her thirty-nine years of public service.

By VIRGINIA LEATHAM

(Civil Service Employees Association, for the first time, has sponsored a low-cost tour of Europe for its members. The Leader has asked one of the tour members—Miss Virginia Leatham—of Texos, to give her impressions along the way and let us know how the trip is going. Here is another of her letters, written to the folks back home. The Editor.)

French Bohemia

Montmartre, at one time the art center of the artists’ quarter of Paris. If you want to be a player on the stage of the French, you can’t miss restful Montmartre, and the painting of the Moulin Rouge. And certainly we wouldn’t have left Paris without seeing it. It is Napoleon’s tomb. Even without realizing it, we bowed down to the Emperor who so enjoyed in life. The tomb is surrounded by flowers. Our members and that our members’ families are covered by this program, “I am glad that we are nearing the time when a potential 225,000 employees enrolled in the State Health Insurance Program who have any questions that the General Electric Company at its New York City headquarters will have an opportunity to attend. The meeting will be held in the auditorium of the Rochester State Hospital, 1600 South Avenue, Rochester, New York.

Local Programs

Local governments coming into the plan by prepayment of the enrollment of 15 percent of their employees, agree to pay the entire benefit cost for their employees’ shares and collect pay-rolly contributions, and other officers and directors of the Board’s contracts and regulations.

In New York State there are 6,400 companies ranging from counties and cities with large numbers of employees to small school districts.

As in the case of State employees enrolled in the Statewide Plan, the local jurisdiction will pay the full cost of enrollment for an employee and 35 percent for his dependents. The employees pay the remaining 65 percent of the cost, which is a true social security. It will be the family’s responsibility for the children’s dependents who do not enroll.

The insurance carriers have agreed in advance to provide appropriate administration as soon as possible. Each local government will maintain separate accounts of its own and issue claims, but the Health Insurance Board will audit local administration of the program.

Officers Reappointed

The members of the Temporary Health Insurance Board have been reappointed for a second two-year term. Officers of the Board have been reappointed. Besides Chairman Palk, the other officers are Deputy Chairman, Mr. Ronald E. Wallace, and Dr. N. William Arrington, Deputy Director, Students’ Health Services, Cornell University.

Governor Harriman announced that 73,239 State employees and approximately 5,000 retired employees are now enrolled in the Health Insurance Program for State employees which went into effect six months ago. It is estimated that 200,000 individuals in employee families are covered by this important protection, the Governor said.

The figures were contained in a report to the Governor from September 1, Palk, President of the Civil Service Commission and Chairman of the Temporary Health Insurance Board.

"I am glad that we are nearing the time when a potential 258,000 employees of local governments of the State may share in the benefits of this program," Governor Harriman said. "The Board is now preparing amendments to its contracts with 150 insurance carriers to carry out legislation passed this year which extends the Basic Insurance Program to municipalities and other local subdivisions. Commissioner Palk informs me that new employee enrollments will be offered the opportunity to participate after October 17."

Mr. Palk reported that 61,237 State employees have been enrolled in the Statewide Plan, 33,833 under Group Health Insurance, Inc. (GHI) and 27,404 under the Health Insurance Plan for Greater New York (HIP).

Thousands of Claims

The Department of Civil Service has handled 25,860 claim benefits. All claims are processed and returned to the carriers the day they are received. To date 6,354 have been paid for Blue Cross and Blue Shield payments, and 1,153 claims have been handled under the "catastrophic" coverage.

Under the plan provided by the Statewide Plan, which is administered by the Metropolitan Life Insurance Company, payment is made for certain expenses incurred by employees under State Health Insurance Program (GHI and HIP) claims for employees under the plan, are paid by the Metropolitan Life Insurance Company. The enrollment pays the first $10 of such expenses, after which the enrollee pays 80 percent of the rest up to a lifetime maximum of $15,000 per year. Benefits for retired aides are paid directly to the enrollee. The premium is $1.25 per month. All enrollees are eligible for benefits provided by the Health Insurance Board have any questions that the General Electric Company at its New York City headquarters will have an opportunity to attend. The meeting will be held in the auditorium of the Rochester State Hospital, 1600 South Avenue, Rochester, New York.

Redefine Aided

The speaker will be Edward H. Badger, Assistant Commissioner, State Civil Service Department.

The meeting will be held in the auditorium of the Rochester State Hospital, 1600 South Avenue, Rochester, New York.

All members of the Health Program have any questions that the General Electric Company at its New York City headquarters will have an opportunity to attend.
The following describes job opportunities in private industry:

**Part-Time Jobs**

The part-time job has become a virtual necessity for large segments of the civil service population as well as for the general public during the past decade. There are approximately four situations (1) the need for more income in addition to social security and pension; (2) the need for side income for after school work; and (3) part-time jobs for those who have a few hours a day to spare.

Several agencies make a point of finding people for part-time work. One of these is "Part-Time Job Agency" at 11 East 48 Street, New York, New York. In this agency, any specialities in permanent help, bookkeeping or typist-clerk jobs with the hours averaging about twenty hours a week. These hours generally are broken up as either four-day (9 to 1, 1 to 3, or 3 to 5) or irregular groups of three full days.

Job-seeking personnel fall into two main categories: women who at one time had careers which they left to be married and whose children are now old enough to allow the mother to spend several hours away from home; and young women who attended school or college on a part-time basis or in the evening.

The employers were generally to see small businesses who either haven't enough work for a full-time or whose budgets do not allow an expenditure of $80 or more a week.

**New Book Helps**

Substantial background in the first is provided in a new book published by Arno Publishing Co. entitled "How To Get That Part-Time Job." By P. Norman Prior and Harold List ($1.50 at the Field Supervisor). The book summarizes when, where, and how to look for a part-time job, both for younger people and for those over 65. It lists jobs available in the fields of jewelry, coin collecting, stamp collecting, real estate, insurance, and various manufacturing industries.

**Miss Munson Retires**

From Library Post

Amelia H. Munson, superintendent of the New York City Library System, retired from that office.

The newspapers periodically carry announcements when telephone directories, newspapers, and sales girls are needed.

Civil Service Jobs

Part-time civil service jobs are available for clerks, typists, and stenographers. However, the Park Depart- ment occasionally requires the ground guards on a part-time basis.

Federal Govt. Willing To Pay Bonus To Get Cream Of The College Graduate Crop

Capitalize on its new authority to recruit college graduates at higher grades, the Civil Service Commission is planning a premium on quality — and providing a bonus for it — to attract more of the nation's most promising young people to careers in civil service, Chairman Harris Ellis announced.

The new plan provides for a recruitment at grade GS-7 ($4,980 a year) a year in time to gain maximum work experience whose college records indicate the highest job potential, while others would continue to be hired at grade GS-5 ($4,040).

The newly approved law covering pay for Federal white-collar workers amended the GS-5 and GS-7 grades. Under the Classification Act to change qualification requirements for professional entrance-level positions in which no experience is required.

The plan requires the biding of college graduates without experience at both GS-5 and GS-7.

The new plan recognizes the value of one of the better recruitment techniques of progressive employers who have followed the practice of offering higher pay and better beginning jobs to graduates with outstanding college records. Mr. Killworth.

Under the new plan, the total enrollment of applicants will be a key factor in the idealization of "top quality" candidates and additional points will be awarded for appointment at GS-7. In addition, a written test is part of the commission's service examination, and higher standards will be utilized to determine eligibility for appointment.

Written tests are used in the Federal Service Entrance Examination through which a wide variety of professional entrance-level positions are filled by college graduates. However, written tests are not generally used to fill professional entrance-level positions in such fields as engineering, physical science, and accounting.

Must Show Superiority

To qualify for entry at the GS-7 level, the applicant must have completed a college record that clearly demonstrates his superior ability. The total written score will be measured on the basis of such criteria as high academic standing, demonstration of special potential, and receipt of significant honors or recognition for professional activities or contributions.

Academia must have successfully completed a full curriculum of study in an accredited college leading to a bachelor's degree in architecture or product design, or have had at least four years of successful and progressive experience in a field which requires the specific knowledge, training, and proficiency desired.

The plan will become effective immediately after its adoption. Begin planning for the 1958-59 school term.

Correction Aides Attend Institute

A group of 175 correction aides attended the 9th annual session at the New York State Department of Correctional Education, held at the University of Michigan, New York City, from July 10 to 26.

The plan will become effective in the current academic year. Mr. Killworth said it cannot become completely effective immediately because of the impact of the many changes that have been made throughout the country. However, it is expected to be fully in effect within two years.

Applications are Now Open for

STATE TAX CHAPTER HOLDS ANNUAL PICNIC

The State Board of Equalization and Assessment employees of the State Tax Department, Chillicothe, will hold its annual picnic Aug. 15 at the Heidelberg Mountains. Attending were, front row from left, sitting: Dick Lemke, Peggy Myers, Marga Lyons, Bob Jones, Mary Coalter, Jim McCue, Bob Weatherby, and Marilu Russell. Standing: Mrs. Russell, Mr. Lemke, Mrs. Myers, Marga Lyons, Bob Jones, and Mary Coalter.}

U. S. Technologists

To Get $4,980 - $13,970

Job opportunities for technologists are open in the U. S. Civil Service; grades GS-5 through GS-7, $4,980 to $13,970 a year. Although the positions at GS-5 are non-professional, the GS-7 positions and the current qualification requirements place a number of persons available who possess the requisite educational and professional experience. The total college record is a key factor in the idealization of "top quality" candidates and additional points will be awarded for appointment at GS-7. The written test is part of the commission's service examination, and higher standards will be utilized to determine eligibility for appointment.

Summertime Politics

EAT, vacations and the general latitudes of summer do not stay the two political parties of the State from their preparations for electioneering this fall. Public employees will do well to follow this same course. There is little more that civil servants are to accomplish the goals needed to improve their lot.

First to come to mind is the all important subject of salary increases. Neither State nor City employees fared so well in this respect. Neither Slate nor City employees fared ‘—but the same cannot be said of inflation. Pay raises than is usual. The recession has definitely begun to fade and new projects. Now is the time to match the work of summer with held for months in which the husband works? E.B.

WHY ARE THE MONTHLY INCOME TAXES?

In-accordance with the presumed needs of the beneficiaries. Congress felt that those survivors because of a less of wages by the husband works? E.B. because of a less of wages by the husband. She will also have provision against the hazard of sec- tor. Why not become the beneficiary to your account, you are merely restoring the amount paid in which you account, you are merely restoring the amount paid in which you account.

WHY SHOULD A working wife go to work to support and care for her own retirement benefits which she would be credited to you at no advantage to society is the para-

SUMMERTIME POLITIES

WHAT IS THE difference between Old Age Assistance and Old-Age and Survivors Insurance?

Old Age Assistance is a welfare payment for aged persons who need and paid out of general revenues. Old-Age and Survivors Insurance is a matter of earned right to qualify for benefits without regard to financial status.

WHY ARE WIVES' benefits withheld for months in which the husband works?

The wives' benefits are a supplementary benefit. They are paid because of a loss of wages by the husband. If the husband is in work, the basis for the wife's pay- ment no longer exists and she. Therefore, does not receive her benefit.

WHY ARE THE MONTHLY INCOME TAXES?

The monthly income taxes are paid on a per diem basis, and have been employed by the State for the past 12 years. Under the new retirement plan, the Division of Budget and the Department of Civil Services will be in effect.

WALKALLKILL PRISON EMPLOYEES GET SERVICE PINS

Fort Stanwix

Joseph Foley, first vice president of Employees Association, spoke to the attendees. The union represents 700 State employees at the 19th annual meeting of the Central New York Regional chapter, CSEA, at Trumansburg.

Mr. Felly told the 160 members present at the annual meeting that the employees are going on the offensive. He talked about the need for a new contract. He also praised the work of his staff of three. Mr. Felly said that he was happy with the results of the last contract negotiations.

In addition, Mr. Felly discussed the importance of organizing new employees. He said that the union is working to organize new employees in the Long Island region.

In general, Mr. Felly said that the union is doing well.

Pilgrim State

The members of Pilgrim chapter welcomed the spring season with an evening of dancing at Cabot's Banquet, 424 Main Street, Lakeville, near Long Island.

Mr. Felly thanked those employees who are retiring: Gladys V. Wiseman, B.S. N., of Rome State School; William A. W. Todd, assistant commissioner for Mental Hygiene, who has been retired; and several others.

Problems of caring for emotionally disturbed children in Long Island State Hospitals were discussed at the meeting. Mr. Felly said that the hospital is facing a serious problem with the number of children being admitted.

At one afternoon session, Dr. John F. DeHart, associate director of Delta State School, and Dr. John J. Haggerty, director of Brooklyn State Hospital, told of their trip to the United Kingdom and the open-door policy in mental hospitals there. They said that the length and breadth of the wards of their hospitals are now open to the public.

Also on the program, Mr. Feller, R.N., on his promotion trip to Europe for the Services of the Department of Mental Hygiene, Mr. Currie has been named to the position of director of the Occupational Therapy Service, and Mr. David Kargman, assistant commissioner for Mental Hygiene, has been named to the position of assistant commissioner for Mental Hygiene.

Congratulations also to Mary Salvatori, who has retired after 25 years of service.

In other business, the chapter extended its sympathy to the families of John J. Haggerty, who died recently, and to Mrs. Wesley Redmond, who also passed away.

The chapter then adjourned.

Correction Corner

By Jack Solod
Thoughts While Shaving

The Civil Service Employees Association at the last legislative session passed a bill permitting State employees earning less than $3,000 yearly to work part-time at harness tracks. Governor Nelson A. Rockefeller signed the bill into law.

The Association of State Employees has ruled that correction officers fall into this category. Attorney General Louis Lefkowitiz has ruled that it would violate the Code of Ethics for correction officers to work for the State with all its benefits and security. You tell me why?

Reclassification Still Pending

Get this: Correction officers still waiting for reclassification to R-16 pending Appeals Board, have been informed that even if appeal is granted salary inequities will still exist. Should they go to the new grade, the "guarantees" which are mandated by law must be added to new salary. 

Commissioner Antonia setting up meeting of Civil Service, Budget Director, Commissioner of Correction to discuss salaries, promotional salaries, inequities, etc. Representatives for the conference are at P.O. Box 160, State Capitol Building.

CSBA chapter recently gave a big shindig for 48 former employees who are retiring. A happy hour was held for those employees.

Newly appointed officers must serve their three-month probation period on the day of inauguration.

We Soon To Be Tops

Middle Atlantic Chapter of the CSEA at recent session decided to replace the entire general board in Albany State School.

Congratulations also to Mary Salvatori, who has retired after 25 years of service.

In other business, the chapter extended its sympathy to the families of John J. Haggerty, who died recently, and to Mrs. Wesley Redmond, who also passed away.

The chapter then adjourned.
