The Kathryn Milier Memorial Plaque was unveiled at Central Islip State Hospital, from left, Dr. Francis J. O'Neill, director of the hospital and Mrs. Kathryn Hunter Miller. The plaque is dedicated to employees of the hospital who have rendered meritorious service to the CSEA chapter.

**Hearing Held On Appeal**

For Upgrading Matrons

ALBANY, Aug. 11 — A salary hearing was held "in the new Campus Site Civil Service Building on the appeal for reclassification of the position of correction matron from Grade 8 to 11 to make the grade the same as that of correction officer. The hearing officer was J. Rari Kelly, Director of Classification and Compensation. He was assisted by Robert Dowdell of his staff.

CSEA Never Let Up

For 10 years the Civil Service Employees Association has fought vigorously to gain equal pay status for women guards, to implement the principle of "equal pay for equal work." The delegates of the Association, at their annual meeting, have discussed this problem since 1916, and the Association has repeatedly demanded that the uprightness be accomplished. Matrons were held in 1961 and 1964.

Backed by Correction Department

One of the most important legal developments was the formal approval by the Department of Correction of the same pay grade for the correction matrons that correction officers get. Lawrence Robertson, personnel administrator, representing the department, spoke at the hearing. The new rules, the maximum of one payroll period at half pay for each week the employee received no vacation or sick leave, vacation, and other leave arrangements. The new continuous vacation service required has to be paid on a per-diem or hourly basis, but should be paid on an annual basis. CSEA in the past has tried to provide a vacation and Sick Leave Rule for those employees who completed six months service. The Association also tried to correct the situation by legislation in the past.

**Other Benefits Confirmed**

Other amendments to the Attendance Rules approved by the Department of Correction makes the same pay grade for women guards, to implement the principle of "equal pay for equal work."

**Appearances Listed**

Appealsing on behalf of the Civil Service Employees Association were Harry W. Albright, assistant counsel; Henry Galpin, research analyst; and James Adams, correction officer, departmental representative on the Association's Board of Governors. Representing from each of the institutions directly concerned — Albright and Galpin, also appeared in support of the appeal. The witnesses were: Mrs. M. Foster, president of the Correction Conference Edward O'Leary, vice president, Albert Benfield, also appeared in support of the appeal.

Affidavit of Mary E. Bright, the conference secretary, prepared the affidavit for the conference.

Others attending the hearings included Ann Kinnear for the New York City Matrons Union, Robert G. Orlando, president, Albion chapter, CSEA; and Harriet Sier, president, Westfield chapter, CSEA. Mary Houghton, an original affiliate, also spoke for the matrons. Several other matrons from both institutions attended a pre-hearing conference at CSEA headquarters as well as the hearing.

The Director of Classification and Compensation expressed a hope for an early decision. He commented that the New York State agencies are involved and that the problem is complex.

**Statement by Powers**

In commenting on the matron salary problem, Mr. Powers said: "Our Association has vigorously and enthusiastically supported the matrons over the past ten years in their fight for equal pay with correction officers. We believe that the strong arguments of our position by the Correction Department will certainly be an important factor in Mr. Kelly's determination of the matter. It is my firm assurance that we are immediately going to file an appeal to the State Department of Correction for their participation in the formal hearing."

**Vacation and Sick Leave Rules for Which It Fought**

ALBANY, Aug. 11 — John F. Powers, president of the Civil Service Employees Association, headed the extension of the State Attendance Rules to per-diem and hourly employees as a progressive step forward. Mr. Powers added: "The Association, composed of more than 80,000 public employees in the State, is guided by Governor Harriman's action in approving the extension of the new rules to the Civil Service Employees Association for their pay period at half pay for each week the employee received no vacation or sick leave. The new rules, the maximum of one payroll period at half pay for each week the employee received no vacation or sick leave, vacation, and other leave arrangements. The new continuous vacation service required has to be paid on an annual basis. CSEA in the past has tried to provide a vacation and Sick Leave Rule for those employees who completed six months service. The Association also tried to correct the situation by legislation in the past.

**Annual Basis Status Sought**

Other amendments to the Attendance Rules approved by the Department of Correction makes the same pay grade for women guards, to implement the principle of "equal pay for equal work."

**Statement by Powers**

In commenting on the matron salary problem, Mr. Powers said: Our Association has vigorously and enthusiastically supported the matrons over the past ten years in their fight for equal pay with correction officers. We believe that the strong arguments of our position by the Correction Department will certainly be an important factor in Mr. Kelly's determination of the matter. It is my firm assurance that we are immediately going to file an appeal to the State Department of Correction for their participation in the formal hearing."

**More Inflation**

ALBANY, Aug. 11 — Attorney General Louis J. Leffewicz has held, in an informal opinion, that the new State Office Building in Syracuse is tax exempt.

The opinion was issued to George D. Mitchell, Syracuse Corporation Counsel. The new office building is owned by the State Employees' Retirement System and is constructed on land quit-claimed to the System by the State for the specific purpose of erecting the building. The building has been leased by the System to the State for half the work days or more in five for 21 years, and president of the Civil Service Employees Association for 12 years. He is survived by his wife, four daughters, and two sons.
Apply Now For Road Test Examiner

Applications are now being accepted by the State Civil Service Commission for different types of positions in road testing to applicants for driving license. There are vacancies throughout the state. There are vacancies in the Motor Vehicle Department for the New York State civil service examination for firemen or chauffeur's license. The position is in the Motor Vehicle Bureau of the State Tax Department. There are vacancies on prospects throughout the state.

Educational Requirement
New requirements include a high school or equivalency diploma prior to appointment. None is needed to compete on the test. An equivalency examination can be taken in plenty of time to enable those to qualify.

Age limits are 21 to 40. Applicants must be 5'5" tall, weigh at least 135 pounds, and have at least 20/40 vision in each eye, glasses permitted. Applications may be obtained by the State Department of Civil Service, Room 2001, 270 Broadway, New York 7, N.Y., by mail or in person. The closing date for applications is September 19.

NO-EXPERIENCE JOBS OFFERED BY STATE

Men who pass the September 27 State driver's license examination for safety officer may qualify for four different types of positions in State hospitals, institutions and office buildings. Applications will be accepted until August 29.

The examination will be used to fill positions for institution safety officer, institution patrolman, building guard and elevator operator. There is no maximum age limit. Specialized training is required.

Applications are now being accepted both by mail and in person at the post office at New York 1, N.Y. under the Act of March 23, 1933, as amended. For further information call 144-6531.

Jr. Insurance Examiner Test Open

Filing for the New York State open-competitive examination for junior insurance examiner is now open and will remain so until September 19. The written test will be held October 18. Salary is $4,988 a year, rising to $5,860 in five annual increments. There are several vacancies in the State Insurance Department in New York City and in Albany.

Applicants will be required to travel both within and outside the State to complete the examination. Detailed announcements (No. 6069) and application blanks may be obtained by mail or in person from the State Department of Civil Service, Room 2001, 270 Broadway, New York 7, N.Y.

YOU NEED TWO WAY PROTECTION AGAINST ACCIDENTS OR SICKNESS

The CSEA Accident and Sickness Plan provides you with an income if you are totally disabled from sickness or injury.

The new state health plan helps pay costly hospital bills...

Don't leave your family unprotected should you become disabled as a result of accidents from work due to an accident or illness. Enroll in the CSEA Accident and Sickness Plan.

FIRE ASSN. HONORS HARRIMAN

Governor Averell Harriman was made honorary president of the State Fire Fighters Association. Robert Cohn, of Long Beach, chairman of the executive committee, made the appointment. The Governor can keep the helmet if he attends the organization's dinner at Long Beach on Wednesday, September 10. He liked the helmet, and the nice fit, so he's going.
Rise in Inflation Prophesied
Dignity of That Threat

There are forebodings that a new inflationary spiral is making its bow. The recent decisions of the steel companies to increase prices reflect a price rise which will affect millions of people. The cost of living has risen, and the cost of sending mail has also increased. Some of the book clubs have written to their subscribers that they have found it increasingly difficult to maintain the special price with which they advertised their books. The president has also increased his subscription price, and therefore—"the continued pressure of the steadily rising costs has heightened the sharp increase in postal rates—makes it necessary for us to add a postal and handling charge—"

"Won't Someone Please Stop It?," the area effects of a "runaway inflation" due to the "steel price rise." The public is already feeling the pinch. It is imperative that the public worker marshal his facts and information under which he operates precludes any quick or easy adjustment to a rising price index. At the close of the last legislative session in New York State, the State worker was lagging about 5 percent behind the boost of inflation. In the absence of all the indications pointing to the fact that January, 1956, is the nadir of the cost of living, the state worker is further behind his March 1955 salary. All of these Indicators should have a sobering effect upon the American people. By an upward swirling in the cost of living—

**Mental Health Memo**

By A. J. COCCARO

PERSONNEL SERVICES—Another major step in providing our hospital employees with increased benefits was announced by the department when Neal Walsh was appointed associate personnel administrator at the Central Islip Hospital.

It was with special interest that this reporter noted an article in the August 11 issue of the New York State Civil Service Commission's official publication "State Employee," which reports the appointment of Dr. Joseph A. Sapiol. Dr. Sapiol is the new commissioner of the Board of Regents for the State University of New York. He succeeds John C. French, who has served as commissioner for the past six years. The new commissioner is a native of New York State and has been associated with the State University for many years. He is well known for his leadership in the field of higher education and his contributions to the development of the university system. He brings a wealth of experience and knowledge to the position, and his appointment is seen as a significant milestone in the history of the State University of New York.

The second session of the Mental Health Employees' Retirement System is in full swing, and the benefits that are being offered to employees are growing more attractive every day. Employees are encouraged to take advantage of the program, which provides a retirement benefit equal to a percentage of their final average monthly compensation. The benefit is paid out in a lump sum or in periodic payments, depending on the employee's wishes. The program also offers a death benefit to the employee's beneficiary, and the employee is eligible for a reduction in his or her premium in exchange for the death benefit.

**YOU AND RETIREMENT**

BY FRANCIS M. CASEY

Member, CSEA Field Staff

Will you kindly furnish the following information relative to our retirement. What is the formula for figuring the annuity portion for each thousand dollars for the age 65 to 70 under options 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, also the pension portion?

Since there are three mortality tables under the retirement system, applicable to date of membership in the retirement system; and also since there are many other factors to be considered, it is not possible to furnish the necessary formula.

I have just completed ten years of service and I am 55 years of age. What are my chances of obtaining retirement on a reservation without losing the time, but badly needed monthly pension? I have completed only 10 years of service.

Since you are in the 55-year plan and have attained age 55, you are eligible to retire and receive a retirement allowance. You must file your application with the Employment Retirement System at least 30 and not more than 60 days prior to the effective date of your retirement. Your application may be secured by writing to the New York State Employees' Retirement System, 80 W. Swan St., Albany, New York.

**What happens to the fund invested by the employee when he dies? Does his beneficiary get it and if so, how much?**

If you are a member of the State Employees' Retirement System and die before the effective date of your retirement and are in service upon which your membership is based when you die, or were on the payroll in such service and paid within a period of one or more years of your service while actually a member, your beneficiary would receive your accumulated contributions plus accrued interest in lieu of a retirement allowance, but you are not eligible to receive any portion of the pension plan. This part of the retirement allowance is paid for by your employee.

**Harriman asks Barge Canal Shifts**

ALBANY, Aug. 11 — Governor Harriman has asked the State Legislature to consider a shift in the route of the Barge Canal terminal facilities from a location near the City of New York to a site near the City of New York, taking advantage of the existing facilities and the improved transportation facilities in the area.

The Governor's proposal is intended to facilitate the construction of the canal and to make it more accessible to the public. The shift would also take advantage of the existing facilities and the improved transportation facilities in the area. The Governor's proposal is intended to facilitate the construction of the canal and to make it more accessible to the public.

The Governor's proposal is intended to facilitate the construction of the canal and to make it more accessible to the public.
STATE TESTS NOW OPEN

The New York State Department of Civil Service announces a new series of examinations in the fields of services for the blind; medical; social; and firefighting, architecture and social work. These examinations will be held October 19.

Applications will be accepted until October 6. Applicants should obtain the examination form by going to the lobby of the State Office Building, Room 230, 270 Broadway, New York City, or by visiting the State Department of Civil Service, Room 201, 280 Broadway, New York City.

For further information, contact the New York State Department of Civil Service, Room 230, 270 Broadway, New York City.

An Issue That Runs Deep

The New York City Police Department has wide ramifications. The Patrolmen's Benevolent Association has asked Mayor Robert F. Wagner to grant it such rights. Now Police Commissioner Stephen P. Kennedy has requested the department to oppose any organization getting assigned to duties of the higher grade, though provisions for collective bargaining rights for policemen. The PBA thus

repeated that he is opposed to any organization getting sole bargaining rights being accorded, and under that by executive order of Mayor Robert F. Wagner, that police officers are not asking for anything except what they want.

New York City has a labor relations plan, established by executive order of Mayor Robert F. Wagner, that permits bargaining for the rights being accorded, and under that plan the Uniformed Sanitationmen's Association, Local 831, Teamsters, was the first to get such rights.

Regulations, also issued by executive order, prescribe how elections are to be held, whereby the employees would vote their preferences.

A Police Department rule prohibits policemen from joining a union, and the Police Commissioner threatens punishment of violations of that rule, yet Local 257 reports it is signing up more policemen and policemen who joined.

Many of them, besides those who joined Local 237, no doubt feel that policemen should have the same right to union representation as other public employees. Historically they have not been included in grants of rights commonly regarded as essential to their safety and public welfare.

The situation in the New York City Police Department is no different. That is true of all police departments throughout the country. And that is true of police officers in the State and in New York City. And that is true of police officers throughout the United States.

If a public employee organization proves by vote of the employees that it is entitled to sole collective bargaining rights, it should have them. Why not?
Patient Persistence

Since government is slow to move, employees seeking jobs have their choice of persistent or impatient militancy.

The history of gains won by the Civil Service Employees Association throughout the years points to the need to prove that patient persistence and soundness of goals pay off better than the radicalism. The most recent example of CSEA's success is the liberalization of sick leave and vacation rules for State employees. This long-sought benefit that employees were not accorded the same benefits under the Attendance Rules as were employees on a per-annum status. Now equality prevails at last, if per-diem and the Attendance Rules as were, employees on a per-annum

Federal Scene

Rules under the Federal system may accept employment with any state, city, or local government or agency, and may even return to work for the Federal government, but the amount of the pension they are receiving will be deducted from the salary allocated to the job, so that, in effect, they receive only the job salary. Federal employees retired because of disability should take care that their new employment is acceptable under the provisions of their disability insurance policies (if any). To receive, they must pay a small percentage of their new salary. Federal retirees under the Federal System have a maximum of $1,800 a year beyond the amount of their Annual Income that is not exempt from Social Security taxes.

State Prov.

The New York State law provides that employees on retirement from the New York State Employees Retirement System whose annual retirement allowance is less than $3,500 may earn up to $1,800 in part-time or seasonal public employment without it affecting the retirement benefit provided by the State Retirement System.

Now that many public employee pensioners are also becoming Social Security pensioners, the additional public employment or public employee, could reduce the Social Security pension. The maximum earnings without deductions, or suspension, is its limit, in such cases, of $2,000, or earnings for the calendar year. Only these months in which income from public employment exceeds $80 invoke the suspension rule, and then only after the $2,000 figure is reached.

Supreme Court, Oswego County

Cornell v. Gover. The court in this case held J. A. employment as a teacher and coach in the public school system did not terminate their employment which upon assumption by the teacher of office of mayor of the city, since the two offices are not incompatible.
Greatest advance ever made
in health insurance
for State employees

If you are a State employee, you are entitled to the protection of the State-wide Contract, which now protects over 140,000 State employees, including their dependents.

Here is what this outstanding protection does for you and your family. Only the State-wide Program offers all this.

**BLUE CROSS**—with expanded hospital benefits. Hospitalization for illness or injury covered in full for 120 days; semi-private room and board, plus all of the hospital's usual services—such as drugs and medicines, X-ray, laboratory examinations, radioactive isotopes, intravenous preparations, vaccines, physiotherapy and hydrotherapy (plus liberal cash allowances for maternity care). For private room care, you receive an allowance equal to the hospital's most common semi-private room charge.

**BLUE SHIELD**—with expanded doctor benefits. Covers surgical and in-hospital medical care by your own private physician, plus allowances for anesthesiologists' fees and for radiation therapy. Provides payment in full for non-maternity care by any participating physician—if your annual family income is $6,000 or less ($4,000 if single). And, most doctors in New York State are participating Blue Shield doctors.

And in addition to coverage provided by Blue Cross and Blue Shield:

**MAJOR MEDICAL** provides, after a $50 deductible, payment of 80% of all covered medical expenses, such as home and office doctor care, drugs, medicines, X-ray treatment, and many other necessary medical expenses.

**PROTECTION TODAY—AND IN THE FUTURE**

When you retire, you can continue your Expanded Blue Cross, Expanded Blue Shield, and Major Medical protection, according to the New York State enrollment regulations at the same rates paid by active employees.

World-wide benefits: you get the same expanded Blue Cross coverage in any hospital anywhere. Blue Shield pays the same expanded allowances to any doctor who treats you anywhere in the world. Your Major Medical benefits are the same, regardless of where you receive your care.

For more information about how you can get this coverage for yourself and your family, contact your Personnel or Payroll Officer.

**BLUE CROSS** AND **BLUE SHIELD**

to $2,700, 1 position at Troy. Re-
quirements: (1) bachelor's degree
in home economics. Experience in
home economics on a full-time basis.
Fee $5. (Aug. 29).

Applications are being accepted
continuously for the following Jobs:

5555. Vat-type operator, $1,440
to $1,790, 3 vacancies in assembly
located in New York City and Albany,
with occasional openings at other
locations throughout the State, in
capital, copper, and other indus-
tries. Duties consist of opera-
ting machines, performing general
tying and cler-
tical work, and related work
on type operation. Performance test
sales, consultation of equipment,
plant layouts, and various types of
work from this or rough copy of wide-
margins. Fee $5.

5707. Senior Architectural Esti-

mator, $5,000 to $5,600. One vacan-
cy each at Brooklyn and Syracuse. Requir-
ements are either three years' ex-
perience in office or one year on
recognized building trade. Fee $4.

1105. Occupational therapist, $4-

50 to $5,950 for 91 vacancies through-
out the State. Duties consist of plan-
ing and conducting a collecting phase of
a program designed to improve the social, in-
stitutional and physically ill patients.
Candidates must have graduated from an
approved school of occupational therapy,
or have grad-
uated from a full-time course in occupational
therapy as determined by the American
Occupational Therapy Association. Applica-
tions are being accepted for examination No. 7039.

PROMOTION

7061. Engineering Materials
Technician, Department of Public
Works, $3,400 to $4,360 in five
annual increments. Five vaca-
cations for a candidate who filed pre-
cations in the Main Office in Al-

bany on or before August 29, 1959,
and have been completed by an
approved school of occupa-
tional therapy, or have grad-
uated from a full-time course in
occupational therapy as determined by the American
Occupational Therapy Association. Applica-
tions are being accepted for examination No. 7039.

HELEN HALL AIDS HA SOCIAL WORK PROGRAM  

Miss Hall, director of the Henry Street Settlement, has announced the establishment of a Social Work Program, the first of its kind in this country, at the settlement.  

The program was established by City Administrator Charles L. Post, who has been chairman of the Board of Social Work at the settlement since 1917.  

Miss Hall said that the program is designed to help the clients of the settlement in their daily living problems.  

The program is financed by a grant from the City of New York.

Tuesday, August 12, 1958
The report on serial publication or report by counsel to the CSEA of the Asrano to give public employees an administrator Culte and Assemblyman Ma- vetoed by the Governor on the recommendation of the Attorney General with a self-explanatory scope of the attached written.

The Attorney General, in recommending disapproval of this bill, states: "This bill amends the Retirement and Social Security Law to provide another opportunity for members of other public pension or retirement systems in this State to have the option of the desire Social Security coverage.

"Our understanding of the Fed- eral law is that it would allow the second opportunity of membership in this program with the desire for Social Security coverage as part of a union where the Federal law presently provides that such group may be brought under Social Security and has in- tended to work as a group and without any limit on the number of members.

It must be remembered that the Social Security coverage becomes part of a union where the Federal law presents provisions that such group may be brought under Social Security and has intended to work as a group and without any limit on the number of members.

It must be remembered that the Social Security coverage becomes part of a union where the Federal law presents provisions that such group may be brought under Social Security and has intended to work as a group and without any limit on the number of members.

It must be remembered that the Social Security coverage becomes part of a union where the Federal law presents provisions that such group may be brought under Social Security and has intended to work as a group and without any limit on the number of members.
