Powers Names Committee To Study Reconstitution of CSEA's Director's Board

John P. Powers, President of the Civil Service Employees Association, has appointed a special committee to study the reconstitution of the Board of Directors of the Association. This action was taken as a result of a recommendation by the CSEA Committee on Revision of the Constitution and By-laws, which was approved by the CSEA chapter delegates.

The purpose of the reconstitution of the Board of Directors will be to arrive at a plan or plan that the number of members and size of the Board of Directors should be increased to 24. The committee will study the reconstitution of the Board of Directors and the ramifications of the CSEA Board of Directors meeting, being held at the American Legion Home, Gowanda, at 6:30 P.M.

Assemblyman Manley To Address Spring Meeting Of Western Conference

Assemblyman A. Bruce Manley has been announced as principal speaker for the Spring meeting of the Western Conference of the Civil Service Employees Association.

Assemblyman Manley will address Conference delegates following the dinner portion of the meeting, being held at the American Legion Home, Gowanda, at 6:30 P.M.

There will be two sections to the afternoon meetings, which are to be held at the N. A. A. M. Memorial Hospital, Perryburg.

Vita Pero, Conference president, will preside at the state meeting. John Qubein will emcee at the county sections meeting. Both programs start at 2 P.M.

A tour of the hospital at 1 P.M. will precede the regular business sessions.

Reservations at $5 per person, to be sent in by April 15, will be sent not later than April 11 to Charles Leiper, Box 64, Perrysburg.

Directions Given

For those traveling to the meeting by automobile the following instructions have been given:

1. Take the Thruway; the Thruway will exit Exit 17 at Hamburg; pass toll gate to sign for Route 76. Turn right onto Route 76 South, pass through traffic light and turn right onto Route 18. In Gowanda, follow Route 39 to Perryburg.

Conference delegates are reminded that the nominating committee, headed by Harold Nelson, will present its report and that further nominations for office for the coming term may be made from the floor.

The CSEA Board of Directors is to meet in sufficient time to permit making changes in the constitution and by-laws to be presented to the Chapter delegates at the 6 Annual Meeting in October, 1959.

The committee is composed of the equal number of members from the CSEA State and County Divisions. The committee as appointed by Mr. Powers are as follows:

Messrs. Tapper, Flood and Flanneman represent the County Division.

Mr. Perry is with the Miscellaneous Tax Department; Mr. Rosener is with the Mental Hygiene Department; Mr. Soterian, with the Department of Audits and Control.

The Plan, formed by The Civil Service Leader as a service to public employees, has arranged with hundreds of merchants to make rebates on sales slips submitted by the Plan.

How Plan Works

Members of the Civil Service Employees Association are automatically members of the Plan, for which there is no charge or obligation taken on the part of the member.

In essence here is how the Plan operates:

As can be seen on Pages 9 and 14 of this issue of the Leader, a list of merchants offering rebates is given. A Plan member makes a purchase at one of these stores and mails the sales slip to the Plan. The Plan then mails the member the appropriate discount.

In most cases, the merchant refunds 10 per cent of the amount of the sale but in some cases where a small markup is taken by the merchant the discount may be less. The Plan refunds 1/2 of 1 per cent to the Plan member, re- tailing 1/2 of 1 per cent for operational costs and expansion of the service. On smaller rebates the same proportion of deduction is made. Purchases are eligible for payment only after payment is made.

Two Examples

Here are two examples for gaining refunds. A Plan member wishing to buy household equipment such as ladders, garden hose, paint, etc., purchases these supplies in the regular way from a hardware dealer listed in the Plan. He then mails all the sales slips to the Plan, which in return mails him back the member the discount.
Today, one-twelfth of the workforce in this country is composed of employees of states, municipalities, and the Federal government. The largest portion of these Federal workers. In many spots around the country, they form the majority of the voting population. In many more areas, they are an important section of the voters—often among the best trained and most vocal sections on non-political matters.

Since 1939, the Hatch Act has been modified. There have been added in some spots, and more exceptions have been made.

The Hatch Act is designed to keep Federal employees out of party activity in state or national elections, and to cut them off from the ups and downs of political movements, parties, factions or candidates. With the increasing importance of the Government employees, the Act, and measures like it, are getting to more and more people.

Another project now up in Congress is a measure to guarantee eight paid holidays a year to Federal employees. Most of them will see two holidays otherwise, since both Memorial Day and the Fourth of July fall on Saturdays. The bill would give employees the Friday before such a Saturday as a paid holiday.

Sponsors of the bill are Reps. Murray and Sen. Olin Johnson (D., S.C.), chairman of the House and Senate Civil Service Committees. The GEC and APGB are both working to speed its passage.

Separate Unit Set To Study Power Plant Sale

The New York City Civil Serv- ice Commission has ordered a public hearing on a resolution concerning disposition of the more than 1,300 employees involved in the sale of the Transit Authority's power plants to Consolidated Edison.

The hearing will be held Monday, April 27, at 10 A.M. in Room 251 of 241 Church Street, Manhattan.

The resolution would designate the generation division of the power department of the Transit Authority as a separate unit for suspension of the employees whose positions will be abolished upon sale of the power plants.

The Mayors' Committee on Transit Power Plants endorsed the principle that adequate provision must be included in the sale agreement to protect the rights and privileges of employees now working in the plants.

The commission stated that such an agreement would be approved that would cause "injury to the rights of any transferred employee on the basis of salary, pension and retirement rights, and job placement.

The resolution, the commission added, would require that no sale be made to Consolidated Edison until the employees whose positions will be abolished are given a chance to be transferred to another unit.

The New York City Civil Service Commission would have no say in the matter of job placement.

FOR STATE EMPLOYEES

Commercial Bank
CHECK-CREDIT

is an ideal way
to borrow money
when it is needed...

YOU CAN BUY WHAT YOU WANT, WHEN YOU WANT, WHERE YOU WANT...just write a check!

This service was designed for responsible people such as State employees who live or work in areas served by The National Commercial Bank and Trust Company.

Dignified...your name is distinctively printed on all checks.

Monthly statement...indicating checks paid, balance due, interest and available credit.

Repay by mail...or in person at any of our conveniently located Offices.

A continuing credit...as you repay, the money becomes available again for your use.

MAIL THIS COUPON TODAY!!!
Buying Plan Will Give Rebates on Purchases To Public Employees

(Continued from Page 1)

offered by that dealer. The member is identified only by sending off the sales slips to the Plan. An example of how the Plan is used in the store will give an additional discount when they mail in their purchase slips.

More Stores to Join

All slips are to be mailed to The Public Employees Buying Plan, P.O. Box 38, New York 7, N.Y. A first list of subscriber stores is made in this issue of The Plan. It is expected that the Plan will be made available to all New York State community and all types of consumer goods on the basis of cooperation not covered by Fair Trade Laws.

The plan will first be made available to merchants who are members of their organizations and is intended to benefit city, state, county and federal employees. There is no individual membership and no charge to CSEA members for the benefit of the Plan.

Similar Plans

In many ways the Public Employees Buying Plan resembles the so-called Group Buying plans through the Army and Navy Plan created for veterans of World War I in the 1920's, and to the present operation of such organizations as the American Automobile Association, which has been instituted with the plan in anticipation of obtaining a volume of business and reducing other promotion expenses. Cooperative buying plans for civil service employees are common in most European countries where similar inflationary pressures have cut into the standard of living of public employees.

Approximately four hundred merchants have enrolled in the Plan at the first invitation, including dealers in a wide variety of merchandise and services. Among the fields covered are florists, florists, auto service, clothing for men, women and children, dry cleaning, furniture, hardware, laundry service, jewelry, musical instruments, pharmacists, photo supplies, records, sporting equipment, slip covers, table coverings, upholstery, wallpaper, etc.

Davies Named Senior Clerk

ALBANY, April 21—Kenneth A. Davis of Troy has been promoted to senior clerk in the State Bank of New York. The vacancy was created by the voluntary resignation of the incumbent, whose term had expired.

Five years at St. Lawrence

Pictured above are employees of the Saint Lawrence State Hospital,3535 State Route 38, East Dolgeville, Oneida County, who have completed a service of 25 years. The following are from left: Hugh Story, Mrs. Mary O'Brien, Mrs. Naomi Kinch, Dr. Snow, Mrs. Rachel MILLs and Eleanor McMullin, Mofedale. The 25-year certificates were presented to thirty-two of the employees, fifteen of whom were unable to attend the party.

Tribute was paid to the police profession in an address delivered by Attorney General Louis J. Lefkowitz, principal speaker at a first annual dinner dance of Troop E, State Police chapter, Civil Service-Employees Association.

"No greater trust can be imposed upon an individual than that of a police officer," Lefkowitz said. "It gave to the very nature of him a sense of dedication to duty, a zeal to serve and an incorruptibility, a trust no one can reasonably refuse."

Mr. Rockefeller declared.

"In no aspect of government is the law more frequently denounced and more important than in police work, on federal, state, and local levels. The effectiveness of the police officer's work depends directly and in full measure upon the effort and the spirit which he enjoys.

"It is the very essence of our American way of life that we function as a government under righteous, administered and enforced effectively and without prejudice. We must maintain, therefore, this great heritage of ours unless we maintain the highest standard of respect for the law enforcement agencies whose efforts contribute so magnificently to the life and health and personal security which is so vital to our free society," Mr. Lefkowitz said.

Citizens' Attitude

"The citizen's attitude towards the men whose duty it is to enforce the law is of supreme importance and we must have a full appreciation of the importance of the police work in our society, the confidence and the respect which you so richly deserve.

"It is a sorry commentary on our society that any man should charge that we have lost this sense of respect which our society should have of the police officer. Upon his shoulders falls the duty of defending the community against all organized and unorganized forces that attack our society. Do we, in our newspapers, and hear on the radio and television of the police officer who is serving us, not receive this understanding?"

In an emergency, he is both a doctor and a nurse. No one is more zealous than the police officer in seeking to wipe out the causes of juvenile delinquency, or to further the education and fortunate younger to enrich his own life and to become a useful member of the community.

"Yes, in every day, unheralded work the police officer is doing that no one else besides a police officer can do.

"The adult who holds restless children at home, and who offers them only a weak word of comfort, is not giving them the proper thing to do. Likewise, here is the first step in the education of a child.

"Government's Obligation

Continued, Mr. Lefkowitz said, "Just as important as it is that the police officer be respected, it is equally important that government be aware of its obligation to set a pattern as a model employer through concrete recognition of the invaluable contributions of those who serve it. It is not enough for government to learn not only to meet the needs of its civil service workers but must also maintain adequate rates of legislation benefiting them. Adequate compensation is not only due but must be paid. Humane working conditions and working hours must be made the rule. Living as we do in an age of so-called progress, I mean has been increased to a degree unthought of only a few years ago, which has become more essential to maintain retirement and other fringe benefits model policies which the states have.

"Great progress has been made in recent years in the struggle to provide the police officer with better salary, service and to make government more attractive to the young man who remains to be done, and I know that when the new chapter of the New York State Police is written it will make a potent instrument of leadership," he said.

Mr. Rockefeller and Governor John F. Powers, CSEA president; Frank Casey, CSEA field representative, and DeWitt and Insley Dyer.
REWARDED FOR $600,000 IDEA

For saving the Federal Government a combined total of $977,378, three civilian employees of the Brooklyn Army Terminal (L. to R.), Harry Urkowiti, Edwin Lederkromer and Philip Privitero, accept checks for $56.25 each, their latest award for saving the Federal Government a combined total of $1,225, the highest amount yet for any one idea.

NYS Opens New List Of Promotion Tests

The New York State Department of Civil Service is accepting applications until May 22 for a whole new series of competitive examinations. These examinations are open only to permanent employees in the department or promotion units for which the examination is announced.

They follow, with examination number, salary range:
- 9081. Principal stationary engineer, interdepartmental, $5,280 to $5,860.
- 9082. Senior stationary engineer, interdepartmental, $4,530 to $5,100.
- 9083. Forest surveys, Conservation Department, $3,500 to $4,500.
- 9084. Chief, Bureau of Business Education, Education Department, $4,500 to $5,100.
- 9085. Director of sanitary engineering, Health Department, $3,500 to $4,300.
- 9086. Assistant director of sanitary engineering, Health Department, $3,200 to $3,600.
- 9087. Senior insurance examiner, compensation, Insurance Department, $5,050 to $5,850.
- 9088. Principal file clerk, Labor Department, New York office of the New York State Insurance Fund, $4,800 to $5,050.
- 9089. Director of hospital volunteer services, Mental Hygiene Department, $4,800 to $5,100.
- 9090. Assistant electrical engineer, Public Service Department, $4,800 to $5,050.
- 9091. Associate budgeting analyst, Public Works Department, $4,500 to $5,100.
- 9092. Senior budgeting analyst, Public Works Department, $5,050 to $5,860.
- 9093. Administrative assistant, Social Welfare Department, $5,860 to $6,100.
- 9094. Senior budgeting analyst, Taxation and Finance Department, $5,860 to $6,100.
- 9432. Principal clerk, Bronx County Clerk's Office, $4,500 to $5,500.
- 9435. Senior clerk, Bronx County Clerk's Office, $5,050 to $6,000.
- 9436. Senior clerk, Kings County Clerk's Office, $4,500 to $5,860.
- 9437. Senior clerk, Queens County Clerk's Office, $2,500 to $4,500.

The Columbia Association of the New York City Board of Education will hold its second annual dinner-dance at 7:30 p.m. Saturday, May 2, at the Hotel Commodore, 42nd Street and Lexington Avenue. Proceeds are for the association's scholarships fund.

The president, Dr. Anthony J. Ferrari, will present the annual award to Carmela Nesti, assistant superintendent of schools, and Dr. Edward Re, member of the Board of Higher Education, and professor at St. John's University. Reservations may be made through the chairman, S. B. Gambino, at 133-29 234th St., Rosedale 22, or by calling 6A 5-6010.

ITR Holy Name Sets Scholarships

The ITR Division Holy Name Society, New York City Transit Authority, has announced results of a contest for high school scholarships, reported Michael J. Tierney, chairman of the Scholarship Committee.

Full scholarship goes to Joan Denissy, Holy Name School, Brooklyn; and William Fleming, Our Lady of Assumption School, Bronx.

The winners will be honored at the Society's Annual Communion Breakfast.

YOU NEED TWO WAY PROTECTION AGAINST ACCIDENTS OR SICKNESS

The CSEA Accident and Sickness Plan provides you with an income should you be totally disabled from sickness or injury.

THE NEW STATE HEALTH PLAN HELPS PAY COSTLY HOSPITAL BILLS

Don't leave your family unprotected should your income stop as a result of absence from work due to an accident or long illness brought on by the CSEA Accident and Sickness Plan.

Let one of these experienced insurance counsel-
ors show you how you will benefit by participating in both plans.

A testimonial dinner was held recently at the One Fifth Avenue Hotel, Manhattan, for Mrs. Edna C. Carlin, retiring after 30 years' service as head of the waiver section of the Estate Tax Bureau of the New York State Tax Commission. It was sponsored by her associates and friends in the Commission.

Four Inspector Tests Set by U.S. Engineers

Examinations for construction inspector in four optional fields, with a starting salary of $4,980 a year, have been announced for the New York district of the U.S. Engineers.

The four options are general construction, concrete construction, electrical equipment and mechanical equipment. Employment would be in Army Engineer field offices in New York State and Northern New Jersey, mostly outside metropolitan New York City.

Three years of general experience, plus two years of specialized experience in the specific areas, are required. The general experience may be replaced by the same number of completed years of residence college-level study in engineering. After that, one year of study in the pertinent branch of engineering will be accepted for one year of the specialized experience.

Application forms and more information may be had at any Post Office except Manhattan; from the Executive Secretary, Board of U.S. Civil Service Examiners, U.S. Army Engineer District, New York, 111 E. 10th St., New York 3, N.Y.; or from the Director, 1st U.S. Civil Service Region, Federal Building, Christopher Street, New York 17, N.Y.

Time for Stragglers
In P.O. Clerk Exam

There is still time to get under the wire to file for the substitute clerk's examination. The jobs pay $80 a week. The number estimated to be filled by May 22 was 2,750, but it is possible that the number will be reduced. The starting pay is $2 an hour and can reach $3.42 an hour through annual raises, with 10% added for night work.

The person who applies gets more than a bare application blank. He gets a kit that describes the various types of work under the classifications, tells of the steps in getting into the field and sample questions. Study is recommended: it has been estimated that one out of three passes the exam.

There are plenty of benefits of a postal department job. It was pointed out recently by Robert W. Christenberry, Acting Postmaster, New York Postmaster: Postal employees enjoy up to 13 days a year of paid vacation, up to 15 days a year of sick leave, and eligibility for inexpensive group life insurance. There are opportunities for promotion, and a system of incentive awards. Retirement is possible at 60 years of age, after 35 years of service, with $288 a month.

New appointments have just about exhausted the old lists of eligibles, and the time to file applications for the new crop. Applicants for the new test may well soon start to be appointed.

The jobs require enough physical ability to do the work, which requires strong exertion — long periods of standing, walking, throwing and reaching, plus handling heavy mail sacks. You should have at least 20/20 vision in one eye, with or without classes.

You must be a citizen, at least 17 years old, and weigh at least 125 pounds — although the weight requirement is waived for veterans. It is also waived if you can shoulder a 100-pound mail sack.

Postal service jobs have long been known as reliable, long-term jobs. Substitutes usually move up to regular jobs, according to appointment schedules. And the higher-level jobs are generally filled by promotion from within the department.

The application form, Card Form 5800-AB, can be obtained, in person or by mail, at the Board of U.S. Civil Service Examiners, U.S. Post Office, Room 3506, 33d St., New York 1, N.Y., or to the Director, Second U.S. Civil Service Region, Federal Building, Christopher Street, New York 14, N.Y.

An 'Obnoxious' Situation

Mayor Wagner has stated during the past few days that the City will have to do with less police, fire and other civil service personnel than it needs because there are not enough tax revenues to pay for the desired number of public employees.

At the same time, Mayor Wagner admits there are specific taxes he could impose but will not do so because they are "obnoxious."

Looking In The Wrong Direction

We feel the Mayor is looking in the wrong direction. The obnoxious situation is an undermanned public service that fails to give the City the protection and attention we are entitled to.

Thus, the Mayor is taking steps that will sow the seeds of double jeopardy.

First, by not giving the current members of the public service the salary adjustments they are justly entitled to, the City is only crippling morals but giving public employees more reason than ever for leaving the service and seeking other employment where a decent standard of living can be earned.

Second, by not paying the City with the services it needs but is advertising the fact that City employment leaves a great deal to be desired, thus dealing a blow at future recruitment.

City OWES Employees a Raise

Government, and by this we mean government on all levels, must wake up to the fact that public employees can no longer be treated as expendable when it comes to the distribution of budget funds. Government services in the majority of cases are not luxuries—they are vital necessities.

The City OWES its public employees a raise. Salary increases are more and more social security in large measure. These are a duty imposed on government by the necessity to maintain a public service that will operate efficiently.

No one, including public employees, wants to pay more taxes on an already burdensome income. But no right-minded citizen wants to create the "risk of the " injustice of not giving a worker the just fruits of his labor.

Do your duty, Mr. Mayor.

Questions Answered On Social Security

When a worker reaches retirement age which is 65 years for men and 62 years for women, what protection does social security give him and his family?

Social security replaces, par- tially, the income a worker lost by paying him a monthly amount which is a percentage of the average earnings he had over a certain period of time. In addition, it will pay a monthly amount to certain other members of his immediate family who are dependent upon him for their support.

I am 52 years of age, married and have a boy 13 years of age and a little girl 11 years old. I would feel much safer if I knew specifically what protection, my wife and children would have if I got hurt on my job and become so disabled that I can no longer work.

If you have worked long enough to become insured and become totally disabled, disability insurance benefits would be payable to you and your certain members of your family—just as in the case of a retired worker.

I understand a person must be 62 to be eligible for retirement, but wishes to assist his readers in this important and difficult area, I have answered any questions on the subject through a column in this newspaper to "Retirement Editor, The Civil Service Leader, 97 Duane St., New York, N. Y."

I am working as a doctor for the Department of Mental Hygiene. I have paid into the retirement system over $7,000, having been employed for 8 years. I am in the 55 year plan and am planning to retire in two years when I shall be 65. Please answer the following questions:

1. In case I retire after 10 years of service can I get all my money in one payment?

2. Will it be with interest?

3. How much can I get by weekly payments?

4. Since you became a member of the retirement system after April 6, 1942, and upon retirement will you have over five years of allowable service, and your contributions plus the retirement allowance, it is not possible to determine the retirement allowance payment. Please answer the following questions:

1. What is the maximum amount which is a percentage of the average monthly earnings which the 500,000 fingerprint classification files will pay a monthly payment to certain other members of his immediate family who are dependents?

2. How old does his wife have to be in order to receive any retirement benefits, such as health insurance, or should she have to wait until he is age 62?

3. How much can I get by weekly payments?

A retirement allowance is always paid in addition to any other retirement allowances which are paid to the members of the families of a deceased member, regardless of the level of his income.

I entered State Service in 1948 and am a member of the new 55 year plan of the retirement system. I am planning to retire in two years, is it possible for me, after certification of the list for the new retirement system, and exclude these payments from State and Federal income tax?

Private employees have the tax law allowing retention of fringe benefits from taxes. The pension contributions of the private industry wage earner are not taxable under the law, and he will have a substantially lower taxable income. The State and Federal legislatures should be made aware of this discrimination.

A. JANUS, New York State Insurance Dept.

Retirement is everyone's business and everyone has retirement plans for their future. If you are retired or planning your retirement, please send your wishes to assist his readers in this important and difficult area, I have answered any questions on the subject through a column in this newspaper to "Retirement Editor, The Civil Service Leader, 97 Duane St., New York, N. Y."

I am 52 years of age, married and have a boy 13 years of age and a little girl 11 years old. I would feel much safer if I knew

Many letters have been received in this column regarding amount of retirement allowances individual would receive.

Since there are many factors involved, it is not possible to do without individual amounts of retirement allowances through this column.

Any member of the New York State Employees' Retirement System, or of retirement age, will have his retirement allowance by requesting a copy from the New York State Employees' Retirement System, 89 South Swan St., Albany, N. Y.

claimed the 18 months service, which I can do, but I can't find any reason why I should have my record changed. Is there any good reason why I should add this time to my service record?

The most important reason for claiming the 18 months service is that if it is allowable, the 18 months of service would increase your retirement allowance at no additional cost to you. The State pays both the annuity and pension portions. Under the 15 year plan you would receive less than half the average salary for each year or portion for this service and 1/50th of the retirement allowance, which is not a good reason for not including this time on your record. As to the claim that the 18 months of service are authorized prior to entering State or local government services.

Law Cases

Sidney M. Stern, counsel, submitted to the New York City Civil Service Commission the following report on law cases:

JUDICIALS DECISIONS

Court of Appeals

Blair v. Kennedy. Petitioner was passed over on the list for promotion to sergeant (P.B.), because of his disciplinary record as a patrolman. He contended that the commissioner should not have taken into consideration any of these offenses dating more than 5 years prior to certification of the list, because the offenses had already been taken into account by the civil service commission when he was formerly certified. The Special Term rejected this contention and held that any officer who has been appointed by law, to examine and consider the disciplinary record of an applicant for promotion. The Appellate Division has unanimously affirmed.

FREE BOOKLET by U. S. Gov- ernment on Social Security. Mail only. Leader, 97 Duane Street, New York, N. Y.
Governor Rockefeller has vetoed a bill that would have allowed eligibles to remain on the list after being passed over three times.

In his message disapproving the bill, Mr. Rockefeller said:

"This bill would prohibit the removal from a civil service eligi
ble list the name of a person who has failed to receive an appoint-
ment for which he has been credited. The purpose of this bill
is to nullify a rule of the Munici-
pal Civil Service Commission of
the City of New York which re-
quires the removal from an eligi-
bile list the name of a person who has been certified for appoint-
ment on three occasions but who has not been selected. I am im-
pressed that this is a long-stan-
ding rule in New York City."

"Last year an identical bill was
disapproved by Governor Harriman.

"The Mayor of New York City, the Police Commissioner and the
Fire Commissioner are strongly
opposed to this measure. The State
Civil Service Department concurs
in their disapproval.

"The Police Commissioner of
New York City has stated:

"Many candidates are certified to
the Police Commission for appoint-
ment, and, after further investiga-
tion by the Police De-
partment, the candidate is found
not to be unfit for the position of a
patrolman.

"The Police Commissioner may
in the discretion of the Commis-
sion and its members. This legis-
lation is an attempt to curb the
administrative discretion of the
Department heads. The law man-
dates that appointing officers per-
form prescribed duties. With this
responsibility should go the nec-

cessary powers to implement them."

Bill To Keep Passed-Over Eligibles On List Vetoed

Governor Rockefeller has vetoed a bill that would have allowed eligibles to remain on the list after being passed over three times.

In his message disapproving the bill, Mr. Rockefeller said:

"This bill would prohibit the removal from a civil service eligi-
ble list the name of a person who has failed to receive an appoint-
ment for which he has been credited. The purpose of this bill

sion and its members. This legis-
lation is an attempt to curb the
administrative discretion of the
Department heads. The law man-
dates that appointing officers per-
form prescribed duties. With this
responsibility should go the nec-

cessary powers to implement them."

Office Jobs Open in Washington, D. C.

A written test is required. Ap-

dications should be filed with the U. S. Civil Service Commission, Washington 38, D. C.

Added information is carried in Announcement 189 (telephonist) and 190 (miscellaneous office machine operator). These are available at many post offices, U.S. civil service regional offices, and from the Civil Service Commission's Examining Information Unit in Wash-

Washington, D. C.

Guidel Planning Annual Communion

The Catholic Guild of the De-
partment of Finance and Office of
the Comptroller, New York City, will hold its 21st Annual Communion and Breakfast on Sunday, May 8. Chief speakers will be the Rev. Edward N. Lawler, C.S.P.,of the Paulist Press, and Prof. Edward D. Be, St. John's University Law School.

Mass will be offered at the National Shrine of St. Ann Roman Catholic Church, 110 E. 12th St., at 9 a.m. Rt. Rev. Msgr. Daniel J. Fest, pastor of St. Ann's and moderator of the Guild, will be celebrant. Breakfast will be served at the Century Room, Hotel Commodore, at 10:30 a.m.

New Medical Head For Nell, Foundation

Miss Addie G. Thomas has been appointed chief of the Medical Social Service Division of the National Foundation (formerly The National Foundation for In- 
fantile Paralysis) to succeed Miss Kathleen Allen, who retired earlier this year.

Blue Shield is so good the State of New York chose it at the plan to pay your doctor's bills. And more than 160,000 State Employees and their families are now covered under the Statewide Plan.

For the Statewide Plan offers, at the lowest possible cost, the combination of doctor's bills. And pays generous allowances for surgical and in-hospital medical care, plus allowances for anesthetists' fees and radiation therapy. Provides payment in

MAJOR-MEDICAL* PAYS UP TO $15,000 IN BENEFITS

Provides additional coverage for such services as home and office medical care, home and office surgery, hospital care, outpatient drugs and medicines and x-ray and radium treatment. Pays, after a $50 deductible, 80% of covered medical expenses.

And for Major-Medical alone provides up to $7,500 in medical expenses in a calendar year and $15,000 total for each individual.

store, 97 Duane Street, New York 7, N. Y. Phone orders oc-
cupied. Carl Ekblom 3-6010.
A New Plan Designed to Give You Substantial Savings On All Your Purchases

You receive 3 3/4 percent to 7 1/2 percent rebates on your purchases from ANY of these hundreds of Merchant Members.

THE PUBLIC EMPLOYEES BUYING PLAN provides rebates to members on purchases made from a long list of stores in communities throughout New York State.

Here is how the Plan works:

1. MERCHANT MEMBERS of the Plan—stores and services listed below—have agreed to make rebates to the Public Employees Buying Plan upon presentation of sales slips by the Plan.

2. CONSUMERS MEMBERS. Membership is presently limited to certain groups of Civil Service Employees. You are automatically eligible to use the Plan without cost if you are a member of the C.S.E.A. (Your membership may be evidenced by your Leader address label).

All you need do is to accumulate sales slips from purchases made at any of the Member Stores, and mail these slips to the Plan. The Plan makes a rebate of 7 1/2 per cent of the sales slips for most stores; 3 3/4 per cent in special cases such as discount houses, as indicated by an asterisk next to the name on the list below. Any purchase you make from a Merchant member is on the same basis as you would make it as an unaffiliated purchaser. Rebates are payable only on cash payments, or at the time you pay your bills. Fair traded items are excluded.

At the time of making a purchase, Consumer Members need not identify themselves unless the purchase is for a sum exceeding $200.00. However, when applying for a rebate to the Plan, members must identify themselves by enclosing their mailing label from the Civil Service Leader or other proof of eligibility.

Each application made by a Consumer Member for a rebate must contain a summary in duplicate of the sales slips attached, showing the name of the store, the amount of the purchase, and the rebate requested for each purchase. Other procedural rules will be set from time to time.

Here is an example of how You, as a Consumer Member, may get the rebate. In the list below you see that stores operated by Mr. X and Mr. Y have items you wish to purchase. At both stores you merely make your purchase in the ordinary manner, ask for a sales slip, and then later mail the slips to the Plan for your rebate.

Below are listed the stores and services enrolled in the Plan.

Listings of stores which are Members of the Plan will appear in the Civil Service Leader from time to time. Similarly, stores which have been withdrawn from the Plan will be noted. If you wish to recommend any reputable store for membership in the Plan, please send the name and address to the Plan Office, 97 Duane Street, New York 7, New York. The Plan will attempt to enroll reliable merchants from all parts of New York State to provide a cross-section of merchandise and services in all price levels.

If you provide a page that is focused on a single topic or has clear sections of text, I'd be happy to help transcribe it into a plain text format.
NEWARK STATE SCHOOL

Three more employees at Newark State School, members of the State Employees Association Chapter, retired from state service recently: Mrs. M. Jean Lathrop of Wayland, Carl Chandler, journey to Clyde over the weekend. In addition, Carl Chandler, journey to Clyde over the weekend. In addition, Emo was made by John H. Tyler, maintenance foreman; and Mrs. Alfred Smith and Mr. and Mrs. George W. Hauser, who were named as members of the mental hygiene association. The Chapter thanks all who donated their refund checks from CSEA to the local community hospital.

Among them are carpenters, painters, roofers, metal workers, locksmiths, masons, and plumbers. The baked goods sale of April 28 and May 1 was a complete success as neither the two women were aware that the party was for them and that the group had raised enough money to cover the cost of the party. The Chapter welcomes all its new members and hopes for a full house at the next meeting to summarize the Chapter activities for the past two months, given by delegate Eve Noles. The next regular Chapter meeting will be held in the lounge room of Robbins Hall on Thursday, April 3, 1959.

Erie

A new slate of officers for the 1959-60 term was presented to the members of the Chapter. Officer selections were made by the nominating committee and approved by the Chapter membership. The next regular Chapter meeting will be held on Thursday, April 3, at Melody Hall on Thursday, April 3, for a meeting to summarize the Chapter activities for the past two months.

Central Islip

The Chapter was well represented at the meeting of the legislative committee in Buffalo. The Chapter's Legislative Officer, Mario Maiello, who attended the meeting, has been instrumental in bringing to the attention of the legislators the need of a salary increase and the benefits of the Civil Service Employees Association. A new slate of officers for the 1959-60 term was presented to the members of the Chapter.

ROCKLAND MAINTAINERS END BUSY DAY

The Rochester Chapter of the State Employees Association recently sponsored a program for its members. There was a good turn out despite inclement weather. Many stayed for the regular Chapter meeting, which was followed by drawings for door prizes.

At the meeting, the members recommended names of persons to be nominated for the board of directors of the C.E.A. The executive committee approved the list of names which were as follows: Josephine B. Lang, Howard A. Noll, John H. Rose, George W. Hauser, Gaynor Gregor, Wanda McDonald, and Helen McDonald. It was suggested that the Chapter meet again at the end of the term to discuss the possibility of sending a representative to the state convention.

A resolution to purchase three copies of the Code of the Civil Service Act was adopted. These will be presented to the Board of School Supervisors, the Comptroller, and the Department of Education, and it is hoped that the resolution will be passed.

The visiting committee visited, transposed Wallace, who was absent from the meeting, as well as to get the group reacquainted with each other. The group met with Mrs. Vardi Kobel, representative of the CSEA, who wants to talk to anyone interested in joining the CSEA, to be a member of the union. The group is composed of members from the CSEA, the Institute, and the Department of Education, and it is hoped that the resolution will be passed.
