Variety Made Workshop a Huge Success

KIAMESHA LAKE, April 27 — The third annual Spring Workshop sponsored jointly by the Metropolitan and Southern Conferences of the Civil Service Employees Association, held last week at the Concord Hotel here, was arranged by co-chairmen Charles E. Lamb, of the Southern Conference, and Irwin Schlossberg, of the Metropolitan Conference. Mr. Lamb served as moderator for a panel discussion on salary structure problems as discussed by P. Henry Galpin, CSEA salary research analyst. Mr. Galpin substituted for J. Bart Kelly, State Director of Classification and Compensation, who was unable to attend.

Important changes in the Social Security Law were reported on at the second session of the Workshop that morning. A. Van Hancock, former director of the Children's Bureau of Syracuse, is the final event of the Workshop, evening was delivered by Irwin Schlossberg, president of the CSEA Metropolitan Conference. Toastmaster for the evening was John J. Kelly, Jr., CSEA associate executive director.

Levitt Hits GOP Inaction On Supplemental Pensions Again; Asks Vested Rights

KIAMESHA LAKE, April 27 — Comptroller Arthur J. Levitt has again attacked the failure of the GOP-dominated Legislature to provide already-retired State workers with additional pension funds. Mr. Levitt, final speaker at the two-day Spring Workshop here of the Metropolitan and Southern Conferences of the Civil Service Employees Association, called the Republican refusal to pass a supplemental pension bill "cruel and hard-hearted."

"I shall continue to insist on the always need for supplemental pensions and the necessity for a vested rights program. They need them, even though leaving State service."

Calls for Action

"I submit a bill to this Legislature," said Mr. Levitt, "that adequately covered the legislation needed to provide our employees with a good vested rights program."

The Comptroller said he felt employees had earned the right to leave their contributions on credit with the Retirement System and should be allowed to let these contributions earn a pension for them.

No further study — just action," he declared.

Co-chairman of the very successful event attended by more than 200 persons, Arthur J. Levitt, center, is seen here as he was welcomed as one of the guest speakers to the third annual combined Spring Workshop of the Metropolitan and Southern Conferences of the Civil Service Employees Association, held last week at the Concord Hotel. He is greeted by Charles E. Lamb, left, and Irwin Schlossberg, right, co-chairmen of the very successful event attended by more than 200 persons.

Merchants Show Enthusiasm
For Employees Buying Plan;
Many New Stores Join List

The first reaction from merchants to the Public Employees Buying Plan, announced last week in the Civil Service Leader, appeared to be enthusiastic cooperation. Most merchants indicated that they hoped the concentration of buying of certain products and services would reduce their own costs to a point where profits would be increased, and many merchants joining the plan indicated they felt "civil servants deserve a break." One merchant suggested: "After all, they work for me, too!"

OCEONIA, April 27 - "A democracy such as we have in the United States could not function if it were not for the dedicated people who make civil service their career," U.S. Rep. Sam Stratton told delegates and guests attending the dedication of the West Central Conference of the Spring Workshop, held here yesterday.

Addressing some 156 persons at a dinner for which Oceania Clerk Charlesophil Cinek served as host, Mr. Stratton said that "Without a strong civil service to meet the challenges of the years ahead, we will have serious problems.

Tells of Europa

He then outlined a recent trip to Europe he made as a member of the armed services committee of Congress. "No men are better trained, more alert or more enthusiastic than our men in West Germany and Berlin," Mr. Stratton said.

He said he would recommend to Congress the additional funds be made available for training in Europe, and that another division be added in the conference to strengthen the position of the United States.

No Democracy Without A

There is much less excitement in Berlin about the Berlin situation than in the United States. I know that the people in Berlin feel confident that the United States and her allies are there to stay, and will not be forced out by Communist threats.

Other Guests

Also present at the dinner were Paul Talbot, Assemblyman from Onondaga county; Edward Mason, Assemblyman from Delaware county; Guy Marvin, Assemblyman from Chenango county and Joseph Fitch, CSEA first vice president; Vernon Tupper, CSEA third vice president; Robert Siper, CSEA second vice president; Mrs. Soper, Alberi, CSEA fifth vice president, Mrs. Killian, Raymond G. Castle, CSEA fourth vice president, and Mrs. Castle, and Charlotte Clapper, CSEA secretary.

In the afternoon, the Central Conference of the Spring Workshop was held by John E. Graveline, Conference president.

ALBANY, April 27 - Governor Rockefeller announced today that he will designate H. Eliot Kaplan as president of the State Civil Service Commission.

He will succeed Alexander A. Falk, who is being replaced as president of the Commission by Mr. Kaplan, who will remain a member of the Commission, and the Governor's press secretary.

Mr. Kaplan, an authority on civil service law and procedure, was named a member of the Commission four years ago by Governor Dewey in 1943. He has served as president for the last four years.

Mr. Falk, a student of the government service for more than a decade. I know that the new president will bring to the job the same stature and the high qualifications as the man he succeeds, I have been tremendously impressed by the dedication and the high standards of the people who serve in the government service. 5,000 Help PAL

For May Drive

More than 5,000 people have volunteered to solicit contributions for the Police Athletic League, the largest recreation agency in New York City. It was announced by Deputy Police Commissioner Alexander Aldrich, president of PAL.

The annual campaign for funds will begin in May, “PAL Month” with a goal set at $850,000. PAL’s summer program will operate in 55 playgrounds and playstreets.

Fox Laze, a camp in the Adirondacks which can take 660 kids off the streets during July and August, may open this year. Its opening depends on the success of the bond drive in May. Last summer, the camp was unable to open because of a lack of bugs. People who would like to help PAL solicit contributions during May can contact local pal chapters in the five boroughs or PAL, Headquarters, 914 East 12th St., Manhattan.

A monthly check that means so much

Every month a state employee in Albany who is recovering from a hip injury looks forward to a special envelope. You see, inside this envelope is a disability check for $100 which this woman was able to help meet her regular living expenses! To date, she has received 20 checks or $2,000.

You too can protect against loss of income due to accident or illness by enrolling in the CSEA Plan of Accident and Sickness.

CAUSE FOR DOUBLE CELEBRATION

Charles Eckert, right, and Mrs. Eckert enjoyed the program of the Spring Workshop of the Metropolitan and Southern CSEA Conferences while at the same time celebrating their 25th wedding anniversary. They are seen here after being congratulated by President CSEA, third vice president, at the Concord Hotel where the Association event was held.
More than 900 persons attended a celebration recently at the Harlem Valley State Hospital honoring 12 employees who retired and 10 who completed 25 years' service during the past year. Those attending included members of the hospital's Board of Visitors, staff personnel, and guests.

A buffet dinner and dancing followed the formal ceremonies.

Dr. Leo P. Donnell, director of the hospital, made the welcoming address. He introduced Dr. Helen E. Elliott, Deputy Assistant Commissioner of the State Department of Mental Hygiene.

Dr. Elliott said she was 'quite impressed with the high morale and spirit conspicuous among both employees and patients at the hospital.' As a representative from Albany, she spoke warmly of the services rendered by employees to the patients and the importance of these services.

Peter O'Sullivan, president of the hospital's chapter of the Civil Service Employees Association, presented a framed copy of 'The Code of the Civil Servant' to Director O'Donnell, who read it aloud.

Dr. Harry L. LaBurt, director of Cresson State Hospital, and a former director of Harlem Valley State Hospital, was principal speaker of the evening. He reminisced about his days at Harlem Valley and told a number of anec
des involving some of those being honored. He also made the 'great changes' since then.

Mrs. Katherine Fv. 3.0., president of the hospital's board of Visitors, presented certificates to the retiring employees. James Johnson, one of the members of the Board, received a 25-year pin to the ladies, and Mrs. Margarette Bailey, a member of the Board, presented them to the men.

City of New York Exam Has Been Ordered

ALBANY, April 21 — Governor Rockefeller has called for further study of legislation to exempt police officers from liability in accepting custody of a prisoner who has been illegally arrested by a private citizen.

Mr. Rockefeller said: 'This bill does not merely project an officer who has acted reasonably, for it also protects an officer who has acted unreasonably or negligently. I am convinced that further study of this problem will permit us to give the needed protection to police officers reasonably attempting to perform their duty, without at the same time depriving of their remedies members of the public who have been illegally arrested.'

No Need For Inequality Among Public Employees

RECENTLY, this newspaper reported on a survey that showed civil servants to be suffering an inferiority complex as a result of being public workers. On the other hand, the survey said public opinion of the service was high.

Any feeling of inferiority on the part of the civil servant certainly is the result of long years of accusations that public employees were freeloaders, a burden on the taxpayers and the holders of unnecessary jobs.

Now, the average civil servant has reason to feel a lesser person when he looks at the financial rewards for his work—but a look at the caliber of men and women in the service should certainly dispel any sense of social inferiority.

An Impressive Roster

Who are the men and women that comprise our public employees? They are doctors, scientists, educators, judges, lawyers, accountants, administrators, librarians and a host of other professionals. They compete for their way of life the thing that it is. Without our public employees our country would be a lesser one.

The Civil Service Employees Association has made available to its members for at least two years, a plan of accident insurance. The plan is to be administered by the Travelers Insurance Company.
