Aides Quick To Participate in Employees Buying Plan; First Rebates Now on Way

Civil servants have been quick to approve the cash rebate plan obtainable under the Public Employees Buying Plan, a non-profit organization sponsored by The Leader.

Within 10 days after announcement of the Plan, customer members from all parts of the state began mailing in sales slips to the Plan for rebates. First checks for these rebates are already in the mail.

Hundreds of merchants offering a great variety of services have joined the plan and others are requesting permission to join almost daily. These merchants are listed from time to time in The Leader, the first list appearing in the April 21 and 28 issues of the newspaper.

Consumer members (members of the Civil Service Employees Association) are members automatically and without charge: purchase an item at any of these stores, ask for a sales slip and then mail the slip, and their rebates are automatically and without charge.

Aides to the swearing in the Governor made a brief speech praising Mr. Kaplan and referring to the annual assistant’s report as compiled by John J. Kelly, Jr., Association counsel.

Each bill reported on below is accompanied by Mr. Kaplan explaining the effect of the legislation; more complete information can be given in Mr. Kaplan’s report.

Approved Legislation

Here are the measures which received favorable action from the Governor:

1. Administration salary increase for State Civil Service employees, Chapter 201, provided an annual salary increase equal to the increment of 10% or $200, or an increase equal to the increment of 20% or an increase equal to the increment of 20% or $100, whichever is greater.

2. Abolishment of State Building Code, Chapter 4. Provides for transfer of building code commission to the Board of Supervisors.

4. Regulation and report of State Civil Service, Chapter 451. Provided that certain organizations (labor unions) are fiduciaries; prohibits financial interest of such officers in State employees; financial interest of such officers in State employees; financial interest of such officers in State employees; financial interest of such officers in State employees; financial interest of such officers in State employees; financial interest of such officers in State employees; financial interest of such officers in State employees.

5. Health Plan Due for Nassau Aides

Early approval of the State Health Insurance Plan for Nassau County employees has been assured, according to Mr. Flaumenbaum, president of Nassau County chapter, Civil Service Employees Association, announced. Mr. Flaumenbaum reported that County Executive A. Holly Patterson has requested the County Attorney’s office to prepare the necessary regulations for submission to the Board of Supervisors.

When the state law was amended at the request of the Civil Service Employees Association to include political subdivision employees, Mr. Patterson commented that “there is no good reason why employees of Nassau, its towns and villages should not be able to enjoy similar (health insurance) plans.” The effective date is February 25, 1959, Mr. Flaumenbaum also reported that through the continued cooperation of Mr. Patterson some of the many problems in retroactive payments for certain employees have been corrected. Mr. Patterson declared further that Mr. Patterson has been conducting a study on attendance rules.

Thanks From Jesse McFarland

Jesse McFarland, under administiration of the State Civil Service Employees Association, has asked The Leader to convey thanks for the many cards, remembrances and notes that “helped through the hard times.”

Mr. McFarland is now recuperating at the home of a friend, at 125 McBride St., Albany.

“...many friends to know that they were of great comfort and I deeply appreciate the concern you showed for Mr. McFarland.”

A quiet hearing of the Civil Service Commission was held on the sale of City Transit authority power-plants to Consolidated Edison and its effect on the more than 1,400 employees whose jobs are involved in the sale.

The hearing was held in Room 201 of 241 Church St. in Manhattan.

The formal center of discussion was the resolution setting up the separation division of the T.A. as a separate unit for suspension of the employees listed under six titles, whose positions will be abolished upon sale of the power plants.

The official date of the turnover is July I. The T.A. has three power plants within the City.

Those opening the plan at the hearing was the newly formed United Power Plants Employees Association, a group of Transit employees who are opposed to the power plants, whose employees, would protect their civil service status as City employees.

Violation Possible

Representing the association was attorney Samuel Resnick, who pointed out that limiting the association would violate the civil service rights.

The employees association has set up a temporary steering committee, consisting of Maurice Hadd, Di Ronco, Irving, Sewms and Jones. They have announced a general mass meeting to be held within two or three weeks.

Another hearing in Albany, before the State Civil Service Commission, will be the next step after City Commission approval. The steering committee has stated that, if it be the State Commission approval, court action will follow.

Possibility of a strike, though conceivable, has not yet reached the rumor stage. And it is not clear who the strike would be against.

The Mayor's Committee on Transit Power Plants referred the principle that adequate provision must be included in the sale agreement to protect the rights and privileges of employees now working in the plants. The committee stated that no sale agreement would be approved that would cause "injustice to the rights of any transferred employee or to the employees on the basis of salary, pension and all other rights, and job insurance."

Terms of Agreement

Consolidated, Edison has accepted this principle and has incorporated the provision in its latest proposal. It has specifically agreed to hire all employees that would lose their City jobs under the transfer, with no loss to the employees.

**City PR Men Have Extra Pay Deduction: Goodwill**

By Richard Evans, Jr.

"Gods, anyone?" That's about all New York City public relations offices have been saying since the nation's first withholding tax became effective May 28. The new withholding tax for public relations employees is designed to prevent double-dealing in the maintenance and repair of refrigeration and air-conditioning equipment. Applicants must have had four years of substantially equivalent experience with the type of equipment.

Or have completed a four-year apprenticeship as an electrician and three years of experience in the electrical trade. The substantial equivalent of a journeyman's experience must have had at least two years experience in the operation of a refrigeration and air-conditioning equipment. File the same way as for stationary boiler fireman.

Construction Inspector

Except for the supervision of education provided herein applicants must have had three years general and two years special experience as indicated below:

* General experience is defined as skilled work in general construction work, such as concrete, brick, plaster, carpentry, work in frame or reinforced concrete buildings, excavations, foundations, roads, sewers, drains, levees, dock piers, etc., sewer or water system, etc. Including any of the following types: mechanical, electrical, machine, etc.

**Stationary Boiler Fireman**

Applicants for the stationary boiler fireman examination must have had one year of experience firing stationary high pressure boilers or stationary engines, including any of the following types: hand-fired, coal burning boilers, oil burning engines, etc., or any combination of boiler plants or with logging engines. Portable sawmill engines or portable engines with fuel other than coal or oil will not be accepted as qualifying. Use Card Form 5003 ABC and Standard Form 57. Also file Standard Form 13 if you claim reservists preference.

Questions Answered On Social Security

I am 55 years old and have worked under social security since 1937. I am now aged about $7,400 a year. Recently my health has been failing. It is possible that the event that I am unable to work due to my poor physical condition. I am now supporting my children under eighteen. Could any benefits be payable?

I was born a daughter of a woman 50 years or older who has averaged in 1950 the amount of $840 or more. I wish to claim benefits and to collect in addition a child's benefit amount of about $775.

My four children and I have been receiving social security benefits since the death of my husband. Could I file a bill in-law that he is eligible to receive dependent parent's benefits because of the change in the law and that he will get a part of our social security check? Don't know. I must watch our spending closely in the near future because of our monthly payments. Has he any right to any part of our social security?

If he otherwise qualifies, your father-in-law would be able to receive benefits as a dependent worker. The basis of the Social Security Act assures that a widow and children who had been receiving benefits before September, 1958, will not suffer a reduction in their monthly payments. Has he any right to any part of our social security?

City Attendant Filings

Late May or Early June

Attendant will be open late in May or early in June for men and women, according to the New York City Personnel Department.

Pay starts at $65 a week and no education or experience is required. Applicants must be New York City residents.

In the past, separate tests were given for each sex. This time a single job test will be held from which to establish the two lists.

The last women's list was established in January, 1955, with 1,289 names. It expired last January. The current list for men, established in December, 1957, with 1,118 eligibles, is scheduled to expire in 1961, but there are only 312 names remaining on it.

Hence the new test.

Besides the attendant jobs, situations on these lists might be appointed to as watchmen, housing inspectors, process servers and messengers in hospitals. Many of the appointments from the male list will be for rotating shifts.

Applications may be made, when filings open, either in person or by mail. The forms may be obtained free by the applicant or his representative at the Application Section of the Department of Personnel, 96 Duane Street, Manhattan.

The written test will probably not be held until October, but demands for appointees may advance that date.

Attendant's Duties

An attendant gives information to the public, and delivers messages, packages, and small supplies; may act as an escort, receptionist or doorman, or as a checkout attendant; may be responsible for the disposition or use of minor amounts of City property, such as cleaning materials, locker keys, or other items of small unit value; may collect small fees for use of City property; may act as a parking attendant in the provision of tow trucks and in dealing with points of equipment.

STATE—First Floor, 641 Washington Street, New York 7, N.Y. Hours 9 to 4, closed Saturdays, except for examinations, should be addressed to the Personnel Department, 299 Broadway, New York 7, N.Y. Mail applications for blanks must be received by the department at least five days prior to the closing date. Enclose a stamped, self-addressed envelope with six cents postage.

For Public Jobs Where to Apply

In New York City on the transit system, the CSC and Mayor have also announced that applications for examinations to be held in the city should be made to State Civil Service Boards of Examiners of separate agencies also issuing applications for examinations in their jurisdiction. Mail applications must be received at least five days prior to the event and enclosed in a stamped, self-addressed envelope with six cents postage.

Question: Just How Much PROTECTION Did the GHI Free-Choice Option Give State Employees?

A detailed report of Doctor Bill Insurance payments made under the GHI Free-Choice Option, illustrating the type of State Employees Insurance Program was prepared for the Temporary Health Insurance Board. The extent of Doctors' services paid for by GHI beginning with the first visit in the home or office (as documented in the reports) is of importance to all State Employees.

Over 80% of GHI Insured Employees received benefits

Payments for claims were made to more than four out of every five contracts under the GHI Option largely because GHI covers Home and Office Visits beginning with the first visit no matter what doctor is used.

114,664 Home and Office Visits or almost three and one half million for every five contracts under the GHI Option. Payments for claims were made to more than four out of every five contracts under the GHI Option largely because GHI covers Home and Office Visits beginning with the first visit no matter what doctor is used.

In New York City the 3% application fee is paid to the board of examiners. The present list of eligibles has been moved up to grade 2, and employees can apply for their job openings any time before the list is closed.

The job still does not require education or experience. The job has been moved up to grade 2, and employees can apply for their job openings any time before the list is closed.

The CSC and Mayor have also promised to improve the Board of Examiners of separate agencies also issuing applications for examinations in their jurisdiction. Mail applications must be received at least five days prior to the event and enclosed in a stamped, self-addressed envelope with six cents postage.

A gala party will be sponsored by the Chapter for a number of employees that have retired recently. It will be held Saturday, June 6 in the hospital's assembly hall. Music will be provided by two orchestras, the popular group led by Happy Jack O'Boire, playing Irish numbers, and Cyril Puleo and his Colombians, playing popular songs. A free program is being planned for the evening, starting at 7:30 P.M. Dance, singing, dancing, refreshments, and a buffet supper will be featured. Those being honored on retiring are Mary Agnes O'Neil, Mary O'Connor, Mary Casey, Delia Perretti, Annie Farrell, Bella Schachtel, Josephine Geary, Beatrice Lotus, and Elizabeth Ryan.

The blood donors for the week of April 27 were Richard Weinberger, Anna Mangan, Frank Michiels, Frank Rosinoom, Frank Walsh, Edna O'Hara, and Edna O'Donnell. The quick response of these donors in volunteering is commendable. Every Tuesday is "D" for Donor day, Call Extras 468 and arrange for an appointment. This is one of the most important programs undertaken by the Chapter for the benefit of the employees and their families.

AMONG WORKSHOP GUESTS

Newark State School

A delegation of 66 business and professional people sponsored by the Iris County Chapter, Civil Service Employees' Association, to help retard children, visited Newark State School on April 15. This visit was arranged by John D. Deter, Newark State School administrator, and the Civil Service Employees Association, the local chapter, congratulated the group for their support of the Civil Service Employees Association, which was present.

The group was conducted on a tour of the institution, visiting major buildings, observing patient activities. They also had lunch in the staff dining room and during the luncheon, concluded by the drum corps. Miss Pelsher was accompanied by the drum corps. The drum corps was established two years ago and is not the fault of the present administration. The administration is doing a fine job, and members are seeking to improve conditions. They also want to improve conditions for their colleagues in State workers, but up until now, there has been no change.

How Private Industry Acts

This is the way private enterprise is taking care of this same situation. The Dartnell Corp. of Chicago recently completed a study of vacation policies in all types of business and industry. The report states: Throughout the U. S. and Canada vacation policies are being liberalized. Deals with holidays, natural holidays, the report reads: Vacation arrangements are all for the employee. The difference is that the employee can work 8 hours a day for 40 hours a week, and the employee can work 8 hours a day for 40 hours a week, or the employee can work 8 hours a day for 40 hours a week.

The report was presented to the public last week. The report reads: The employee can work 8 hours a day for 40 hours a week, or the employee can work 8 hours a day for 40 hours a week, or the employee can work 8 hours a day for 40 hours a week.

CRAIG RETIRES

Mrs. Margaret Duffy, left, of Los Angeles, Calif., recently retired at the age of 72 from Craig Colony Hospital. A party was given in her honor at Cos- fia's Grill, Mount Morris. Mrs. Duffy retired as staff attendant of the Schuyler Division after 35 years of service.

Mr. Nathaniel Kaplan, superintendent of the Civil Service Employees Association, at a retirement dinner, said Mr. Kaplan had been in the Civil Service Employees Association for more than 26 years of service. Mr. Kaplan is a long-time employee of the association, and has served in various capacities within the association. He has been a member of the association for more than 26 years of service.
