**Westchester Sets Big Meet June 24 For Non-Teachers**

An executive meeting for employee representatives for non-teaching personnel in school districts is to be held at the James J.onnesse City Hall on June 24. The meeting will be attended by representatives of the Civil Service Employees Association.

The Civil Service Employees Association's Metropolitan New York Conference will hold its annual outing and luncheon this year at the Horsehead Restaurant at Jones Beach State Park, Long Island, beginning at noon Saturday, June 27. All members of the Metropolitan Conference and their families are invited. Facilities of the beach and games areas, including 60 towns, mostly in suburban New York, half the amount from a few additional discount house hotels. Procedures involving mail sales slips will be similar to the Park office at 97 Diane Street, Jamaica, using the Civil Service Employees Association's credit. The three-day conference will conclude on Thursday, June 4, and will conclude on Thursday, June 4, for the purpose of public administration, incorporating the following topics:

Dues Increase for CSEA

How Chapters Voted On

The official tabulation of the vote by delegates to increase the dues of the Civil Service Employees' Association from $13 to $16 million has been released. The vote was 421 votes in favor of the increase and 250 opposition votes. The vote is based on the delegates meeting in Albany, May 1.

The leader here prints each chapter voted a dues increase. Chapters voting in favor of the dues increase were: Albany, Allegany, and Merchants, Elmira, Homer, Buffalo, Catskill, Plattsburgh, Chenango, Albany, Civil Service, Commerce, Corwin Projects, Andrew D. Dunbar (Saratoga), Long Island Inter County, State Teachers College, Long Island Inter County Teachers College, State Teachers College on Long Island, Erie Western New York Armories, "B." State Police Troop "C." State Police Troop "D." State Police Troop "K." Albany Laboratories and Research, J. St. Adams Memorial State Hospital, New York State Armories, Yonkers Republican organization. Chapters voting against the dues increase were: Albany, Alexandria, Monticello, Utica, and security of members and their dependents. Under it over 9,000,000 members of CSEA employed by the State and its political sub-units are insured. For Civil Service employees had been obtained — all the major companies were authorized Group Insurance Companies to carry the plan in effect — a statutory authorization Group Insurance was a tremendous job trying to interest a sufficient number of State employees in the plan that it could be put originally into effect. CSEA, with the cooperation of the Company and Governor Rockefeller and Mr. Powell, Inc., labored for several months on the program and it was announced that the plan would go into operation July 1, 1959 and since that time the plan has grown to cover over 45,000 members, accepted by the State and its political sub-units.

Throughout the years the CSEA Group Plan has contributed substantially to the welfare of its members and their dependents. Under it over $12,000,000 has been paid to insured members in claims to the beneficiaries of deceased insured members. Bene-ficiary payments have been made to the dependents of insured members and those claims have been paid — there is no red tape — death benefit is in the hands of the beneficiary usually within 24 hours after CSEA Headquarters received notice of death. Through the CSEA Plan members have been able to acquire greater protection at lower rates than they could arrange through any other channel.

The CSEA Group Life Insurance Plan has been continuously improved as a result of invariable loss experience and the best advice in the field. The plan achieved by the constant efforts of CSEA's Officers, Commissions and Committees throughout the state. Premium costs for participating members are reduced 30% additional insurance — minimum $500. Additional indemnity for insured members is 30% of the maximum amount available to males. The amount available to females is 30% of the maximum amount available to males and yearly the amount available to females increased so that the maximum amount available to males is now $7,500, initially only $1,000 was made available to females, but this was changed so that now females receive $7,500. An annual premium is charged in the amount of $5,000 for an amount of $5,000. This premium is a very small amount of insurance. The difference is the amount of insurance made available to males and females was based on careful estimates of the amount of insurance desired by the average female insured member.

The CSEA Group Life Insurance Plan has been a tremendous success and has served CSEA members in a most important manner. The success of this plan is not only for the benefit of insured members but for all the people throughout the State who are helping their fellow public employees.

Special Meeting Called

A mass meeting to which the custodial forces of Suffolk and Westchester Counties have been invited to attend, will be held under the auspices of the Nassau Chapter of the CSEA at the Elks Club House, Pulm Avenue, Hempstead, N. Y., Saturday, June 20, 1959 at 2 P.M., it was announced today. It further announced that custodians may attend this meeting from any county in New York State or any other state.

This meeting has been called primarily to formulate strategy and plans to combat the existing menace of commercial cleaning and maintenance firms from further encroaching into the status of state custodians. Other subjects that will come up for discussion will be 'School Centralization,' and 'How to vote intelligently in the School District you reside in.'

The Threat From Outside

A Nassau Chapter CSEA spokesman said that this threat to the status of the custodians stems from the fact that several commercial cleaning and maintenance concerns have sent a bulky prospectus of the type of service they have to sell to every college, school district and institution in New York State. School Boards, Chambers of Commerce, business conventions and others have been addressed by glib-tongued orators from these concerns. They seem to have strong political backing and are well heeled.

Thus far, he further stated, a prominent Long Island college has succumbed to the blandishments set forth by one of these concerns. After dismissing its entire custodial staff, this college is now being serviced by this concern. In Suffolk County, one School District has signed for such a service. In Nassau County, thus far, negotiations are going forward between several School Districts and these concerns.

He goes on to say that an investigation is in progress by the Nassau Chapter to determine whether or not, undue influence and pressure is being used in the endeavor to have School Districts sign for these services. If this is found to be the case, these findings will be forwarded to the District Attorneys of the Counties so affected.

Nes and Notes

If Nassau County Units of CSEA have not already sent in their Salary Surveys for Non-Teaching Personnel, please do so.

Mail to Salary Survey, Nassau County CSEA, Box 91, Hempstead, L. I. Those of interest may also be sent to this address.

Island Trees, is the latest School District to join our rapidly growing organization. Other School Districts which have just recently joined our ranks are Baldwin and Westport.

There will be more detailed accounts of the activities of the cleaning and maintenance contractors as to how they function, their unions, benefits and the type of worker they will employ in subsequent columns. More about 'School Centralization,' and what it means to you.

City Employees and HCL

LAST WEEK, The Leader pointed to the hopeful inflation which has weakened the public employee. Now, the State Department of Labor has come up with figures showing that the average New York City family pays New York City a penalty for that privilege.

Holidays Point To Need For More Troopers

The LONG Memorial Day weekend gave New York State one of its worst safety records on the highways and the forthcoming, 3-day Fourth of July weekend threatens to equal or surpass that record. One can say without fear of incurring the expenses of making a plea that the price is too high.

The way prices are going, you have to run fast to stay in the same place. There is too often a lag between what the civil service worker pays and what he's paid. And raises only help to keep him living as well as he did before, instead of moving up.

Social Security Questions Answered

What do the letters FICA, that appear on my W-2 statement, mean?

They stand for Federal Insurance Contributions Act, which is the authority under which the Internal Revenue Service collects the required social security contributions from covered employees and employers.

What determines the benefit accruing to a disabled person is entitled to receive under the social security law?

The amount of the disability benefit depends on a person's average earnings—what he worked in covered employment, and is continued in the amount of the old age insurance benefit for which he was eligible if he were already at retirement age.

Are disability insurance benefits paid from the separate Federal Old-age and Survivors' Insurance Trust Fund created in 1939, or is there a separate Trust Fund for financing the Disability Program?

The Disability Insurance Program is financed by a separate Trust Fund created in 1938. The Law Fund created in 1938, a contribution rate of 1/4 of 1 cent per $1 on employers and employees is made to the Trust Fund. Employees are entitled to 80% of the benefit which a covered employed person was fixed to meet the cost of disability benefi-

It will be 63 in July, 1959, and expect to retire at that time. Is it too early to begin to think about my retirement?

No it is not. You should contact your social security office now and file your application for benefits. Bring with you your proof of your age.
City Personnel Sets '59 Goals

In Report on 'Anniversary Year'

Objectives for 1959 were outlined by John Burton, personnel director and chairman. It pointed to the achievements of 1958, the 75th anniversary of the New York City Civil Service, as a basis for new advances. Aimed for this year are:

1. Setting up a pilot work-study program for engineering college students. They would alternate work in a City agency and study at college. Students would be paired, so that the jobs would be carried on continuously.

2. Setting up a pilot work-study program or engineering college students. They would alternate work in a City agency and study at college. Students would be paired, so that the jobs would be carried on continuously.

3. Study of the examinations. This includes the report on the validation of promotion tests by correlating examination results with departmental judgments of its personnel; the effectiveness of varying background on test performances for various positions; and surveys of valid test methods for motor vehicle operators.

4. Extension of the rapid recruitment program, now used for engineering and administrative jobs, to assistant mechanical engineers and other hard-to-fill posts.

5. Setup of training programs for 46 City agencies in accounting, data processing, public relations, and 12 training programs for half of the operating agencies.

6. Start of new research into examinations. This includes the report on the validation of promotion tests by correlating examination results with departmental judgments of its personnel; the effectiveness of varying background on test performances for various positions; and surveys of valid test methods for motor vehicle operators.

7. Extension of the rapid recruitment program, now used for engineering and administrative jobs, to assistant mechanical engineers and other hard-to-fill posts.

8. Setting up an annual high school essay contest on City Civil Service. The homes have a handsome entrance from the Rear Avenue, three blocks from the Monroe School of Business. The community is directly accessible to Manhattan and for other positions; and (c) extension of the rapid recruitment program, now used for engineering and administrative jobs, to assistant mechanical engineers and other hard-to-fill posts.

Job Cut at B’klyn

About 260 civilian jobs will be eliminated at Brooklyn Army Terminal and U.S. Army Transportation Terminal Command, Atlantic, as a result of a move to consolidate common functions at the two installations. Although final details have not been worked out as yet, the reorganization and consolidations will result in administrative and services functions at the Brooklyn Terminal being shifted to the transportation headquarters command, which will result in 10 percent actual operations will remain at the Brooklyn Terminal.

Reduction in force notices are expected to be issued next week, since the actual cut in personnel must be completed by July 17, according to Army sources.

New Standards on Jobs Go
To U.S. Agencies from CSC

New standards on 12 more job classifications, covering more than 70,000 Federal Jobs, are being sent out to U.S. agencies this month by the U.S. Civil Service Commission. Included in a new general guide for about 30,000 supervisory jobs.

Work on 16 other job-classification standards is expected to be completed by next July, bringing the year's total output to 55. Classification standards are used in many important phases of personnel operations. One is the setting of pay for most white-collar positions in the Federal service.

The new standards cover secretaries, policemen, forest and supply-commodity managers, or revised qualification requirements for nine of the occupations. New supervisory jobs recognizes supervisory work as demanding certain identifiable traits and qualifications at all levels, regardless of the kind of work supervised.

A relatively simple formula has been set up to enable personnel technicians to come to a realistic evaluation of supervisory jobs.

Mordell School Ready to Start Summer Classes

Summer sessions begin this month at Mordell Institute. June graduates are urged to register now for early enrollment.

Electronic, Architectural and Mechanical Drafting courses will start each week this month at Mordell's three branch schools in the Bronx and Lower East Side, in addition to the two main schools located at 154 West 16 St. and 230 West 41 St., Manhattan. City, State and Federal Civil Service coaching and preparation for license examinations are taught at the Institute. Basic, refresher and higher mathematics is also offered. Mordell Institute, established in 1910, is approved for veterans and non-immigrant students.

CREDIT EXAMINERS

Applications are being accepted by the U.S. Civil Service Commission for farm credit examiner, paying $5,085 up to $7,030 a year. The jobs are with the Farm Credit Administration at posts throughout the United States. Applications must have had appropriate experience. File with the Executive Secretary, Board of U.S. Civil Service Examiners, U.S. Department of Agriculture, Administration Building, Washington 25, D. C.

The advantages of the GHI Option, as demonstrated by performance, are important to you and to the health of your dependents.

HOME AND OFFICE VISITS. You receive prompt payments for unlimited visits to your doctor's office or your doctor's home calls. GHI pays your bills from the first visit.

PAYMENTS FROM THE FIRST DOLLAR. Regardless of your income or that of your family, GHI Service Benefits are provided from the first dollar with no dollar deductibles.

USE ANY DOCTOR. You may choose any licensed physician anywhere in the world and still be eligible for GHI medical bill protection.

4 OUT OF EVERY 5 contracts under the GHI Option received claims payments during the first 12 months of the State Health Insurance Program. Because GHI Service Benefits cover preventive as well as curative care, Out-of-Hospital diagnostic X-Ray and laboratory tests, unlimited doctor's home and office calls, and other frequently needed services regardless of income level and without any dollar deductibles, GHI paid more than five claims per State Employee contract.

When you choose, remember that the GHI Option includes the same 120-day Blue Cross Hospital Plan coverage available to all State Employees.

Typists, Stenos Needed by City — Low Experience

Little experience is needed now for typist and stenographer jobs with New York City. Pay ranges for stenographers from $3,000 to $3,900 a year, and for typists from $2,750 to $3,650. Applicants must pass a 40 word per minute typing test. Stenographer hopefuls must also pass a dictation test at 80 words per minute. Typewriters will be furnished. A vocabulary and spelling test will also be given. Apply and be tested almost immediately at the Commercial Office of the State Employment Service, 1 East 19th St. (at Fifth Avenue), Manhattan, from 9 A.M. to 3 P.M. on weekdays, or write Unit 100 at the Commercial Office. If you pass the tests, you will be given a form to file with the Application Section of the City Department of Personnel, 96 Duane St., New York 7, N.Y. The filing fee is $2. This application must be in within two weeks after the tests.

CSE A Counsel's Report on 1959 Legislative Session

NOTE: Each year following the close of the 60-day bill period, the Counsel of State Employees Association, Inc. reports on civil service measures and other acts affecting public employees that were considered by the Senate Legislation Committee. The following report is the result of an annual study to public employees that were considered by the Senate Legislation Committee. The following report is the result of an annual study.

ABOLITION OF BUILDING CODE COMMISSION

Chapter 198 of the Laws of 1959 abolished the State Building Code Commission and transferred its functions to the Division of Housing and Redevelopment. The old law required that an employee's continued service to the State Building Code Commission had to be continuous, because of the intent of its members in the performance of the function of that function, and because of a conviction that the functions of the Commission would be both desirable and necessary. However, it became apparent that there was no provision for the appointment of such members as would be necessary to the performance of the functions of the Commission. The legislation provides for the appointment of such members as will be necessary to the performance of the functions of the Division of Housing, to the extent that the functions of the Commission are transferred to the Division of Housing, all employees necessary to continue the functions of the Commission are transferred to the Division of Housing. The employees who are transferred remain in the same capacity, classification and status. In the event that all employees are not transferred, they will remain in their current positions within each class of positions. The employees transferred to the Division of Housing will be transferred on the basis of seniority and performance, and their seniority will be protected.

OTHER PROVISIONS

The legislation also carries provisions that the officer and employee organizations shall be established to transfer the functions of the old Commission to the Division of Housing. The new organization shall be a separate organization to be established within the Division of Housing, and the new organization shall be responsible for the performance of the functions of the old Commission.

ACCRUAL OF INCREMENTS

Chapter 213 of the Laws of 1959 made a technical change in the Civil Service Law with respect to increments. The law as originally enacted did not provide for an increase in an employee's rate of pay for the purpose of obtaining his increased pay for the purpose of obtaining his increased rate of pay for the purpose of obtaining his increased rate of pay for the purpose of obtaining his increased rate of pay for the purpose of obtaining his increased rate of pay for the purpose of obtaining his increased rate of pay. The amendment liberalizes this provision to require that an employee's pay be increased in the case of all other positions in the State Public Service at the time of the increase, and the pay increase shall be effective as of the date of the increase.

The Association of New York State Insurance Department Examiners, Inc., a membership corporation composed of employees of the New York State Insurance Department, has initiated an action in the Supreme Court of the State of New York against the New York State Civil Service Commission. The action seeks an order requiring the Civil Service Commission to set aside the change made by the Commission of the minimum qualifications for admission to the examination for Senior Insurance Examiners, (Life), et al., action in the Supreme Court of State Insurance Department Examiners, Inc., a membership corporation, to fill all positions in the upper grade; that in order to admit two additional candidates the Commission changed the qualifications as follows:

Minimum Qualifications for Taking the Test: Candidates must have served continuously on a permanent basis in the competitive class as Insurance Examiners for three months preceding the date of examination.

Minimum Qualifications for Appointment from the Eligible List: Candidates must have served continuously on a permanent basis in the competitive class as Insurance Examiner for one year preceding the date of appointment from the eligible list.

It is alleged that the change was unreasonable, discriminatory and wholly arbitrary and violated Article V, paragraph VI of the Constitution of the State of New York, and, therefore, is unconstitutional and void.

The motion is returnable on June 18, 1959 in the Supreme Court of the State of New York, County of New York.

Mikado Skit Highlights Rockland Dinner - Dance

The largest and most successful dinner dance to be held by the Rockland State Hospital Chapter of the Civil Service Employees Association, the parade on Gilbert and Sullivan’s “Mikado” was written, directed, and narrated by Lewis C. Van Huben, chief stationery officer at the hospital. The affair was held at the Rockland Spring Country Club. Story below.

Female Attendants Reminded To Speak Out on Uniforms

Female attendants in the Department of Mental Hygiene are requested by the CSEA Southern Rockland State Hospital chapter of the New York State Civil Service Employees Association that they must let their wishes be known in regard to obtaining white uniforms for work on the job. The CSEA recently asked the Mental Hygiene Department to make available white uniforms since it is impractical for the women involved to wear white uniforms because of the impracticable regulations on the subject made by the Association’s many Mental Hygiene chapters. The women involved would make certain that their wishes be brought to the attention of the administration of their institution. Also, CSEA headquarters would like to be advised of institutions where female attendants’ opinions on the wearing of white uniforms are not requested for so that any such situations can be called to the attention of the Department.

The entire question cannot be settled to the satisfaction of the majority of the employees unless all parties are satisfied to express an opinion on the matter. The Mental Hygiene Department has said it is making such a survey.

Dooli, Phillips Renamed by SLA

ALBANY, June 8 — Two ex- celeve speakers of the State Liquor Authority have been reappointed as deputy commissioners salaries at $1,154 a year. They are Henry V. Dooli, of the SLA Office and William E. Phillips, of the New York City office. Mr. Dooli, who lives in East Greenbush, has been associated with the authority since 1944 when he was named assistant counsel. He is a graduate of Fredonia Law School.

Mr. Phillips, who lives in the Bronx, began his SLA career as a clerk in 1933. He attended City College in New York City.

EXAMINER TEST SET

For INSURANCE DEPT.

Police

The New York State Society of Insurance investigative bodies in the insurance has already been opened for a promotion examination. The examination takes place Friday, 1959, and continues for five years to $4,000.

Applications will be accepted up to June 12. The examination will be held on July 18. Forms and information are available at the State Department of Civil Service. The State Campus, Albany; or Room 2391, 270 Broadway, New York, N. Y.

Show up above is a scene from the skit which highlighted the recent dinner dance of Rockland State Hospital Chapter, Civil Service Employees Association. The parade on Gilbert and Sullivan’s “Mikado” was entitled “Mickey-doo,” or “Civil Service on the Island of Elots Kroywen” (or New York State spelled backward). The scene shows three little schemers, our CSEA State office were Joseph Felly, and former editor of the Civil Service Leader; Ma:. Weinstein, president; Babette Slaz-zer, first vice president; Helen Schulte, second vice president; Rebelda Eufemia, secretary, and Kenneth Glicker, treasurer. Also CSEA members William Cullen, Vincent Mahje, Sarah Aggie Miller, Everett Howard, and Mr. Van Huben.
