NEW WESTCHESTER PRESIDENT

Western Conference Meets Jan. 23 in Rochester

A meeting of the Western Conference of the Civil Service Employees Association will be held at the Treasure House, 144 East Main Street, Rochester, on Saturday afternoon January 23. The meeting will begin at 2 P.M. and include both State and County groups meeting in joint and separate sessions.

William D'Marco, County Workshop Chairman, has announced that Fred Herman, Personnel Director of the City of Buffalo, will address the shop on the topic "How the County Personnel Officer and the CSEA Can Work Together."

The afternoon business meetings will be followed by a cocktail hour and dinner, after which a speaker will address the gathering on a subject of interest to all.

Informal refreshments will be served.

The Metropolitan Conference of the Civil Service Employees Association will be held at Creedmore State Hospital, on Saturday, January 30. The conference is sponsored by the Creedmore State Hospital chapter of the association.

Senator Jack F. Harold, who is a member of the Legislature's Civil Service and Pension Committee, will speak on current legislation affecting the State's Service.

The meeting will be attended by all chapter presidents.

The Executive Committee is planning to sponsor a dinner dance at the Rochester Country Club on the evening of January 30, to which all members are invited.

ARLINGTON, Jan. 18  Governor Rockefeller has recommended that the remaining eighteen truck weighing stations operated by the State Department of Public Works be closed. This would save approximately $971,000 per year in direct appropriations for the operation of these weighing stations, he said last week.

The program of these truck weighing stations has been under study by the Department of Public Works, the Department of Taxation and Finance and the Division of the Budget for many months as a part of the economy and efficiency program initiated by Governor Rockefeller when he took office.

Aid Relocation

The permanent weighing stations were constructed and begun operation in 1933 to help finance the weight distance tax passed by the 1931 Legislature.

The Governor has directed the Department of Public Works and the Department of Civil Service to make every possible effort to help relocate the 188 personnel involved, in other positions in the state service. He also indicated that consideration is being given to the possibility of converting the sites of some of these truck weighing stations into roadsite rest areas with appropriate facilities.

Seek Free $5,000 Life Insurance For Aides: Would Cover Retirement

ALBANY, Jan. 18 — Legislation to create a free $5,000 life insurance policy is being fought for by the Civil Service Employees Association. The insurance would be in addition to the ordinary death benefits for employees and, at the same time, has fought for continuation of the benefits after retirement. This, of course, would constitute a free insurance plan in itself and make the new proposal in itself a definite assurance of insurance after retirement.

Under the Association proposal, the insurance program would be administered by the Retirement System, thus saving the costs incurred by using commercial insurance firms to handle the program.

This could be accomplished.

Housing Committee of the Chelsea

Would Coyer Retirement

An Association spokesman said, because the Retirement System could use the same statistics and figures for the Insurance payment as is used to award payment for the extra death benefit.

Elimination of a new set of statistics to award claims would result in considerable savings on the overall program, the Association declared.

Motions for this insurance program would be initiated by the Legislature.

The Association said the free insurance plan would be one of the most liberal and, at the same time, most inexpensive -- such plans for the state.

At present, state employees do receive free coverage, by means of the ordinary death benefits, while in service. These benefits are lost, however, upon retirement.

Eligibility for inclusion in the free coverage plan will be figured on the same basis as eligibility for the State's health insurance plan.

Details of the proposed legislation are now being worked out by the Civil Service Employees Association and will appear in a future edition.

The CSEA said adoption of its insurance program would create a definite assurance of insurance for those whose service was not sufficient for benefits under the Chelsea State employees program, which is too.

As a guide for the use of all personnel involved, the following vehicles or equipment shall carry a first aid kit (see above):

1. All trucks.
2. All fire trucks.
3. Wrecker or emergency vehicles.
4. All tractor and bulldozers.
5. All graders.
6. Rollers.
7. Gradals.
8. Tubers.
10. Tractors. In addition, first aid kits (00-01-02-03-04-05), as well as adequate supplies of medical equipment, shall be a stock item carried in all Division Stockrooms and at all Section Stockrooms.

Our Smarter Police

Our Police Force will be vastly improved by an arrangement that college attendance mean better educated police officers. The police members of the force are going to college on their own time. Approximately 150 men, out of the force's 2,050 members, are attending city's colleges and universities are available to the force. A special deferred payment plan begun in 1955 is presented at City College.

Judge, Ex-DA, Tells How to Get Promoted

"Before the opening of the session, I attended the subcommittee examining the papers in cases to be presented later. I felt an excitement I had not seen before. Turning, I was greeted by a lawyer whom I shall call Mr. Green. He had no longer to practice. "Let me congratulate you and wish you lots of success," he said. And as he continued the polite patter, he gently guided me toward a corner of the courtroom. After a few more minutes of polite conversation, I accepted his offer and acknowledged the court's clerks office. As soon as I was free, I asked him, "I want to get a promotion. How can I do it?"

"You can do it in two ways," he said. "First, you can go far. . . . And as the other fellow, but I heard Green continued, 'Green was selling you a horse."

"He paused for a moment, then continued, 'Green was selling you a horse. You'd better do something about it.' He then went on, 'The court of appeals, with a few words."

"That redheaded man you saw me with is the assistant D.A. I'll instruct him about the case. Everything will be O.K., but it will cost you an extra two hundred dollars.

Levitt Seeks New Building

ALBANY, Jan. 18 — Comptroller Arthur Levitt, whose office would be abolished if a Rockefeller task force committee report is adopted, has proposed a new classification of the State Department of Audit and Control, and in his testimony he announced that the system may be recommended for municipalities and other subdivisions.

The comptroller's accounting changes are part of a larger program for reorganization sponsored by the State Department of Audit and Control, which has been under study for the past 18 months. Under the reorganization, a new Bureau of Management Services would be created; and training and teaching activities would be assigned to a department-wide level, rather than by separate units. The system is designed to provide better service to taxpayers and better administration of the state's fiscal program.

New Bureau

The Department of Public Service has announced that it plans to establish a new Bureau of Management Services for the purpose of improving management and efficiency in the delivery of public services. The bureau will be responsible for the development and implementation of management systems, the establishment of management policies and procedures, and the provision of management services to state agencies.

Levi's announcement follows a report by the Comptroller's Committee on Management Systems, which recommended the creation of a new bureau to improve the delivery of public services. The bureau will be headed by a new director, who will be appointed by the comptroller.

Levi's announcement is the latest in a series of reforms proposed by the comptroller to improve the delivery of public services. In recent months, Levi has called for the creation of a new department to oversee the state's fiscal program, and the establishment of a new bureau to improve the delivery of public services.

Levi's proposals are intended to address the challenges facing the state's fiscal program, which includes the need to improve the delivery of public services, reduce costs, and increase efficiency. The comptroller's proposals are intended to address these challenges by creating a new bureau to improve the delivery of public services, creating a new department to oversee the state's fiscal program, and reducing costs through the implementation of management systems.

Levi's proposals are expected to be adopted by the legislature, and are likely to be implemented in the coming months. The comptroller's proposals are intended to improve the delivery of public services, reduce costs, and increase efficiency, and are expected to be welcomed by the public and the legislature.
To $4,050; Engineering Work-Study

High School graduates and those about to graduate, can fill positions in the Federal service on merit alone. In recent years, these include higher level positions to which everybody had advanced to merit alone.

"At the same time, it is a fact that the number of positions in the Federal service are limited, so that positions are competitive. Large groups are wholly in this category." It said.

The NFFE also warned that the government of being behind in areas of employee relations. It urged the support of the merit system.

Postal Regulations Merged

The Postal Transport Union, with 23,000 members, has vowed to transform the APWU-CIO Letter Carrier's Union. The new union will be 190,000 strong, which makes it the largest professional organization of its kind in the U.S. Government.

Officials of both groups call the merger necessary to preserve an eventual union of all postal employees. They predict a potential membership of 500,000, even without other union.

Merit Awards

For Army Employees

Five civilians employees at Fort Hamilton military installation were awarded merit awards for "excellent service and performance" of their jobs when they were presented with cash awards and certificates of Col. John Daly, Post Commander.

The winners were: Alys R. Hearman, Mr. Stanley Halperin, Mrs. Sonia T. Kasulit, Andrew W. Kruczek and Dominick Yannotta.

Mr. Christenberry, who was appointed Acting Postmaster at New York on June 4, 1938, and received official confirmation of his appointment on September 14, 1938, has achieved considerable success in bringing to his new Postmaster's immediate family.

A member of the New York Civil Service Commission, the new union will be part of the Civil Service Retirement System, and will eventually be fully integrated with the Federal Employees Retirement System.

CS Can Fire When Necessary

By Roger W. Jones, Chairman of the Civil Service Commission, has announced that the U.S. Government, contrary to the opinion of some, can and does fire employees, especially if the employee makes serious misstatements or misconduct.

"It's difficult at times because of procedural limitations, but the facts are that we fired 10,000 people a year."

The affair will begin with a dinner Friday, May 27, and will conclude at a luncheon on Monday, May 30, in the City's health Insurance program (H.I.P.-Blue Cross), H.I.P. officials have announced.

"The increase is due to the fact that the health insurance premium rates since 1953, he said."

"There has been no increase in H.I.P. rates," according to A. M. M. H. H. Mill, H. I. P. director of enrollment.

The increase in deductions for the participants in the City's health insurance program is due solely to the increase in the Blue Cross share of the combined payroll deductions.

H.I.P. has had the same premium rates since 1933," he added.

Correction Officer to Open in March; Will Pay From $4,622 a Year

The City's big exam for correction officer (men) has been approved by the Civil Service Commission for a March 3 to 23 period. The test is scheduled for June 30.

Correction officer pay range is from $4,622 a year to $6,000, plus a uniform uniform of a cap, white Sun Brown Belt, white gloves, yellow raincoat and cap.

Eyesight requirements are 20/20 in each eye, separately, without the use of a hearing aid.

Correction Officers must be 5 feet 7 inches in height, with weight not abnormal out of proportion.

Guards are responsible for protecting children at the school crossing. They will be assigned. They will work days a week, throughout the school term, their hours conforming to the schedule of the school; approximately four hours daily, one hour in the morning, two at noon and one hour at school closing.

Because of the staggered work schedule, regular guards to walk to and from school three times daily, they will be assigned wherever possible no further than one-third mile from their homes.

Applications should be by Feb. 1.

Most of the appointments made through the test will offer $4,622 a year and $4,988 the second, plus a present uniform of a cap, white Sun Brown Belt, white gloves, yellow raincoat and cap.

Persons are open to a variety of fields. Specialized training is required for some, but for others, a bachelor's degree is acceptable. Applicants must file an application.

New York State residence is not required, but applicants should be able to test out-of-state applicants at locations convenient to them. Tests will be given in 40 locations in the State.

Jobs are in such fields as administration, law enforcement, education, biology, chemistry, salutary, bacteriology, forestry, etc.

Draft or reserve status has no bearing on eligibility for appointment.

Further details are available at college placement offices, at the State Department of Civil Service offices in Albany, New York City, Buffalo, Rochester, as well as at the New York State Employment Service.

Erasing Pay Inequities
A Good Step Forward

IN RECOMMENDING study of a method to eliminate sal-
ary inequities in the State's pay structure, Governor
Rockefeller has taken an important forward step in erasing
a serious employee grievance.

Strange enough, the salary differences were the result
of pay increases granted over the past few years. The ine-
quity came when employees were promoted or when new
employees came into a title. Because of a great and need for
increases, some employees now get more pay than others do
for the same work. In the Budget Service, we understand the resentmen felt by an em-
ployee receiving less pay for the job than the fellow worker
in the same position. The bad effect on morale alone is con-
siderable.

The importance of this issue to employees is evident in
the frequent letters on this subject to the newspaper and the
letters received at the meetings of the Civil Service Em-
ployees Association.

Governor Rockefeller will earn the gratitude of the
workers with a just solution to this knotty problem and his
action on the matter is to be congratulated.

granted cost of living increases, while there

ity to his papers. At this point
the merit system is highly re-
garded by all of us. We recognize the need for obtaining
and keeping capable and valuable
personnel within our departments.

Yet, one finds it difficult to be-
lieve that a department in as vast an
organization as the City recognizes the need for obtaining
and keeping capable and valuable
personnel within its departments.

I strongly feel that the Depart-
ment should take some action to
correct these differences.

REVIEWING TESTS

Editor, The Leader: The article in the Leader con-
taining Mr. F. G. Fitch's letter to the Department of Civil Service pro-
testing the propriety and method of review of test papers by can-
didates is timely and important. I have received a number of pro-
test about it. However, your letter clearly and succinctly
fully indicate the erroneous method adopted by the Department of
Civil Service.

In the recent examination held
on Nov. 12, 1959, the candidates were given the official "tentative key" for review of "tentative key." This
key is not final in any sense.

You will be provided with special forms on which to record, at the time of review, objections and ex-
cceptions with respect to the text questions and the answers. After all of the candidates' reviews, the sta-
fessor's comments, suggestions and references will be carefully considered by the Board of Examiners, and a
final key will be developed and weighed along with examiner's references and a statistical analysis of all can-
didates' answers as the basis for deciding on the official scoring key. If after the review of all the candidates' papers, has not

The following directions tell where to get the job forms and how to reach destinations in New York City on the transit system.

NEW YORK CITY—The applica-
tions for jobs in the City Department of Personnel is located at 66 Diane St., New York, N.Y., 750. Two blocks north of City Hall, just west of Broadway, across from the Brooklyn Bridge.

Hours are 9 A.M. to 4 P.M., except Saturdays and holidays. The telephone is 2101-7800.

Mail your request for application blank, accompanied by a self-addressed business-size envelope, to the Department, including the specified filing fee in the form of a check or money order, at least five days before the closing date for filing of applications. This is to give the Department time for the contact to the applicant, in case his application is incomplete.

The Applications Section of the Personnel Department is near the Chambers Street stop of the IND 8th Avenue Line. The IND 7th Avenue Line and the IRT 7th Avenue Line and the Chambers Street stop is City Hall. All these are a few blocks south on Broadway from 221 Washington St., Binghamton.

STATE—First floor at 270 Madison Ave., N.Y., corner of Chambers St., telephone BACky 7-4128. Building is Casablanca Albany, Room 213; Room 405 at 135 West 57th St., New York, N.Y., from these offices are 8:30 A.M. to 5 P.M. closed Saturdays.

Mail to Application Section, 9 to 5, 221 Washington St., Buffalo 3, N.Y.

Any of these addresses may be used to apply for Civil Service jobs or for jobs with the State. The State's New-York City office is a block north of the New York City Personnel Department's Broadway entrance, so the State's office isn't far away.

Mail applications need not include return envelopes.

The Civil Service jobs may also be had, in person or by representatives, only to local offices of the Civil Service Employees' Association, N.Y., and the State Employees Association, U.S. — Second U.S. Civil Service Region Office, 641 Washington St., Albany 15, N.Y. This is in the southwest corner of Greenwich Village, just above Howard St. The nearest subway stop is the Hudson St. stop on the IND 7th Avenue Local.

All applications are also available at main post offices, except the New York Post Office, Board of Education, Unemployment Compensation Board, etc. Applications are available at main post offices; no return envelopes are required with mailed requests for applications.

JUDICIAL CONFIRMED

ALBANY, Jan. 18 — The State Senate has confirmed the appointment of Judge Fred A. Young of Rochester for a new term on the State Court of Claims. Judge Young first was appointed to the court by former Governor Dewey.

Enumerators Needed at $13 A Day in City

About 1,700 jobs, most paying $13 a day, will be opening with the Census Bureau for the 1960 census. About 15,000 jobs will be available in other parts of the State.

When filing officially open, the procedure will be to register at a local census office and take the exam. Supervisors will then appoint to the 15 or 16 eligible applicants.

The jobs are open on a political preference basis and since there is a Republican Administration, Republicans will have first choice. It is certain though, that because of the great number of jobs, most will be given on a non-partisan basis.

The supervisors will be employed for about four and one-half months, beginning in January. Their pay will range from $135 to $150 a week, depending on the size of the office they direct.

Candidates for the supervisory jobs must be Republicans, and will be required to take an examination before appointment.

Crew leaders will receive $7 a day and work for about six or seven weeks.

The hook-toe enumerators, who make up the bulk of the census employees, will earn approximately $131 a day, and will work for two or three weeks.

The Leader will publish the exact date and places for filing as soon as they are released.

Questions Answered
On Social Security

Under what circumstances do I have to file a report of my 1960 earnings?

When your earnings in 1960 exceed $2,000, you will have to file a report of your earnings with the Social Security Administration. You will receive a statement of your earnings for the year in January and you must file this report with the Social Security Administration by March 15 if you received earnings in 1960.

How do I qualify for monthly social security benefits under the age of 65?

You will qualify for monthly social security benefits if you have at least 40 credits, representing full coverage for the last year of your employment. Each year of full-time employment qualifies you for one credit. You can also qualify by working part-time or by collecting earnings from prior employment.

Is it possible for me to receive additional monthly benefits in 1960?

I cannot predict future benefits for you, as they will depend on your earnings in 1960 and the availability of additional credits. You may be able to receive additional monthly benefits if you have more than 40 credits and additional earnings in 1960.

My husband died a month ago. I am 25 years old. What are my social security benefits?

As a surviving spouse, you may be eligible for a one-time benefit equal to 100% of your deceased spouse's earnings, subject to the Social Security benefit formula. Additionally, you may be eligible for monthly benefits if you meet the age and credit requirements for retirement.

How do I get a measure of my social security benefits before the time they are paid to me?

You can request a measure of your Social Security benefits before they are paid to you by contacting the Social Security Administration. They will provide you with an estimate of your benefits based on your earnings and credits.

What do I do if my Social Security number is lost or stolen?

If your Social Security number is lost or stolen, you should report it to the Social Security Administration as soon as possible. They will issue you a new number and provide you with a replacement card.
Begin in Offices With No Experience, to $3,810

The State of New York is now offering one of its biggest exams of the year; that for beginning office worker. The job pays from $2,500 to $3,810 and has no experience or education requirements. Filing closes Feb. 23.

Men & Women Can File

The exam is open to both men and women, and there is no minimum of education or experience required. Applicants can be between the ages of 18 and 70 and must be residents of New York State and U. S. Citizens. Positions to be filled from the exam are clerk and the clerk's assistant at $2,500 and increasing to $3,810 after five years. Also open are jobs as account clerks and statistics clerks, with a pay range from $3,000 to $3,200.

Filing clerks will not have to answer the arithmetic questions. The account and statistics clerks, of course, will be judged rather heavily on their abilities in arithmetic.

Applications and official announcements are available now from the New York State Civil Service Commission's application section, Main Floor, 210 Broadway, Manhattan; or from the Information Desk in the State Office Building, Albany, N. Y.

C.G. Officer's School Open to College Grads

Applications are now being accepted for the next Coast Guard Officer Candidate School class, according to an announcement by Rear Admiral Henry G. Perkins, Commander, Thirteenth Coast Guard District. Vacancies exist for the Officer Candidate School class which will convene, in September of 1960, at the Coast Guard Reserve Training Center in Yorktown, Virginia, and are open to qualified students.

Initial application for this class should be made as soon as possible, but must be received before April 30, 1960. Those selected will receive 17 weeks of training in many aspects of the Coast Guard, including navigation, seamanship, gunnery, and law enforcement.

Upon completion of training, graduates will be commissioned as Ensigns in the Coast Guard Reserve and later afforded the opportunity of integrating into the regular Coast Guard with a continuing program. Young officers may apply for flight training qualifying for aviation duties, other types of specialized training, or postgraduate level studies in one of a wide selection.

Active duty assignments may be left to the Federal Service Entrance Board for major Coast Guard cutters, Navy leaders or patrol craft. Active Coast Guard personnel may apply for flight training qualifying for aviation duties, other types of specialized training, or postgraduate level studies in one of a wide selection.
