Governor Asked To Intervene On Trooper Attendance Rules; McGarvey's Injunction Is Cited

ALBANY, May 23—Charging that State Superintendent of Police Frank McGarvey has treated requests to effect Attendance Rules for troopers as "an intrusion upon his own private domain," the Civil Service Employees Association has appealed to Governor Rockefeller to intervene directly to get the rules effectuated.

Joseph P. Felly, CSEA president, wrote Governor Rockefeller declaring that Superintendent McGarvey has consistently ignored all communications from the Employees Association concerning the trooper Attendance Rules.

Mr. Felly called McGarvey's lack of response "a strange reaction" and asked to be allowed to take up the issue personally with the Governor.

Mr. Felly's charges against McGarvey were made in a letter to Mr. Rockefeller that reads:

I am greatly concerned because of the inability of our Association to get a definite answer or any definite assurances concerning the problems of our New York State Police. I have deliberately delayed writing to you in this regard because of the unusual pressures which I know you encountered during the 30-day bill period. I now feel, however, that the matter is so long delayed that it is sufficiently important to request an opportunity to meet with you to consider the matter more fully and explain some of the problems which we have encountered.

For example, on November 2nd of 1959 and on December 19th of 1959 we responded to the Superintendent of State Police inquiring as to whether we would be allowed to examine the proposed Attendance Rules for the uniformed personnel of the State Police and, of course, as we indicated above, the establishment of Attendance Rules will provide uniform treatment with respect to vacations, sick leave, personal leave, and the like.

Direct Action Wanted

I cannot help but comment that it appears to us that the Superintendent feels that our requests for conferences, or for an opportunity to examine the proposed Attendance Rules which are currently not in existence, are an intrusion upon his own private domain. This is a rather strange reaction and is particularly foreign to us. We have met with almost every member of your Cabinet, Democratic and Republican alike, and have found a cordial reception and an aver- siveness toward this issue which has been unbelievable and difficult to the Administration.

We feel that after the frequent rebuffs we have encountered, only by direct intervention can we hope to effectively represent our important segment of State employees.

5-Point Plan Use Growing

Adoption of the 5-point plan developed by the Civil Service Employees Association to foster the take-home pay concept of public workers is growing in local communities and authorities, The Leader has learned.

Under the Employees Association's plan, which was made permissive by the 1960 Legislature for political subdivisions, any community or local agency may take over any part of the first five points of an employee's contribution to the Retirement System, thus putting more money on the worker's take-home pay.

Levitt Optimistic On Higher Interest Rate For Retirement System

ALBANY, May 23—State Comptroller Arthur Levitt and today that if earnings of the New York State Retirement System continue to improve as they have since he took office, it may be possible to increase the 3 percent interest which is now credited to member accounts. Levitt expressed optimism over the feasibility of recommending legislation to change the current rate at the next Session of the Legislature.

In a letter to a member of the Senate, Levitt pointed out that average earnings on the Retirement System's investments have increased from 2.9 percent in 1954 to the current average of approximately 3.5 percent. The text of the letter follows:

"As you know, the interest which we credit is derived from earnings on investments. When the system was first established in 1943, we earned an amount which was more than sufficient to meet the 4 percent which was credited to members' accounts. However, by 1943 we did not earn enough to meet this yield and a law was enacted to borrow the interest for persons who joined the system before.

A Constitutional guarantee against diminishing benefits protected the 4 percent return for members who joined prior to 1942. Today they constitute about 15 percent of our system's members.

Senate Committee Will Approve Raise

The chairman of the Senate Post Office and Civil Service Committee, Senator Olin D. Johnston (D-N.C.), has announced that his committee will approve a salary raise for postal employees within the next two or three days.

He said that the bill approved would be close to the nine percent raise called for by the House Committee three weeks ago.

The committee closed its session after hearing a speech against a general pay raise, given by Deputy Postmaster General John M. McKibben. He said that postal salaries had risen 75 percent since 1929, while the cost of living has gone up only 47.5 percent. (See over)

Chairman Johnston said that he hoped the House would act on the bill before his group, but that he didn't want it too long.

Higher Benefits in New Death, Disability Bill

A new bill, introduced by Rep. Roy Wirt (D-Minn.), would provide a 30 percent increase in federal employee death and disability benefits. This new one is a compromise between Rep. Wirt's earlier bill and an Administration proposal to liberalize compensations.

The bill would give an average increase of 30 percent in cases that occurred up to 1937—benefits have been higher since then—and an increase in minimum benefits.

Postal Employees Receive Awards

Prizes. New York postal employees have received certificates for suggestions adopted and superior performance in ceremonies held recently.

At the Main Station, incoming mails section, furman William J. Connelly received a certificate and $12.50 for a suggestion and distribution clerks Camillo Baciocchi, Meyer Joseph, Harry P. Rochfort, Clara Santos and Charles Thomas each got certificates and $50 for sustained superior performance of duties.

In the Division of Personnel, General Post Office, Joseph Dr. Orlo, clerk-in-charge of personnel, received an honorary recognition certificate and $12.50 for his suggestion; personnel clerk Fred L. Schull received a certificate and $25; and personnel clerk Julius Meyerowitz received an honorary recognition certificate for a contract.

In the Bureaucracy Division, General Post Office, clerk Milton Lichtenstein got a certificate and $35 for a suggestion and clerks Charles P. Hickey, James P. Gilligan, Jr. and George W. O'Flanagan each got certificates and $35 each for sustained superior performance.

Morgan Stain clerks John J. Flaherty and Walter O. Smith received, respectively, an honorary recognition certificate and $35, and a superior accomplishment certificate and $25.

NEW YORK CITY DEPARTMENT OF MAIN.

North-South Division Of Manh. Police Near

The Manhattan police commands along a north-south line instead of the present east-west line may take place this summer, along with a number of other Department reorganizations, Police Commissioner Philip P. Condon said last week.

Establishment of the new 100th Street Precinct, whose precinct house will be completed soon, is the key to the re-division. It would be headquarters of the Manhattan North Division. The Manhattan South Division would be headquartered initially in the West Fifty-fourth Street until the new police Academy under construction on 20th St. east of Third Ave. is completed.

The new division, 65th St. to the dividing line, all of Manhattan south of that except Central Park — would be in the Manhattan South Command.

A Different Tack

It seems to us that State Police Conference President John R. Martin has little to gain by his recent attacks on Governor Rockefeller for vetoing legislation in favor of public employees. Although the Governor has been opposed to the legislation, his opposition was directed at the method of providing for a salary increase rather than the principle of the increase.

Martin has criticized Governor Rockefeller for vetoing a bill that would have provided a salary increase for State Police. Governor Rockefeller has stated that the bill as introduced would have been vetoed because it did not provide for a salary increase that was fair and equitable to all employees.

We feel that Governor Rockefeller's opposition to the bill was justified. The legislation as introduced was poorly drafted and did not provide for a fair and equitable salary increase for all employees. Governor Rockefeller's decision to veto the bill was a wise one, and we urge the legislature to work with the Governor to develop a bill that is fair and equitable to all employees.

Police Superintendent Or 5-Star General?

It is FRANCIS McGARVEY, superintendent of State Police or the 5-star general of a private army? The Civil Service Employees Association has asked Governor Rockefeller to reconsider his decision to limit the appointment of retired military officers to the position of police commissioner, a position that is held by a military officer.

The Superintendents have expressed their opposition to the appointment of military officers to the position of police commissioner, stating that the appointment of a military officer to the position would be a violation of the Civil Service Law.

We feel that the Governor should reconsider his decision and allow the appointment of military officers to the position of police commissioner. The Civil Service Law provides for the appointment of retired military officers to the position of police commissioner, and there is no reason why the Governor should not allow the appointment of a military officer to the position.

Social Security

Below are questions on Social Security that are important to all employees and the public. These questions are designed to provide employees with information regarding their Social Security benefits.

1. How does Social Security work?
   Social Security is a retirement, disability, and survivor benefit program that provides income for workers who have paid into the system.

2. What is the Social Security benefit formula?
   The Social Security benefit formula is based on the average indexed monthly earnings (AIME) of the individual.

3. How much can I earn and still receive Social Security benefits?
   The amount of Social Security benefits you receive is determined by your earnings and the Social Security benefit formula.

4. How do I apply for Social Security benefits?
   You can apply for Social Security benefits by contacting your local Social Security office or by calling the Social Security Administration.

Hours are 8:30 A.M. to 5 P.M. Telephone: 82-1969. Apply at 350,000 gas customers in Upstate, N. Y. Some of the 9,400 who work for Niagara Mohawk are probably neighbors of yours. And they know their jobs—one out of every three has twenty-five years or more of service with the Niagara Mohawk system.

TAXES—$134,000 A DAY

It takes a lot of money, Niagara Mohawk pays nearly fifty million dollars in taxes last year; more than half of this in local taxes. Our payroll and employee benefit program required fifty million. And coal for our steam-electric generating stations costs twenty-eight million dollars.

ARE WE LOOKING AHEAD?

We certainly are, because our customers are going to require twice as much electricity and natural gas in the next ten years. We are planning and building to make sure they have all they need for industry, farms and homes. Niagara Mohawk is adding a hundred million dollars in new plant facilities each year. It now has over one billion dollars in utility plant, all required to make sure there is abundance of power and natural gas to help Upstate, N. Y. grow and prosper.

Mr. Gray will briefly cover the history of cable spanning and explain in detail the methods and problems involved in constructing the 21-inch wire cables for the Throgs Neck Bridge, which has a main span of 1,800 feet. Mr. Gray was a civil engineer with the City Department of Public Works from 1928 to 1946. His paper on the Brooklyn Bridge won the Municipal Engineers Society Medal and Certificate of Award for 1945.

Housing Group Installs Officers
The Metropolitan New York Chapter of the National Association of Housing and Redevelopment Officials last week installed Howard B. Kimmell of the N.Y. State Division of Housing as president. The Chapter is devoted to the stimulation and discussion of housing and planning issues that affect the New York region. It is looking forward, according to its president, to a year of growth and development through an intensive program to help cope with the Metropolitan area's numerous housing and planning problems.

Southern Conference, CSEA, Meeting June 11
The Southern New York Conference of the Civil Service Employees Association will hold its annual dinner-dance meeting and election of officers on Saturday, June 11.

The meeting will be held at 2:30 p.m. at the Pavilion, Hudson River State Hospital, Poughkeepsie, and the dinner-dance will be at 7:30 p.m. at the famous American Club, 18 North Bridge St., Poughkeepsie. Dinner tickets will be $3 per person. All chapters are requested to submit their resolutions for rating by the Conference to be submitted by the Conference to the resolutions committees of the CSEA by August 16 for incorporation in the 1961 Legislative Program.

The following guests have been invited: Mr. and Mrs. Joseph Polly, Mr. and Mrs. Albert Killian, Mr. and Mrs. Raymond Castel, Mr. and Mrs. Vernon Tapper, Mr. and Mrs. Claude Howell, Mr. and Mrs. Elaine Macdonald, Mr. and Mrs. Charles Lantm, Mr. and Mrs. Clifford Davis, Vito Perro, John Gruendler, Irwin Weinberg, Helen Abrams, Frank Casey, Harold Herrick, and Paul Avel.

State Aides Finish Leadership Study After Ten Weeks

Fourteen managers and supervisors of State agencies have been awarded certificates on their completion of the 1960 State Aides Conference leadership training program.

The third bill extends the benefit of the retirement system to a number of employees of the State Mental Hygiene Department who are members of the closed State Hospital Retirement System.

As is indicated earlier, it became apparent rather early in the legislative session that the Association 10 percent salary increase would be met with our strongest opposition in the State Senate.

It was, of course, only when the Senate was preparing a one-year home pay plan to all political subdivision members of the State Retirement System that the Association 10 percent salary increase was offered.

I must say, however, that the accomplishment of the five percentage point bill was anything but a certainty. Commissioner of Correction Paul McGinnis is on record for important legislation. The Governor's appointment of a new head of the Department of Correction is sure to produce considerable interest.

We are all deeply concerned with the fundamental philosophy that the employer and the employee must share equally in the cost of the plan. It is no longer the employee's money to borrow. If these monies were, in fact, placed in the employee's annuity account, the employee would immediately lose the tax advantage which is an integral part of this plan.

We are also deeply concerned with Social Security for the employee. It is our belief that Social Security is permis- sible for all municipalities and other units of local government to adopt and that such an adoption be included under the five percentage points measure.

We must also be concerned with the fact that the Governor's promise to employee representation on this committee may be under this bill.

There is no question that the great State of New York with 100,000 employees certainly deserves employee representation on the State Retirement Board.

Where Is Employee Representation?

Gov. Rockefeller has just appointed a special commission to eliminate pay differentials existing in all State institutions. I am personally acquainted with committee members. Mr. Gov. Wilson has stated that he has named a special friend of the civil service, a Commissioner of Correction Paul McFauls, an iconoclast for higher salaries for Correction Officers. President of the Civil Service Commission is on record for employee representation.

I think it is not unreasonable to assume that the Governor's promise to employee representation on this committee would be met with the same enthusiasm as the Governor's promise to employee representation on the State Retirement Board. We think it is not reasonable to assume that we will have at least two qualified men to represent the employees' point of view.

The Conference Commission will meet in Albany during the month of June. The opening kick-off will be made by this group in equating State Correction Officers pay with their brother officers in New York City. Meetings will be set up with the Governor's equalization committee. "They will be the only solution to the recruitment problem facing our State prisoners today.

Westchester Dinner Fetes CSEA Unit Representatives

The Westchester Chapter of the Civil Service Employees Association held its annual Representative Dinner at the Ossining Stone House on Thursday, May 14th. The dinner honored the 65 representatives from the various Unions that comprise the Chapter.

The guest speakers included J. Albert Stram, Executive Secretary- Treasurer of the American Bridge Tunnel & Turnpike Association; James F. Gannett, President of C.S.E.A., and Joseph Lochner, Executive Secretary of the Civil Service Employees Association.

President Gannett congratulated the Westchester Unit Representatives for their excellent membership recruiting that has almost doubled the Chapter in the last year.

The new reorganization plan for the State Career Appointments and Personnel Department was discussed, and Mr. Halberstadt, President of CSEA Unit Representatives, made a presentation on the changes that are being made to the Chapter in the near future.

career appointments proceed in motor vehicle bureau

ALBANY, May 31—Despite a sharp reduction in the Staff of the Bureau of Motor Vehicles resulting from the reorganization of the State Civil Service Department, the Bureau has been able to maintain its efficiency and effectiveness.

In the Bureau of Motor Vehicles alone, 400 employees have been transferred to other departments, and 200 new positions have been created to bring the total staff to 900. The Bureau has been able to maintain its efficiency and effectiveness, and the number of cases handled has increased by 200 percent.

LEVITI OPTIMISTIC ON HIGHER INTEREST RATE

(Continued from Page 1)

We realize that the solution to this problem is not a simple one. In view of this, we must continue our efforts in the hope of raising our current average to a current average of about 3.5 percent. We shall continue these efforts in the hope of raising our average yield above 4 percent in the near future.

While we may not increase our savings or reduce the interest rate, we are confident that we can continue to operate as a savings bank.
